What is the book of Leviticus about?

In the Book of Leviticus, God continues to give laws through Moses to the people of Israel. The people were to obey all of these laws to honor their covenant with God.

How should the title of this book be translated?

“Leviticus” means “about the Levites.” The Levites were the tribe of Israel that provided priests and other workers in the tabernacle. If the people in the project language do not understand the term “Levites,” you can call it “The Book about the Priests” or “The Book about the Tabernacle Workers.” (See: [tabernacle](#) and [How to Translate Names](#))

Who wrote the book of Leviticus?

The writers of both the Old and New Testament present Moses as being very involved with writing the book of Leviticus. Since ancient times, both Jews and Christians have thought that Moses wrote Genesis, Exodus, Leviticus, Numbers, and Deuteronomy.

What is the meaning of “holy” and “holiness” in the book of Leviticus?

These terms concern separating someone or something from the rest of the people, from the world, or from ordinary use. God separated these people or things so they would belong only to him. The people were to consider the places for worshiping God or for honoring him in any way as separate. The people could not use them for anything else. God required the Israelites to live in a certain way in order to live as a nation belonging to him alone.

Anyone or anything that was acceptable to God or “holy” was spoken of as if they were physically clean.

In the same way, anyone or anything that was not acceptable to God or not holy was spoken of if they were physically unclean.

Some people and some things could be made clean or “cleansed,” that is, acceptable to God. People or things were made clean if the people performed the right sacrifices and ceremonies. For example, some foreigners who wished to live among the Israelites and worship Yahweh could be made clean. However, other people and things could never be made acceptable to him.

It is important to know that not all unclean things or conditions were sinful. For example, after giving birth to a male child, a woman would be unclean for thirty-three days. Then the proper animal sacrifice would be offered for her. The flow of blood made the woman unclean (Leviticus 12:7). But Leviticus never suggests that someone with a flow of blood was sinning. In the same way, God did not allow Israelites to eat many kinds of animals, as one way of setting his people apart.

Because God does not sin, the terms “holy” and “holiness” often suggest this same idea. Something belonging to God is holy. Because people must respect God, they must respect the things that belong to him.

What are the important narrative features of Leviticus?

On seventeen occasions, the phrase “The Lord said to Moses” (and sometimes Aaron) is often used to begin paragraphs. God and Moses frequently spoke to others. The verb “speak” is used thirty-eight times.

Part 2: Important Religious and Cultural Concepts

Why did the Israelites need so many rules about sacrificing animals?

Leviticus shows that God is holy. That means God is very different from humanity and the rest of the created world. God does not sin. Because of this, it is impossible to be acceptable to him without being “cleansed.” The many kinds of sacrifices were meant to make people and things acceptable to God. However, the people had to continue making animal sacrifices so that they would continue to be acceptable to God. This was a sign that pointed to a need for a better sacrifice. They needed a sacrifice that would cause them to be acceptable to God forever. (See: [holy, holiness, unholy, sacred](#) and [sin, sinful, sinner, sinning](#))

Why was the priesthood important in the book of Leviticus?

Priests were individuals who went to God on behalf of the people. God authorized the priests to bring the Israelite’s sacrifices to himself.

How did the Israelite's rules for worshipping God and sacrificing animals differ from the other nations at that time?

It was common for other nations to sacrifice animals to their idols. But, the other nations did other things to worship their false gods. For instance, people would sleep with prostitutes at the temple of their gods. They did this to try to persuade their gods to bless their land with the ability to grow crops. Also, people of other nations would sometimes offer human sacrifices to their gods. The God of Israel did not allow his people to do these kinds of things.

Part 3: Important Translation Issues

What important symbols are introduced in Leviticus?

Oil was poured on someone or something meant to be set apart for Yahweh. Water was used to symbolize the cleansing of someone or something so God could accept them. Blood was also used to cleanse and purify people and things. This is because blood represented life that needed to be shed in order for God to forgive people for sinning.

Why do many sections begin with the phrase "Yahweh said to Moses?"

This phrase shows the reader that these rules come from God and must be obeyed. You could also translate this as "God told Moses."

Leviticus 1 General Notes

Structure and formatting

In Hebrew, this chapter begins with the word “and” indicating a connection with the previous book (Exodus). The first five books of the Bible should be seen as a single unit.

Special concepts in this chapter

Atonement

In order to offer a sacrifice for the people, the priest first had to make an atonement for himself, in order to make himself clean. Only then would he be clean and be allowed to perform a sacrifice. These sacrificed animals had to be perfect, the best of all of the animals. A person was not allowed to bring an inferior animal to be sacrificed to Yahweh. These sacrifices also had to be offered in a very specific way. (See: [atonement](#), [atone](#), [atoned](#) and [priest](#), [priesthood](#) and [clean, wash](#))

Special concepts in this chapter

Mourning

Aaron was told that he and his remaining sons should not mourn Aaron's sons who were killed. As priests, they must put priestly work first, before their mourning and personal problems.

Other possible translation difficulties in this chapter

“Unapproved fire”

The phrase “unapproved fire ” indicates that Aaron's son offered an unacceptable sacrifice. Because of Yahweh's holiness, this was a serious sin. They may have offered a sacrifice at the wrong time or in the wrong way. (See: [holy](#), [holiness](#), [unholy](#), [sacred](#) and [sin](#), [sinful](#), [sinner](#), [sinning](#))

Leviticus 14 General Notes

Structure and formatting

This chapter is a continuation of the material in the previous chapter.

Special concepts in this chapter

Skin disease and mildew

This chapter addresses the ways a priest was to decide if a person had a skin disease, which would make a person unclean. This was important because these diseases could have easily spread among the people in the ancient Near East. This was also true for the things which could have touched a person's skin. This chapter explains how the priest was to treat the person suffering with a skin disease. (See: [priest, priesthood](#) and [clean, wash](#))

Leviticus 14:1

Leviticus 17 General Notes

Special concepts in this chapter

Sacrifices

Sacrifices could only be offered by the priests at the temple. Any other sacrifice was strictly prohibited. This was probably intended to ensure that the people were only offering sacrifices to Yahweh and not to another god. (See: [priest, priesthood](#) and [god, false god, goddess, idol, idolater, idolatrous, idolatry](#))

Other possible translation difficulties in this chapter

“The life of each creature is its blood”

It is unclear why the life is described as being in the blood. It is possible that diseases were more common in the blood and this is why it was prohibited. Blood is also necessary for life to continue in a creature. (See: [life, live, living, alive](#) and [blood](#))

Abstract Nouns

Description

Abstract nouns are nouns that refer to attitudes, qualities, events, or situations. These are things that cannot be seen or touched in a physical sense, such as happiness, weight, unity, friendship, health, and reason. This is a translation issue because some languages may express a certain idea with an abstract noun, while others would need a different way to express it.

This page answers the question: *What are abstract nouns and how do I deal with them in my translation?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-partsofspeech]]
[[rc://en/ta/man/translate/figs-sentences]]

Remember that nouns are words that refer to a person, place, thing, or idea. Abstract nouns are the nouns that refer to ideas. These can be attitudes, qualities, events, situations, or even relationships between those ideas. These are things that cannot be seen or touched in a physical sense, such as joy, peace, creation, goodness, contentment, justice, truth, freedom, vengeance, slowness, length, weight, and many, many more.

Some languages, such as Biblical Greek and English, use abstract nouns a lot. They provide a way of giving names to actions or qualities. With names, people who speak these languages can talk about the concepts as though they were things. For example, in languages that use abstract nouns, people can say, "I believe in the forgiveness of sin."

But some languages do not use abstract nouns very much. In these languages, speakers may not have the two abstract nouns "forgiveness" and "sin," but they would express the same meaning in other ways. For example, they would express, "I believe that God is willing to forgive people after they have sinned," by using verb phrases instead of nouns for those ideas.

Reason This Is a Translation Issue

The Bible that you translate from may use abstract nouns to express certain ideas. Your language might not use abstract nouns for some of those ideas. Instead, it might use phrases to express those ideas. Those phrases will use other kinds of words such as adjectives, verbs, or adverbs to express the meaning of the abstract noun. For example, "What is its **weight**?" could be expressed as "How much does it **weigh**?" or "How **heavy** is it?"

Examples From the Bible

From **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

The abstract noun "childhood" refers to when someone was a child.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

The abstract nouns "godliness" and "contentment" refer to being godly and content. The abstract noun "gain" refers to something that benefits or helps someone.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

The abstract noun "salvation" here refers to being saved.

The Lord does not move slowly concerning his promises, as some consider **slowness** to be (2 Peter 3:9a ULT)

The abstract noun "slowness" refers to the lack of speed with which something is done.

He will both bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

The abstract noun “purposes” refers to the things that people want to do and the reasons they want to do them.

Translation Strategies

If an abstract noun would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun.

Examples of Translation Strategies Applied

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun. Alternative translations are indented below the Scripture example.

... from **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

Ever since **you were a child** you have known the sacred writings.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

But **being godly** and **content** is very **beneficial**. But we **benefit** greatly when we **are godly** and **content**. But we **benefit** greatly when we **honor and obey God** and when we are **happy with what we have**.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

Today the people in this house **have been saved** ... Today God **has saved** the people in this house ...

The Lord does not move slowly concerning his promises, as some consider **slowness** to be. (2 Peter 3:9a ULT)

The Lord does not move slowly concerning his promises, as some consider **moving slowly** to be.

He will bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

He will bring to light the hidden things of darkness and reveal **the things that people want to do and the reasons that they want to do them**.

Active or Passive

Some languages use both active and passive sentences. In active sentences, the subject does the action. In passive sentences, the subject is the one that receives the action. Here are some examples with their subjects bolded:

- Active: **My father** built the house in 2010.
- Passive: **The house** was built in 2010.

Translators whose languages do not use passive sentences will need to know how they can translate passive sentences that they find in the Bible. Other translators will need to decide when to use a passive sentence and when to use the active form.

This page answers the question: *What do active and passive mean, and how do I translate passive sentences?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

[\[\[rc://en/ta/man/translate/figs-verbs\]\]](#)

Description

Some languages have both active and passive forms of sentences.

- In the active form, the subject does the action and is always mentioned.
- In the passive form, the action is done to the subject, and the one who does the action is not always mentioned.

In the examples of active and passive sentences below, we have bolded the subject.

- active: **My father** built the house in 2010.
- passive: **The house** was built by my father in 2010.
- passive: **The house** was built in 2010. (This does not tell who did the action.)

Reasons This Is a Translation Issue

All languages use active forms. Some languages use passive forms, and some do not. Some languages use passive forms only for certain purposes, and the passive form is not used for the same purposes in all of the languages that use it.

Purposes for the Passive

- The speaker is talking about the person or thing the action was done to, not about the person who did the action.
- The speaker does not want to tell who did the action.
- The speaker does not know who did the action.

Translation Principles Regarding the Passive

- Translators whose language does not use passive forms will need to find another way to express the idea.
- Translators whose language has passive forms will need to understand why the passive is used in a particular sentence in the Bible and decide whether or not to use a passive form for that purpose in his translation of the sentence.

Examples From the Bible

Then their shooters shot at your soldiers from off the wall, and some of the king's servants **were killed**, and your servant Uriah the Hittite **was killed** too. (2 Samuel 11:24 ULT)

This means that the enemy's shooters shot and killed some of the king's servants, including Uriah. The point is what happened to the king's servants and Uriah, not who shot them. The purpose of the passive form here is to keep the focus on the king's servants and Uriah.

When the men of the city arose early in the morning, and see, the altar of Baal **was torn down**. (Judges 6:28a ULT)

The men of the town saw what had happened to the altar of Baal, but they did not know who broke it down. The purpose of the passive form here is to communicate this event from the perspective of the men of the town.

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

This describes a situation in which a person ends up in the sea with a millstone around his neck. The purpose of the passive form here is to keep the focus on what happens to this person. Who does these things to the person is not important.

Translation Strategies

If your language would use a passive form for the same purpose as in the passage that you are translating, then use a passive form. If you decide that it is better to translate without a passive form, here are some strategies that you might consider.

- (1) Use the same verb in an active sentence and tell who or what did the action. If you do this, try to keep the focus on the person receiving the action.
- (2) Use the same verb in an active sentence, and do not tell who or what did the action. Instead, use a generic expression like "they" or "people" or "someone."
- (3) Use a different verb.

Examples of Translation Strategies Applied

- (1) Use the same verb in an active sentence and tell who did the action. If you do this, try to keep the focus on the person receiving the action.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21b ULT)

The king's servants gave Jeremiah a loaf of bread every day from the street of the bakers.

- (2) Use the same verb in an active sentence, and do not tell who did the action. Instead, use a generic expression like "they" or "people" or "someone."

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

It would be better for him if **they were to put** a millstone around his neck and **throw** him into the sea.

It would be better for him if **someone were to put** a heavy stone around his neck and **throw** him into the sea.

- (3) Use a different verb in an active sentence.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21 ULT)

He **received** a loaf of bread every day from the street of the bakers.

Assumed Knowledge and Implicit Information

Assumed knowledge is whatever a speaker assumes his audience knows before he speaks and gives them some kind of information. The speaker does not give the audience this information because he believes that they already know it.

This page answers the question: *How can I be sure that my translation communicates the assumed knowledge and implicit information along with the explicit information of the original message?*

When the speaker does give the audience information, he can do so in two ways. The speaker gives explicit information in what he states directly. Implicit Information is what the speaker does not state directly because he expects his audience to be able to learn it from other things he says.

Description

When someone speaks or writes, he has something specific that he wants people to know or do or think about. He normally states this directly. This is explicit information.

The speaker assumes that his audience already knows certain things that they will need to think about in order to understand this information. Normally he does not tell people these things, because they already know them. This is called assumed knowledge.

The speaker does not always directly state everything that he expects his audience to learn from what he says. Implicit information is information that he expects people to learn from what he says even though he does not state it directly.

Often, the audience understands this implicit information by combining what they already know (assumed knowledge) with the explicit information that the speaker tells them directly.

Reasons This Is a Translation Issue

All three kinds of information are part of the speaker's message. If one of these kinds of information is missing, then the audience will not understand the message. Because the target translation is in a language that is very different from the biblical languages and is made for an audience that lives in a very different time and place than the people in the Bible, many times the assumed knowledge or the implicit information is missing from the message. In other words, modern readers do not know everything that the original speakers and hearers in the Bible knew. When these things are important for understanding the message, it is helpful if you include this information in the text or in a footnote.

Examples From the Bible

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

Jesus did not say what foxes and birds use holes and nests for, because he assumed that the scribe would have known that foxes sleep in holes in the ground and birds sleep in their nests. This is **assumed knowledge**.

Jesus did not directly say here "I am the Son of Man" but, if the scribe did not already know it, then that fact would be **implicit information** that he could learn because Jesus referred to himself that way. Also, Jesus did not state explicitly that he travelled a lot and did not have a house that he slept in every night. That is **implicit information** that the scribe could learn when Jesus said that he had nowhere to lay his head.

Woe to you, Chorazin! Woe to you, Bethsaida! If the mighty deeds had been done in **Tyre and Sidon** which were done in you, they would have repented long ago in sackcloth and ashes. But

I say to you, it will be more tolerable for Tyre and Sidon at the **day of judgment** than for you.
(Matthew 11:21-22 ULT)

Jesus assumed that the people he was speaking to knew that Tyre and Sidon were very wicked, and that the day of judgment is a time when God will judge every person. Jesus also knew that the people he was talking to believed that they were good and did not need to repent. Jesus did not need to tell them these things. This is all **assumed knowledge**.

An important piece of **implicit information** here is that the people he was speaking to would be judged more severely than the people of Tyre and Sidon would be judged **because** they did not repent.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands when they eat bread**. (Matthew 15:2 ULT)

One of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating. People thought that in order to be righteous, they had to follow all the traditions of the elders. This was **assumed knowledge** that the Pharisees who were speaking to Jesus expected him to know. By saying this, they were accusing his disciples of not following the traditions, and thus not being righteous. This is **implicit information** that they wanted him to understand from what they said.

Translation Strategies

If readers have enough assumed knowledge to be able to understand the message, along with any important implicit information that goes with the explicit information, then it is good to leave that knowledge unstated and leave the implicit information implicit. If the readers do not understand the message because one of these is missing for them, then follow these strategies:

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Examples of Translation Strategies Applied

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:20 ULT)

The assumed knowledge was that the foxes slept in their holes and birds slept in their nests.

Jesus said to him, "Foxes **have holes to live in**, and the birds of the sky **have nests to live in**, but the Son of Man has nowhere to lay his head and sleep."

It will be more tolerable for **Tyre and Sidon** at the day of judgment than for you (Matthew 11:22 ULT)

The assumed knowledge was that the people of Tyre and Sidon were very, very wicked. This can be stated explicitly.

>

At the day of judgment, it will be more tolerable for **those cities of Tyre and Sidon, whose people were very wicked**, than it will be for you. or At

the day of judgment, It will be more tolerable for those **wicked cities, Tyre and Sidon**, than for you.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands** when they eat bread. (Matthew 15:2 ULT)

The assumed knowledge was that one of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating, which they must do to be righteous. It was not to remove germs from their hands to avoid sickness, as a modern reader might think.

Why do your disciples violate the traditions of the elders? For **they do not go through the ceremonial handwashing ritual of righteousness** when they eat bread.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

The implicit information is that Jesus himself is the Son of Man. Other implicit information is that if the scribe wanted to follow Jesus, then, like Jesus, he would have to live without a house.

Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but **I, the Son of Man, have no home to rest in. If you want to follow me, you will live as I live.**"

It will be more tolerable for Tyre and Sidon at the day of judgment than for you (Matthew 11:22 ULT)

The implicit information is that God would not only judge the people; he would punish them. This can be made explicit.

At the day of judgment, God will **punish Tyre and Sidon**, cities whose people were very wicked, **less severely than he will punish you.**
or:

At the day of judgment, God will **punish you more severely** than Tyre and Sidon, cities whose people were very wicked.

Modern readers may not know some of the things that the people in the Bible and the people who first read it knew. This can make it hard for them to understand what a speaker or writer says, and to learn things that the speaker left implicit. Translators may need to state some things explicitly in the translation that the original speaker or writer left unstated or implicit.

Biblical Volume

Description

The following terms are the most common units of volume used in the Bible to state how much a certain container could hold. The containers and measurements are given for both liquids (such as wine) and dry solids (such as grain). The metric values are not exactly equal to the biblical measures. The biblical measures probably differed in exact amount from time to time and place to place. The equivalents below are an attempt to give an average measurement.

This page answers the question: *How can I translate the measures of volume that are in the Bible?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/translate-decimal\]\]](#)

Type	Original Measure	Liters
Dry	omer	2 liters
Dry	ephah	22 liters
Dry	homer	220 liters
Dry	cor	220 liters
Dry	seah	7.7 liters
Dry	letheke	114.8 liters
Liquid	metrete	40 liters
Liquid	bath	22 liters
Liquid	hin	3.7 liters
Liquid	kab	1.23 liters
Liquid	log	0.31 liters

Translation Principles

- The people in the Bible did not use modern measures such as meters, liters, and kilograms. Using the original measures can help readers know that the Bible really was written long ago in a time when people used those measures.
- Using modern measures can help readers understand the text more easily.
- Whatever measures you use, it would be good, if possible, to tell about the other kinds of measures in the text or a footnote.
- If you do not use the biblical measures, try not to give the readers the idea that the measurements are exact. For example, if you translate one hin as “3.7 liters,” readers might think that the measurement is exactly 3.7 liters, not 3.6 or 3.8. It would be better to use a more approximate measure such as “three and a half liters” or “four liters.”
- When God tells people how much of something to use, and when people use those amounts in obedience to him, do not say “about” in the translation. Otherwise it will give the impression that God did not care exactly how much they used.

When the unit of measure is stated

Translation Strategies

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)
- (2) Use the metric measurements given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.
- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement.
- (4) Use the measurements from the ULT and include measurements that your people know in the text or a note.
- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note.

Translation Strategies Applied

The strategies are all applied to Isaiah 5:10 below.

For a ten-yoke vineyard will yield only one bath, and one homer of seed will yield only an ephah. (Isaiah 5:10 ULT)

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)

“For a ten-yoke vineyard will yield only one **bat**, and one **homer** of seed will yield only an **efa**.”

- (2) Use the measurements given in the UST. Usually they are metric measurements. The translators of the UST have already figured how to represent the amounts in the metric system.

“For a ten-yoke vineyard will yield only **22 liters** and **220 liters** of seed will yield only **22 liters**.”

“For a ten-yoke vineyard will yield only **22**, and **ten baskets** of seed will yield only **one basket**.”

- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement.

“For a ten-yoke vineyard will yield only **six gallons**, and **six and a half bushels** of seed will yield only **20 quarts**.”

- (4) Use the measurements from the ULT and include measurements that your people know in the text or a note. The following shows both measurements in the text.

“For a ten-yoke vineyard will yield only **one bath (six gallons)**, and **one homer (six and a half bushels)** of seed will yield only **an ephah (20 quarts)**.”

- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note. The following shows the ULT measurements in footnotes.

“For a ten-yoke vineyard will yield only 22 liters¹, and 220 liters² of seed will yield only 22 liters³.”

The footnotes would look like:

[1] one bath
[2] one homer
[3] one ephah

When the unit of measure is implied

Sometimes the Hebrew does not specify a particular unit of volume but only uses a number. In these cases, many English versions, including the ULT and UST, add the word “measure.”

When you came to a heap of **20 measures** of grain, there were only **ten**, and when you came to the wine vat to draw out **50 measures** of wine, there were only 20. (Haggai 2:16 ULT)

Translation Strategies

- (1) Translate literally by using the number without a unit.
- (2) Use a generic word like “measure” or “quantity” or “amount.”
- (3) Use the name of an appropriate container, such as “basket” for grain or “jar” for wine.
- (4) Use a unit of measure that you are already using in your translation.

Translation Strategies Applied

The strategies are all applied to Haggai 2:16 below.

When you came to a heap of **20 measures** of grain, there were only **ten**, and when you came to the wine vat to draw out **fifty measures** of wine, there were only **20**. (Haggai 2:16 ULT)

- (1) Translate literally by using the number without a unit.

When you came to a heap of **20** of grain, there were only **ten**, and when you came to the wine vat to draw out **50** of wine, there were only **20**.

- (2) Use a generic word like “measure” or “quantity” or “amount.”

When you came to a heap of **20 amounts** of grain, there were only **ten**, and when you came to the wine vat to draw out **fifty amounts** of wine, there were only **20**.

- (3) Use the name of an appropriate container, such as “basket” for grain or “jar” for wine.

When you came to a heap of **20 baskets** of grain, there were only **ten**, and when you came to the wine vat to draw out **50 jars** of wine, there were only **20**.

- (4) Use a unit of measure that you are already using in your translation.

When you came to a heap for **20 liters** of grain, there were only **ten liters**, and when you came to the wine vat to draw out **50 liters** of wine, there were only **20 liters**.

Biblical Weight

Description

This page answers the question: *How can I translate the values of weight in the Bible?*

The following terms are the most common units of weight in the Bible. The term “shekel” means “weight,” and many other weights are described in terms of the shekel. Some of these weights were used for money. The metric values in the table below are not exactly equal to the biblical measures. The biblical measures differed in exact amount from time to time and place to place. The equivalents below are only an attempt to give an average measurement.

Original Measure	Shekels	Grams	Kilograms
shekel	1 shekel	11 grams	-
bekah	1/2 shekel	5.7 grams	-
pim	2/3 shekel	7.6 grams	-
gerah	1/20 shekel	0.57 grams	-
mina	50 shekels	550 grams	1/2 kilogram
talent	3,000 shekels	-	34 kilograms

Translation Principles

The people in the Bible did not use modern measures such as meters, liters, and kilograms. Using the original measures can help readers know that the Bible really was written long ago in a time when people used those measures.

Using modern measures can help readers understand the text more easily.

Whatever measure you use, it would be good, if possible, to tell about the other kind of measure in the text or a footnote.

If you do not use the biblical measures, try not to give the readers the idea that the measurements are exact. For example, if you translate one gerah as “.57 grams,” readers might think that the measurement is exact. It would be better to say “half a gram.”

Sometimes it can be helpful to use the word “about” to show that a measurement is not exact. For example, 2 Samuel 21:16 says that Goliath’s spear weighed 300 shekels. Instead of translating this as “3300 grams” or “3.3 kilograms,” it can be translated as “about three and one half kilograms.”

When God tells people how much something should weigh, and when people use those weights, do not say “about” in the translation. Otherwise, it will give the impression that God did not care exactly how much the thing should weigh.

Translation Strategies

(1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)

Translation Strategies Applied

The strategies are all applied to Exodus 38:29 below.

█ The bronze from the wave offering weighed **70 talents and 2,400 shekels**. (Exodus 38:29 ULT)

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)

█ "The bronze from the wave offering weighed **70 talentes and 2,400 sekeles**."

█ "The bronze from the wave offering weighed **2,400 kilograms**."

- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement.

- (4) Use the measurements from the ULT and include measurements that your people know in the text or a footnote. The following shows both measurements in the text.

█ "The bronze from the wave offering weighed **70 talents (2,380 kilograms) and 2,400 shekels (26.4 kilograms)**."

- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a footnote. The following shows the ULT measurements in notes.

█ "The bronze from the offering weighed **70 talents and 2,400 shekels**. ¹"

The footnote would look like:

█ ^[1] This was a total of about 2,400 kilograms.

Direct and Indirect Quotations

Description

There are two kinds of quotations: direct quotations and indirect quotations.

A direct quotation occurs when someone reports what another person said from the viewpoint of that original speaker. People usually expect that this kind of quotation will represent the original speaker's exact words. In the example below, John would have said "I" when referring to himself, so the narrator, who is reporting John's words, uses the word "I" in the quotation to refer to John. To show that these are John's exact words, many languages put the words between quotation marks: "".

- John said, "I do not know at what time I will arrive."

An indirect quotation occurs when a speaker reports what someone else said, but in this case, the speaker is reporting it from his own point of view instead and not from the original person's point of view. This kind of quotation usually contains changes in pronouns, and it often includes changes in time, in word choices, and in length. In the example below, the narrator refers to John as "he" in the quotation and uses the word "would" to replace the future tense, indicated by "will."

- John said that he did not know at what time he would arrive.

Reason This Is a Translation Issue

In some languages, reported speech can be expressed by either direct or indirect quotations. In other languages, it is more natural to use one than the other. There may be a certain meaning implied by using one rather than the other. So for each quotation, translators need to decide whether it is best to translate it as a direct quotation or as an indirect quotation.

Examples From the Bible

The verses in the examples below contain both direct and indirect quotations. In the explanation below the verse, we have marked in bold the words that are quoted.

And he commanded him to tell no one, but, "Go, show yourself to the priest and offer a sacrifice for your cleansing, according to what Moses commanded, for a testimony to them."
(Luke 5:14 ULT)

- Indirect quote: He commanded him **to tell no one**,
- Direct quote: but told him, "**Go, show yourself to the priest ...**"

And being asked by the Pharisees when the kingdom of God was coming, he answered them and said, "The kingdom of God is not coming with careful observation. Neither will they say, 'Look, here it is!' or 'There it is!' For indeed, the kingdom of God is among you."
(Luke 17:20-21 ULT)

- Indirect quote: Being asked by the Pharisees **when the kingdom of God was coming**,
- Direct quote: he answered them and said, "**The kingdom of God is not coming with careful observation. Neither will they say, 'Look, here it is!' or 'There it is!' For indeed, the kingdom of God is among you.**"
- Direct quotes: Neither will they say, '**Look, here it is!**' or, '**There it is!**'

Doublet

Description

We are using the word “doublet” to refer to two words or phrases that are used together and either mean the same thing or mean very close to the same thing. Often they are joined with the word “and.” Unlike Hendiadys, in which one of the words modifies the other, in a doublet the two words or phrases are equal and are used to emphasize or intensify the one idea that is expressed by the two words or phrases.

This page answers the question: *What are doublets and how can I translate them?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Reason This Is a Translation Issue

In some languages people do not use doublets. Or they may use doublets, but only in certain situations, so a doublet might not make sense in their language in some verses. People might think that the verse is describing two ideas or actions, when it is only describing one. In this case, translators may need to find some other way to express the meaning expressed by the doublet.

Examples From the Bible

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

The bolded words mean the same thing. Together they mean the people were spread out.

He attacked two men **more righteous** and **better** than himself. (1 Kings 2:32b ULT)

This means that they were “much more righteous” than he was.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

This means that they had decided to lie, which is another way of saying that they intended to deceive people.

... like of a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

This means that he was like a lamb that did not have any defect—not even one.

Translation Strategies

If a doublet would be natural and give the right meaning in your language, consider using it. If not, consider these strategies.

- (1) Translate only one of the words or phrases.
- (2) If the doublet is used to intensify the meaning, translate one of the words or phrases and add a word that intensifies it such as “very” or “great” or “many.”
- (3) If the doublet is used to intensify or emphasize the meaning, use one of your language’s ways of doing that.

Translation Strategies Applied

(1) Translate only one of the words.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

“You have decided to prepare **false** things to say.”

(2) If the doublet is used to intensify the meaning, translate one of the words and add a word that intensifies it such as “very” or “great” or “many.”

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

“He has one people **very spread out**.”

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language’s ways of doing that.

... like a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

• English can emphasize this with “any” and “at all.”

“... like a lamb **without any blemish at all**.”

Ellipsis

Description

An ellipsis¹ occurs when a speaker or writer leaves out one or more words that normally should be in the sentence. The speaker or writer does this because he knows that the hearer or reader will understand the meaning of the sentence and supply the words in his mind when he hears or reads the words that are there. For example:

So the wicked will not stand in the judgment, **nor sinners in the assembly of the righteous.**
(Psalm 1:5 ULT)

There is ellipsis in the second part because “nor sinners in the assembly of the righteous” is not a complete sentence. The speaker assumes that the hearer will understand what it is that sinners will not do in the assembly of the righteous by filling in the action from the previous clause. With the action filled in, the complete sentence would read:

So the wicked will not stand in the judgment, nor **will sinners stand** in the assembly of the righteous.

[1] English has a punctuation symbol which is also called an ellipsis. It is a series of three dots (...) used to indicate an intentional omission of a word, phrase, sentence or more from text without altering its original meaning. This translationAcademy article is not about the punctuation mark, but about the concept of omission of words that normally should be in the sentence.

Two Types of Ellipsis

A Relative Ellipsis happens when the reader has to supply the omitted word or words from the context. Usually the word is in the previous sentence, as in the example above.

An Absolute Ellipsis happens when the omitted word or words are not in the context, but the phrases are common enough in the language that the reader is expected to supply what is missing from this common usage or from the nature of the situation.

Reason This Is a Translation Issue

Readers who see incomplete sentences or phrases may not know that there is information missing that the writer expects them to fill in. Or readers may understand that there is information missing, but they may not know what information is missing because they do not know the original biblical language, culture, or situation as the original readers did. In this case, they may fill in the wrong information. Or readers may misunderstand the ellipsis if they do not use ellipsis in the same way in their language.

Examples From the Bible

Relative Ellipsis

He makes Lebanon skip like a calf **and Sirion like a young ox.** (Psalm 29:6 ULT)

The writer wants his words to be few and to make good poetry. The full sentence with the information filled in would be:

This page answers the question: *What is ellipsis ?* ([^1])

He makes Lebanon skip like a calf and **he makes** Sirion **skip** like a young ox.

Watch carefully, therefore, how you walk—**not as unwise but as wise**. (Ephesians 5:15b ULT)

The information that the reader must understand in the second parts of these sentences can be filled in from the first parts:

Watch carefully, therefore, how you walk—**walk** not as unwise but **walk** as wise,

Absolute Ellipsis

Then when he had come near, he asked him, “What do you want me to do for you?” And so he said, “Lord, **that I might recover my sight**.” (Luke 18:40b-41 ULT)

It seems that the man answered in an incomplete sentence because he wanted to be polite and not directly ask Jesus for healing. He knew that Jesus would understand that the only way he could receive his sight would be for Jesus to heal him. The complete sentence would be:

“Lord, **I want you to heal me so** that I might receive my sight.”

To Titus, a true son in our common faith. Grace and peace from God the Father and Christ Jesus our Savior. (Titus 1:4 ULT)

The writer assumes that the reader will recognize this common form of a blessing or wish, so he does not need to include the full sentence, which would be:

To Titus, a true son in our common faith. **May you receive** grace and peace from God the Father and Christ Jesus our Savior.

Translation Strategies

If ellipsis would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Add the missing words to the incomplete phrase or sentence.

Examples of Translation Strategies Applied

(1) Add the missing words to the incomplete phrase or sentence.

So the wicked will not stand in the judgment, nor **sinner in the assembly** of the righteous. (Psalm 1:5 ULT)

Euphemism

Description

A euphemism is a mild or polite way of referring to something that is unpleasant, embarrassing, or socially unacceptable, such as death or activities usually done in private.

... they found Saul and his sons **fallen** on Mount Gilboa.
(1 Chronicles 10:8b ULT)

This means that Saul and his sons “were dead.” It is a euphemism because the important thing was not that Saul and his sons had fallen but that they were dead. Sometimes people do not like to speak directly about death because it is unpleasant.

This page answers the question: *What is a euphemism?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Reason This Is a Translation Issue

Different languages use different euphemisms. If the target language does not use the same euphemism as in the source language, readers may not understand what it means and they may think that the writer means only what the words literally say.

Examples From the Bible

... where there was a cave. Saul went inside to **cover his feet**. (1 Samuel 24:3b ULT)

The original hearers would have understood that Saul went into the cave to use it as a toilet, but the writer wanted to avoid offending or distracting them, so **he did not say specifically** what Saul did or what he left in the cave.

But Mary said to the angel, “How will this be, since I have not **known a man?**” (Luke 1:34 ULT)

In order **to be polite**, Mary uses a euphemism to say that she has never had sexual intercourse with a man.

Translation Strategies

If euphemism would be natural and give the right meaning in your language, consider using it. If not, here are other options:

- (1) Use a euphemism from your own culture.
- (2) State the information plainly without a euphemism if it would not be offensive.

Examples of Translation Strategies Applied

- (1) Use a euphemism from your own culture.

... where there was a cave. Saul went inside to **cover his feet**. (1 Samuel 24:3b ULT) — Some languages might use euphemisms like these:

“... where there was a cave. Saul went into the cave to **dig a hole**”

“... where there was a cave. Saul went into the cave to **have some time alone**”

But Mary said to the angel, “How will this be, since I have not **known a man?**” (Luke 1:34 ULT)

First, Second or Third Person

Normally a speaker refers to himself as “I” and the person he is speaking to as “you.” Sometimes in the Bible a speaker refers to himself or to the person he is speaking to with terms other than “I” or “you.”

Description

- First person — This is how a speaker normally refers to himself. English uses the pronouns “I” and “we.” (Also: me, my, mine; us, our, ours)
- Second person — This is how a speaker normally refers to the person or people he is speaking to. English uses the pronoun “you.” (Also: your, yours)
- Third person — This is how a speaker refers to someone else. English uses the pronouns “he,” “she,” “it,” and “they.” (Also: him, his, her, hers, its; them, their, theirs) Noun phrases like “the man” or “the woman” are also third person.

This page answers the question: *What are first, second, and third person, and how do I translate when a third person form does not refer to the third person?*

Reason This Is a Translation Issue

Sometimes in the Bible a speaker uses the third person to refer to himself or to the people he is speaking to. Readers might think that the speaker was referring to someone else. They might not understand that he meant “I” or “you.”

Examples From the Bible

Sometimes people used the third person instead of “I” or “me” to refer to themselves.

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34 ULT)

David referred to himself in the third person as “your servant” and used “his.” He was calling himself Saul’s servant in order to show his humility before Saul.

Then Yahweh answered Job out of a fierce storm and said,
“... Do you have an arm like **God’s**? Can you thunder with a voice like **his**?” (Job 40:6, 9 ULT)

God referred to himself in the third person with the words “God’s” and “his.” He did this to emphasize that he is God, and he is powerful.

Sometimes people use the third person instead of “you” or “your” to refer to the person or people they are speaking to.

Abraham answered and said, “Look, I have undertaken to speak to my Lord, even though I am only dust and ashes!” (Genesis 18:27 ULT)

Abraham was speaking to the Lord, and referred to the Lord as “My Lord” rather than as “you.” He did this to show his humility before God.

So also my heavenly Father will do to you, if **each of you** does not forgive **his** brother from your heart. (Matthew 18:35 ULT)

After saying “each of you,” Jesus used the third person “his” instead of “your.”

Translation Strategies

If using the third person to mean “I” or “you” would be natural and give the right meaning in your language, consider using it. If not, here are some other options.

- (1) Use the third person phrase along with the pronoun “I” or “you.”
- (2) Simply use the first person (“I”) or second person (“you”) instead of the third person.

Examples of Translation Strategies Applied

- (1) Use the third person phrase along with the pronoun “I” or “you.”

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34)

Forms of You

Singular, Dual, and Plural

Some languages have more than one word for “you” based on how many people the word “you” refers to. The **singular** form refers to one person, and the **plural** form refers to more than one person. Some languages also have a **dual** form which refers to two people, and some languages have other forms that refer to three or four people.

You may also want to watch the video at https://ufw.io/figs_younum.

Sometimes in the Bible a speaker uses a singular form of “you” even though he is speaking to a crowd.

- Singular Pronouns that Refer to Groups

Formal and Informal

Some languages have more than one form of “you” based on the relationship between the speaker and the person he is talking to. People use the **formal** form of “you” when speaking to someone who is older, or has higher authority, or is someone they do not know very well. People use the **informal** form when speaking to someone who is not older, or does not have higher authority, or is a family member or close friend.

Fractions

Description

A fraction is a number that represents part of a whole. When an item is divided into several equal parts, a fraction refers to one or more of those parts.

For the drink offering, you must offer **a third** of a hin of wine. (Numbers 15:7a ULT)

A hin is a container of a set size which is used for measuring wine and other liquids. The people were to think about dividing a hin container into three equal parts, filling up only one of those parts and offering that amount.

... **a third** of the ships were destroyed. (Revelation 8:9b ULT)

There were many ships. If all those ships were divided into three equal groups of ships, one group of ships was destroyed.

Most fractions in English simply have the letters “th” added to the end of the number, such as fourth, sixth, ninth, tenth.

| Number of parts the whole is divided into | Fraction | | ----- | ----- | | four | fourth | | ten | tenth | | one hundred | one hundredth | | one thousand | one thousandth |

Some fractions in English do not follow that pattern.

| Number of parts the whole is divided into | Fraction | | ----- | ----- | | two | half | | three | third | | five | fifth |

Reason This is a Translation Issue

Some languages do not use fractions. They may simply talk about parts or groups, but they do not use fractions to tell how big a part is or how many parts are included in a group.

Examples From the Bible

Now to the **half-tribe** of Manasseh, Moses had given a possession in Bashan, but to the other **half**, Joshua gave a possession among their brothers across the Jordan on the west. (Joshua 22:7 ULT)

The tribe of Manasseh divided into two groups. The phrase “the half-tribe of Manasseh” refers one of those groups. The phrase “the other half” refers to the other group.

So the four angels who had been prepared for that hour, that day, that month, and that year, were released so that they would kill **a third** of mankind. (Revelation 9:15 ULT)

If all the people in the world were to be divided into three equal groups, then the number of people in one group would be killed.

You must also prepare **a fourth** of a hin of wine as the drink offering. (Numbers 15:5 ULT)

They were to imagine dividing a hin of wine into four equal parts and prepare the amount equal to one of them.

Translation Strategies

If a fraction in your language would give the right meaning, consider using it. If not, you could consider these strategies.

- (1) Tell the number of parts or groups that the item would be divided into, and then tell the number of parts or groups that is being referred to.
- (2) For measurements such as for weight and length, use a unit that your people might know or the unit in the UST.
- (3) For measurements, use ones that are used in your language. In order to do that you would need to know how your measurements relates to the metric system and figure out each measurement.

Examples of These Translation Strategies Applied

- (1) Tell the number of parts or groups that the item would be divided into, and then tell the number of parts or groups that is being referred to.

A third of the ocean became red like blood (Revelation 8:8 ULT)

It was like they **divided** the ocean **into three parts**, and **one part** of the ocean became blood.

Then you must offer with the bull a grain offering of **three-tenths** of an ephah of fine flour mixed with **half a hin** of oil. (Numbers 15:9 ULT)

... then you must **divide** an ephah of fine flour **into ten parts** and **divide** a hin of oil **into two parts**. Then mix **three of those parts** of the flour with **one of the parts** of oil. Then you must offer that grain offering along with the bull.

- (2) For measurements, use the measurements that are given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.

... **two-thirds of a shekel** ... (1 Samuel 13:21b ULT)

... **eight grams** of silver ... (1 Samuel 13:21b UST)

... **three-tenths of an ephah** of fine flour mixed with **half a hin** of oil. (Numbers 15:9b ULT)

... **six and one-half liters** of finely ground flour mixed with **two liters** of olive oil. (Numbers 15:9b UST)

- (3) For measurements, use ones that are used in your language. In order to do that you would need to know how your measurements relates to the metric system and figure out each measurement.

Hebrew Months

Description

This page answers the question: *What are the Hebrew months?*

The Hebrew calendar used in the Bible has twelve months. Unlike the western calendar, its first month begins in the spring of the northern hemisphere. Sometimes a month is called by its name (Aviv, Ziv, Sivan), and sometimes it is called by its order in the Hebrew calendar year (first month, second month, third month).

Reasons This Is a Translation Issue

- Readers may be surprised to read of months that they have never heard of, and they may wonder how those months correspond to the months that they use.
- Readers may not realize that phrases such as “the first month” or “the second month” refer to the first or second month of the Hebrew calendar, not some other calendar.
- Readers may not know when the first month of the Hebrew calendar begins.
- The Bible may tell about something happening in a certain month, but readers will not be able to fully understand what is said about it if they do not know what season of the year that was.

List of Hebrew Months

This is a list of the Hebrew months with information about them that may be helpful in the translation.

Aviv — (This month was called **Nisan** after the Babylonian exile.) This is the first month of the Hebrew calendar. It marks when God brought the people of Israel out of Egypt. It is at the beginning of the spring season when the late rains come and people begin to harvest their crops. It is during the last part of March and the first part of April on western calendars. The Passover celebration started on Aviv 10; the Festival of Unleavened Bread was right after that, and the Festival of Harvest was a few weeks after that.

Ziv — This is the second month of the Hebrew calendar. This is during the harvest season. It is during the last part of April and the first part of May on Western calendars.

Sivan — This is the third month of the Hebrew calendar. It is at the end of the harvest season and the beginning of the dry season. It is during the last part of May and the first part of June on Western calendars. The Feast of Weeks is celebrated on Sivan 6.

Tammuz — This is the fourth month of the Hebrew calendar. It is during the dry season. It is during the last part of June and the first part of July on Western calendars.

Ab — This is the fifth month of the Hebrew calendar. It is during the dry season. It is during the last part of July and the first part of August on Western calendars.

Elul — This is the sixth month of the Hebrew calendar. It is at the end of the dry season and the beginning of the rainy season. It is during the last part of August and the first part of September on Western calendars.

Ethanim — This is the seventh month of the Hebrew calendar. This is during the early rain season which would soften the land for sowing. It is during the last part of September and the first part of October on Western calendars. The Feast of Ingathering and the Day of Atonement are celebrated in this month.

Bul — This is the eighth month of the Hebrew calendar. It is during the rainy season when people plough their fields and sow seed. It is during the last part of October and the first part of November on Western calendars.

Kislev — This is the ninth month of the Hebrew calendar. This is at the end of the sowing season and the beginning of the cold season. It is during the last part of November and the first part of December on Western calendars.

Tebeth — This is the tenth month of the Hebrew calendar. It is during the cold season when there may be rain and snow. It is during the last part of December and the first part of January on Western calendars.

Shebat — This is the eleventh month of the Hebrew calendar. This is the coldest month of the year, and it has heavy rainfall. It is during the last part of January and the first part of February on Western calendars.

Adar — This is the twelfth and last month of the Hebrew calendar. This is during the cold season. It is during the last part of February and the first part of March on western calendars. The feast called Purim is celebrated in Adar.

Examples From the Bible

Today you are going out, in **the month of Aviv**. (Exodus 13:4 ULT)

You must eat unleavened bread from evening of the fourteenth day **in the first month of the year**, until evening of the twenty-first day of the month. (Exodus 12:18 ULT)

Translation Strategies

You may need to make some information about the months explicit. (See [Assumed Knowledge and Implicit Information](#).)

- (1) Tell the number of the Hebrew month.
- (2) Use the names for months that people know.
- (3) State clearly what season the month occurred in.
- (4) Refer to the time in terms of the season rather than in terms of the Hebrew name of the month. (If possible, use a footnote to show the Hebrew month and day.)

Examples of Translation Strategies Applied

The examples below use these two verses.

At that time, you will appear before me in **the month of Aviv**, which is fixed for this purpose. It was in this month that you came out from Egypt. (Exodus 23:15b ULT)

It will always be a statute for you that in **the seventh month, on the tenth day of the month**, you must humble yourselves and do no work. (Leviticus 16:29a ULT)

- (1) Tell the number of the Hebrew month.

At that time, you will appear before me in **the first month of the year**, which is fixed for this purpose. It was in this month that you came out from Egypt.

- (2) Use the months that people know.

At that time, you will appear before me in **the month of March**, which is fixed for this purpose. It was in this month that you came out from Egypt.

It will always be a statute for you that **on the day I choose in late September** you must humble yourselves and do no work.

(3) State clearly what season the month occurs in.

It will always be a statute for you that **in the autumn, on the tenth day of the seventh month**, you must humble yourselves and do no work.

(4) Refer to the time in terms of the season rather than in terms of the month.

It will always be a statute for you that in **the day I choose in early autumn**¹ you must humble yourselves and do no work.

How to Translate Names

Description

The Bible contains the names of many people, groups of people, and places. Some of these names may sound strange and be hard to say. Sometimes readers may not know what a name refers to, and sometimes they may need to understand what a name means. This page will help you see how you can translate these names and how you can help people understand what they need to know about them.

This page answers the question: *How can I translate names that are new to my culture?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Meaning of names

Most names in the Bible have meaning. Most of the time, names in the Bible are used simply to identify the people and places they refer to, but sometimes the meaning of a name is especially important.

For this **Melchizedek**, king of Salem, priest of God Most High, was the one who met Abraham returning from the slaughter of the kings and blessed him. (Hebrews 7:1 ULT)

Here the writer uses the name “Melchizedek” primarily to refer to a man who had that name, and the title “king of Salem” tells us that he ruled over a certain city.

His name first indeed means “king of righteousness,” and then also “king of Salem,” that is, “king of peace.” (Hebrews 7:2b ULT)

Here the writer explains the meanings of Melchizedek’s name and title because those things tell us more about the person. Other times, the writer does not explain the meaning of a name because he expects the reader to already know the meaning. If the meaning of the name is important to understand the passage, you can include the meaning in the text or in a footnote.

Reasons This Is a Translation Issue

- Readers may not know some of the names in the Bible. They may not know whether a name refers to a person or place or something else.
- Readers may need to understand the meaning of a name in order to understand the passage.
- Some names may have different sounds or combinations of sounds that are not used in your language or are unpleasant to say in your language. For strategies to address this problem, see Borrow Words.
- Some people and places in the Bible have two names. Readers may not realize that two names refer to the same person or place.

Examples From the Bible

Then you crossed over the **Jordan** and came to **Jericho**, and the men of Jericho, and the **Amorites** ... fought against you, but I gave them into your hand. (Joshua 24:11 ULT)

Readers might not know that “Jordan” is the name of a river, “Jericho” is the name of a city, and “Amorites” is the name of a group of people.

She said, “Do I really continue to see, even after he has seen me?” Therefore, the well was called **Beer Lahai Roi**. (Genesis 16:13b-14a ULT)

Readers may not understand the second sentence if they do not know that “Beer Lahai Roi” means “Well of the Living One who sees me.”

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

Readers may not understand why she said this if they do not know that the name Moses sounds like the Hebrew words “pull out.”

Saul was in agreement with his execution. (Acts 8:1a ULT)

But when the apostles, Barnabas and **Paul**, heard of it, they tore their clothing. (Acts 14:14a ULT)

Readers may not know that the names Saul and Paul refer to the same person.

Translation Strategies

- (1) If readers cannot easily understand from the context what kind of a thing a name refers to, you can add a word to clarify it.
- (2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.
- (3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.
- (4) If a person or place has two different names, use one name most of the time and the other name only when the text tells about the person or place having more than one name or when it says something about why the person or place was given that name. Write a footnote when the source text uses the name that is used less frequently.
- (5) Or if a person or place has two different names, then use whatever name is given in the source text, and add a footnote that gives the other name.

Examples of Translation Strategies Applied

- (1) If readers cannot easily understand from the context what kind of a thing a name refers to, you can add a word to clarify it.

You went over the **Jordan River** and came to the **city of Jericho**. The men of Jericho fought against you, along with **the tribe of the Amorites**.

At that hour, certain Pharisees approached, saying to him, “Leave and go away from here, because **Herod** wants to kill you.” (Luke 13:31 ULT)

At that hour, certain Pharisees approached, saying to him, “Go and leave here, because **King Herod** wants to kill you.”

- (2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

She called his name **Moses (which sounds like 'drawn out')**, and she said, "For out of the water I drew him."

(3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.

Write a footnote when the source text uses the name that is used less frequently. For example, Paul is called "Saul" before Acts 13 and "Paul" after Acts 13. You could translate his name as "Paul" all of the time, except in Acts 13:9 where it talks about him having both names.

... a young man named **Saul**. (Acts 7:58b ULT)

The footnote would look like:

^[1] Most versions say "Saul" here, but most of the time in the Bible he is called "Paul."

Then later in the story, you could translate this way:

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit; (Acts 13:9)

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit;

(5) Or if a person or place has two names, use whatever name is given in the source text, and add a footnote that gives the other name. For example, you could write "Saul" where the source text has "Saul" and "Paul" where the source text has "Paul."

It came about in Iconium that **Paul** and Barnabas entered together into the synagogue (Acts 14:1 ULT)

Idiom

An idiom is a figure of speech made up of a group of words that, as a whole, has a meaning that is different from what one would understand from the meanings of the individual words. Someone from outside of the culture usually cannot understand an idiom without someone inside the culture explaining its true meaning. Every language uses idioms. Some English examples are:

- You are pulling my leg. (This means, “You are teasing me by telling me something that is not true.”)
- Do not push the envelope. (This means, “Do not take a matter to its extreme.”)
- This house is under water. (This means, “The debt owed for this house is greater than its actual value.”)
- We are painting the town red. (This means, “We are going around town tonight celebrating very intensely.”)

Description

An idiom is a phrase that has a special meaning to the people of the language or culture who use it. Its meaning is different than what a person would understand from the meanings of the individual words that form the phrase.

He **set his face** to go to Jerusalem. (Luke 9:51b ULT)

The words “set his face” is an idiom that means “decided.”

Sometimes people may be able to understand an idiom from another culture, but it might sound like a strange way to express the meaning.

I am not worthy that you would **come under my roof**. (Luke 7:6b ULT)

The phrase “come under my roof” is an idiom that means “enter my house.”

Put these words **into your ears**. (Luke 9:44a ULT)

This idiom means “Listen carefully and remember what I say.”

Purpose: An idiom is probably created in a culture somewhat by accident when someone describes something in an unusual way. But, when that unusual way communicates the message powerfully and people understand it clearly, other people start to use it. After a while, it becomes a normal way of talking in that language.

Reasons This Is a Translation Issue

- People can easily misunderstand idioms in the original languages of the Bible if they do not know the cultures that produced the Bible.
- People can easily misunderstand idioms that are in the source language Bibles if they do not know the cultures that made those translations.
- It is useless to translate idioms literally (according to the meaning of each word) when the target language audience will not understand what they mean.

Examples From the Bible

Then all Israel came to David at Hebron and said, “Look, we are your **flesh and bone**.” (1 Chronicles 11:1 ULT)

This means, “We and you belong to the same race, the same family.”

▮ The children of Israel went out **with a high hand**. (Exodus 14:8b ASV)

This means, “The Israelites went out defiantly.”

▮ the one who **lifts up my head** (Psalm 3:3b ULT)

This means, “the one who helps me.”

Translation Strategies

If the idiom would be clearly understood in your language, consider using it. If not, here are some other options.

- (1) Translate the meaning plainly without using an idiom.
- (2) Use a different idiom that people use in your own language that has the same meaning.

Examples of Translation Strategies Applied

Litotes

Description

Litotes is a figure of speech in which the speaker expresses a strong positive meaning by using two negative words or a negative word with a word that means the opposite of the meaning he intends. A few examples of negative words are “no,” “not,” “none,” and “never.” The opposite of “good” is “bad.” Someone could say that something is “not bad” to mean that it is extremely good.

This page answers the question: *What is litotes?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Reason This Is a Translation Issue

Some languages do not use litotes. People who speak those languages might not understand that a statement using litotes actually strengthens the positive meaning. Instead, they might think that it weakens or even cancels the positive meaning.

Examples From the Bible

For you yourselves know, brothers, that our coming to you was **not useless**, (1 Thessalonians 2:1 ULT)

By using litotes, Paul emphasized that his visit with them was **very** useful.

Now when it became day, there was **no small disturbance** among the soldiers over what therefore had happened to Peter. (Acts 12:18 ULT)

By using litotes, Luke emphasized that there was a **lot** of excitement or anxiety among the soldiers about what happened to Peter. (Peter had been in prison, and even though there were soldiers guarding him, he escaped when an angel let him out. So they were very agitated.)

But you, Bethlehem, in the land of Judah,
are **not the least** among the leaders of Judah,
for from you will come a ruler
who will shepherd my people Israel. (Matthew 2:6 ULT)

By using litotes, the prophet emphasized that Bethlehem would be a **very important city**.

Translation Strategies

If the litotes would be understood correctly, consider using it.

(1) If the meaning with the negative would not be clear, give the **positive** meaning in a strong way.

Merism

Definition

Merism is a figure of speech in which a person refers to something by speaking of two extreme parts of it. By referring to the extreme parts, the speaker intends to include also everything in between those parts.

“I am **the alpha and the omega**,” says the Lord God,
“the one who is, and who was, and who is to come, the Almighty.” (Revelation 1:8 ULT)

I am **the alpha and the omega, the first and the last, the beginning and the end**.
(Revelation 22:13, ULT)

This page answers the question: *What does the word merism mean and how can I translate phrases that have it?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Alpha and omega are the first and last letters of the Greek alphabet. This is a merism that includes everything from the beginning to the end. It means eternal.

... I praise you, Father, Lord of **heaven and earth** ..., (Matthew 11:25b ULT)

Heaven and earth is a merism that includes everything that exists.

Reason This is a Translation Issue

Some languages do not use merism. The readers of those languages may think that the phrase only applies to the items mentioned. They may not realize that it refers to those two things and everything in between.

Examples From the Bible

From the rising of the sun to its setting, Yahweh’s name should be praised. (Psalm 113:3 ULT)

This bolded phrase is a merism because it speaks of the east and the west and everywhere in between. It means “everywhere.”

He will bless those who honor him, both **young and old**. (Psalm 115:13)

The bolded phrase is merism because it speaks of old people and young people and everyone in between. It means “everyone.”

Translation Strategies

If the merism would be natural and give the right meaning in your language, consider using it. If not, here are other options:

- (1) Identify what the merism refers to without mentioning the parts.
- (2) Identify what the merism refers to and include the parts.

Examples of Translation Strategies Applied

- (1) Identify what the merism refers to without mentioning the parts.

I praise you, Father, Lord of **heaven and earth**. (Matthew 11:25b ULT)

I praise you, Father, Lord of **everything**.

From the rising of the sun to its setting, Yahweh's name should be praised. (Psalm 113:3 ULT)

In all places, people should praise Yahweh's name.

(2) Identify what the merism refers to and include the parts.

I praise you, Father, Lord of **heaven and earth**. (Matthew 11:25b ULT)

I praise you, Father, Lord of **everything, including both what is in heaven and what is on earth**.

He will bless those who honor him, both **young and old**. (Psalm 115:13 ULT)

He will bless **all those** who honor him, regardless of whether they are **young or old**.

Metaphor

Description

A metaphor is a figure of speech in which someone speaks of one thing as if it were a different thing because he wants people to think about how those two things are alike.

For example, someone might say, “The girl I love is a red rose.”

A girl and a rose are very different things, but the speaker considers that they are alike in some way. The hearer’s task is to understand in what way they are alike.

This page answers the question: *What is a metaphor and how can I translate a Bible passage that has one?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[Simile](#)

The Parts of a Metaphor

The example above shows us that a metaphor has three parts. In this metaphor, the speaker is talking about “the girl I love.” This is the **Topic**. The speaker wants the hearer to think about what is similar between her and “a red rose.” The red rose is the **Image** to which he compares the girl. Most probably, he wants the hearer to consider that they are both beautiful. This is the **Idea** that the girl and the rose both share, and so we may also call it the **Point of Comparison**.

Every metaphor has three parts:

- The **Topic**, the item being immediately discussed by the writer/speaker.
- The **Image**, the physical item (object, event, action, etc.) which the speaker uses to describe the topic.
- The **Idea**, the abstract concept or quality that the physical **Image** brings to the mind of the hearer when he thinks of how the **Image** and the **Topic** are similar. Often, the **Idea** of a metaphor is not explicitly stated in the Bible, but it is only implied from the context. The hearer or reader usually needs to think of the **Idea** himself.

Using these terms, we can say that a metaphor is a figure of speech that uses a physical **Image** to apply an abstract **Idea** to the speaker’s **Topic**.

Usually, a writer or speaker uses a metaphor in order to express something about a **Topic**, with at least one **Point of Comparison (Idea)** between the **Topic** and the **Image**. Often in metaphors, the **Topic** and the **Image** are explicitly stated, but the **Idea** is only implied. The writer/speaker often uses a metaphor in order to invite the readers/listeners to think about the similarity between the **Topic** and the **Image** and to figure out for themselves the **Idea** that is being communicated.

Speakers often use metaphors in order to strengthen their message, to make their language more vivid, to express their feelings better, to say something that is hard to say in any other way, or to help people remember their message.

Sometimes speakers use metaphors that are very common in their language. However, sometimes speakers use metaphors that are uncommon, and even some metaphors that are unique. When a metaphor has become very common in a language, often it becomes a “passive” metaphor, in contrast to uncommon metaphors, which we describe as being “active.” Passive metaphors and active metaphors each present a different kind of translation problem, which we will discuss below.

Passive Metaphors

A passive metaphor is a metaphor that has been used so much in the language that its speakers no longer regard it as one concept standing for another. Linguists often call these “dead metaphors.” Passive metaphors are extremely common. Examples in English include the terms “table **leg**,” “family **tree**,” “book **leaf**” (meaning a page

in a book), or the word “crane” (meaning a large machine for lifting heavy loads). English speakers simply think of these words as having more than one meaning. Examples of passive metaphors in Biblical Hebrew include using the word “hand” to represent “power,” using the word “face” to represent “presence,” and speaking of emotions or moral qualities as if they were “clothing.”

Patterned Pairs of Concepts Acting as Metaphors

Many ways of metaphorical speaking depend on pairs of concepts, where one underlying concept frequently stands for a different underlying concept. For example, in English, the direction “up” (the Image) often represents the concepts of “more” or “better” (the Idea). Because of this pair of underlying concepts, we can make sentences such as “The price of gasoline is going **up**,” “A **highly** intelligent man,” and also the opposite kind of idea: “The temperature is going **down**,” and “I am feeling very **low**.”

Patterned pairs of concepts are constantly used for metaphorical purposes in the world’s languages because they serve as convenient ways to organize thought. In general, people like to speak of abstract qualities (such as power, presence, emotions, and moral qualities) as if they were body parts, or as if they were objects that could be seen or held, or as if they were events that could be watched as they happened.

When these metaphors are used in normal ways, it is rare that the speaker and audience regard them as figurative speech. Examples of metaphors in English that go unrecognized are:

- “Turn the heat **up**.” More is spoken of as up.
- “Let us **go ahead** with our debate.” Doing what was planned is spoken of as walking or advancing.
- “You **defend** your theory well.” Argument is spoken of as war.
- “A **flow** of words.” Words are spoken of as liquids.

English speakers do not view these as metaphorical expressions or figures of speech, so it would be wrong to translate them into other languages in a way that would lead people to pay special attention to them as figurative speech. For a description of important patterns of this kind of metaphor in biblical languages, please see [Biblical Imagery — Common Patterns](#) and the pages it will direct you to.

When translating something that is a passive metaphor into another language, do not treat it as a metaphor. Instead, just use the best expression for that thing or concept in the target language.

Active Metaphors

These are metaphors that people recognize as one concept standing for another concept, or one thing for another thing. Metaphors make people think about how the one thing is like the other thing, because in most ways the two things are very different. People also easily recognize these metaphors as giving strength and unusual qualities to the message. For this reason, people pay attention to these metaphors. For example,

But for you who fear my name, the sun of righteousness will rise with healing in its wings.
(Malachi 4:2a ULT)

Here, God speaks about his salvation as if it were the sun rising in order to shine its rays on the people whom he loves. He also speaks of the sun’s rays as if they were wings. Also, he speaks of these wings as if they were bringing medicine that would heal his people. Here is another example:

And he said to them, “Go and tell that fox ...” (Luke 13:32a ULT)

Here, “that fox” refers to King Herod. The people listening to Jesus certainly understood that Jesus was intending for them to apply certain characteristics of a fox to Herod. They probably understood that Jesus intended to communicate that Herod was evil, either in a cunning way or as someone who was destructive, murderous, or who took things that did not belong to him, or all of these.

Active metaphors require the translator's special care to make a correct translation. To do so, you need to understand the parts of a metaphor and how they work together to produce meaning.

Jesus said to them, "I am the bread of life; he who comes to me will not be hungry, and he who believes in me will never be thirsty." (John 6:35 ULT)

In this metaphor, Jesus called himself the bread of life. The **Topic** is "I" (meaning Jesus himself) and the **Image** is "bread." Bread was the primary food that people ate in that place and time. The similarity between bread and Jesus is that people need both to live. Just as people need to eat food in order to have physical life, people need to trust in Jesus in order to have eternal life. The **Idea** of the metaphor is "life." In this case, Jesus stated the central Idea of the metaphor, but often the Idea is only implied.

Purposes of Metaphor

- One purpose of metaphor is to teach people about something that they do not know (the **Topic**) by showing that it is like something that they already do know (the **Image**).
- Another purpose is to emphasize that something (the **Topic**) has a particular quality (the **Idea**) or to show that it has that quality in an extreme way.
- Another purpose is to lead people to feel the same way about the **Topic** as they would feel about the **Image**.

Reasons This Is a Translation Issue

- People may not recognize that something is a metaphor. In other words, they may mistake a metaphor for a literal statement, and thus, misunderstand it.
- People may not be familiar with the thing that is used as an image, and so, not be able to understand the metaphor.
- If the topic is not stated, people may not know what the topic is.
- People may not know the points of comparison that the speaker wants them to understand. If they fail to think of these points of comparison, they will not understand the metaphor.
- People may think that they understand the metaphor, but they do not. This can happen when they apply points of comparison from their own culture, rather than from the biblical culture.

Translation Principles

- Make the meaning of a metaphor as clear to the target audience as it was to the original audience.
- Do not make the meaning of a metaphor more clear to the target audience than you think it was to the original audience.

Examples From the Bible

Listen to this word, **you cows of Bashan**, (Amos 4:1q ULT)

In this metaphor Amos speaks to the upper-class women of Samaria ("you," the Topic) as if they were cows (the Image). Amos does not say what similarity(s) he intends between these women and cows. He wants the reader to think of them, and he fully expects that readers from his culture will easily do so. From the context, we can see that he means that the women are like cows in that they are fat and interested only in feeding themselves. If we were to apply similarities from a different culture, such as that cows are sacred and should be worshiped, we would get the wrong meaning from this verse.

NOTE: Amos does not actually mean that the women are cows. He speaks to them as human beings.

Yet, Yahweh, you are our father; **we are the clay. You are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

The example above has two related metaphors. The Topic(s) are “we” and “you,” and the Image(s) are “clay” and “potter.” The similarity between a potter and God is the fact that both make what they wish out of their material. The potter makes what he wishes out of the clay, and God makes what he wishes out of his people. The Idea being expressed by the comparison between the potter’s clay and “us” is that **neither the clay nor God’s people have a right to complain about what they are becoming.**

Jesus said to them, “Take heed and beware of **the yeast of the Pharisees and Sadducees.**”
The disciples reasoned among themselves and said, “It is because we did not take bread.”
(Matthew 16:6-7 ULT)

Jesus used a metaphor here, but his disciples did not realize it. When he said “yeast,” they thought he was talking about bread, but “yeast” was the Image in his metaphor, and the Topic was the teaching of the Pharisees and Sadducees. Since the disciples (the original audience) did not understand what Jesus meant, it would not be good to state clearly here what Jesus meant.

Translation Strategies

If people would understand the metaphor in the same way that the original readers would have understood it, go ahead and use it. Be sure to test the translation to make sure that people do understand it in the right way.

If people do not or would not understand it, here are some other strategies.

- (1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, it is a passive metaphor), then express the **Idea** in the simplest way preferred by your language.
- (2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible.** If you do this, be sure to test it to make sure that the language community understands it correctly.
- (3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.” See [Simile](#).
- (4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.
- (5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.
- (6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the Topic was.)
- (7) If the target audience would not know the intended similarity (the **Idea**) between the topic and the image, then state it clearly.
- (8) If none of these strategies is satisfactory, then simply state the **Idea** plainly without using a metaphor.

Examples of Translation Strategies Applied

(1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, a passive metaphor), then express the Idea in the simplest way preferred by your language.

Then, see, one of the leaders of the synagogue, named Jairus, came, and when he saw him, **fell at his feet**. (Mark 5:22 ULT)

Then one of the leaders of the synagogue, named Jairus, came, and when he saw him, **immediately bowed down in front of him**.

(2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible**. If you do this, be sure to test it to make sure that the language community understands it correctly.

But Jesus said to them, “He wrote this commandment to you because of your **hardness of heart**.” (Mark 10:5 ULT)

It was because of your **hard hearts** that he wrote you this law.

We made no change to this one, but it must be tested to make sure that the target audience correctly understands this metaphor.

(3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.”

Yet, Yahweh, you are our father; we **are the clay**. You **are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

And yet, Yahweh, you are our father; we are **like** clay. You are **like** a potter; and we all are the work of your hand.

(4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14b ULT)

Saul, Saul, why do you persecute me? It is hard for you to **kick against a pointed stick**.

(5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.

Yet, Yahweh, you are our father; we are the **clay**. You are our **potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

“And yet, Yahweh, you are our father; we are the **wood**. You are our **carver**; and we all are the work of your hand.”

“And yet, Yahweh, you are our father; we are the **string**. You are the **weaver**; and we all are the work of your hand.”

(6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the topic was.)

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; **He is my rock**. May he be praised. May the God of my salvation be exalted.

(7) If the target audience would not know the intended similarity between the Topic and the Image, then state it clearly.

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; may he be praised because he is the rock **under which I can hide from my enemies**. May the God of my salvation be exalted.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14 ULT)

Saul, Saul, why do you persecute me? You **fight against me and hurt yourself like an ox that kicks against its owner's pointed stick**.

(8) If none of these strategies are satisfactory, then simply state the idea plainly without using a metaphor.

I will make you to become **fishers of men**. (Mark 1:17b ULT)

I will make you to become **people who gather men**.
Now you gather fish. I will make you **gather people**.

Metonymy

Description

Metonymy is a figure of speech in which an item (either physical or abstract) is called not by its own name, but by the name of something closely associated with it. A metonym is a word or phrase used as a substitute for something that it is associated with.

This page answers the question: *What is a metonymy?*

The cup represents the wine that is in the cup.

Metonymy can be used

- as a shorter way of referring to something
- to make an abstract idea more meaningful by referring to it with the name of a physical object associated with it

Reason This Is a Translation Issue

The Bible uses metonymy very often. Speakers of some languages are not familiar with metonymy and they may not recognize it when they read it in the Bible. If they do not recognize the metonymy, they will not understand the passage or, worse yet, they will get a wrong understanding of the passage. Whenever a metonym is used, people need to be able to understand what it represents.

Examples From the Bible

The Lord God will give to him **the throne** of his father David. (Luke 1:32b ULT)

A throne represents the authority of a king. "Throne" is a metonym for "kingly authority," "kingship," or "reign." This means that God would make him become a king who would follow King David.

Then immediately his **mouth** was opened (Luke 1:64a ULT)

The mouth here represents the power to speak. This means that he was able to talk again.

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

The word "wrath" or "anger" is a metonym for "punishment." God was extremely angry with the people and, as a result, he would punish them.

Translation Strategies

If people would easily understand the metonym, consider using it. Otherwise, here are some options.

- (1) Use the metonym along with the name of the thing it represents.
- (2) Use only the name of the thing the metonym represents.

Examples of Translation Strategies Applied

- (1) Use the metonym along with the name of the thing it represents.

And he took the cup in the same way after the supper, saying, “**This cup** is the new covenant in my blood, which is poured out for you.” (Luke 22:20 ULT)

He took the cup in the same way after supper, saying, “**The wine in this cup** is the new covenant in my blood, which is poured out for you.”

This verse also contains a second metonym: The cup, (representing the wine it contains) also represents the new covenant made with the blood Christ shed for us.

- (2) Use the name of the thing the metonym represents.

The Lord God will give him **the throne** of his father David. (Luke 1:32b ULT)

“The Lord God will give him **the kingly authority** of his father, David.”
or:
“The Lord God will **make him king** like his ancestor, King David.”

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

“Who warned you to flee from God’s coming **punishment**?”

Nominal Adjectives

Description

In some languages an adjective can be used to refer to a class of things that the adjective describes. When it does, it acts like a noun. For example, the word “rich” is an adjective. Here are two sentences that show that “rich” is an adjective.

The rich man had huge numbers of flocks and herds. (2 Samuel 12:2 ULT)

The adjective “rich” comes before the word “man” and describes “man.”

He will not be rich; his wealth will not last. (Job 15:29a ULT)

The adjective “rich” comes after the verb “be” and describes “He.”

Here is a sentence that shows that “rich” can also function as a noun.

The rich must not give more than the half shekel, and **the poor** must not give less. (Exodus 30:15b ULT)

In Exodus 30:15, the word “rich” acts as a noun in the phrase “the rich,” and it refers to rich people. The word “poor” also acts as a noun and refers to poor people.

Reason This Is a Translation Issue

- Many times in the Bible adjectives are used as nouns to describe a group of people.
- Some languages do not use adjectives in this way.
- Readers of these languages may think that the text is talking about one particular person when it is really talking about the group of people whom the adjective describes.

Examples From the Bible

The scepter of wickedness must not rule in the land of **the righteous**. (Psalms 125:3a ULT)

“The righteous” here are people who are righteous, not one particular righteous person.

Blessed are **the meek**. (Matthew 5:5a ULT)

“The meek” here are all people who are meek, not one particular meek person.

Translation Strategies

If your language uses adjectives as nouns to refer to a class of people, consider using the adjectives in this way. If it would sound strange, or if the meaning would be unclear or wrong, here is another option:

(1) Use the adjective with a plural form of the noun that the adjective describes.

Numbers

Description

There are many numbers in the Bible. They can be written as words (“five”) or as numerals (“5”). Some numbers are very large, such as “two hundred” (200), “twenty-two thousand” (22,000), or “one hundred million” (100,000,000). Some languages do not have words for all of these numbers. Translators need to decide how to translate numbers and whether to write them as words or numerals.

This page answers the question: *How do I translate numbers?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Some numbers are exact and others are rounded.

▮ Abram was **86** years old when Hagar bore Ishmael to Abram. (Genesis 16:16 ULT)

Eighty-six (86) is an exact number.

▮ That day about **3,000** of the people died. (Exodus 32:28b ULT)

Here the number three thousand (3,000) is a round number. It may have been a little more than that or a little less than that. The word “about” shows that it is not an exact number.

Reason This Is a Translation Issue

Some languages do not have words for some of these numbers.

Translation Principles

- Exact numbers should be translated as closely and specifically as they can be.
- Rounded numbers can be translated more generally.

Examples From the Bible

▮ When Jared had lived **162** years, he became the father of Enoch. After he became the father of Enoch, Jared lived **800** years. He became the father of more sons and daughters. Jared lived **962** years, and then he died. (Genesis 5:18-20 ULT)

The numbers 162, 800, and 962 are exact numbers and should be translated with something as close to those numbers as possible.

▮ Our sister, may you be the mother of **thousands of ten thousands**. (Genesis 24:60b ULT)

This is a rounded number. It does not say exactly how many descendants she should have, but it was a huge number of them.

Translation Strategies

- (1) Write numbers using numerals.
- (2) Write numbers using your language’s words or the Gateway Language words for those numbers.
- (3) Write numbers using words, and put the numerals in parentheses after them.

(4) Combine words for large numbers.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

Examples of Translation Strategies Applied

We will use the following verse in our examples:

Now, see, at great effort I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities. (1 Chronicles 22:14a ULT)

(1) Write numbers using numerals.

I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities.

(2) Write numbers using your language's words or the Gateway Language words for those numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **one million** talents of silver, and bronze and iron in large quantities.

(3) Write numbers using words, and put the numerals in parenthesis after them.

I have prepared for Yahweh's house one **hundred thousand (100,000)** talents of gold, **one million (1,000,000)** talents of silver, and bronze and iron in large quantities.

(4) Combine words for large numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **a thousand thousand** talents of silver, and bronze and iron in large quantities.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

I have prepared for Yahweh's house **a great amount of gold (100,000 talents), ten times that amount of silver (1,000,000 talents)**, and bronze and iron in large quantities.

Consistency

Be consistent in your translations. Decide how the numbers will be translated, using numbers or numerals. There are different ways of being consistent.

- Use words to represent numbers all of the time. (You might have very long words.)
- Use numerals to represent numbers all of the time.
- Use words to represent the numbers that your language has words for and use numerals for the numbers that your language does not have words for.
- Use words for low numbers and numerals for high numbers.
- Use words for numbers that require few words and numerals for numbers that require more than a few words.
- Use words to represent numbers, and write the numerals in parentheses after them.

Consistency in the ULT and UST

The *unfoldingWord*® *Literal Text* (ULT) and the *unfoldingWord*® *Simplified Text* (UST) use words for the numbers one through ten and use numerals for all numbers above ten.

When Adam had lived **130** years, he became the father of a son in his own likeness, after his image, and he called his name Seth. After Adam became the father of Seth, he lived **800** years. He became the father of more sons and daughters. Adam lived **930** years, and then he died.

Order of Events

Description

In the Bible, events are not always told in the order in which they occurred. Sometimes the author wanted to discuss something that happened at an earlier time than the event that he just talked about. This can be confusing to the reader.

This page answers the question: *Why are some events not listed in the order they happened, and how do I translate them?*

In order to understand this topic, it would be good to read:

Reason This Is a Translation Issue

Readers might think that the events happened in the order that they are told. It is important to help them understand the correct order of events.

Examples From the Bible

He even added this to them all: he locked John up in prison. Now it came about, when all the people were baptized, Jesus also was baptized. (Luke 3:20-21 ULT)

This could sound like John baptized Jesus after John was locked up in prison, but John baptized Jesus before John was locked up in prison.

Just as Joshua had said to the people, the seven priests carrying seven trumpets of rams' horns before Yahweh went forward and blew the trumpets, and the ark of the covenant of Yahweh followed after them. But Joshua commanded the people, saying, "Do not shout nor let your voice be heard, nor let any word leave your mouth until the day I tell you to shout. Then you must shout." (Joshua 6:8,10 ULT)

This could sound like Joshua gave the order not to shout after the army had already started their march, but he had given that order before they started marching.

This sounds like a person must first open the scroll and then break its seals, but the seals that lock the scroll must be broken before the scroll can be unrolled.

Translation Strategies

(1) If your language uses phrases or time words to show that an event happened before one that was already mentioned, consider using one of them.

(2) If your language uses verb tense or aspect to show that an event happened before one that was already mentioned, consider using that. (See the section on "Aspect" of Verbs.)

(3) If your language prefers to tell events in the order that they occurred, consider reordering the events so they are in that order. This may require putting two or more verses together (like 5-6). (See Verse Bridges.)

Ordinal Numbers

Description

Ordinal numbers are used in the Bible mainly to tell the position of something in a list.

And God has indeed appointed some in the church, **first** apostles, **second** prophets, **third** teachers, then miracles. (1 Corinthians 12:28a ULT)

This page answers the question: *What are ordinal numbers and how can I translate them?*

In order to understand this topic, it would be good to read:

[Numbers](#)

This is a list of workers that God gave to the church in their order.

Ordinal Numbers in English

Most ordinal numbers in English simply have “-th” added to the end.

Numeral	Number	Ordinal Number
4	four	fourth
10	ten	tenth
100	one hundred	one hundredth
1,000	one thousand	one thousandth

Some ordinal numbers in English do not follow that pattern.

Numeral	Number	Ordinal Number
1	one	first
2	two	second
3	three	third
5	five	fifth
12	twelve	twelfth

Reason This Is a Translation Issue

Some languages do not have special numbers for showing the order of items in a list. There are different ways to deal with this.

Examples From the Bible

The **first** lot went to Jehoiarib, the **second** to Jedaiah, the **third** to Harim, the **fourth** to Seorim ... the **twenty-third** to Delaiah, and the **twenty-fourth** to Maaziah. (1 Chronicles 24:7-18 ULT)

The people cast lots and one went to each of these people in the order given.

You must place in it four rows of precious stones. The **first** row must have a ruby, a topaz, and a garnet. The **second** row must have an emerald, a sapphire, and a diamond. The **third** row must have a jacinth, an agate, and an amethyst. The **fourth** row must have a beryl, and an onyx, and a jasper. They must be mounted in gold settings. (Exodus 28:17-20 ULT)

This describes four rows of stones. The first row is probably the top row, and the fourth row is probably the bottom row.

Translation Strategies

If your language has ordinal numbers and using them would give the right meaning, consider using them. If not, here are some strategies to consider:

- (1) Use “one” with the first item and “another” or “the next” with the rest.
- (2) Tell the total number of items and then list them or the things associated with them.

The name of **the second** river is Gihon. This one flows throughout the whole land of Cush. The name of **the third** river is Tigris, which flows east of Asshur. **The fourth** river is the Euphrates. (Genesis 2:10-14 ULT)

Parallelism

Description

Parallelism is a poetic device in which two phrases or clauses that are similar in structure or idea are used together. The following are some of the different kinds of parallelism.

- The second clause or phrase means the same as the first. This is called synonymous parallelism.
- The second clarifies or strengthens the meaning of the first.
- The second completes what is said in the first.
- The second says something that contrasts with the first, but adds to the same idea.

Parallelism is most commonly found in Old Testament poetry, such as in the books of Psalms and Proverbs. It also occurs in Greek in the New Testament, both in the four gospels and in the apostles' letters.

This article will only discuss synonymous parallelism, the kind in which the two parallel phrases mean the same thing, because that is the kind that presents a problem for translation. Note that we use the term "synonymous parallelism" for long phrases or clauses that have the same meaning. We use the term "**doublet**" for words or very short phrases that mean basically the same thing and are used together.

In the poetry of the original languages, synonymous parallelism has several effects:

- It shows that something is very important by saying it more than once and in more than one way.
- It helps the hearer to think more deeply about the idea by saying it in different ways.
- It makes the language more beautiful and raises it above the ordinary way of speaking.

Reason This Is a Translation Issue

Some languages would not use synonymous parallelism. They would either think it odd that someone said the same thing twice, or, since it is in the Bible, they would think that the two phrases must have some difference in meaning. For them it would be confusing, rather than beautiful. They would not understand that the repetition of the idea in different words serves to emphasize the idea.

Examples From the Bible

Your word is a lamp to my feet
and a light for my path. (Psalm 119:105 ULT)

Both parts of the sentence are metaphors saying that God's word teaches people how to live. That is the single idea. The words "lamp" and "light" are similar in meaning because they refer to light. The words "my feet" and "my path" are related because they refer to a person walking. Walking is a metaphor for living.

You make him to rule over the works of your hands;
you have put all things under his feet (Psalm 8:6 ULT)

Both lines say that God made man the ruler of everything. "To rule over" is the same idea as putting things "under his feet," and "the works of your [God's] hands" is the same idea as "all things."

This page answers the question: *What is parallelism?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Yahweh sees everything a person does
and watches all the paths he takes. (Proverbs 5:21 ULT)

The first phrase and the second phrase mean the same thing. There are three ideas that are the same between these two phrases. "Sees" corresponds to "watches," "everything...does" corresponds to "all the paths...takes," and "a person" corresponds to "he."

Praise Yahweh, all you nations;
exalt him, all you peoples! (Psalm 117:1 ULT)

Both parts of this verse tell people everywhere to praise Yahweh. The words 'Praise' and 'exalt' mean the same thing. The words 'Yahweh' and 'him' refer to the same person. The terms 'all you nations' and 'all you peoples' refer to the same people.

For Yahweh has a lawsuit with his people,
and he will fight in court against Israel. (Micah 6:2b ULT)

The two parts of this verse say that Yahweh has a serious disagreement with his people, Israel. These are not two different disagreements or two different groups of people.

Translation Strategies

For most kinds of parallelism, it is good to translate both of the clauses or phrases. For synonymous parallelism, it is good to translate both clauses if people in your language understand that the purpose of saying something twice is to strengthen a single idea. But if your language does not use parallelism in this way, then consider using one of the following translation strategies.

- (1) Combine the ideas of both clauses into one.
- (2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as "truly" or "certainly."
- (3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like "very," "completely," or "all."

Examples of Translation Strategies Applied

- (1) Combine the ideas of both clauses into one.

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)

Delilah expressed this idea twice to emphasize that she was very upset.

Until now you have deceived me with your lies.
Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

The phrase "all the paths he takes" is a metaphor for "all he does."

Yahweh pays attention to everything a person does.
For Yahweh has a lawsuit with his people, and he will fight in court against Israel. (Micah 6:2 ULT)

This parallelism describes one serious disagreement that Yahweh had with one group of people. If this is unclear, the phrases can be combined:

For Yahweh has a lawsuit with his people, Israel.

(2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as “truly” or “certainly.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)
 Yahweh truly sees everything a person does.

You make him to rule over the works of your hands; you have put all things under his feet
 (Psalm 8:6 ULT)

You have certainly made him to rule over everything that you have created.

(3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like “very,” “completely” or “all.”

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)
 All you have done is lie to me.

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

Personification

Description

Personification is a figure of speech in which someone speaks of something as if it could do things that animals or people can do. People often do this because it makes it easier to talk about things that we cannot see:

Such as wisdom:

Does not Wisdom call out? (Proverbs 8:1a ULT)

Or sin:

Sin crouches at the door. (Genesis 4:7b ULT)

People also use personification because it is sometimes easier to talk about people's relationships with non-human things such as wealth as if they were relationships between people.

You cannot serve God and wealth. (Matthew 6:24b ULT)

In each case, the purpose of the personification is to highlight a certain characteristic of the non-human thing. As in metaphor, the reader needs to think of the way that the thing is like a certain kind of person.

Reasons This Is a Translation Issue

- Some languages do not use personification.
- Some languages use personification only in certain situations.

Examples From the Bible

You cannot **serve** God and wealth. (Matthew 6:24b ULT)

Jesus speaks of wealth as if it were a master whom people might serve. Loving money and basing one's decisions on it is like serving it as a slave would serve his master.

Does not Wisdom **call** out? Does not Understanding **raise her voice**? (Proverbs 8:1 ULT)

The author speaks of wisdom and understanding as if they were woman who calls out to teach people. This means that they are not something hidden, but something obvious that people should pay attention to.

Translation Strategies

If the personification would be understood clearly, consider using it. If it would not be understood, here are some other ways for translating it.

- (1) Add words or phrases to make the human (or animal) characteristic clear.
- (2) In addition to Strategy (1), use words such as "like" or "as" to show that the sentence is not to be understood literally.
- (3) Find a way to translate it without the personification.

Examples of Translation Strategies Applied

(1) Add words or phrases to make the human (or animal) characteristic clear.

Sin crouches at the door. (Genesis 4:7b ULT) — God speaks of sin as if it were a wild animal that is waiting for the chance to attack. This shows how dangerous sin is. An additional phrase can be added to make this danger clear.

Sin is at your door, waiting to attack you.

(2) In addition to Strategy (1), use words such as “like” or “as” to show that the sentence is not to be understood literally.

Sin crouches at the door. (Genesis 4:7b ULT) — This can be translated with the word “as.”

Sin is crouching at the door, **just as a wild animal does as it waits to attack a person..**

(3) Find a way to translate it without the personification.

Even the **winds and the sea obey him**. (Matthew 8:27b ULT) — The men speak of the “wind and the sea” as if they are able to hear and obey Jesus, just as people can. This could also be translated without the idea of obedience by speaking of Jesus controlling them.

He even **controls the winds and the sea**.

NOTE: We have broadened our definition of “personification” to include “zoomorphism” (speaking of other things as if they had animal characteristics) and “anthropomorphism” (speaking of non-human things as if they had human characteristics) because the translation strategies for them are the same.

Quotes within Quotes

Description

A quotation may have a quote within it, and quotes that are inside of other quotes can also have quotes within them. When a quote has quotes within it, we say there are “layers” of quotation, and each of the quotes is a layer. When there are many layers of quotes inside of quotes, it can be hard for listeners and readers to know who is saying what. Some languages use a combination of direct quotes and indirect quotes to make it easier.

This page answers the question: *What is a quote within a quote, and how can I help the readers understand who is saying what?*

In order to understand this topic, it would be good to read:

[Direct and Indirect Quotations](#)

Reasons This Is a Translation Issue

When there is a quote within a quote, the listener needs to know who the pronouns refer to. For example: if a quote that is inside a quote has the word “I,” the listener needs to know whether “I” refers to the speaker of the inner quote or the outer quote.

Some languages make this clear by using different kinds of quotes when there are quotes within quotes.

They may use direct quotes for some and indirect quotes for others.

Some languages do not use indirect quotes.

Examples From the Bible

A quotation with only one layer

But Paul said, “I, however, was indeed born a citizen.” (Acts 22:28b ULT)

Quotations with two layers

Jesus answered and said to them, “Be careful that no one leads you astray. For many will come in my name. They will say, ‘I am the Christ,’ and will lead many astray.” (Matthew 24:4-5 ULT)

The outermost layer is what Jesus said to his disciples. The second layer is what other people will say.

Jesus answered, “You say that I am a king.” (John 18:37b ULT)

The outermost layer is what Jesus said to Pilate. The second layer is what Pilate said about Jesus.

A quotation with three layers

Abraham said, “... I said to her, ‘You must show me this faithfulness as my wife: At every place where we go, say about me, **“He is my brother.”**’” (Genesis 20:11a, 13 ULT)

The outermost layer is what Abraham responded to Abimelech. The second layer is what Abraham had told his wife. The third layer is what he wanted his wife to say. (We have bolded the third layer.)

A quotation with four layers

They said to him, "A man came to meet us who said to us, 'Go back to the king who sent you, and say to him, "Yahweh says this: **'Is it because there is no God in Israel that you sent men to consult with Baal- Zebub, the god of Ekron? Therefore you will not come down from the bed to which you have gone up; instead, you will certainly die.'**"'" (2 Kings 1:6 ULT)

The outermost layer is what the messengers said to the king. The second layer is what the man who had met the messengers told them. The third is what that man wanted the messengers to say to the king. The fourth is what Yahweh said. (We have bolded the fourth layer.)

Translation Strategies

Some languages use only direct quotes. Other languages use a combination of direct quotes and indirect quotes. In those languages it might sound strange and perhaps even be confusing if there are many layers of direct quotes.

- (1) Translate all of the quotes as direct quotes.
- (2) Translate one or some of the quotes as indirect quotes. (See [Direct and Indirect Quotations](#).)

Examples of Translation Strategies Applied

- (1) Translate all of the quotes as direct quotes. In the example below we have bolded the indirect quotes in the ULT and the quotes that we have changed to direct quotes below it.

Festus presented to the king the things concerning Paul, saying, "There is a certain man was left here as a prisoner by Felix. So I am uncertain about the things concerning this matter. I asked **if he was willing to go to Jerusalem and there to be judged concerning these things**. But when Paul appealed **to keep him in custody for the decision of the emperor**, I ordered him **to be held in custody until when I could send him to Caesar.**" (Acts 25:14b, 20-21 ULT)

Festus presented Paul's case to the king. He said, "A certain man was left behind here by Felix as a prisoner. I was uncertain about the things concerning this matter. I asked him, **'Will you go to Jerusalem to be judged there concerning these things?'** But when Paul said, **'I want to be kept in custody for the emperor's decision,'** I told the guard, **'Keep him in custody until when I can send him to Caesar.'**"

- (2) Translate one or some of the quotes as indirect quotes. In English the word "that" can come before indirect quotes. It is bolded in the examples below. The pronouns that changed because of the indirect quote are also bolded.

And Yahweh spoke to Moses, saying, "I have heard the complaints of the sons of Israel. Speak to them and say, 'During the evenings you will eat meat, and in the morning you will be satisfied with bread. And you will know that I am Yahweh your God.'" (Exodus 16:11-12 ULT)

And Yahweh spoke to Moses, saying, "I have heard the complaints of the sons of Israel. Tell them **that** during the evenings **they** will eat meat, and in the morning **they** will be satisfied with bread. And **they** will know that I am Yahweh **their** God."

They said to him, "A man came to meet us who said to us, 'Go back to the king who sent you, and say to him, "Yahweh says this: 'Is it because there is no God in Israel that you sent men to consult with Baal-Zebub, the god of Ekron? Therefore you will not come down from the bed to which you have gone up; instead, you will certainly die.'""'" (2 Kings 1:6 ULT)

They told him **that** a man had come to meet **them** who said to **them**, "Go back to the king who sent you, and tell him **that** Yahweh says this: 'Is it because there is no God in Israel that you sent men to consult with Baal Zebub, the god of Ekron? Therefore you will not come down from the bed to which you have gone up; instead, you will certainly die.'"

Rhetorical Question

A rhetorical question is a question that a speaker asks when he is more interested in expressing his attitude about something than in getting information about it. Speakers use rhetorical questions to express deep emotion or to encourage hearers to think deeply about something. The Bible contains many rhetorical questions, often to express surprise, to rebuke or scold the hearer, or to teach. Speakers of some languages use rhetorical questions for other purposes as well.

This page answers the question: *What are rhetorical questions and how can I translate them?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

[[rc://en/ta/man/translate/figs-sentencetypes]]

Description

A rhetorical question is a question that strongly expresses the speaker's attitude toward something. Often the speaker is not looking for information at all. Or, if he is asking for information, it is not usually the information that the question appears to ask for. The speaker is more interested in expressing his attitude than in getting information.

But those who stood by said, **“Are you insulting the high priest of God?”** (Acts 23:4 ULT)

The people who asked Paul this question were not asking if he was insulting God's high priest. Rather, they used this question to accuse Paul of insulting the high priest.

The Bible contains many rhetorical questions. These rhetorical questions might be used for the purposes: of expressing attitudes or feelings, rebuking people, teaching something by reminding people of something they know and encouraging them to apply it to something new, or introducing something they want to talk about.

Reasons This Is a Translation Issue

- Some languages do not use rhetorical questions; for them a question is always a request for information.
- Some languages use rhetorical questions, but for purposes that are different or more limited than in the Bible.
- Because of these differences between languages, some readers might misunderstand the purpose of a rhetorical question in the Bible.

Examples From the Bible

Do you not still rule the kingdom of Israel? (1 Kings 21:7b ULT)

Jezebel used the question above to remind King Ahab of something he already knew: he still ruled the kingdom of Israel. The rhetorical question made her point more strongly than if she had merely stated it, because it forced Ahab to admit the point himself. She did this in order to rebuke him for being unwilling to take over a poor man's property. She was implying that, since he was the king of Israel, he had the power to take the man's property.

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

God used the question above to remind his people of something they already knew: a young woman would never forget her jewelry or a bride forget her veils. He then rebuked his people for forgetting him who is so much greater than those things.

Why did I not die when I came out from the womb? (Job 3:11a ULT)

Job used the question above to show deep emotion. This rhetorical question expresses how sad he was that he did not die as soon as he was born. He wished that he had not lived.

And how has this happened to me that the mother of my Lord would come to me? (Luke 1:43 ULT)

Elizabeth used the question above to show how surprised and happy she was that the mother of her Lord came to her.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Jesus used the question above to remind the people of something they already knew: a good father would never give his son something bad to eat. By introducing this point, Jesus could go on to teach them about God with his next rhetorical question:

Therefore, if you who are evil know how to give good gifts to your children, how much more will your Father who is in heaven give good things to those who ask him? (Matthew 7:11 ULT)

Jesus used this question to teach the people in an emphatic way that God gives good things to those who ask him.

What is the kingdom of God like, and what can I compare it to? It is like a mustard seed that a man took and threw into his garden ... (Luke 13:18b-19a ULT)

Jesus used the question above to introduce what he was going to talk about. He was about to compare the kingdom of God to something. In this case, he compared the kingdom of God to a mustard seed.

Translation Strategies

In order to translate a rhetorical question accurately, first be sure that the question you are translating truly is a rhetorical question and is not an information question. Ask yourself, "Does the person asking the question already know the answer to the question?" If so, it is a rhetorical question. Or, if no one answers the question, did the person who asked it expect to receive an answer? If not, it is a rhetorical question.

When you are sure that the question is rhetorical, then be sure that you understand the purpose for the rhetorical question. Is it to encourage or rebuke or shame the hearer? Is it to bring up a new topic? Is it to do something else?

When you know the purpose of the rhetorical question, then think of the most natural way to express that purpose in the target language. It might be as a question, or a statement, or an exclamation.

If using the rhetorical question would be natural and give the right meaning in your language, consider doing so. If not, here are other options:

- (1) Add the answer after the question.
- (2) Change the rhetorical question to a statement or exclamation.
- (3) Change the rhetorical question to a statement, and then follow it with a short question.
- (4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Examples of Translation Strategies Applied

- (1) Add the answer after the question.

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Will a virgin forget her jewelry, a bride her veils? **Of course not!** Yet my people have forgotten me for days without number!

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? **None of you would do that!**

(2) Change the rhetorical question to a statement or exclamation.

What is the kingdom of God like, and what can I compare it to? It is like a mustard seed. (Luke 13:18-19a ULT)

This is what the kingdom of God is like. It is like a mustard seed ...

Are you insulting the high priest of God? (Acts 23:4b ULT) (Acts 23:4 ULT)

You should not insult God's high priest!

Why did I not die when I came out from the womb? (Job 3:11a ULT)

I wish I had died when I came out from the womb!

And how has this happened to me that the mother of my Lord should come to me? (Luke 1:43 ULT)

How wonderful it is that the mother of my Lord has come to me!

(3) Change the rhetorical question to a statement, and then follow it with a short question.

Do you not still rule the kingdom of Israel? (1 Kings 21:7b ULT)

You still rule the kingdom of Israel, **do you not?**

(4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

If your son asks you for a loaf of bread, **would you give him a stone?**

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Simile

Description

A simile is a comparison of two things that are not normally thought to be similar. The simile focuses on a particular trait the two items have in common, and it includes the words “like,” “as,” or “than.”

This page answers the question: *What is a simile?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

When he saw the crowds, he had compassion for them, because they were troubled and discouraged, **like sheep not having a shepherd**. (Matthew 9:36)

Jesus compared the crowds of people to sheep without a shepherd. Sheep grow frightened when they do not have a good shepherd to lead them in safe places. The crowds were like that because they did not have good religious leaders.

See, I send you out **as sheep in the midst of wolves**, so be as wise **as the serpents** and harmless **as the doves**. (Matthew 10:16 ULT)

Jesus compared his disciples to sheep and their enemies to wolves. Wolves attack sheep; Jesus' enemies would attack his disciples.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

God's word is compared to a two-edged sword. A two-edged sword is a weapon that can easily cut through a person's flesh. God's word is very effective in showing what is in a person's heart and thoughts.

Purposes of Simile

- A simile can teach about something that is unknown by showing how it is similar to something that is known.
- A simile can emphasize a particular trait, sometimes in a way that gets people's attention.
- Similes help form a picture in the mind or help the reader experience what he is reading about more fully.

Reasons This Is a Translation Issue

- People may not know how the two items are similar.
- People may not be familiar with both of the items being compared.

Examples From the Bible

Suffer hardship with me, **as a good soldier** of Christ Jesus. (2 Timothy 2:3 ULT)

In this simile, Paul compares suffering with what soldiers endure, and he encourages Timothy to follow their example.

Just as the lightning flashing from a place under the sky shines to another place under the sky, so will the Son of Man be. (Luke 17:24b ULT)

This verse does not tell how the Son of Man will be like the lightning. But in context we can understand from the verses before it that just as lighting flashes suddenly and everyone can see it, the Son of Man will come suddenly and everyone will be able to see him. No one will have to be told about it.

Translation Strategies

If people would understand the correct meaning of a simile, consider using it. If they would not, here are some strategies you can use:

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.
- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.
- (3) Simply describe the item without comparing it to another.

Examples of Translation Strategies Applied

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT) — This compares the danger that Jesus' disciples would be in with the danger that sheep are in when they are surrounded by wolves.

See, I send **you out among wicked people** and you will be in danger from them **as sheep are in danger when they are among wolves**.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

For the word of God is living and active and **more powerful than a very sharp two-edged sword**.

- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.

See, I send you out **as sheep in the midst of wolves**, (Matthew 10:16a ULT) — If people do not know what sheep and wolves are, or that wolves kill and eat sheep, you could use some other animal that kills another.

See, I send you out **as chickens in the midst of wild dogs**.

How often did I long to gather your children together, just **as a hen gathers her chickens under her wings**, but you were not willing! (Matthew 23:37b ULT)

How often I wanted to gather your children together, **as a mother closely watches over her infants**, but you refused!

If you have faith **as a grain of mustard** ... (Matthew 17:20)

If you have faith even as small **as a tiny seed**,

- (3) Simply describe the item without comparing it to another.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT)

See, I send you out among **people who will want to harm you**.

How often did I long to gather your children together, just **as a hen gathers her chickens under her wings**, but you were not willing! (Matthew 23:37b ULT)

How often I wanted to **protect you**, but you refused!

Symbolic Action

Description

A symbolic action is something that someone does in order to express a certain idea. For example, in some cultures people nod their heads up and down to mean “yes” or turn their heads from side to side to mean “no.” Symbolic actions do not mean the same things in all cultures. In the Bible, sometimes people perform symbolic actions and sometimes they only refer to the symbolic action.

This page answers the question: *What is a symbolic action and how do I translate it?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Examples of symbolic actions

- In some cultures people shake hands when they meet to show that they are willing to be friendly.
- In some cultures people bow when they meet to show respect to each other.

Reason This Is a Translation Issue

An action may have a meaning in one culture and a different meaning or no meaning at all in another culture. For example, in some cultures raising the eyebrows means “I am surprised” or “What did you say?” In other cultures it means “yes.”

In the Bible, people did things that had certain meanings in their culture. When we read the Bible, we might not understand what someone meant if we interpret the action based on what it means in our own culture today.

You (the translator) need to understand what people in the Bible meant when they used symbolic actions. If an action does not mean the same thing in your own culture, then you need to figure out how to translate what the action meant.

Examples From the Bible

And behold, a man came whose name was Jairus, and he was a ruler of the synagogue. And **falling at the feet of Jesus**, he begged him to come to his house. (Luke 8:41 ULT)

Meaning of symbolic action: He did this to show great respect to Jesus.

Look, I am standing at the door and am knocking. If anyone hears my voice and opens the door, I will come into him and will eat with him, and he with me. (Revelation 3:20 ULT)

Meaning of symbolic action: When people wanted someone to welcome them into their home, they stood at the door and knocked on it.

Translation Strategies

If people would correctly understand what a symbolic action meant to the people in the Bible, consider using it. If not, here are some strategies for translating it.

- (1) Tell what the person did and why he did it.
- (2) Do not tell what the person did, but tell what he meant.

(3) Use an action from your own culture that has the same meaning. Do this only in poetry, parables, and sermons. Do not do this when there actually was a person who did a specific action.

Examples of Translation Strategies Applied

(1) Tell what the person did and why he did it.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus fell down at Jesus' feet in order to show that he greatly respected him.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and knock on it, asking you to let me in.

(2) Do not tell what the person did, but tell what he meant.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus showed Jesus great respect.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and ask you to let me in.

(3) Use an action from your own culture that has the same meaning.

And **falling at the feet of Jesus** (Luke 8:41 ULT) — Since Jairus actually did this, you should not substitute an action from your own culture.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT) — Jesus was not standing at a real door. Rather he was speaking about wanting to have a relationship with people. So in cultures where it is polite to clear one's throat when wanting to be let into a house, you could use that.

Look, I stand at the door and clear my throat.

Synecdoche

Description

Synecdoche is a figure of speech in which a speaker uses a part of something to refer to the whole thing, or uses the whole to refer to a part.

■ **My soul** magnifies the Lord. (Luke 1:46b ULT)

Mary was very happy about what the Lord was doing, so she said “my soul,” which means the inner, emotional part of herself, to refer to her whole self.

■ So **the Pharisees** said to him, “Look, why are they doing that which is not lawful?” (Mark 2:24a ULT)

The Pharisees who were standing there did not all say the same words at the same time. Instead, it is more likely that one man representing the group said those words.

Reasons This Is a Translation Issue

- Some readers may not recognize the synecdoche and thus misunderstand the words as a literal statement.
- Some readers may realize that they are not to understand the words literally, but they may not know what the meaning is.

Example From the Bible

■ Then I looked on all the deeds that **my hands** had accomplished. (Ecclesiastes 2:11a ULT)

“My hands” is a synecdoche for the whole person because clearly the arms and the rest of the body and the mind were also involved in the person’s accomplishments. The hands are chosen to represent the person because they are the parts of the body most directly involved in the work.

Translation Strategies

If the synecdoche would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) State specifically what the synecdoche refers to.

Examples of Translation Strategies Applied

(1) State specifically what the synecdoche refers to.

■ **“My soul** magnifies the Lord.” (Luke 1:46b ULT)

■ **“I** magnify the Lord.”

So **the Pharisees** said to him ... (Mark 2:24a ULT)

■ **A representative of the Pharisees** said to him ...

Translate Unknowns

While working to translate the Bible, you (the translator) might find yourself asking: “How do I translate words like lion, fig tree, mountain, priest, or temple when people in my culture have never seen these things and we do not have a word for them?”

This page answers the question: *How can I translate ideas that my readers are not familiar with?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

Description

Unknowns are things that occur in the source text that are not known to the people of your culture. The unfoldingWord® Translation Words pages and the unfoldingWord® Translation Notes will help you understand what they are. After you understand them, you will need to find ways to refer to those things so that people who read your translation will understand what they are.

They said to him, “We have nothing here except five loaves of **bread** and two fish.” (Matthew 14:17 ULT)

Bread is a particular food made by mixing finely crushed grains with oil, and then cooking the mixture so that it is dry. (Grains are the seeds of a kind of grass.) In some cultures people do not have bread and do not know what it is.

Reason This Is a Translation Issue

- Readers may not know some of the things that are in the Bible because those things are not part of their own culture.
- Readers may have difficulty understanding a text if they do not know some of the things that are mentioned in it.

Translation Principles

- Use words that are already part of your language if possible.
- Keep expressions short if possible.
- Represent God’s commands and historical facts accurately.

Examples From the Bible

So I will turn Jerusalem into piles of ruins, a hideout for **jackals**. (Jeremiah 9:11a ULT)

Jackals are wild animals like dogs that live in only a few parts of the world. So they are not known in many places.

Beware of false prophets, who come to you in sheep’s clothing, but inwardly they are ravenous **wolves**. (Matthew 7:15 ULT)

If wolves do not live where the translation will be read, the readers may not understand that they are fierce, wild animals like dogs that attack and eat sheep.

They offered him wine mixed with **myrrh**, but he did not drink it. (Mark 15:23 ULT)

People may not know what myrrh is and that it was used as a medicine.

... to him who made **great lights** ... (Psalm 136:7a ULT)

Some languages have terms for things that give light, like the sun and fire, but they have no general term for lights.

Your sins ... will be white like **snow**. (Isaiah 1:18b ULT)

People in many parts of the world have not seen snow, but they may have seen it in pictures.

Translation Strategies

Here are ways you might translate a term that is not known in your language:

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.
- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.
- (3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.
- (4) Use a word that is more general in meaning.
- (5) Use a word or phrase that is more specific in meaning.

Examples of Translation Strategies Applied

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.

Beware of false prophets, who come to you in sheep's clothing, but inwardly they are **ravenous wolves**. (Matthew 7:15 ULT)

Beware of false prophets, who come to you in sheep's clothing, but **inwardly they are very hungry and dangerous animals**.

"Ravenous wolves" is part of a metaphor here, so the reader needs to know that they are very dangerous to sheep in order to understand this metaphor. (If sheep are also unknown, then you will need to also use one of the translation strategies to translate sheep, or change the metaphor to something else, using a translation strategy for metaphors. See [Translating Metaphors](#).)

"We have nothing here except five **loaves of bread** and two fish." (Matthew 14:17 ULT)

We have nothing here except five **loaves of baked grain seeds** and two fish.

- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.

Your sins ... will be white like **snow**. (Isaiah 1:18b ULT) This verse is not about snow. It uses snow in a figure of speech to help people understand how white something will be.

Your sins ... will be white like **milk**.

Your sins ... will be white like **the moon**.

When Masculine Words Include Women

In the Bible, sometimes the words “men,” “brothers,” and “sons” refer only to men. At other times, those words include both men and women. In those places where the writer meant both men and women, you (the translator) need to translate it in a way that does not limit the meaning to men.

This page answers the question: *How do I translate “brother” or “he” when it could refer to anyone, male or female?*

In order to understand this topic, it would be good to read:

Description

In some languages a word that normally refers to men can also be used in a more general way to refer to both men and women. For example, the Bible sometimes says “brothers” when it refers to both brothers and sisters.

Also in some languages, the masculine pronouns “he” and “him” can be used in a more general way for any person if it is not important whether the person is a man or a woman. In the example below, the pronoun is “his,” but it is not limited to males.

A wise son makes **his** father rejoice
but a foolish son brings grief to **his** mother. (Proverbs 10:1 ULT)

Reason This Is a Translation Issue

- In some cultures words like “man,” “brother,” and “son” can only be used to refer to men. If those words are used in a translation in a more general way, people will think that what is being said does not apply to women.
- In some cultures, the masculine pronouns “he” and “him” can only refer to men. If a masculine pronoun is used, people will think that what is said does not apply to women.

Translation Principles

When a statement applies to both men and women, translate it in such a way that people will be able to understand that it applies to both.

Examples From the Bible

Now we want you to know, **brothers**, the grace of God that has been given to the churches of Macedonia. (2 Corinthians 8:1 ULT)

This verse is addressing the believers in Corinth, not only men, but **men and women**.

Then said Jesus to his disciples, “If anyone wants to follow me, **he** must deny **himself**, take up **his** cross, and follow me.” (Matthew 16:24 ULT)

Jesus was not speaking only of men, but of **men and women**.

Caution: Sometimes masculine words are used specifically to refer to men. Do not use words that would lead people to think that they include women. The words below are specifically about men.

Moses said, ‘If **someone** dies, not having children, **his brother** must marry **his** wife and have children for **his brother**.’ (Matthew 22:24 ULT)

Translation Strategies

If people would understand that that masculine words like “man,” “brother,” and “he” can include women, then consider using them. Otherwise, here are some ways for translating those words when they include women.

- (1) Use a noun that can be used for both men and women.
- (2) Use a word that refers to men and a word that refers to women.
- (3) Use pronouns that can be used for both men and women.

Examples of Translation Strategies Applied

- (1) Use nouns that can be used for both men and women.

The wise **man** dies just like the fool dies. (Ecclesiastes 2:16b ULT)

“The wise **person** dies just like the fool dies.”
 “Wise **people** die just like fools die.”

- (2) Use a word that refers to men and a word that refers to women.

For we do not want you to be uninformed, **brothers**, about the troubles that happened to us in Asia. (2 Corinthians 1:8) — Paul was writing this letter to both men and women.

“For we do not want you to be uninformed, **brothers and sisters**, about the troubles that happened to us in Asia.”

- (3) Use pronouns that can be used for both men and women.

“If anyone wants to follow me, he must deny himself, take up his cross, and follow me.”
 (Matthew 16:24 ULT)

English speakers can change the masculine singular pronouns, “he,” “himself,” and “his” to plural pronouns that do not mark gender, “they,” “themselves,” and “their” in order to show that it applies to all people, not just men.

>

“If **people** want to follow me, **they** must deny **themselves**, take up **their** cross, and follow me.”

circumcise, circumcised, circumcision, uncircumcised, uncircumcision

Definition:

The term “circumcise” means to cut off the foreskin of a man or male child. A circumcision ceremony may be performed in connection with this.

- God commanded Abraham to circumcise every male among his family and servants as a sign of God’s covenant with them.
- God also commanded Abraham’s descendants to continue to do this for every baby boy born into their households.
- The phrase, “circumcision of the heart” refers figuratively to the “cutting away” or removal of sin from a person.
- In a spiritual sense, “the circumcised” refers to people whom God has purified from sin through the blood of Jesus and who are his people.
- The term “uncircumcised” refers to those who have not been circumcised physically. It can also refer figuratively to those who have not been circumcised spiritually, who do not have a relationship with God.

The terms “uncircumcised” and “uncircumcision” refer to a male who has not been physically circumcised. These terms are also used figuratively.

- Egypt was a nation that also required circumcision. So when God talks about Egypt being defeated by the “uncircumcised,” he is referring to people whom the Egyptians despised for not being circumcised.
- The Bible refers to people who have an “uncircumcised heart” or who are “uncircumcised in heart.” This a figurative way of saying that these people are not God’s people, and are stubbornly disobedient to him.
- If a word for circumcision is used or known in the language, “uncircumcised” could be translated as “not circumcised.”
- The expression “the uncircumcision” could be translated as “people who are not circumcised” or “people who do not belong to God,” depending on the context.
- Other ways to translate figurative senses of this term could include “not God’s people” or “rebellious like those who don’t belong to God” or “people who have no sign of belonging to God.”
- The expression “uncircumcised in heart” could be translated as “stubbornly rebellious” or “refusing to believe.” However, if possible it is best to keep the expression or a similar one since spiritual circumcision is an important concept.

Translation Suggestions:

- If the culture of the target language performs circumcisions on males, the word used to refer to this should be used for this term.
- Other ways to translate this term would be, “cut around” or “cut in a circle” or “cut off the foreskin.”
- In cultures where circumcision is not known, it may be necessary to explain it in a footnote or glossary.
- Make sure the term used to translate this does not refer to females. It may be necessary to translate this with a word or phrase that includes the meaning of “male.”

covenant

Definition:

In the Bible, the term “covenant” refers to a formal, binding agreement between two parties that one or both parties must fulfill.

- This agreement can be between individuals, between groups of people, or between God and people.
- When people make a covenant with each other, they promise that they will do something, and they must do it.
- Examples of human covenants include marriage covenants, business agreements, and treaties between countries.
- Throughout the Bible, God made several different covenants with his people.
- In some of the covenants, God promised to fulfill his part without conditions. For example, when God established his covenant with mankind promising to never destroy the earth again with a worldwide flood, this promise had no conditions for people to fulfill.
- In other covenants, God promised to fulfill his part only if the people obeyed him and fulfilled their part of the covenant.

The term “new covenant” refers to the commitment or agreement God made with his people through the sacrifice of his Son, Jesus.

- God’s “new covenant” was explained in the part of the Bible called the “New Testament.”
- This new covenant is in contrast to the “old” or “former” covenant that God had made with the Israelites in Old Testament times.
- The new covenant is better than the old one because it is based on the sacrifice of Jesus, which completely atoned for people’s sins forever. The sacrifices made under the old covenant did not do this.
- God writes the new covenant on the hearts those who become believers in Jesus. This causes them to want to obey God and to begin to live holy lives.
- The new covenant will be completely fulfilled in the end times when God establishes his reign on earth. Everything will once again be very good, as it was when God first created the world.

Translation Suggestions:

- Depending on the context, ways to translate this term could include, “binding agreement” or “formal commitment” or “pledge” or “contract.”
- Some languages may have different words for covenant depending on whether one party or both parties have made a promise they must keep. If the covenant is one-sided, it could be translated as “promise” or “pledge.”
- Make sure the translation of this term does not sound like people proposed the covenant. In all cases of covenants between God and people, it was God who initiated the covenant.
- The term “new covenant” could be translated as “new formal agreement” or “new pact” or “new contract.”
- The word “new” in these expressions has the meaning of “fresh” or “new kind of” or “another.”

Definition:

The terms “cow,” “bull,” “heifer,” “ox,” and “cattle” all refer to a kind of large, four-legged bovine animal that eats grass.

- The female of this kind of animal is called a “cow,” the male is a “bull,” and their offspring is a “calf.”

A “heifer” is an adult female cow that has not yet given birth to a calf.

An “ox” is a type of cattle that is specifically trained to do agricultural work. The plural of this term is “oxen.” Usually oxen are male and have been castrated.

- Throughout the Bible, oxen were depicted as animals tied together by a yoke to pull a cart or a plow.
- Having oxen work together under a yoke was such a common occurrence in the Bible that the phrase to “be under a yoke” became a metaphor for hard work and labor.
- A bull is also a male type of cattle, but it has not been castrated and has not been trained as a work animal.

- In both the tabernacle and temple building, a thick cloth curtain hung between the holy place and the most holy place. It was this curtain that was miraculously torn into two parts when Jesus died.

Translation Suggestions

- Consider what terms are used in your language to refer to different groups of animals, and use the appropriate term for each kind of animal.
- If your language uses the same word to refer to both groups of sheep and cattle, then you may need to say “groups of sheep” where the Bible says only “flocks,” and “groups of cattle” where the Bible says only “herds.” Alternatively, if the Biblical context does not demand differentiation (if the text simply says “flocks and herds,” meaning all their domesticated animals) you may just use the one word once.

fruit, fruitful, unfruitful

Definition:

The term “fruit” literally refers to the part of a plant that can be eaten. Something that is “fruitful” has a lot of fruit. These terms are also used figuratively in the Bible.

- The Bible often uses “fruit” to refer to a person’s actions. Just as fruit on a tree shows what kind of tree it is, in the same way a person’s words and actions reveal what his character is like.
- A person can produce good or bad spiritual fruit, but the term “fruitful” always has the positive meaning of producing much good fruit.
- The term “fruitful” is also used figuratively to mean “prosperous.” This often refers to having many children and descendants, as well as having plenty of food and other wealth.
- In general, the expression “fruit of” refers to anything that comes from or that is produced by something else. For example, the “fruit of wisdom” refers to the good things that come from being wise.
- The expression “fruit of the land” refers generally to everything that the land produces for people to eat. This includes not only fruits such as grapes or dates, but also vegetables, nuts, and grains.
- The figurative expression “fruit of the Spirit” refers to godly qualities that the Holy Spirit produces in the lives of people who obey him.
- The expression “fruit of the womb” refers to “what the womb produces”—that is children.

Translation Suggestions:

- It is best to translate this term using the general word for “fruit” that is commonly used in the project language to refer to the edible fruit of a fruit tree. In many languages it may be more natural to use the plural “fruits” whenever it refers to more than one fruit.
- Depending on the context, the term “fruitful” could be translated as “producing much spiritual fruit” or “having many children” or “prosperous.”
- The expression “fruit of the land” could also be translated as “food that the land produces” or “food crops that are growing in that region.”
- When God created animals and people, he commanded them to “be fruitful and multiply,” which refers to having many offspring. This could also be translated as “have many offspring” or “have many children and descendants” or “have many children so that you will have many descendants.”
- The expression “fruit of the womb” could be translated as “what the womb produces” or “children a woman gives birth to” or just “children.” When Elizabeth says to Mary “blessed is the fruit of your womb,” she means “blessed is the child you will give birth to.” The project language may also have a different expression for this.
- Another expression “fruit of the vine,” could be translated as “vine fruit” or “grapes.”
- Depending on the context, the expression “will be more fruitful” could also be translated as “will produce more fruit” or “will have more children” or “will be prosperous.”
- The apostle Paul’s expression “fruitful labor” could be translated as “work that brings very good results” or “efforts that result in many people believing in Jesus.”
- The “fruit of the Spirit” could also be translated as “works that the Holy Spirit produces” or “words and actions that show that the Holy Spirit is working in someone.”

God

Definition:

In the Bible, the term “God” refers to the eternal being who created the universe out of nothing. God exists as Father, Son, and Holy Spirit. God’s personal name is “Yahweh.”

- God has always existed; he existed before anything else existed, and he will continue to exist forever.
- He is the only true God and has authority over everything in the universe.
- God is perfectly righteous, infinitely wise, holy, sinless, just, merciful, and loving.
- He is a covenant-keeping God, who always fulfills his promises.
- People were created to worship God and he is the only one they should worship.
- God revealed his name as “Yahweh,” which means “he is” or “I am” or “the One who (always) exists.”
- The Bible also teaches about false “gods,” which are nonliving idols that people wrongly worship.

Translation Suggestions:

- Ways to translate “God” could include “Deity” or “Creator” or “Supreme Being” or “Supreme Creator” or “Infinite Sovereign Lord” or “Eternal Supreme Being.”
- Consider how God is referred to in a local or national language. There may also already be a word for “God” in the language being translated. If so, it is important to make sure that this word fits the characteristics of the one true God as described above.
- Many languages capitalize the first letter of the word for the one true God, to distinguish it from the word for a false god. Another way to make this distinction would be to use different terms for “God” and “god.”
NOTE: In the biblical text, when a person who does not worship Yahweh speaks about Yahweh and uses the word “god,” it is acceptable to render the term without a capital letter in reference to Yahweh (see Jonah 1:6, 3:9).
- The phrase “I will be their God and they will be my people” could also be translated as “I, God, will rule over these people and they will worship me.”

A false god is something that people worship instead of the one true God. The term “goddess” refers specifically to a female false god.

- People sometimes make objects into idols to worship as symbols of their false gods.
- In the Bible, God’s people frequently turned away from obeying him in order to worship false gods.
- Demons often deceive people into believing that the false gods and idols they worship have power.
- Baal, Dagon, and Molech were three of the many false gods that were worshiped by people in Bible times.
- Asherah and Artemis (Diana) were two of the goddesses that ancient peoples worshiped.

An idol is an object that people make so they can worship it. Something is described as “idolatrous” if it involves giving honor to something other than the one true God.

- People make idols to represent the false gods that they worship.
- These false gods do not exist; there is no God besides Yahweh.
- Sometimes demons work through an idol to make it seem like it has power, even though it does not.
- Idols are often made of valuable materials like gold, silver, bronze, or expensive wood.
- An “idolatrous kingdom” means a “kingdom of people who worship idols” or a “kingdom of people who worship earthly things.”
- The term “idolatrous figure” is another word for a “carved image” or an “idol.”

Translation Suggestions:

- The term “idol” could be used to refer to false gods.
- In English, a lower case “g” is used to refer to false gods, and upper case “G” is used to refer to the one true God. Other languages also do that.
- Another option would be to use a completely different word to refer to the false gods.
- Some languages may add a word to specify whether the false god is described as male or female.

Jacob, Israel

Facts:

Jacob was the younger twin son of Isaac by Rebekah. God changed his name to “Israel.” His descendants became the nation of Israel.

- Jacob is the last of the three patriarchs of the Israelite nation: Abraham, Isaac, and Jacob. The descendants of Jacob’s twelve sons became the twelve tribes of Israel.
- The name Jacob is similar to the Hebrew word meaning “heel.” As Jacob was being born, he was holding onto the heel of his twin brother Esau. In the Old Testament times, the heel was a body part associated both with attack and with the rear part of a person’s body. The Hebrew name Jacob was probably associated with the idea of attacking someone from behind.
- Many years later, God changed Jacob’s name to “Israel,” which probably means “He struggles with God.”
- Jacob married Laban’s two daughters, Leah and Rachel, as well as each of their servants, Zilpah and Bilhah. These four women mothered the twelve sons who became the ancestral fathers of the twelve tribes of Israel.
- In the New Testament, a different man named Jacob is listed as being Joseph’s father in Matthew’s genealogy.

Levi, Levite

Definition:

Levi was Jacob's third son. He was Leah's third son. His descendants became one of the tribes of Israel.

- The tribe descended from him was known as the "tribe of Levi" or the "Levites."
- The name Levi is similar to the Hebrew word for "join to."
- Unlike the other tribes, the tribe of Levi did not inherit a unified area of land in Canaan. Instead, they inherited various cities scattered throughout the regions belonging to the other tribes.
- The tribe of Levi was responsible for taking care of the tabernacle (and later, the temple) and conducting religious rituals, including offering sacrifices and prayers for the Israelite people.
- In the Old Testament, it is not always clear whether the term "Levite" refers generally to a descendant of Levi or specifically to a person who served in the temple helping the priests.
- The Old Testament law prescribed that all priests were to be chosen from the tribe of Levi. The Levite priests were set apart and dedicated for the special work of serving God in the temple.
- Two other men named "Levi" were ancestors of Jesus. Their names are listed in the genealogy in the gospel of Luke.
- Jesus' disciple Matthew was also called Levi.

lots, casting lots

Definition:

In the Bible, a “lot” is a marked object(s) used as a way of making a fair and/or random decision, usually for the purpose of selecting a specific person within a group. “Casting lots” refers to the process of using “lots” to make a fair and/or random decision.

- In modern times, some cultures “draw” or “pull out” lots using a bunch of straws. Someone holds the straws so that no one can see how long they are. Each person pulls out a straw and the one who picks the longest (or shortest) straw is the one who is chosen.
- In biblical times, the objects cast (the “lots”) were probably small marked stones. It is unknown how the “lots” actually indicated a decision, but it probably involved dropping or throwing marked stones on the ground.
- The phrase “casting lots” can be translated as “tossing lots” or “throwing lots” or “rolling lots.” The translation of “cast” should not sound like the lots were being thrown a long distance.
- If a decision is made “by lot,” this could be translated as “by casting lots” or “by throwing lots,” etc.

love, beloved

Definition:

To love another person is to care for that person and do things that will benefit him. There are different meanings for “love” some languages may express using different words:

The kind of love that comes from God is focused on the good of others even when it doesn’t benefit oneself. This kind of love cares for others, no matter what they do. God himself is love and is the source of true love.

- Jesus showed this kind of love by sacrificing his life in order to rescue us from sin and death. He also taught his followers to love others sacrificially.
- When people love others with this kind of love, they act in ways that show they are thinking of what will cause the others to thrive. This kind of love especially includes forgiving others.
- In the ULT, the word “love” refers to this kind of sacrificial love, unless a Translation Note indicates a different meaning.

Another word in the New Testament refers to brotherly love, or love for a friend or family member.

- This term refers to natural human love between friends or relatives.
- The term can also be used in such contexts as, “They love to sit in the most important seats at a banquet.” This means that they “like very much” or “greatly desire” to do that.

The word “love” can also refer to romantic love between a man and a woman.

Translation Suggestions:

- Unless indicated otherwise in a Translation Note, the word “love” in the ULT refers to the kind of sacrificial love that comes from God.
- Some languages may have a special word for the kind of unselfish, sacrificial love that God has. Ways to translate this might include, “devoted, faithful caring” or “care for unselfishly” or “love from God.” Make sure that the word used to translate God’s love can include giving up one’s own interests to benefit others and loving others no matter what they do.
- Sometimes the English word “love” describes the deep caring that people have for friends and family members. Some languages might translate this with a word or phrase that means “like very much” or “care for” or “have strong affection for.”
- In contexts where the word “love” is used to express a strong preference for something, this could be translated by “strongly prefer” or “like very much” or “greatly desire.”
- Some languages may also have a separate word that refers to romantic or sexual love between a husband and wife.
- Many languages must express “love” as an action. So for example, they might translate “love is patient, love is kind” as, “when a person loves someone, he is patient with him and kind to him.”

miracle, wonder, sign

Definition:

A “miracle” is something amazing that is not possible unless God causes it to happen.

- Examples of miracles that Jesus did include calming a storm and healing a blind man.
- Miracles are sometimes called “wonders” because they cause people to be filled with wonder or amazement.
- The term “wonder” can also refer more generally to amazing displays of God’s power, such as when he created the heavens and the earth.
- Miracles can also be called “signs” because they are used as indicators or evidence that God is the all-powerful one who has complete authority over the universe.
- Some miracles were God’s acts of redemption, such as when he rescued the Israelites from being slaves in Egypt and when he protected Daniel from being hurt by lions.
- Other wonders were God’s acts of judgment, such as when he sent a worldwide flood in Noah’s time and when he brought terrible plagues on the land of Egypt during the time of Moses.
- Many of God’s miracles were the physical healings of sick people or bringing dead people back to life.
- God’s power was shown in Jesus when he healed people, calmed storms, walked on water, and raised people from the dead. These were all miracles.
- God also enabled the prophets and the apostles to perform miracles of healing and other things that were only possible through God’s power.

Translation Suggestions:

- Possible translations of “miracles” or “wonders” could include “impossible things that God does” or “powerful works of God” or “amazing acts of God.”
- The frequent expression “signs and wonders” could be translated as “proofs and miracles” or “miraculous works that prove God’s power” or “amazing miracles that show how great God is.”
- Note that this meaning of a miraculous sign is different from a sign that gives proof or evidence for something. The two can be related.

Moses

Facts:

Moses was a prophet and leader of the Israelite people for over 40 years. He was the leader of the Israelite people when they came out of Egypt, as described in the book of Exodus.

- When Moses was a baby, Moses' parents put him in a basket in the reeds of the Nile River to hide him from the Egyptian Pharaoh. Moses' sister Miriam watched over him there. Moses' life was spared when the pharaoh's daughter found him and took him to the palace to raise him as her son.
- God chose Moses to free the Israelites from slavery in Egypt and to lead them to the Promised Land.
- After the Israelites' escape from Egypt and while they were wandering in the desert, God gave Moses two stone tablets with the Ten Commandments written on them.
- Near the end of his life, Moses saw the Promised Land, but didn't get to live in it because he disobeyed God.

- In some contexts, “name” could refer to a person’s reputation, as in “let us make a name for ourselves.”
- The term “name” could also refer to the memory of something. For example, “cut off the names of the idols” means to destroy those idols so that they are no longer remembered or worshiped.
- Speaking “in the name of God” meant speaking with his power and authority, or as his representative.
- The “name” of someone could refer to the entire person, as in “there is no other name under heaven by which we must be saved.” (See: [metonymy](#))

nation

Definition:

A nation is a large group of people ruled by some form of government. The people of a nation often have the same ancestors and share a common ethnicity.

- A “nation” usually has a well-defined culture and territorial boundaries.
- In the Bible, a “nation” could be a country (like Egypt or Ethiopia), but often it is more general and refers to a people group, especially when used in the plural. It is important to check the context.
- Nations in the Bible included the Israelites, the Philistines, the Assyrians, the Babylonians, the Canaanites, the Romans, and the Greeks, among many others.
- Sometimes the word “nation” was used figuratively to refer to the ancestor of a certain people group, as when Rebekah was told by God that her unborn sons were “nations” that would fight against each other. This could be translated as “the founders of two nations” or the “ancestors of two people groups.”
- The word translated as “nation” was also sometimes used to refer to “Gentiles” or to people who do not worship Yahweh. The context usually makes the meaning clear.

Translation Suggestions:

- Depending on the context, the word “nation” could also be translated as “people group” or “people” or “country.”
- If a language has a term for “nation” that is distinct from these other terms, then that term can be used wherever it occurs in the Bible text, as long as it is natural and accurate in each context.
- The plural term “nations” can often be translated as “people groups.”
- In certain contexts, this term could also be translated as “Gentiles” or “nonJews.”

oath, swear, swearing, swear by

Definition:

The term “oath” in the Bible refers to a formal promise, usually made in a legal or religious context, in which the person making the oath accepts some kind of accountability or punishment if he does not fulfill his promise. In the Bible, the term “swear” means to make an oath.

- In a court of law, a witness often gives an oath to promise that whatever he says will be true and factual.
- In modern times, one meaning of the word “swear” is to use foul or vulgar language. This is never its meaning in the Bible.

Passover

Facts:

The “Passover” is the name of a religious festival that the Jews celebrate every year, to remember how God rescued their ancestors, the Israelites, from slavery in Egypt.

- The name of this festival comes from the fact that God “passed over” the houses of the Israelites and did not kill their sons when he killed the firstborn sons of the Egyptians.

priest, priesthood

Definition:

In the Bible, a priest was someone who was chosen to offer sacrifices to God on behalf of God's people. The "priesthood" was the name for the office or condition of being a priest.

- In the Old Testament, God chose Aaron and his descendants to be his priests for the people of Israel.
- The "priesthood" was a right and a responsibility that was passed down from father to son in the Levite clan.
- The Israelite priests had the responsibility of offering the people's sacrifices to God, along with other duties in the temple.
- Priests also offered regular prayers to God on behalf of his people and performed other religious rites.
- The priests pronounced formal blessings on people and taught them God's laws.
- In Jesus' time, there were different levels of priests, including the chief priests and the high priest.
- Jesus is our "great high priest" who intercedes for us in God's presence. He offered himself as the ultimate sacrifice for sin. This means that the sacrifices made by human priests are no longer needed.
- In the New Testament, every believer in Jesus is called a "priest" who can come directly to God in prayer to intercede for himself and other people.
- In ancient times, there were also pagan priests who presented offerings to false gods such as Baal.

Translation Suggestions:

- Depending on the context, the term "priest" could be translated as "sacrifice person" or "God's intermediary" or "sacrificial mediator" or "person God appoints to represent him."
- The translation of "priest" should be different from the translation of "mediator."
- Some translations may prefer to always say something like "Israelite priest" or "Jewish priest" or "Yahweh's priest" or "priest of Baal" to make it clear that this does not refer to a modern-day type of priest.
- The term used to translate "priest" should be different from the terms for "chief priest" and "high priest" and "Levite" and "prophet."

- In the Old Testament, the term “sanctuary” was often used to refer to the tabernacle or temple building where the “holy place” and “most holy place” were located.
- God referred to the sanctuary as the place where he lived among his people, the Israelites.
- He also called himself a “sanctuary” or safe place for his people where they can find protection.

seed, semen

Definition:

A “seed” is the part of a plant that gets planted in the ground to reproduce more of the same kind of plant. However, in the Bible the term “seed” is used figuratively to mean several different things.

- The term “seed” is used figuratively and euphemistically to refer to the tiny cells inside a man that combine with cells of a woman to cause a baby to grow inside her. A collection of these cells is called “semen.”
- Related to this, “seed” is also used to refer to a person’s offspring or descendants.
- This word often has a plural meaning, referring to more than one seed grain or more than one descendant.
- In the parable of the farmer planting seeds, Jesus compared his seeds to the Word of God, which is planted in people’s hearts in order to produce good spiritual fruit.
- The apostle Paul also uses the term “seed” to refer to the Word of God.

Translation Suggestions:

- For a literal seed, it is best to use the literal term for “seed” that is used in the target language for what a farmer plants in his field.
- The literal term should also be used in contexts where it refers figuratively to God’s Word.
- For the figurative use that refers to people who are of the same family line, it may be more clear to use the word “descendant” or “descendants” instead of “seed.” Some languages may have a word that means “children and grandchildren.”
- For a man or woman’s “seed,” consider how the target expresses this in a way that will not offend or embarrass people. (See: [euphemism](#))

servant, serve, slave, young man, young women

Definition:

A “servant” or “slave” refers to a person who works for (or obeys) another person, either by choice or by force. A servant was under his master's control. In the Bible, “servant” and “slave” are mostly interchangeable terms. The term “serve” generally means to do work for someone, and the concept can be applied in a wide variety of contexts.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his “owner” or “master.” Some masters treated their slaves cruelly. Other masters treated their slaves well, like a valued member of the household. The term “slavery” means the state of being a slave.
- A person could be a slave temporarily, for instance while working to repay a debt to his owner.
- The words “young man” or “young woman” often mean “servant” or “slave.” This meaning will be discerned from context. One indicator of this situation is if the possessive is used, eg. “her young women” could be translated as “her servants” or “her slaves.”
- The term “enslave” means “to cause to be a slave” (usually by force).
- The New Testament speaks of human beings as “slaves of sin” until Jesus frees them from its control and power. When a person receives new life in Christ, he stops being a slave to sin and becomes a slave to righteousness.

Translation Suggestions

- The term “serve” can also be translated as “minister to” or “work for” or “take care of” or “obey,” depending on the context.
- The term “enslave” could be translated as “cause to not be free” or “force to serve others” or “put under the control of others.”
- The phrase “enslaved to” or “in bondage to” could be translated as “forced to be a slave of” or “forced to serve” or “under the control of.”
- To “serve God” can be translated as to “worship and obey God” or to “do the work that God has commanded.”
- In the Old Testament, God’s prophets and other people who worshiped God were often called his “servants.”
- In the New Testament, people who obeyed God through faith in Christ were often called his “servants.”
- To “serve tables” means to bring food to people who are sitting at tables, or more generally, to “distribute food.”
- In the context of a person serving guests, this term means “care for” or “serve food to” or “provide food for.” When Jesus told the disciples to “serve” the fish to the people, this could be translated as, “distribute” or “hand out” or “give.”
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to “serve” the old covenant. This refers to obeying the laws of Moses. Now they “serve” the new covenant. That is, because of Jesus’ sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.
- Paul talks about their actions in terms of their “service” to either the old or new covenant. This could be translated as “serving” or “obeying” or “devotion to.”
- Often, when a person referred to himself as “your servant” he was showing respect to the person addressed. That person may have had higher social status, or the speaker may be showing humility. It did not mean that the person speaking was an actual servant.

son

Definition:

The male offspring of a man and a woman is called their “son” for his entire life. He is also called a son of that man and a son of that woman. An “adopted son” is a male who has been legally placed into the position of being a son.

- The phrase “son of” can be used to identify a person’s father, mother, or an ancestor from some previous generation. This phrase is used in genealogies and many other places.
- The “sons of Israel” are usually the Israelite nation (after Genesis).
- Using “son of” to give the name of the father frequently helps distinguish people who have the same name. For example, “Azariah son of Zadok” and “Azariah son of Nathan” in 1 Kings 4, and “Azariah son of Amaziah” in 2 Kings 15 are three different men.
- The phrase “son of” can be used to associate the person with whatever person or concept comes next. The meaning is then greatly determined by context. It can be positive (eg. 2 Kings 2:16: “sons of ability”), negative (eg. 2 Samuel 7:10: “sons of wickedness”), denote membership in a group, express contempt by not naming the person (eg. “you sons of Zeruiah”), etc.

Translation Suggestions:

- In most occurrences of this term, it is best to translate “son” by the literal term in the language that is used to refer to a son.
- When translating the term “Son of God,” the project language’s common term for “son” should be used.
- Sometimes “sons” can be translated as “children,” when both males and females are being referred to. For example, “sons of God” could be translated as “children of God” since this expression also includes girls and women.

sword, swordsmen

Definition:

A sword is a flat-bladed metal weapon used to cut or stab. It has a handle and a long, pointed blade with a very sharp cutting edge.

- In ancient times the length of a sword's blade was about 60 to 91 centimeters.
- Some swords have two sharp edges and are called "double-edged" or "two-edged" swords.
- Jesus' disciples had swords for self defense. With his sword, Peter cut off the ear of the high priest's servant.
- Both John the Baptist and the apostle James were beheaded with swords.

Translation Suggestions

- A sword is used as a metaphor for God's word. God's teachings in the Bible exposed people's innermost thoughts and convicted them of their sin. In a similar way, a sword cuts deeply, causing pain. (See: [Metaphor](#))
- One way to translate this figurative use would be, "God's word is like a sword, which cuts deeply and exposes sin."
- Another figurative use of this term occurred in the book of Psalms, where the tongue or speech of a person was compared to a sword, which can injure people. This could be translated as "the tongue is like a sword that can badly injure someone."
- If swords are not known in your culture, this word could be translated with the name of another long-bladed weapon that is used to cut or stab.
- A sword could also be described as a "sharp weapon" or "long knife." Some translations could include a picture of a sword.

tabernacle

Definition:

The tabernacle was a special tent-like structure where the Israelites worshiped God during the 40 years they traveled around in the desert.

- God had given the Israelites detailed instructions for building this large tent, which had two rooms and was surrounded by an enclosed courtyard.
- Each time the Israelites moved to a different place in the desert to live, the priests would take the tabernacle apart and carry it to their next campsite. Then they would set it up again in the center of their new camp.
- The tabernacle was constructed of wood frames hung with curtains made of cloth, goat hair, and animal skins. The courtyard surrounding it was enclosed with more curtains.
- The two sections of the tabernacle were the Holy Place (where the altar for burning incense was located) and the Most Holy Place (where the ark of the covenant was kept).
- The courtyard of the tabernacle had an altar for burning animal sacrifices and a special washbasin for ritual cleansing.
- The Israelites stopped using the tabernacle when the temple was built in Jerusalem by Solomon.

Translation Suggestions:

- Usually when the text says that people were “in the temple,” it is referring to the courtyards outside the building. This could be translated as “in the temple courtyards” or “in the temple complex.”

unleavened bread

Definition:

The term “unleavened bread” refers to bread that is made without yeast or other leavening. This kind of bread is flat because it has no leaven to make it rise.

- When God freed the Israelites from slavery in Egypt, he told them to flee Egypt quickly without waiting for their bread to rise. So they ate unleavened bread with their meal. Since then unleavened bread is used in their yearly Passover celebrations to remind them of that time.
- Since leaven sometimes is used as a picture of sin, “unleavened bread” represents the removal of sin from a person’s life in order to live in a way that honors God.

Translation Suggestions:

- Other ways to translate this term could include “bread with no yeast” or “flat bread that did not rise.”
- Make sure the translation of this term is consistent with how you translate the term “yeast, leaven.”
- In some contexts, the term “unleavened bread” refers to the “Feast of Unleavened Bread” and can be translated that way.

wine, wineskin, new wine

Definition:

In the Bible, the term “wine” refers to a kind of fermented drink made from the juice of a fruit called grapes. Wine was stored in “wineskins,” which were containers made out of animal skin.

- The term “new wine” referred to grape juice that had just been taken from the grape and was not fermented yet. Sometimes the term “wine” also referred to unfermented grape juice.
- To make wine, grapes are crushed in a winepress so that the juice comes out. The juice eventually ferments and alcohol forms in it.
- In Bible times, wine was the normal drink with meals. It did not have as much alcohol as present-day wine has.
- Before wine was served for a meal, it was often mixed with water.
- A wineskin that was old and brittle would get cracks in it, which allowed the wine to leak out. New wineskins were soft and flexible, which meant they did not tear easily and could store the wine safely.
- If wine is unknown in your culture, it could be translated as “fermented grape juice” or “fermented drink made from a fruit called grapes” or “fermented fruit juice.” (See: [How to Translate Unknowns](#))
- Ways to translate “wineskin” could include “bag for wine” or “animal skin wine bag” or “animal skin container for wine.”

winnow, sift

Definition:

The terms “winnow” and “sift” mean to separate grain from unwanted materials. In the Bible, both words can also be used to refer to separating or dividing people.

- To “winnow” means to separate grain from the unwanted parts of the plant by tossing both the grain and chaff into the air, allowing the wind to blow the chaff away.
- The word “sift” refers to shaking the winnowed grain in a sieve to get rid of any remaining unwanted materials, such as dirt or stones.
- In the Old Testament, “winnow” and “sift” are used figuratively to describe hardship that separates the righteous people from the unrighteous people.
- Jesus also used the term “sift” in this figurative way when he was telling Simon Peter about how he and the other disciples would be tested in their faith.
- To translate these terms, use the words or phrases in the project language that refer to these activities; possible translations might be “shaking” or “fanning.” If winnowing or sifting are not known, then these terms could be translated by a term that refers to a different method of separating grain from chaff or dirt, or by describing this process.

Yahweh

Facts:

The term “Yahweh” is God’s personal name in the Old Testament. The specific origin of this name is unknown, but it is probably derived from the Hebrew verb meaning, “to be.”

- Following tradition, many Bible versions use the term “LORD” or “the LORD” to represent “Yahweh.” This tradition resulted from the fact that historically, the Jewish people became afraid of mispronouncing Yahweh’s name and started saying “Lord” every time the term “Yahweh” appeared in the text. Modern Bibles write “LORD” with all capital letters to show respect for God’s personal name and to distinguish it from “Lord” which is a different Hebrew word.
- The ULT and UST texts always translate this term as, “Yahweh,” in agreement with the Hebrew text of the Old Testament.
- The term “Yahweh” never occurs in the original text of the New Testament; only the Greek term for “Lord” is used, even when quoting the Old Testament.
- In the Old Testament, when God spoke about himself, he would often use his name instead of a pronoun.

Translation Suggestions:

- “Yahweh” could be translated by a word or phrase that means “I am” or “living one” or “the one who is” or “he who is alive.”
- This term could also be written in a way that is similar to how “Yahweh” is spelled.
- Some church denominations prefer not to use the term “Yahweh” and instead use the traditional rendering, “LORD.” An important consideration is that this may be confusing when read aloud because it will sound the same as the title “Lord.” Some languages may have an affix or other grammatical marker that could be added to distinguish “LORD” as a name (Yahweh) from “Lord” as a title.
- It is best if possible to keep the name Yahweh where it literally occurs in the text, but some translations may decide to use only a pronoun in some places, to make the text more natural and clear.
- Introduce the quote with something like, “This is what Yahweh says.”
