#### What is the Book of Micah about?

This book contains many of Micah's prophecies. Micah repeated many similar prophecies as found in Isaiah. Micah warned the kingdoms of Israel and Judah that the Assyrians would soon attack them. Micah condemned those who acted unjustly and immorally. He spoke against those who did not work for a living. He also spoke against the false prophets in Israel and Judah. These false prophets were telling the people that Yahweh would never let a foreign kingdom harm or conquer them.

Micah called the people to please Yahweh by living righteous and holy lives. However, the sinful way they lived and the unjust way they treated their fellow countrymen proved that they no longer wanted to obey and honor Yahweh. (See: [prophet](#), [prophecy](#), [prophesy](#), [seer](#), [prophetess](#), [just](#), [justice](#), [unjust](#), [injustice](#), [justify](#), [justification](#), [righteous](#), [righteousness](#), [unrighteous](#), [unrighteousness](#), [upright](#), [uprightness](#) and [holy](#), [holiness](#), [unholy](#), [sacred](#) and [faith](#))

#### How should the title of this book be translated?

Translators may decide to translate the traditional title "The Book of Micah" or just "Micah" in a way that is clearer to the readers. They may decide to call it "The Sayings of Micah." (See: [How to Translate Names](#))

## Who wrote Micah?

The prophet Micah probably wrote this book. Micah lived at the same time as Isaiah and Hosea. This was sometime between 750 and 700 B.C., during the reigns of Jotham, Ahaz, and Hezekiah, kings of Judah. He began prophesying when he lived in the northern kingdom of Israel. Then he moved to the kingdom of Judah.

## Part 2: Important Religious and Cultural Concepts

### Who is the deliverer Micah mentions?

Micah frequently mentioned a king who would deliver the people. It is clear that Micah meant the Messiah, the descendant of David who would rule forever, though he never referred to him as the Messiah. (See: [deliver](#), [hand over](#), [turn over](#), [release](#), [rescue](#) and [Christ, Messiah](#))

### Were the Israelites required to offer sacrifices or live holy lives to please Yahweh?

Many of the Old Testament writers were concerned with offering sacrifices according to the law of Moses. However, Micah explained to the people that Yahweh was pleased only when they offered these sacrifices in faith. Without faith, the sacrifices had no meaning. (See: [law](#), [law of Moses](#), [law of Yahweh](#), [law of God](#) and [just](#), [justice](#), [unjust](#), [injustice](#), [justify](#), [justification](#))

## Part 3: Important Translation Issues

### Why does Micah 1:10-16 sound unusual?

This passage sounds unusual because of how it is constructed in Hebrew. It includes what is called a play on words. The names of the cities were used to describe how they would be destroyed. For example, in Hebrew “Lachish” sounds like “to the chariots.” This is a poetic form that might not be the actual way they would be punished.

### What does a translator need to know before translating Micah?

Micah did not often explain how his prophecies were historically situated. This may result in the translator failing to understand implicit information unless they understand Micah's time. It is therefore suggested that translators understand well the history of the kingdoms of Israel and Judah. (See: [prophet](#), [prophecy](#), [prophesy](#), [seer](#), [prophetess](#))

### How do I translate passages where the speaker or addressee is not mentioned explicitly?

Micah did not usually say who was speaking or who was being addressed. Reading the verses before and after the quote will often help the reader to understand who is speaking or being addressed. It is acceptable to make this information explicit so the reader can more easily understand it. (See: [Assumed Knowledge and Implicit Information](#))

### How should the text of Micah be formatted?

The ULT uses a poetic language style like the Hebrew text. Many languages can do this but some languages will not be able to do this. The ULT also sets apart the poetic portions of the text by setting the poetic lines farther to the

right on the page than the rest of the text. With the exception of the first verse, the entire book is indented because the prophecies were written as a series of poems.

# Micah 1

## Micah 1 General Notes

### Structure and formatting

Micah is written mainly in a poetic form. Most of the prophets wrote to either the Northern Kingdom or the Southern Kingdom. Micah wrote to both of them at times without clear distinction, as he did in this chapter.

### Important figures of speech in this chapter

#### City Names

This passage sounds unusual in English because of its construction in Hebrew. It contains several “puns” or “plays on words.” The names of the cities are used to describe their destruction. “Lachish will be lashed” is an example of this type of construction. This poetic element might metaphors describing the actual way they will be punished. (See: [Metaphor](#))

## Micah 1:14

### Moresbeth Gath

You may want to add a footnote saying “The name ‘Moresbeth’ means ‘to depart.’ It is also similar in sound to the word for ‘fiancée.’” In this metaphor, Moresbeth is the bride that Assyria takes, and the “parting gift” is the dowry, the gift her family gives for her to take into the marriage. ### Micah 2 General Notes

#### Structure and formatting

This chapter continues using poetic forms in communicating that people who take advantage of others are guilty of sin and injustice. (See: [guilt, guilty](#) and [sin, sinful, sinner, sinning](#) and [just, justice, unjust, injustice, justify, justification](#))

#### Special concepts in this chapter

#### Other possible translation difficulties in this chapter

#### Context

Micah does not frequently explain the historical context of his prophecies. This may result in the translator failing to understand implicit information. Additional research may be needed regarding the time period of Micah's ministry. Therefore, translators have a good understanding of the history of the kingdoms of Israel and Judah. (See: [prophet, prophecy, prophesy, seer, prophetess](#) and [Assumed Knowledge and Implicit Information](#))

## Micah 2:1

### General Information:

Micah speaks against the leaders in Israel who are taking advantage of the poor and not following God's commands.

### Translation Words - ULT

- evil
- in their hands

### Translation Words - UST

### UST

<sup>1</sup> Terrible things will happen to you who lie awake at night, planning to do wicked things. Then you get up at dawn, and you do those things as soon as you are able to do them.

## Micah 2:2

### They oppress a man

"They oppress any man they choose to oppress." This is a generalization. Micah is not speaking of one individual man here.

### Translation Words - ULT

- and his house
- and his inheritance

### Translation Words - UST

- their houses
- their families
- taking away the property that belongs to

### ULT

<sup>2</sup> They desire fields and seize them; and houses and they take them. They oppress a man and his house, a man and his inheritance.

### UST

<sup>2</sup> You want fields that belong to other people, so you seize them; you also take their houses. You cheat people to get their homes, taking away the property that belongs to their families.

## Micah 2:3

### Look

Alternate translation: "Listen carefully" or "Pay attention"

### disaster

See how you translated this in [Micah 1:12](#).

### this clan

This "clan" refers to the entire community of Israel, whose rich people are oppressing the poor. The sins of the leaders are coming back on the whole nation.

### from which you will not remove your necks

Yahweh speaks of punishing the people as if he were putting a yoke around their necks. Alternate translation: "from which you will not be able to escape" (See: [Metaphor](#))

### Translation Words - ULT

### UST

<sup>3</sup> Therefore, this [is what Yahweh](#) says: "I will cause you people of Israel to experience [disasters](#), and you will not be able to escape from them. You will no longer walk around proudly, because when that happens, it will be a time of [much trouble for you](#).

## Micah 2:4

### How can he remove it from me?

The enemy mocks the surprise the rich leaders of Israel feel because God has taken their land and given it to someone else just as they had taken the land from the poor. If your readers would misunderstand this question, you can express it as a statement. Alternate translation: "How wrong he is to take it from me!" (See: [Rhetorical Question](#) and [Irony](#))

#### ULT

<sup>4</sup> In that day he lifts up against you a song, and lament with a wailing lamentation. and say, 'We are completely ruined; He changes the territory of my people. How can he remove it from me? He portions out our fields to traitors!'"

#### UST

This could mean: (1) the people really do not know if they are seeing Yahweh act. Alternate translation: “asked...‘Is the Spirit of Yahweh angry? Alternate translation: “said...‘The Spirit of Yahweh is not really angry. These are not really his deeds.’” (See: [Rhetorical Question](#))

### Do not my words do good to anyone who walks uprightly?

Micah uses a question to teach the people. It can be translated as a statement. Alternate translation: “My message does good to those who walk uprightly.” (See: [Rhetorical Question](#))

Micah is speaking to the people of Judah, so both instances of “you” are plural. (See: [Forms of You](#))

### Micah 3 General Notes

### Special concepts in this chapter

#### Justice

An unjust society was considered sinful. It was considered to be against the law of Moses. If these kingdoms did not have justice, they were not obedient to Yahweh. (See: [just](#), [justice](#), [unjust](#), [injustice](#), [justify](#), [justification](#) and [sin](#), [sinful](#), [sinner](#), [sinning](#) and [law](#), [law of Moses](#), [law of Yahweh](#), [law of God](#))

### Important figures of speech in this chapter

## Micah 3:2

These nominal adjectives can be translated as adjectives. Alternate translation: "hate everything that is good and love everything that is evil" (See: [Nominal Adjectives](#))

#### ULT

<sup>5</sup> Thus [Yahweh says](#) against the [prophets, who lead my people astray](#), who bite with their teeth, [they proclaim](#), ‘[Peace](#).’ and who do not give in their mouths, [they consecrate](#) against him war.

#### UST

<sup>5</sup> This [is what Yahweh](#) says about your false prophets who are deceiving the [people](#): “If someone gives them food, those prophets [say that things will go well](#) for him. But they declare that I [will punish](#) anyone who does not give them food.

## Micah 3:10

### You build Zion with blood and Jerusalem with iniquity

“Blood” here is a metonym for murder, and “Zion” and “Jerusalem” are spoken of as if they were buildings. Micah speaks of the rich murdering people and sinning in other ways as if those activities were the bricks and wood with which people use to build houses. Alternate translation: “You commit murder and other horrible sins as you work to make Zion and Jerusalem great” or “You commit murder as you worship in Zion, and you commit other sins as you get rich in Jerusalem” (See: [Metaphor](#) and [Metonymy](#))

#### Translation Words - ULT

The leaders strongly believe that Yahweh is with them. If your readers would misunderstand this question, you can express it as a statement. Alternate translation: "We know that Yahweh is with us!" or "We know that Yahweh will help us do what we want to do!" (See: [Rhetorical Question](#))

### UST

<sup>11</sup> [Your leaders](#) make favorable decisions only if they receive bribes. Your priests teach people only if those people pay them well. Your false prophets require people to [pay](#) them to tell people what will happen to them in the future. Those prophets say, "[Yahweh](#) is telling us what we should say, and we say that we will not [experience any disasters.](#)"

## Micah 3:12

### because of you

Here “you” refers to the priests, prophets, and leaders ([Micah 3:11](#)).

### Zion will become a plowed field ... and the hill of the temple will become a thicket

“Zion” and “the hill of the temple” refer to the same place. When a farmer plows a field, he turns over all the dirt and uproots all the plants that are growing there. A thicket is so full of bushes that no one can use it for anything. These two metaphors cannot be literally true at the same time, but they emphasize that Yahweh will allow the invaders to completely destroy the temple area. (See: [Metaphor](#))

### UST

<sup>12</sup> Because of what [you leaders do](#), [Mount Zion](#) will be plowed like a field; it will become a heap of ruins. The top of the hill, where the [temple](#) is now, will be covered with trees.

### Micah 7 General Notes

### Special concepts in this chapter

#### Last days

This chapter looks forward to the hope of the coming savior for the faithful remnant. This is the future restoration of Israel when true peace will come. (See: [Savior](#), [savior](#), [faithful](#), [faithfulness](#), [trustworthy](#) and [remnant](#) and [restore](#), [restoration](#))

#### Prophet

The prophet was able to speak to God on behalf of the people. Often in this chapter, the prophet speaks in Israel's place and offers repentance to Yahweh. (See: [prophet](#), [prophecy](#), [prophesy](#), [seer](#), [prophetess](#) and [repent](#), [repentance](#))

## Micah 7:1

### I have become like the gathering of summer fruit, and like the grapes that have been gleaned

Micah speaks of looking for faithful people but being unable to find any as if he were a person looking for food after the harvesters have taken it all. The idea of a person wanting to gather fruit can be stated clearly. Alternate translation: "I have become like someone looking for fruit after the gathering of summer fruit, like a gleaner after the grapes have been gleaned" (See: [Metaphor](#) and [Assumed Knowledge and Implicit Information](#))

# Abstract Nouns

## Description

Abstract nouns are nouns that refer to attitudes, qualities, events, or situations. These are things that cannot be seen or touched in a physical sense, such as happiness, weight, unity, friendship, health, and reason. This is a translation issue because some languages may express a certain idea with an abstract noun, while others would need a different way to express it.

This page answers the question: *What are abstract nouns and how do I deal with them in my translation?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-partsofspeech\]\]](#)

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

Remember that nouns are words that refer to a person, place, thing, or idea. Abstract nouns are the nouns that refer to ideas. These can be attitudes, qualities, events, situations, or even relationships between those ideas. These are things that cannot be seen or touched in a physical sense, such as joy, peace, creation, goodness, contentment, justice, truth, freedom, vengeance, slowness, length, weight, and many, many more.

Some languages, such as Biblical Greek and English, use abstract nouns a lot. They provide a way of giving names to actions or qualities. With names, people who speak these languages can talk about the concepts as though they were things. For example, in languages that use abstract nouns, people can say, "I believe in the forgiveness of sin."

But some languages do not use abstract nouns very much. In these languages, speakers may not have the two abstract nouns "forgiveness" and "sin," but they would express the same meaning in other ways. For example, they would express, "I believe that God is willing to forgive people after they have sinned," by using verb phrases instead of nouns for those ideas.

## Reason This Is a Translation Issue

The Bible that you translate from may use abstract nouns to express certain ideas. Your language might not use abstract nouns for some of those ideas. Instead, it might use phrases to express those ideas. Those phrases will use other kinds of words such as adjectives, verbs, or adverbs to express the meaning of the abstract noun. For example, "What is its **weight**?" could be expressed as "How much does it **weigh**?" or "How **heavy** is it?"

## Examples From the Bible

From **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

The abstract noun "childhood" refers to when someone was a child.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

The abstract nouns "godliness" and "contentment" refer to being godly and content. The abstract noun "gain" refers to something that benefits or helps someone.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

The abstract noun "salvation" here refers to being saved.

The Lord does not move slowly concerning his promises, as some consider **slowness** to be (2 Peter 3:9a ULT)

The abstract noun "slowness" refers to the lack of speed with which something is done.

He will both bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

The abstract noun “purposes” refers to the things that people want to do and the reasons they want to do them.

## Translation Strategies

If an abstract noun would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun.

## Examples of Translation Strategies Applied

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun. Alternative translations are indented below the Scripture example.

... from **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

Ever since **you were a child** you have known the sacred writings.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

But **being godly** and **content** is very **beneficial**. But we **benefit** greatly when we **are godly** and **content**. But we **benefit** greatly when we **honor and obey God** and when we are **happy with what we have**.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

Today the people in this house **have been saved** ... Today God **has saved** the people in this house ...

The Lord does not move slowly concerning his promises, as some consider **slowness** to be. (2 Peter 3:9a ULT)

The Lord does not move slowly concerning his promises, as some consider **moving slowly** to be.

He will bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

He will bring to light the hidden things of darkness and reveal **the things that people want to do and the reasons that they want to do them**.

## Active or Passive

Some languages use both active and passive sentences. In active sentences, the subject does the action. In passive sentences, the subject is the one that receives the action. Here are some examples with their subjects bolded:

- Active: **My father** built the house in 2010.
- Passive: **The house** was built in 2010.

Translators whose languages do not use passive sentences will need to know how they can translate passive sentences that they find in the Bible. Other translators will need to decide when to use a passive sentence and when to use the active form.

This page answers the question: *What do active and passive mean, and how do I translate passive sentences?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

[\[\[rc://en/ta/man/translate/figs-verbs\]\]](#)

## Description

Some languages have both active and passive forms of sentences.

- In the active form, the subject does the action and is always mentioned.
- In the passive form, the action is done to the subject, and the one who does the action is not always mentioned.

In the examples of active and passive sentences below, we have bolded the subject.

- active: **My father** built the house in 2010.
- passive: **The house** was built by my father in 2010.
- passive: **The house** was built in 2010. (This does not tell who did the action.)

## Reasons This Is a Translation Issue

All languages use active forms. Some languages use passive forms, and some do not. Some languages use passive forms only for certain purposes, and the passive form is not used for the same purposes in all of the languages that use it.

## Purposes for the Passive

- The speaker is talking about the person or thing the action was done to, not about the person who did the action.
- The speaker does not want to tell who did the action.
- The speaker does not know who did the action.

## Translation Principles Regarding the Passive

- Translators whose language does not use passive forms will need to find another way to express the idea.
- Translators whose language has passive forms will need to understand why the passive is used in a particular sentence in the Bible and decide whether or not to use a passive form for that purpose in his translation of the sentence.

## Examples From the Bible

Then their shooters shot at your soldiers from off the wall, and some of the king's servants **were killed**, and your servant Uriah the Hittite **was killed** too. (2 Samuel 11:24 ULT)

This means that the enemy's shooters shot and killed some of the king's servants, including Uriah. The point is what happened to the king's servants and Uriah, not who shot them. The purpose of the passive form here is to keep the focus on the king's servants and Uriah.

When the men of the city arose early in the morning, and see, the altar of Baal **was torn down**. (Judges 6:28a ULT)

The men of the town saw what had happened to the altar of Baal, but they did not know who broke it down. The purpose of the passive form here is to communicate this event from the perspective of the men of the town.

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

This describes a situation in which a person ends up in the sea with a millstone around his neck. The purpose of the passive form here is to keep the focus on what happens to this person. Who does these things to the person is not important.

## Translation Strategies

If your language would use a passive form for the same purpose as in the passage that you are translating, then use a passive form. If you decide that it is better to translate without a passive form, here are some strategies that you might consider.

- (1) Use the same verb in an active sentence and tell who or what did the action. If you do this, try to keep the focus on the person receiving the action.
- (2) Use the same verb in an active sentence, and do not tell who or what did the action. Instead, use a generic expression like "they" or "people" or "someone."
- (3) Use a different verb.

## Examples of Translation Strategies Applied

- (1) Use the same verb in an active sentence and tell who did the action. If you do this, try to keep the focus on the person receiving the action.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21b ULT)

**The king's servants gave** Jeremiah a loaf of bread every day from the street of the bakers.

- (2) Use the same verb in an active sentence, and do not tell who did the action. Instead, use a generic expression like "they" or "people" or "someone."

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

It would be better for him if **they were to put** a millstone around his neck and **throw** him into the sea.

It would be better for him if **someone were to put** a heavy stone around his neck and **throw** him into the sea.

- (3) Use a different verb in an active sentence.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21 ULT)

He **received** a loaf of bread every day from the street of the bakers.

# Apostrophe

## Description

An apostrophe is a figure of speech in which a speaker turns his attention away from his listeners and speaks to someone or something that he knows cannot hear him. He does this to tell his listeners his message or feelings about that person or thing in a very strong way.

This page answers the question: *What is the figure of speech called an apostrophe?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

## Reason This Is a Translation Issue

Many languages do not use apostrophe, and readers could be confused by it. They may wonder who the speaker is talking to, or think that the speaker is crazy to talk to things or people who cannot hear.

## Examples from the Bible

Mountains of Gilboa, let there not be dew or rain on you. (2 Samuel 1:21a ULT)

King Saul was killed on Mount Gilboa, and David sang a sad song about it. By telling these mountains that he wanted them to have no dew or rain, he showed how sad he was.

Jerusalem, Jerusalem, who kills the prophets and stones those sent to you. (Luke 13:34a ULT)

Jesus was expressing his feelings for the people of Jerusalem in front of his disciples and a group of Pharisees. By speaking directly to Jerusalem as though its people could hear him, Jesus showed how deeply he cared about them.

He cried against the altar by the word of Yahweh: “**Altar, altar!** This is what Yahweh says, ‘See, ... on you they will burn human bones.’” (1 Kings 13:2 ULT)

The man of God spoke as if the altar could hear him, but he really wanted the king, who was standing there, to hear him.

## Translation Strategies

If apostrophe would be natural and give the right meaning in your language, consider using it. But if this way of speaking would be confusing to your people, let the speaker continue speaking to the people that are listening to him as he tells **them** his message or feelings about the people or thing that cannot hear him. See the example below.

## Examples of Translation Strategies Applied

He cried against the altar by the word of Yahweh: “**Altar, altar!** This is what Yahweh says, ‘See, ... on you they will burn human bones.’” (1 Kings 13:2 ULT)

He said this about the altar: “This is what Yahweh says **about this altar**. ‘See, ... they will burn people’s bones on **it**.’”

**Mountains of Gilboa**, let there not be dew or rain on **you**. (2 Samuel 1:21a ULT)

**As for these mountains of Gilboa**, let there not be dew or rain on **them**.

## Assumed Knowledge and Implicit Information

Assumed knowledge is whatever a speaker assumes his audience knows before he speaks and gives them some kind of information. The speaker does not give the audience this information because he believes that they already know it.

This page answers the question: *How can I be sure that my translation communicates the assumed knowledge and implicit information along with the explicit information of the original message?*

When the speaker does give the audience information, he can do so in two ways. The speaker gives explicit information in what he states directly. Implicit Information is what the speaker does not state directly because he expects his audience to be able to learn it from other things he says.

### Description

When someone speaks or writes, he has something specific that he wants people to know or do or think about. He normally states this directly. This is explicit information.

The speaker assumes that his audience already knows certain things that they will need to think about in order to understand this information. Normally he does not tell people these things, because they already know them. This is called assumed knowledge.

The speaker does not always directly state everything that he expects his audience to learn from what he says. Implicit information is information that he expects people to learn from what he says even though he does not state it directly.

Often, the audience understands this implicit information by combining what they already know (assumed knowledge) with the explicit information that the speaker tells them directly.

### Reasons This Is a Translation Issue

All three kinds of information are part of the speaker's message. If one of these kinds of information is missing, then the audience will not understand the message. Because the target translation is in a language that is very different from the biblical languages and is made for an audience that lives in a very different time and place than the people in the Bible, many times the assumed knowledge or the implicit information is missing from the message. In other words, modern readers do not know everything that the original speakers and hearers in the Bible knew. When these things are important for understanding the message, it is helpful if you include this information in the text or in a footnote.

### Examples From the Bible

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

Jesus did not say what foxes and birds use holes and nests for, because he assumed that the scribe would have known that foxes sleep in holes in the ground and birds sleep in their nests. This is **assumed knowledge**.

Jesus did not directly say here "I am the Son of Man" but, if the scribe did not already know it, then that fact would be **implicit information** that he could learn because Jesus referred to himself that way. Also, Jesus did not state explicitly that he travelled a lot and did not have a house that he slept in every night. That is **implicit information** that the scribe could learn when Jesus said that he had nowhere to lay his head.

Woe to you, Chorazin! Woe to you, Bethsaida! If the mighty deeds had been done in **Tyre and Sidon** which were done in you, they would have repented long ago in sackcloth and ashes. But

I say to you, it will be more tolerable for Tyre and Sidon at the **day of judgment** than for you.  
(Matthew 11:21-22 ULT)

Jesus assumed that the people he was speaking to knew that Tyre and Sidon were very wicked, and that the day of judgment is a time when God will judge every person. Jesus also knew that the people he was talking to believed that they were good and did not need to repent. Jesus did not need to tell them these things. This is all **assumed knowledge**.

An important piece of **implicit information** here is that the people he was speaking to would be judged more severely than the people of Tyre and Sidon would be judged **because** they did not repent.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands when they eat bread**. (Matthew 15:2 ULT)

One of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating. People thought that in order to be righteous, they had to follow all the traditions of the elders. This was **assumed knowledge** that the Pharisees who were speaking to Jesus expected him to know. By saying this, they were accusing his disciples of not following the traditions, and thus not being righteous. This is **implicit information** that they wanted him to understand from what they said.

## Translation Strategies

If readers have enough assumed knowledge to be able to understand the message, along with any important implicit information that goes with the explicit information, then it is good to leave that knowledge unstated and leave the implicit information implicit. If the readers do not understand the message because one of these is missing for them, then follow these strategies:

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

## Examples of Translation Strategies Applied

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:20 ULT)

The assumed knowledge was that the foxes slept in their holes and birds slept in their nests.

Jesus said to him, "Foxes **have holes to live in**, and the birds of the sky **have nests to live in**, but the Son of Man has nowhere to lay his head and sleep."

It will be more tolerable for **Tyre and Sidon** at the day of judgment than for you (Matthew 11:22 ULT)

The assumed knowledge was that the people of Tyre and Sidon were very, very wicked. This can be stated explicitly.  
>

At the day of judgment, it will be more tolerable for **those cities of Tyre and Sidon, whose people were very wicked**, than it will be for you. or At

the day of judgment, It will be more tolerable for those **wicked cities, Tyre and Sidon**, than for you.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands** when they eat bread. (Matthew 15:2 ULT)

The assumed knowledge was that one of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating, which they must do to be righteous. It was not to remove germs from their hands to avoid sickness, as a modern reader might think.

Why do your disciples violate the traditions of the elders? For **they do not go through the ceremonial handwashing ritual of righteousness** when they eat bread.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

The implicit information is that Jesus himself is the Son of Man. Other implicit information is that if the scribe wanted to follow Jesus, then, like Jesus, he would have to live without a house.

Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but **I, the Son of Man**, have **no home to rest in. If you want to follow me, you will live as I live.**"

It will be more tolerable for Tyre and Sidon at the day of judgment than for you (Matthew 11:22 ULT)

The implicit information is that God would not only judge the people; he would punish them. This can be made explicit.

At the day of judgment, God will **punish Tyre and Sidon**, cities whose people were very wicked, **less severely than he will punish you.**  
or:

At the day of judgment, God will **punish you more severely** than Tyre and Sidon, cities whose people were very wicked.

Modern readers may not know some of the things that the people in the Bible and the people who first read it knew. This can make it hard for them to understand what a speaker or writer says, and to learn things that the speaker left implicit. Translators may need to state some things explicitly in the translation that the original speaker or writer left unstated or implicit.

## Doublet

### Description

We are using the word “doublet” to refer to two words or phrases that are used together and either mean the same thing or mean very close to the same thing. Often they are joined with the word “and.” Unlike Hendiadys, in which one of the words modifies the other, in a doublet the two words or phrases are equal and are used to emphasize or intensify the one idea that is expressed by the two words or phrases.

This page answers the question: *What are doublets and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

A very similar issue is the repetition of the same word or phrase for emphasis, usually with no other words between them. Because these figures of speech are so similar and have the same effect, we will treat them here together.

### Reason This Is a Translation Issue

In some languages people do not use doublets. Or they may use doublets, but only in certain situations, so a doublet might not make sense in their language in some verses. People might think that the verse is describing two ideas or actions, when it is only describing one. In this case, translators may need to find some other way to express the meaning expressed by the doublet.

### Examples From the Bible

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

The bolded words mean the same thing. Together they mean the people were spread out.

He attacked two men **more righteous** and **better** than himself. (1 Kings 2:32b ULT)

This means that they were “much more righteous” than he was.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

This means that they had decided to lie, which is another way of saying that they intended to deceive people.

... like of a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

This means that he was like a lamb that did not have any defect—not even one.

Then they approached {and} woke him up, saying, “**Master! Master!** We are perishing!” (Luke 8:24 ULT)

The repetition of “Master” means that the disciples called to Jesus urgently and continually.

### Translation Strategies

If a doublet would be natural and give the right meaning in your language, consider using it. If not, consider these strategies.

(1) Translate only one of the words or phrases.

(2) If the doublet is used to intensify the meaning, translate one of the words or phrases and add a word that intensifies it such as “very” or “great” or “many.”

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language's ways of doing that.

## Translation Strategies Applied

(1) Translate only one of the words.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

"You have decided to prepare **false** things to say."

(2) If the doublet is used to intensify the meaning, translate one of the words and add a word that intensifies it such as "very" or "great" or "many."

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

"He has one people **very spread out**."

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language's ways of doing that.

... like a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

- English can emphasize this with "any" and "at all."

"... like a lamb **without any blemish at all**."

Then they approached {and} woke him up, saying, "**Master! Master!** We are perishing!" (Luke 8:24 ULT)

Then they approached {and} woke him up, **urgently shouting, "Master!**  
We are perishing!"

# Ellipsis

## Description

An ellipsis<sup>1</sup> occurs when a speaker or writer leaves out one or more words that normally should be in the sentence. The speaker or writer does this because he knows that the hearer or reader will understand the meaning of the sentence and supply the words in his mind when he hears or reads the words that are there. For example:

So the wicked will not stand in the judgment, **nor sinners in the assembly of the righteous.**  
(Psalm 1:5 ULT)

There is ellipsis in the second part because “nor sinners in the assembly of the righteous” is not a complete sentence. The speaker assumes that the hearer will understand what it is that sinners will not do in the assembly of the righteous by filling in the action from the previous clause. With the action filled in, the complete sentence would read:

So the wicked will not stand in the judgment, nor **will** sinners **stand** in the assembly of the righteous.

[<sup>1</sup>] English has a punctuation symbol which is also called an ellipsis. It is a series of three dots (...) used to indicate an intentional omission of a word, phrase, sentence or more from text without altering its original meaning. This translationAcademy article is not about the punctuation mark, but about the concept of omission of words that normally should be in the sentence.

## Two Types of Ellipsis

A Relative Ellipsis happens when the reader has to supply the omitted word or words from the context. Usually the word is in the previous sentence, as in the example above.

An Absolute Ellipsis happens when the omitted word or words are not in the context, but the phrases are common enough in the language that the reader is expected to supply what is missing from this common usage or from the nature of the situation.

## Reason This Is a Translation Issue

Readers who see incomplete sentences or phrases may not know that there is information missing that the writer expects them to fill in. Or readers may understand that there is information missing, but they may not know what information is missing because they do not know the original biblical language, culture, or situation as the original readers did. In this case, they may fill in the wrong information. Or readers may misunderstand the ellipsis if they do not use ellipsis in the same way in their language.

## Examples From the Bible

### Relative Ellipsis

He makes Lebanon skip like a calf **and Sirion like a young ox.** (Psalm 29:6 ULT)

The writer wants his words to be few and to make good poetry. The full sentence with the information filled in would be:

This page answers the question: *What is ellipsis ?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

[[rc://en/ta/man/translate/figs-sentences]]

He makes Lebanon skip like a calf and **he makes** Sirion **skip** like a young ox.

Watch carefully, therefore, how you walk—**not as unwise but as wise**. (Ephesians 5:15b ULT)

The information that the reader must understand in the second parts of these sentences can be filled in from the first parts:

Watch carefully, therefore, how you walk—**walk** not as unwise but **walk** as wise,

## Absolute Ellipsis

Then when he had come near, he asked him, “What do you want me to do for you?” And so he said, “Lord, **that I might recover my sight**.” (Luke 18:40b-41 ULT)

It seems that the man answered in an incomplete sentence because he wanted to be polite and not directly ask Jesus for healing. He knew that Jesus would understand that the only way he could receive his sight would be for Jesus to heal him. The complete sentence would be:

“Lord, **I want you to heal me so** that I might receive my sight.”

To Titus, a true son in our common faith. Grace and peace from God the Father and Christ Jesus our Savior. (Titus 1:4 ULT)

The writer assumes that the reader will recognize this common form of a blessing or wish, so he does not need to include the full sentence, which would be:

To Titus, a true son in our common faith. **May you receive** grace and peace from God the Father and Christ Jesus our Savior.

## Translation Strategies

If ellipsis would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Add the missing words to the incomplete phrase or sentence.

## Examples of Translation Strategies Applied

(1) Add the missing words to the incomplete phrase or sentence.

So the wicked will not stand in the judgment, nor **sinner in the assembly** of the righteous. (Psalm 1:5 ULT)

Then when he had come near, he asked him, “What do you want me to do for you?” And so he said, “Lord, **that I might recover my sight**.” (Luke 18:40b-41 ULT)

# Exclusive and Inclusive 'We'

## Description

Some languages have more than one form of “we”: an inclusive form that means “I and you” and an exclusive form that means “I and someone else but not you.” The exclusive form excludes the person being spoken to. The inclusive form includes the person being spoken to and possibly others. This is also true for “us,” “our,” “ours,” and “ourselves.” Some languages have inclusive forms and exclusive forms for each of these. Translators whose language has separate exclusive and inclusive forms for these words will need to understand what the speaker meant so that they can decide which form to use.

This page answers the question: *What are the exclusive and inclusive forms of “we”?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-pronouns\]\]](#)

See the pictures. The people on the right are the people that the speaker is talking to. The yellow highlight shows who the inclusive “we” and the exclusive “we” refer to.

## Reason This Is a Translation Issue

The Bible was first written in the Hebrew, Aramaic, and Greek languages. Like English, these languages do not have separate exclusive and inclusive forms for “we.” If your language has separate exclusive and inclusive forms of “we,” then you will need to understand what the speaker meant so that you can decide which form of “we” to use.

## Examples From the Bible

### Exclusive

They said, “There are not more than five loaves of bread and two fish with **us**—unless **we** go and buy food for all these people.” (Luke 9:13 ULT)

In the second clause, the disciples are talking about some of them going to buy food. They were speaking to Jesus, but Jesus was not going to buy food. So languages that have inclusive and exclusive forms of “we” would use the **exclusive** form there.

**We** have seen it, and **we** bear witness to it. **We** are announcing to you the eternal life, which was with the Father, and which has been made known to **us**. (1 John 1:2 ULT)

John is telling people who have not seen Jesus what he and the other apostles have seen. So languages that have inclusive and exclusive forms of “we” and “us” would use the **exclusive** forms in this verse.

## Inclusive

The shepherds said one to each other, "Let **us** now go to Bethlehem, and see this thing that has happened, which the Lord has made known to **us**." (Luke 2:15b ULT)

The shepherds were speaking to one another. When they said "us," they were including the people they were speaking to, so languages that have inclusive and exclusive forms of "we" and "us" would use the **inclusive** form in this verse.

Now it happened that on one of those days, he indeed got into a boat with his disciples, and he said to them, "Let **us** go over to the other side of the lake." So they set sail. (Luke 8:22 ULT)

When Jesus said "us," he was referring to himself and to the disciples he was speaking to, so languages that have inclusive and exclusive forms of "we" and "us" would use the **inclusive** form in this verse.

# First, Second or Third Person

Normally a speaker refers to himself as “I” and the person he is speaking to as “you.” Sometimes in the Bible a speaker refers to himself or to the person he is speaking to with terms other than “I” or “you.”

## Description

- First person — This is how a speaker normally refers to himself. English uses the pronouns “I” and “we.” (Also: me, my, mine; us, our, ours)
- Second person — This is how a speaker normally refers to the person or people he is speaking to. English uses the pronoun “you.” (Also: your, yours)
- Third person — This is how a speaker refers to someone else. English uses the pronouns “he,” “she,” “it,” and “they.” (Also: him, his, her, hers, its; them, their, theirs) Noun phrases like “the man” or “the woman” are also third person.

This page answers the question: *What are first, second, and third person, and how do I translate when a third person form does not refer to the third person?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-explicitinfo\]\]](#)

[\[\[rc://en/ta/man/translate/figs-pronouns\]\]](#)

## Reason This Is a Translation Issue

Sometimes in the Bible a speaker uses the third person to refer to himself or to the people he is speaking to. Readers might think that the speaker was referring to someone else. They might not understand that he meant “I” or “you.”

## Examples From the Bible

Sometimes people used the third person instead of “I” or “me” to refer to themselves.

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34 ULT)

David referred to himself in the third person as “your servant” and used “his.” He was calling himself Saul’s servant in order to show his humility before Saul.

Then Yahweh answered Job out of a fierce storm and said,  
“... Do you have an arm like **God’s**? Can you thunder with a voice like **his**?” (Job 40:6, 9 ULT)

God referred to himself in the third person with the words “God’s” and “his.” He did this to emphasize that he is God, and he is powerful.

Sometimes people use the third person instead of “you” or “your” to refer to the person or people they are speaking to.

Abraham answered and said, “Look, I have undertaken to speak to my Lord, even though I am only dust and ashes!” (Genesis 18:27 ULT)

Abraham was speaking to the Lord, and referred to the Lord as “My Lord” rather than as “you.” He did this to show his humility before God.

So also my heavenly Father will do to you, if **each of you** does not forgive **his** brother from your heart. (Matthew 18:35 ULT)

After saying “each of you,” Jesus used the third person “his” instead of “your.”

## Translation Strategies

If using the third person to mean “I” or “you” would be natural and give the right meaning in your language, consider using it. If not, here are some other options.

- (1) Use the third person phrase along with the pronoun “I” or “you.”
- (2) Simply use the first person (“I”) or second person (“you”) instead of the third person.

## Examples of Translation Strategies Applied

- (1) Use the third person phrase along with the pronoun “I” or “you.”

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34)

But David said to Saul, “**I, your servant**, used to keep **my** father’s sheep.”

- (2) Simply use the first person (“I”) or second person (“you”) instead of the third person.

Then Yahweh answered Job out of a fierce storm and said, “... Do you have an arm like **God’s**? Can you thunder with a voice like **his**?” (Job 40:6, 9 ULT)

Then Yahweh answered Job out of a fierce storm and said, “... Do you have an arm like **mine**? Can you thunder with a voice like **mine**?”

So also my heavenly Father will do to you if **each of you** does not forgive **his** brother from your heart. (Matthew 18:35 ULT)

## Forms of You

### Singular, Dual, and Plural

Some languages have more than one word for “you” based on how many people the word “you” refers to. The **singular** form refers to one person, and the **plural** form refers to more than one person. Some languages also have a **dual** form which refers to two people, and some languages have other forms that refer to three or four people.

This page answers the question: *What are the different forms of you?*

Sometimes in the Bible a speaker uses a singular form of “you” even though he is speaking to a crowd.

### Formal and Informal

Some languages have more than one form of “you” based on the relationship between the speaker and the person he is talking to. People use the **formal** form of “you” when speaking to someone who is older, or has higher authority, or is someone they do not know very well. People use the **informal** form when speaking to someone who is not older, or does not have higher authority, or is a family member or close friend.

# How to Translate Names

## Description

The Bible contains the names of many people, groups of people, and places. Some of these names may sound strange and be hard to say. Sometimes readers may not know what a name refers to, and sometimes they may need to understand what a name means. This page will help you see how you can translate these names and how you can help people understand what they need to know about them.

This page answers the question: *How can I translate names that are new to my culture?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

## Meaning of names

Most names in the Bible have meaning. Most of the time, names in the Bible are used simply to identify the people and places they refer to, but sometimes the meaning of a name is especially important.

For this **Melchizedek**, king of Salem, priest of God Most High, was the one who met Abraham returning from the slaughter of the kings and blessed him. (Hebrews 7:1 ULT)

Here the writer uses the name “Melchizedek” primarily to refer to a man who had that name, and the title “king of Salem” tells us that he ruled over a certain city.

His name first indeed means “king of righteousness,” and then also “king of Salem,” that is, “king of peace.” (Hebrews 7:2b ULT)

Here the writer explains the meanings of Melchizedek’s name and title because those things tell us more about the person. Other times, the writer does not explain the meaning of a name because he expects the reader to already know the meaning. If the meaning of the name is important to understand the passage, you can include the meaning in the text or in a footnote.

## Reasons This Is a Translation Issue

- Readers may not know some of the names in the Bible. They may not know whether a name refers to a person or place or something else.
- Readers may need to understand the meaning of a name in order to understand the passage.
- Some names may have different sounds or combinations of sounds that are not used in your language or are unpleasant to say in your language. For strategies to address this problem, see Borrow Words.
- Some people and places in the Bible have two names. Readers may not realize that two names refer to the same person or place.

## Examples From the Bible

Then you crossed over the **Jordan** and came to **Jericho**, and the men of Jericho, and the **Amorites** ... fought against you, but I gave them into your hand. (Joshua 24:11 ULT)

Readers might not know that “Jordan” is the name of a river, “Jericho” is the name of a city, and “Amorites” is the name of a group of people.

She said, “Do I really continue to see, even after he has seen me?” Therefore, the well was called **Beer Lahai Roi**. (Genesis 16:13b-14a ULT)

Readers may not understand the second sentence if they do not know that “Beer Lahai Roi” means “Well of the Living One who sees me.”

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

Readers may not understand why she said this if they do not know that the name Moses sounds like the Hebrew words “pull out.”

**Saul** was in agreement with his execution. (Acts 8:1a ULT)

But when the apostles, Barnabas and **Paul**, heard of it, they tore their clothing. (Acts 14:14a ULT)

Readers may not know that the names Saul and Paul refer to the same person.

## Translation Strategies

(1) If readers cannot easily understand from the context what kind of a thing a name refers to, you can add a word to clarify it.

(2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.

(3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.

(4) If a person or place has two different names, use one name most of the time and the other name only when the text tells about the person or place having more than one name or when it says something about why the person or place was given that name. Write a footnote when the source text uses the name that is used less frequently.

(5) Or if a person or place has two different names, then use whatever name is given in the source text, and add a footnote that gives the other name.

## Examples of Translation Strategies Applied

(1) If readers cannot easily understand from the context what kind of a thing a name refers to, you can add a word to clarify it.

Then you crossed over the **Jordan** and came to **Jericho**, and the men of Jericho, and the **Amorites** ... fought against you, but I gave them into your hand. (Joshua 24:11 ULT)

You went over the **Jordan River** and came to the **city of Jericho**. The men of Jericho fought against you, along with **the tribe of the Amorites**.

At that hour, certain Pharisees approached, saying to him, “Leave and go away from here, because **Herod** wants to kill you.” (Luke 13:31 ULT)

At that hour, certain Pharisees approached, saying to him, “Go and leave here, because **King Herod** wants to kill you.”

(2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

She called his name **Moses (which sounds like ‘drawn out’)**, and she said, “For out of the water I drew him.”

(3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.

She said, “Do I really continue to see, even after he has seen me?” Therefore, the well was called **Beer Lahai Roi**. (Genesis 16:13b-14a ULT)

She said, “Do I really continue to see, even after he has seen me?”  
Therefore, the well was called **Well of the Living One who sees me**.

(4) If a person or place has two different names, use one name most of the time and the other name only when the text tells about the person or place having more than one name or when it says something about why the person or place was given that name. Write a footnote when the source text uses the name that is used less frequently. For example, Paul is called “Saul” before Acts 13 and “Paul” after Acts 13. You could translate his name as “Paul” all of the time, except in Acts 13:9 where it talks about him having both names.

... a young man named **Saul**. (Acts 7:58b ULT)

... a young man named **Paul** 1

The footnote would look like:

[1] Most versions say “Saul” here, but most of the time in the Bible he is called “Paul.”

Then later in the story, you could translate this way:

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit; (Acts 13:9)

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit;

(5) Or if a person or place has two names, use whatever name is given in the source text, and add a footnote that gives the other name. For example, you could write “Saul” where the source text has “Saul” and “Paul” where the source text has “Paul.”

a young man named **Saul** (Acts 7:58 ULT)

a young man named **Saul**

The footnote would look like:

[1] This is the same man who is called Paul beginning in Acts 13.

Then later in the story, you could translate this way:

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit; (Acts 13:9)

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit;

Then after the story has explained the name change, you could translate this way.

It came about in Iconium that **Paul** and Barnabas entered together into the synagogue (Acts 14:1 ULT)

It came about in Iconium that **Paul**<sup>1</sup> and Barnabas entered together into the synagogue

The footnote would look like:

<sup>[1]</sup> This is the same man who was called Saul before Acts 13.

# Hyperbole

## Description

A speaker or writer can use exactly the same words to say something that he means as completely true, or as generally true, or as a hyperbole. This is why it can be hard to decide how to understand a statement. For example, the sentence below could mean three different things.

It rains here every night.

The speaker means this as literally true if he means that it really does rain here every night.

The speaker means this as a **generalization** if he means that it rains here most nights.

The speaker means this as a **hyperbole** if he wants to say that it rains more than it actually does, usually in order to express a strong attitude toward the amount or frequency of rain, such as being annoyed or being happy about it.

This page answers the question: *What are hyperboles? What are generalizations? How can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

## Hyperbole

In hyperbole, a figure of speech that uses exaggeration, a speaker deliberately describes something with an extreme or even unreal statement, usually to show his strong feeling or opinion about it. He expects people to understand that he is exaggerating.

They will not leave **stone upon stone in you**. (Luke 19:44b ULT)

This is an exaggeration. It means that the enemies will completely destroy Jerusalem.

Moses was educated in **all the wisdom of the Egyptians**. (Acts 7:22a ULT)

This hyperbole means that he had learned everything an Egyptian education could offer.

## Generalization

This is a statement that is true most of the time or in most situations that it could apply to.

The one who ignores instruction **will have poverty and shame**, but **honor will come** to him who learns from correction. (Proverbs 13:18)

These generalizations tell about what normally happens to people who ignore instruction and what normally happens to people who learn from correction. There may be some exceptions to these statements, but they are generally true.

And when you pray, do not make useless repetitions as **the Gentiles do, for they think that they will be heard because of their many words**. (Matthew 6:7)

This generalization tells about what Gentiles were known for doing. Many Gentiles did this. It does not matter if a few did not. The point was that the hearers should not join in this well-known practice.

Even though a hyperbole or a generalization may have a strong-sounding word like "all," "always," "none," or "never," it does not necessarily mean **exactly** "all," "always," "none," or "never." It simply means "most," "most of the time," "hardly any," or "rarely."

## Reason This Is a Translation Issue

Readers need to be able to understand whether or not a statement is literally true.

If readers realize that a statement is not literally true, they need to be able to understand whether it is a hyperbole, a generalization, or a lie. (Though the Bible is completely true, it tells about people who did not always tell the truth.)

## Examples From the Bible

### Examples of Hyperbole

If your hand causes you to stumble, **cut it off**. It is better for you to enter into life maimed ... (Mark 9:43a ULT)

When Jesus said to cut off your hand, he meant that we should **do whatever extreme things** we need to do in order not to sin. He used this hyperbole to show how extremely important it is to try to stop sinning.

The Philistines gathered together to fight against Israel with 3,000 chariots, 6,000 men to drive the chariots, and troops **as numerous as the sand on the seashore**. (1 Samuel 13:5a ULT)

The bolded phrase is an exaggeration for the purpose of expressing the emotion that the Philistine army was overwhelming in number. It means that there were **many, many** soldiers in the Philistine army.

But as his anointing teaches you **everything** and is true and is not a lie, and just as it has taught you, remain in him. (1 John 2:27b ULT)

This is a hyperbole. It expresses the assurance that God's Spirit teaches us about **all things that we need to know**. God's Spirit does not teach us about everything that it is possible to know.

When they found him, they also said to him, "**Everyone** is looking for you." (Mark 1:37 ULT)

The disciples probably did not mean that everyone in the city was looking for Jesus, but that **many people** were looking for him, or that all of Jesus' closest friends there were looking for him. This is an exaggeration for the purpose of expressing the emotion that they and many others were worried about him.

### Examples of Generalization

Can **any good thing** come out of Nazareth? (John 1:46b ULT)

This rhetorical question is meant to express the generalization that there is nothing good in Nazareth. The people there had a reputation for being uneducated and not strictly religious. Of course, there were exceptions.

One of them, of their own prophets, has said, "**Cretans are always liars, evil beasts, lazy bellies**." (Titus 1:12 ULT)

This is a generalization that means that Cretans had a reputation to be like this because, in general, this is how Cretans behaved. It is possible that there were exceptions.

**A lazy hand causes a person to be poor, but the hand of the diligent person gains riches.** (Proverbs 10:4 ULT)

This is generally true, and it reflects the experience of most people. It is possible that there are exceptions in some circumstances.

## Caution

- Do not assume that something is an exaggeration just because it seems to be impossible. God does miraculous things.

They saw Jesus **walking on the sea** and coming near the boat. (John 6:19b ULT)

This is not hyperbole. Jesus really walked on the water. It is a literal statement.

- Do not assume that the word “all” is always a generalization that means “most.”

> Yahweh is righteous in **all** his ways  
> and gracious in **all** he does. (Psalms 145:17 ULT)

Yahweh is always righteous. This is a completely true statement.

## Translation Strategies

If the hyperbole or generalization would be natural and people would understand it and not think that it is a lie, consider using it. If not, here are other options.

- (1) Express the meaning without the exaggeration.
- (2) For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases.”
- (3) For a hyperbole or a generalization, add a word like “many” or “almost” to show that the hyperbole or generalization is not meant to be exact.
- (4) For a hyperbole or a generalization that has a word like “all,” “always,” “none,” or “never,” consider deleting that word.

## Examples of Translation Strategies Applied

- (1) Express the meaning without the exaggeration.

The Philistines gathered together to fight against Israel: 3,000 chariots, 6,000 men to drive the chariots, and troops **as numerous as the sand on the seashore**. (1 Samuel 13:5a ULT)

- (2) For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases.”

The **whole** country of Judea and **all** the people of Jerusalem went out to him. (Mark 1:5a ULT)

**Almost all** the country of Judea and **almost all** the people of Jerusalem went out to him.  
or:

**Many** of the country of Judea and **many** of the people of Jerusalem went out to him.

(4) For a hyperbole or a generalization that has a word like “all,” “always,” “none,” or “never,” consider deleting that word.

## Idiom

An idiom is a figure of speech made up of a group of words that, as a whole, has a meaning that is different from what one would understand from the meanings of the individual words. Someone from outside of the culture usually cannot understand an idiom without someone inside the culture explaining its true meaning. Every language uses idioms. Some English examples are:

- You are pulling my leg. (This means, “You are teasing me by telling me something that is not true.”)
- Do not push the envelope. (This means, “Do not take a matter to its extreme.”)
- This house is under water. (This means, “The debt owed for this house is greater than its actual value.”)
- We are painting the town red. (This means, “We are going around town tonight celebrating very intensely.”)

This page answers the question: *What are idioms and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

## Description

An idiom is a phrase that has a special meaning to the people of the language or culture who use it. Its meaning is different than what a person would understand from the meanings of the individual words that form the phrase.

He **set his face** to go to Jerusalem. (Luke 9:51b ULT)

The words “set his face” is an idiom that means “decided.”

Sometimes people may be able to understand an idiom from another culture, but it might sound like a strange way to express the meaning.

I am not worthy that you would **come under my roof**. (Luke 7:6b ULT)

The phrase “come under my roof” is an idiom that means “enter my house.”

Put these words **into your ears**. (Luke 9:44a ULT)

This idiom means “Listen carefully and remember what I say.”

**Purpose:** An idiom is probably created in a culture somewhat by accident when someone describes something in an unusual way. But, when that unusual way communicates the message powerfully and people understand it clearly, other people start to use it. After a while, it becomes a normal way of talking in that language.

## Reasons This Is a Translation Issue

- People can easily misunderstand idioms in the original languages of the Bible if they do not know the cultures that produced the Bible.
- People can easily misunderstand idioms that are in the source language Bibles if they do not know the cultures that made those translations.
- It is useless to translate idioms literally (according to the meaning of each word) when the target language audience will not understand what they mean.

## Examples From the Bible

Then all Israel came to David at Hebron and said, “Look, we are your **flesh and bone**.” (1 Chronicles 11:1 ULT)

This means, “We and you belong to the same race, the same family.”

The children of Israel went out **with a high hand**. (Exodus 14:8b ASV)

This means, "The Israelites went out defiantly."

the one who **lifts up my head** (Psalm 3:3b ULT)

This means, "the one who helps me."

## Translation Strategies

If the idiom would be clearly understood in your language, consider using it. If not, here are some other options.

- (1) Translate the meaning plainly without using an idiom.
- (2) Use a different idiom that people use in your own language that has the same meaning.

## Examples of Translation Strategies Applied

- (1) Translate the meaning plainly without using an idiom.

Then all Israel came to David at Hebron and said, "Look, we are your **flesh and bone**." (1 Chronicles 11:1 ULT)

Look, we all **belong to the same nation**.

Then he **set his face** to go to Jerusalem. (Luke 9:51b ULT)

He started to travel to Jerusalem, **determined to reach it**.

I am not worthy that you would come **under my roof**. (Luke 7:6b ULT)

I am not worthy that you should enter **my house**.

- (2) Use an idiom that people use in your own language that has the same meaning.

# Irony

## Description

Irony is a figure of speech in which the sense that the speaker intends to communicate is actually the opposite of the literal meaning of the words. Sometimes a person does this by using someone else's words, but in a way that communicates that he does not agree with them. People do this to emphasize how different something is from what it should be, or how someone else's belief about something is wrong or foolish. It is often humorous.

This page answers the question: *What is irony and how can I translate it?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

Then Jesus answered and said to them, "People who are well do not have need of a physician, but those who have sickness. I did not come to call the righteous, but sinners to repentance."  
(Luke 5:31-32 ULT)

When Jesus spoke of "righteous people," he was not referring to people who were truly righteous, but to people who wrongly believed that they were righteous. By using irony, Jesus communicated that they were wrong to think that they were better than others and did not need to repent.

## Reason This Is a Translation Issue

If someone does not realize that a speaker is using irony, he will think that the speaker actually believes what he is saying. He will understand the passage to mean the opposite of what it was intended to mean.

## Examples From the Bible

**How well you reject the commandment of God** so that you may keep your tradition! (Mark 7:9b ULT)

Here Jesus praises the Pharisees for doing something that is obviously wrong. Through irony, he communicates the opposite of praise: He communicates that the Pharisees, who take great pride in keeping the commandments, are so far from God that they do not even recognize that their traditions are breaking God's commandments. The use of irony makes the Pharisee's sin more obvious and startling.

"Present your case," says Yahweh; "present your best arguments for your idols," says the King of Jacob. **"Let them bring us their own arguments; have them come forward and declare to us what will happen, so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled."** (Isaiah 41:21-22 ULT)

People worshiped idols as if their idols had knowledge or power, and Yahweh was angry at them for doing that. So he used irony and challenged their idols to tell what would happen in the future. He knew that the idols could not do this, but by speaking as if they could, he mocked the idols, making their inability more obvious, and rebuked the people for worshiping them.

Can you lead light and darkness to their places of work?  
Can you find the way back to their houses for them?  
**Undoubtedly you know, for you were born then; "the number of your days is so large!"** (Job 38:20-21 ULT)

Job thought that he was wise. Yahweh used irony to show Job that he was not so wise. The two phrases in bold above are irony. They emphasize the opposite of what they say, because they are so obviously false. They

emphasize that Job could not possibly answer God's questions about the creation of light because Job was not born until many, many years later.

Already you are satisfied! Already you have become rich! **You began to reign** apart from us, and I wish you really did reign, so that we also might reign with you. (1 Corinthians 4:8 ULT)

The Corinthians considered themselves to be very wise, self-sufficient, and not in need of any instruction from the Apostle Paul. Paul used irony, speaking as if he agreed with them, to show how proudly they were acting and how far from being wise they really were.

## Translation Strategies

If the irony would be understood correctly in your language, translate it as it is stated. If not, here are some other strategies.

(1) Translate it in a way that shows that the speaker is saying what someone else believes.

(2) The irony is **not** found in the literal words of the speaker, but instead the true meaning is found in the opposite of the literal meaning of the speaker's words.

## Examples of Translation Strategies Applied

(1) Translate it in a way that shows that the speaker is saying what someone else believes.

**How well you reject the commandment of God** so that you may keep your tradition! (Mark 7:9a ULT)

**You think that you are doing well when you reject God's commandment** so you may keep your tradition!

**You act like it is good to reject God's commandment** so you may keep your tradition!

I did not come to call **the righteous**, but sinners to repentance. (Luke 5:32 ULT)

I did not come to call **people who think that they are righteous** to repentance, but to call sinners to repentance.

(2) Translate the actual, intended meaning of the statement of irony.

**How well you reject the commandment of God** so that you may keep your tradition! (Mark 7:9a ULT)

**You are doing a terrible thing when you reject the commandment of God** so you may keep your tradition!

"Present your case," says Yahweh; "present your best arguments for your idols," says the King of Jacob. **"Let them bring us their own arguments; have them come forward and declare to us what will happen, so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled."** (Isaiah 41:21-22 ULT)

'Present your case,' says Yahweh; 'present your best arguments for your idols,' says the King of Jacob. Your idols **cannot bring us their own arguments or come forward to declare to us what will happen** so we may know these things well. We cannot hear them because **they cannot speak** to tell us their earlier predictive declarations, so we cannot reflect on them and know how they were fulfilled.

Can you lead light and darkness to their places of work?

Can you find the way back to their houses for them?

**Undoubtedly you know, for you were born then;  
the number of your days is so large!** (Job 38:20-21 ULT)

Can you lead light and darkness to their places of work? Can you find the way back to their houses for them? **You act like you know how light and darkness were created, as if you were there; as if you are as old as creation, but you are not!**

# Metaphor

## Description

A metaphor is a figure of speech in which someone speaks of one thing as if it were a different thing because he wants people to think about how those two things are alike.

For example, someone might say, “The girl I love is a red rose.”

A girl and a rose are very different things, but the speaker considers that they are alike in some way. The hearer’s task is to understand in what way they are alike.

This page answers the question: *What is a metaphor and how can I translate a Bible passage that has one?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[Simile](#)

## The Parts of a Metaphor

The example above shows us that a metaphor has three parts. In this metaphor, the speaker is talking about “the girl I love.” This is the **Topic**. The speaker wants the hearer to think about what is similar between her and “a red rose.” The red rose is the **Image** to which he compares the girl. Most probably, he wants the hearer to consider that they are both beautiful. This is the **Idea** that the girl and the rose both share, and so we may also call it the **Point of Comparison**.

Every metaphor has three parts:

- The **Topic**, the item being immediately discussed by the writer/speaker.
- The **Image**, the physical item (object, event, action, etc.) which the speaker uses to describe the topic.
- The **Idea**, the abstract concept or quality that the physical **Image** brings to the mind of the hearer when he thinks of how the **Image** and the **Topic** are similar. Often, the **Idea** of a metaphor is not explicitly stated in the Bible, but it is only implied from the context. The hearer or reader usually needs to think of the **Idea** himself.

Using these terms, we can say that a metaphor is a figure of speech that uses a physical **Image** to apply an abstract **Idea** to the speaker’s **Topic**.

Usually, a writer or speaker uses a metaphor in order to express something about a **Topic**, with at least one **Point of Comparison (Idea)** between the **Topic** and the **Image**. Often in metaphors, the **Topic** and the **Image** are explicitly stated, but the **Idea** is only implied. The writer/speaker often uses a metaphor in order to invite the readers/listeners to think about the similarity between the **Topic** and the **Image** and to figure out for themselves the **Idea** that is being communicated.

Speakers often use metaphors in order to strengthen their message, to make their language more vivid, to express their feelings better, to say something that is hard to say in any other way, or to help people remember their message.

Sometimes speakers use metaphors that are very common in their language. However, sometimes speakers use metaphors that are uncommon, and even some metaphors that are unique. When a metaphor has become very common in a language, often it becomes a “passive” metaphor, in contrast to uncommon metaphors, which we describe as being “active.” Passive metaphors and active metaphors each present a different kind of translation problem, which we will discuss below.

## Passive Metaphors

A passive metaphor is a metaphor that has been used so much in the language that its speakers no longer regard it as one concept standing for another. Linguists often call these “dead metaphors.” Passive metaphors are extremely common. Examples in English include the terms “table **leg**,” “family **tree**,” “book **leaf**” (meaning a page in

a book), or the word “crane” (meaning a large machine for lifting heavy loads). English speakers simply think of these words as having more than one meaning. Examples of passive metaphors in Biblical Hebrew include using the word “hand” to represent “power,” using the word “face” to represent “presence,” and speaking of emotions or moral qualities as if they were “clothing.”

## Patterned Pairs of Concepts Acting as Metaphors

Many ways of metaphorical speaking depend on pairs of concepts, where one underlying concept frequently stands for a different underlying concept. For example, in English, the direction “up” (the Image) often represents the concepts of “more” or “better” (the Idea). Because of this pair of underlying concepts, we can make sentences such as “The price of gasoline is going **up**,” “A **highly** intelligent man,” and also the opposite kind of idea: “The temperature is going **down**,” and “I am feeling very **low**.”

Patterned pairs of concepts are constantly used for metaphorical purposes in the world’s languages because they serve as convenient ways to organize thought. In general, people like to speak of abstract qualities (such as power, presence, emotions, and moral qualities) as if they were body parts, or as if they were objects that could be seen or held, or as if they were events that could be watched as they happened.

When these metaphors are used in normal ways, it is rare that the speaker and audience regard them as figurative speech. Examples of metaphors in English that go unrecognized are:

- “Turn the heat **up**.” More is spoken of as up.
- “Let us **go ahead** with our debate.” Doing what was planned is spoken of as walking or advancing.
- “You **defend** your theory well.” Argument is spoken of as war.
- “A **flow** of words.” Words are spoken of as liquids.

English speakers do not view these as metaphorical expressions or figures of speech, so it would be wrong to translate them into other languages in a way that would lead people to pay special attention to them as figurative speech. For a description of important patterns of this kind of metaphor in biblical languages, please see Biblical Imagery — Common Patterns and the pages it will direct you to.

When translating something that is a passive metaphor into another language, do not treat it as a metaphor. Instead, just use the best expression for that thing or concept in the target language.

## Active Metaphors

These are metaphors that people recognize as one concept standing for another concept, or one thing for another thing. Metaphors make people think about how the one thing is like the other thing, because in most ways the two things are very different. People also easily recognize these metaphors as giving strength and unusual qualities to the message. For this reason, people pay attention to these metaphors. For example,

But for you who fear my name, the sun of righteousness will rise with healing in its wings.  
(Malachi 4:2a ULT)

Here, God speaks about his salvation as if it were the sun rising in order to shine its rays on the people whom he loves. He also speaks of the sun’s rays as if they were wings. Also, he speaks of these wings as if they were bringing medicine that would heal his people. Here is another example:

And he said to them, “Go and tell that fox ...” (Luke 13:32a ULT)

Here, “that fox” refers to King Herod. The people listening to Jesus certainly understood that Jesus was intending for them to apply certain characteristics of a fox to Herod. They probably understood that Jesus intended to communicate that Herod was evil, either in a cunning way or as someone who was destructive, murderous, or who took things that did not belong to him, or all of these.

Active metaphors require the translator's special care to make a correct translation. To do so, you need to understand the parts of a metaphor and how they work together to produce meaning.

Jesus said to them, "I am the bread of life; he who comes to me will not be hungry, and he who believes in me will never be thirsty." (John 6:35 ULT)

In this metaphor, Jesus called himself the bread of life. The **Topic** is "I" (meaning Jesus himself) and the **Image** is "bread." Bread was the primary food that people ate in that place and time. The similarity between bread and Jesus is that people need both to live. Just as people need to eat food in order to have physical life, people need to trust in Jesus in order to have eternal life. The **Idea** of the metaphor is "life." In this case, Jesus stated the central Idea of the metaphor, but often the Idea is only implied.

## Purposes of Metaphor

- One purpose of metaphor is to teach people about something that they do not know (the **Topic**) by showing that it is like something that they already do know (the **Image**).
- Another purpose is to emphasize that something (the **Topic**) has a particular quality (the **Idea**) or to show that it has that quality in an extreme way.
- Another purpose is to lead people to feel the same way about the **Topic** as they would feel about the **Image**.

## Reasons This Is a Translation Issue

- People may not recognize that something is a metaphor. In other words, they may mistake a metaphor for a literal statement, and thus, misunderstand it.
- People may not be familiar with the thing that is used as an image, and so, not be able to understand the metaphor.
- If the topic is not stated, people may not know what the topic is.
- People may not know the points of comparison that the speaker wants them to understand. If they fail to think of these points of comparison, they will not understand the metaphor.
- People may think that they understand the metaphor, but they do not. This can happen when they apply points of comparison from their own culture, rather than from the biblical culture.

## Translation Principles

- Make the meaning of a metaphor as clear to the target audience as it was to the original audience.
- Do not make the meaning of a metaphor more clear to the target audience than you think it was to the original audience.

## Examples From the Bible

Listen to this word, **you cows of Bashan**, (Amos 4:1q ULT)

In this metaphor Amos speaks to the upper-class women of Samaria ("you," the Topic) as if they were cows (the Image). Amos does not say what similarity(s) he intends between these women and cows. He wants the reader to think of them, and he fully expects that readers from his culture will easily do so. From the context, we can see that he means that the women are like cows in that they are fat and interested only in feeding themselves. If we were to apply similarities from a different culture, such as that cows are sacred and should be worshiped, we would get the wrong meaning from this verse.

NOTE: Amos does not actually mean that the women are cows. He speaks to them as human beings.

Yet, Yahweh, you are our father; **we are the clay. You are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

The example above has two related metaphors. The Topic(s) are “we” and “you,” and the Image(s) are “clay” and “potter.” The similarity between a potter and God is the fact that both make what they wish out of their material. The potter makes what he wishes out of the clay, and God makes what he wishes out of his people. The Idea being expressed by the comparison between the potter’s clay and “us” is that **neither the clay nor God’s people have a right to complain about what they are becoming**.

Jesus said to them, “Take heed and beware of **the yeast of the Pharisees and Sadducees**.”  
The disciples reasoned among themselves and said, “It is because we did not take bread.”  
(Matthew 16:6-7 ULT)

Jesus used a metaphor here, but his disciples did not realize it. When he said “yeast,” they thought he was talking about bread, but “yeast” was the Image in his metaphor, and the Topic was the teaching of the Pharisees and Sadducees. Since the disciples (the original audience) did not understand what Jesus meant, it would not be good to state clearly here what Jesus meant.

## Translation Strategies

If people would understand the metaphor in the same way that the original readers would have understood it, go ahead and use it. Be sure to test the translation to make sure that people do understand it in the right way.

If people do not or would not understand it, here are some other strategies.

- (1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, it is a passive metaphor), then express the **Idea** in the simplest way preferred by your language.
- (2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible**. If you do this, be sure to test it to make sure that the language community understands it correctly.
- (3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.” See [Simile](#).
- (4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.
- (5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.
- (6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the Topic was.)
- (7) If the target audience would not know the intended similarity (the **Idea**) between the topic and the image, then state it clearly.
- (8) If none of these strategies is satisfactory, then simply state the **Idea** plainly without using a metaphor.

## Examples of Translation Strategies Applied

(1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, a passive metaphor), then express the Idea in the simplest way preferred by your language.

Then, see, one of the leaders of the synagogue, named Jairus, came, and when he saw him, **fell at his feet**. (Mark 5:22 ULT)

Then one of the leaders of the synagogue, named Jairus, came, and when he saw him, **immediately bowed down in front of him**.

(2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible**. If you do this, be sure to test it to make sure that the language community understands it correctly.

But Jesus said to them, "He wrote this commandment to you because of your **hardness of heart**." (Mark 10:5 ULT)

It was because of your **hard hearts** that he wrote you this law.

We made no change to this one, but it must be tested to make sure that the target audience correctly understands this metaphor.

(3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as "like" or "as."

Yet, Yahweh, you are our father; we **are the clay**. You **are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

And yet, Yahweh, you are our father; we are **like** clay. You are **like** a potter; and we all are the work of your hand.

(4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14b ULT)

Saul, Saul, why do you persecute me? It is hard for you to **kick against a pointed stick**.

(5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.

Yet, Yahweh, you are our father; we are the **clay**. You are our **potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

"And yet, Yahweh, you are our father; we are the **wood**. You are our **carver**; and we all are the work of your hand."

"And yet, Yahweh, you are our father; we are the **string**. You are the **weaver**; and we all are the work of your hand."

(6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the topic was.)

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; **He is my rock**. May he be praised. May the God of my salvation be exalted.

(7) If the target audience would not know the intended similarity between the Topic and the Image, then state it clearly.

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; may he be praised because he is the rock **under which I can hide from my enemies**. May the God of my salvation be exalted.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14 ULT)

Saul, Saul, why do you persecute me? You **fight against me and hurt yourself like an ox that kicks against its owner's pointed stick**.

(8) If none of these strategies are satisfactory, then simply state the idea plainly without using a metaphor.

I will make you to become **fishers of men**. (Mark 1:17b ULT)

I will make you to become **people who gather men**.  
Now you gather fish. I will make you **gather people**.

# Metonymy

## Description

Metonymy is a figure of speech in which an item (either physical or abstract) is called not by its own name, but by the name of something closely associated with it. A metonym is a word or phrase used as a substitute for something that it is associated with.

This page answers the question: *What is a metonymy?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

... and **the blood** of Jesus his Son cleanses us from every sin. (1 John 1:7b ULT)

The blood represents Christ's death.

And he took **the cup** in the same way after supper, saying, "**This cup** is the new covenant in my blood, which is poured out for you." (Luke 22:20 ULT)

The cup represents the wine that is in the cup.

## Metonymy can be used

- as a shorter way of referring to something
- to make an abstract idea more meaningful by referring to it with the name of a physical object associated with it

## Reason This Is a Translation Issue

The Bible uses metonymy very often. Speakers of some languages are not familiar with metonymy and they may not recognize it when they read it in the Bible. If they do not recognize the metonymy, they will not understand the passage or, worse yet, they will get a wrong understanding of the passage. Whenever a metonym is used, people need to be able to understand what it represents.

## Examples From the Bible

The Lord God will give to him **the throne** of his father David. (Luke 1:32b ULT)

A throne represents the authority of a king. "Throne" is a metonym for "kingly authority," "kingship," or "reign." This means that God would make him become a king who would follow King David.

Then immediately his **mouth** was opened (Luke 1:64a ULT)

The mouth here represents the power to speak. This means that he was able to talk again.

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

The word "wrath" or "anger" is a metonym for "punishment." God was extremely angry with the people and, as a result, he would punish them.

## Translation Strategies

If people would easily understand the metonym, consider using it. Otherwise, here are some options.

- (1) Use the metonym along with the name of the thing it represents.
- (2) Use only the name of the thing the metonym represents.

## Examples of Translation Strategies Applied

- (1) Use the metonym along with the name of the thing it represents.

And he took the cup in the same way after the supper, saying, “**This cup** is the new covenant in my blood, which is poured out for you.” (Luke 22:20 ULT)

He took the cup in the same way after supper, saying, “**The wine in this cup** is the new covenant in my blood, which is poured out for you.”

This verse also contains a second metonym: The cup, (representing the wine it contains) also represents the new covenant made with the blood Christ shed for us.

- (2) Use the name of the thing the metonym represents.

The Lord God will give him **the throne** of his father David. (Luke 1:32b ULT)

“The Lord God will give him **the kingly authority** of his father, David.”

or:

“The Lord God will **make him king** like his ancestor, King David.”

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

“Who warned you to flee from God’s coming **punishment**?”

## Nominal Adjectives

### Description

In some languages an adjective can be used to refer to a class of things that the adjective describes. When it does, it acts like a noun. For example, the word “rich” is an adjective. Here are two sentences that show that “rich” is an adjective.

**The rich man** had huge numbers of flocks and herds.  
(2 Samuel 12:2 ULT)

The adjective “rich” comes before the word “man” and describes “man.”

**He will not be rich;** his wealth will not last. (Job 15:29a ULT)

The adjective “rich” comes after the verb “be” and describes “He.”

Here is a sentence that shows that “rich” can also function as a noun.

**The rich** must not give more than the half shekel, and **the poor** must not give less. (Exodus 30:15b ULT)

In Exodus 30:15, the word “rich” acts as a noun in the phrase “the rich,” and it refers to rich people. The word “poor” also acts as a noun and refers to poor people.

This page answers the question: *How do I translate adjectives that act like nouns?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-partsofspeech\]\]](#)

### Reason This Is a Translation Issue

- Many times in the Bible adjectives are used as nouns to describe a group of people.
- Some languages do not use adjectives in this way.
- Readers of these languages may think that the text is talking about one particular person when it is really talking about the group of people whom the adjective describes.

### Examples From the Bible

The scepter of wickedness must not rule in the land of **the righteous**. (Psalms 125:3a ULT)

“The righteous” here are people who are righteous, not one particular righteous person.

Blessed are **the meek**. (Matthew 5:5a ULT)

“The meek” here are all people who are meek, not one particular meek person.

### Translation Strategies

If your language uses adjectives as nouns to refer to a class of people, consider using the adjectives in this way. If it would sound strange, or if the meaning would be unclear or wrong, here is another option:

- (1) Use the adjective with a plural form of the noun that the adjective describes.

### Examples of Translation Strategies Applied

- (1) Use the adjective with a plural form of the noun that the adjective describes.

The scepter of wickedness must not rule in the land of **the righteous**. (Psalms 125:3a ULT)

Blessed are **people who are meek**.

# Numbers

## Description

There are many numbers in the Bible. They can be written as words ("five") or as numerals ("5"). Some numbers are very large, such as "two hundred" (200), "twenty-two thousand" (22,000), or "one hundred million" (100,000,000). Some languages do not have words for all of these numbers. Translators need to decide how to translate numbers and whether to write them as words or numerals.

This page answers the question: *How do I translate numbers?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Some numbers are exact and others are rounded.

Abram was **86** years old when Hagar bore Ishmael to Abram. (Genesis 16:16 ULT)

Eighty-six (86) is an exact number.

That day about **3,000** of the people died. (Exodus 32:28b ULT)

Here the number three thousand (3,000) is a round number. It may have been a little more than that or a little less than that. The word "about" shows that it is not an exact number.

## Reason This Is a Translation Issue

Some languages do not have words for some of these numbers.

## Translation Principles

- Exact numbers should be translated as closely and specifically as they can be.
- Rounded numbers can be translated more generally.

## Examples From the Bible

When Jared had lived **162** years, he became the father of Enoch. After he became the father of Enoch, Jared lived **800** years. He became the father of more sons and daughters. Jared lived **962** years, and then he died. (Genesis 5:18-20 ULT)

The numbers 162, 800, and 962 are exact numbers and should be translated with something as close to those numbers as possible.

Our sister, may you be the mother of **thousands of ten thousands**. (Genesis 24:60b ULT)

This is a rounded number. It does not say exactly how many descendants she should have, but it was a huge number of them.

## Translation Strategies

- (1) Write numbers using numerals.
- (2) Write numbers using your language's words or the Gateway Language words for those numbers.
- (3) Write numbers using words, and put the numerals in parentheses after them.

(4) Combine words for large numbers.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

## Examples of Translation Strategies Applied

We will use the following verse in our examples:

Now, see, at great effort I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities. (1 Chronicles 22:14a ULT)

(1) Write numbers using numerals.

I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities.

(2) Write numbers using your language's words or the Gateway Language words for those numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **one million** talents of silver, and bronze and iron in large quantities.

(3) Write numbers using words, and put the numerals in parenthesis after them.

I have prepared for Yahweh's house one **hundred thousand (100,000)** talents of gold, **one million (1,000,000)** talents of silver, and bronze and iron in large quantities.

(4) Combine words for large numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **a thousand thousand** talents of silver, and bronze and iron in large quantities.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

I have prepared for Yahweh's house **a great amount of gold (100,000 talents), ten times that amount of silver (1,000,000 talents)**, and bronze and iron in large quantities.

## Consistency

Be consistent in your translations. Decide how the numbers will be translated, using numbers or numerals. There are different ways of being consistent.

- Use words to represent numbers all of the time. (You might have very long words.)
- Use numerals to represent numbers all of the time.
- Use words to represent the numbers that your language has words for and use numerals for the numbers that your language does not have words for.
- Use words for low numbers and numerals for high numbers.
- Use words for numbers that require few words and numerals for numbers that require more than a few words.
- Use words to represent numbers, and write the numerals in parentheses after them.

## Consistency in the ULT and UST

The *unfoldingWord® Literal Text* (ULT) and the *unfoldingWord® Simplified Text* (UST) use words for the numbers one through ten and use numerals for all numbers above ten.

When Adam had lived **130** years, he became the father of a son in his own likeness, after his image, and he called his name Seth. After Adam became the father of Seth, he lived **800** years. He became the father of more sons and daughters. Adam lived **930** years, and then he died.

# Parallelism

## Description

Parallelism is a poetic device in which two phrases or clauses that are similar in structure or idea are used together. The following are some of the different kinds of parallelism.

- The second clause or phrase means the same as the first. This is called synonymous parallelism.
- The second clarifies or strengthens the meaning of the first.
- The second completes what is said in the first.
- The second says something that contrasts with the first, but adds to the same idea.

Parallelism is most commonly found in Old Testament poetry, such as in the books of Psalms and Proverbs. It also occurs in Greek in the New Testament, both in the four gospels and in the apostles' letters.

This article will only discuss synonymous parallelism, the kind in which the two parallel phrases mean the same thing, because that is the kind that presents a problem for translation. Note that we use the term "synonymous parallelism" for long phrases or clauses that have the same meaning. We use the term "doublet" for words or very short phrases that mean basically the same thing and are used together.

In the poetry of the original languages, synonymous parallelism has several effects:

- It shows that something is very important by saying it more than once and in more than one way.
- It helps the hearer to think more deeply about the idea by saying it in different ways.
- It makes the language more beautiful and raises it above the ordinary way of speaking.

## Reason This Is a Translation Issue

Some languages would not use synonymous parallelism. They would either think it odd that someone said the same thing twice, or, since it is in the Bible, they would think that the two phrases must have some difference in meaning. For them it would be confusing, rather than beautiful. They would not understand that the repetition of the idea in different words serves to emphasize the idea.

## Examples From the Bible

Your word is a lamp to my feet  
and a light for my path. (Psalm 119:105 ULT)

Both parts of the sentence are metaphors saying that God's word teaches people how to live. That is the single idea. The words "lamp" and "light" are similar in meaning because they refer to light. The words "my feet" and "my path" are related because they refer to a person walking. Walking is a metaphor for living.

You make him to rule over the works of your hands;  
you have put all things under his feet (Psalm 8:6 ULT)

Both lines say that God made man the ruler of everything. "To rule over" is the same idea as putting things "under his feet," and "the works of your [God's] hands" is the same idea as "all things."

This page answers the question: *What is parallelism?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Yahweh sees everything a person does  
and watches all the paths he takes. (Proverbs 5:21 ULT)

The first phrase and the second phrase mean the same thing. There are three ideas that are the same between these two phrases. "Sees" corresponds to "watches," "everything...does" corresponds to "all the paths...takes," and "a person" corresponds to "he."

Praise Yahweh, all you nations;  
exalt him, all you peoples! (Psalm 117:1 ULT)

Both parts of this verse tell people everywhere to praise Yahweh. The words 'Praise' and 'exalt' mean the same thing. The words 'Yahweh' and 'him' refer to the same person. The terms 'all you nations' and 'all you peoples' refer to the same people.

For Yahweh has a lawsuit with his people,  
and he will fight in court against Israel. (Micah 6:2b ULT)

The two parts of this verse say that Yahweh has a serious disagreement with his people, Israel. These are not two different disagreements or two different groups of people.

## Translation Strategies

For most kinds of parallelism, it is good to translate both of the clauses or phrases. For synonymous parallelism, it is good to translate both clauses if people in your language understand that the purpose of saying something twice is to strengthen a single idea. But if your language does not use parallelism in this way, then consider using one of the following translation strategies.

- (1) Combine the ideas of both clauses into one.
- (2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as "truly" or "certainly."
- (3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like "very," "completely," or "all."

## Examples of Translation Strategies Applied

- (1) Combine the ideas of both clauses into one.

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)

Delilah expressed this idea twice to emphasize that she was very upset.

Until now you have deceived me with your lies.

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

The phrase "all the paths he takes" is a metaphor for "all he does."

Yahweh pays attention to everything a person does.

For Yahweh has a lawsuit with his people, and he will fight in court against Israel. (Micah 6:2 ULT)

This parallelism describes one serious disagreement that Yahweh had with one group of people. If this is unclear, the phrases can be combined:

For Yahweh has a lawsuit with his people, Israel.

(2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as “truly” or “certainly.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

Yahweh truly sees everything a person does.

You make him to rule over the works of your hands; you have put all things under his feet  
(Psalm 8:6 ULT)

You have certainly made him to rule over everything that you have created.

(3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like “very,” “completely” or “all.”

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)

All you have done is lie to me.

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

Yahweh sees absolutely everything that a person does.

# Personification

## Description

Personification is a figure of speech in which someone speaks of something as if it could do things that animals or people can do. People often do this because it makes it easier to talk about things that we cannot see:

Such as wisdom:

Does not Wisdom call out? (Proverbs 8:1a ULT)

Or sin:

Sin crouches at the door. (Genesis 4:7b ULT)

People also use personification because it is sometimes easier to talk about people's relationships with non-human things such as wealth as if they were relationships between people.

You cannot serve God and wealth. (Matthew 6:24b ULT)

In each case, the purpose of the personification is to highlight a certain characteristic of the non-human thing. As in metaphor, the reader needs to think of the way that the thing is like a certain kind of person.

## Reasons This Is a Translation Issue

- Some languages do not use personification.
- Some languages use personification only in certain situations.

## Examples From the Bible

You cannot **serve** God and wealth. (Matthew 6:24b ULT)

Jesus speaks of wealth as if it were a master whom people might serve. Loving money and basing one's decisions on it is like serving it as a slave would serve his master.

Does not Wisdom **call** out? Does not Understanding **raise her voice**? (Proverbs 8:1 ULT)

The author speaks of wisdom and understanding as if they were woman who calls out to teach people. This means that they are not something hidden, but something obvious that people should pay attention to.

## Translation Strategies

If the personification would be understood clearly, consider using it. If it would not be understood, here are some other ways for translating it.

- (1) Add words or phrases to make the human (or animal) characteristic clear.
- (2) In addition to Strategy (1), use words such as "like" or "as" to show that the sentence is not to be understood literally.
- (3) Find a way to translate it without the personification.

This page answers the question: *What is personification?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

## Examples of Translation Strategies Applied

(1) Add words or phrases to make the human (or animal) characteristic clear.

**Sin crouches** at the door. (Genesis 4:7b ULT) — God speaks of sin as if it were a wild animal that is waiting for the chance to attack. This shows how dangerous sin is. An additional phrase can be added to make this danger clear.

**Sin** is at your door, **waiting to attack you**.

(2) In addition to Strategy (1), use words such as “like” or “as” to show that the sentence is not to be understood literally.

Sin crouches at the door. (Genesis 4:7b ULT) — This can be translated with the word “as.”

Sin is crouching at the door, **just as a wild animal does as it waits to attack a person..**

(3) Find a way to translate it without the personification.

Even the **winds and the sea obey him**. (Matthew 8:27b ULT) — The men speak of the “wind and the sea” as if they are able to hear and obey Jesus, just as people can. This could also be translated without the idea of obedience by speaking of Jesus controlling them.

He even **controls the winds and the sea**.

**NOTE:** We have broadened our definition of “personification” to include “zoomorphism” (speaking of other things as if they had animal characteristics) and “anthropomorphism” (speaking of non-human things as if they had human characteristics) because the translation strategies for them are the same.

## Rhetorical Question

A rhetorical question is a question that a speaker asks when he is more interested in expressing his attitude about something than in getting information about it. Speakers use rhetorical questions to express deep emotion or to encourage hearers to think deeply about something. The Bible contains many rhetorical questions, often to express surprise, to rebuke or scold the hearer, or to teach. Speakers of some languages use rhetorical questions for other purposes as well.

This page answers the question: *What are rhetorical questions and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[\[\[rc://en/ta/man/translate/figs-sentencetypes\]\]](#)

## Description

A rhetorical question is a question that strongly expresses the speaker's attitude toward something. Often the speaker is not looking for information at all. Or, if he is asking for information, it is not usually the information that the question appears to ask for. The speaker is more interested in expressing his attitude than in getting information.

But those who stood by said, **“Are you insulting the high priest of God?”**(Acts 23:4 ULT)

The people who asked Paul this question were not asking if he was insulting God's high priest. Rather, they used this question to accuse Paul of insulting the high priest.

The Bible contains many rhetorical questions. These rhetorical questions might be used for the purposes: of expressing attitudes or feelings, rebuking people, teaching something by reminding people of something they know and encouraging them to apply it to something new, or introducing something they want to talk about.

## Reasons This Is a Translation Issue

- Some languages do not use rhetorical questions; for them a question is always a request for information.
- Some languages use rhetorical questions, but for purposes that are different or more limited than in the Bible.
- Because of these differences between languages, some readers might misunderstand the purpose of a rhetorical question in the Bible.

## Examples From the Bible

Do you not still rule the kingdom of Israel? (1 Kings 21:7b ULT)

Jezebel used the question above to remind King Ahab of something he already knew: he still ruled the kingdom of Israel. The rhetorical question made her point more strongly than if she had merely stated it, because it forced Ahab to admit the point himself. She did this in order to rebuke him for being unwilling to take over a poor man's property. She was implying that, since he was the king of Israel, he had the power to take the man's property.

**Will a virgin forget her jewelry, a bride her veils?** Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

God used the question above to remind his people of something they already knew: a young woman would never forget her jewelry or a bride forget her veils. He then rebuked his people for forgetting him who is so much greater than those things.

Why did I not die when I came out from the womb? (Job 3:11a ULT)

Job used the question above to show deep emotion. This rhetorical question expresses how sad he was that he did not die as soon as he was born. He wished that he had not lived.

And how has this happened to me that the mother of my Lord would come to me? (Luke 1:43 ULT)

Elizabeth used the question above to show how surprised and happy she was that the mother of her Lord came to her.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Jesus used the question above to remind the people of something they already knew: a good father would never give his son something bad to eat. By introducing this point, Jesus could go on to teach them about God with his next rhetorical question:

Therefore, if you who are evil know how to give good gifts to your children, how much more will your Father who is in heaven give good things to those who ask him? (Matthew 7:11 ULT)

Jesus used this question to teach the people in an emphatic way that God gives good things to those who ask him.

**What is the kingdom of God like, and what can I compare it to?** It is like a mustard seed that a man took and threw into his garden ... (Luke 13:18b-19a ULT)

Jesus used the question above to introduce what he was going to talk about. He was about to compare the kingdom of God to something. In this case, he compared the kingdom of God to a mustard seed.

## Translation Strategies

In order to translate a rhetorical question accurately, first be sure that the question you are translating truly is a rhetorical question and is not an information question. Ask yourself, "Does the person asking the question already know the answer to the question?" If so, it is a rhetorical question. Or, if no one answers the question, did the person who asked it expect to receive an answer? If not, it is a rhetorical question.

When you are sure that the question is rhetorical, then be sure that you understand the purpose for the rhetorical question. Is it to encourage or rebuke or shame the hearer? Is it to bring up a new topic? Is it to do something else?

When you know the purpose of the rhetorical question, then think of the most natural way to express that purpose in the target language. It might be as a question, or a statement, or an exclamation.

If using the rhetorical question would be natural and give the right meaning in your language, consider doing so. If not, here are other options:

- (1) Add the answer after the question.
- (2) Change the rhetorical question to a statement or exclamation.
- (3) Change the rhetorical question to a statement, and then follow it with a short question.
- (4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

## Examples of Translation Strategies Applied

- (1) Add the answer after the question.

**Will a virgin forget her jewelry, a bride her veils?** Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Will a virgin forget her jewelry, a bride her veils? **Of course not!** Yet my people have forgotten me for days without number!

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? **None of you would do that!**

(2) Change the rhetorical question to a statement or exclamation.

**What is the kingdom of God like, and what can I compare it to?** It is like a mustard seed. (Luke 13:18-19a ULT)

**This is what the kingdom of God is like.** It is like a mustard seed ...

**Are you insulting the high priest of God?** (Acts 23:4b ULT) (Acts 23:4 ULT)

**You should not insult God's high priest!**

**Why did I not die when I came out from the womb?** (Job 3:11a ULT)

**I wish I had died when I came out from the womb!**

**And how has this happened to me that the mother of my Lord should come to me?** (Luke 1:43 ULT)

**How wonderful it is that the mother of my Lord has come to me!**

(3) Change the rhetorical question to a statement, and then follow it with a short question.

**Do you not still rule** the kingdom of Israel? (1 Kings 21:7b ULT)

You still rule the kingdom of Israel, **do you not?**

(4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

**Will a virgin forget her jewelry, a bride her veils?** Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

# Simile

## Description

A simile is a comparison of two things that are not normally thought to be similar. The simile focuses on a particular trait the two items have in common, and it includes the words “like,” “as,” or “than.”

This page answers the question: *What is a simile?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

When he saw the crowds, he had compassion for them, because they were troubled and discouraged, **like sheep not having a shepherd**. (Matthew 9:36)

Jesus compared the crowds of people to sheep without a shepherd. Sheep grow frightened when they do not have a good shepherd to lead them in safe places. The crowds were like that because they did not have good religious leaders.

See, I send you out **as sheep in the midst of wolves**, so be as wise **as the serpents** and harmless **as the doves**. (Matthew 10:16 ULT)

Jesus compared his disciples to sheep and their enemies to wolves. Wolves attack sheep; Jesus' enemies would attack his disciples.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

God's word is compared to a two-edged sword. A two-edged sword is a weapon that can easily cut through a person's flesh. God's word is very effective in showing what is in a person's heart and thoughts.

## Purposes of Simile

- A simile can teach about something that is unknown by showing how it is similar to something that is known.
- A simile can emphasize a particular trait, sometimes in a way that gets people's attention.
- Similes help form a picture in the mind or help the reader experience what he is reading about more fully.

## Reasons This Is a Translation Issue

- People may not know how the two items are similar.
- People may not be familiar with both of the items being compared.

## Examples From the Bible

Suffer hardship with me, **as a good soldier** of Christ Jesus. (2 Timothy 2:3 ULT)

In this simile, Paul compares suffering with what soldiers endure, and he encourages Timothy to follow their example.

Just as the lightning flashing from a place under the sky shines to another place under the sky, so will the Son of Man be. (Luke 17:24b ULT)

This verse does not tell how the Son of Man will be like the lightning. But in context we can understand from the verses before it that just as lightning flashes suddenly and everyone can see it, the Son of Man will come suddenly and everyone will be able to see him. No one will have to be told about it.

## Translation Strategies

If people would understand the correct meaning of a simile, consider using it. If they would not, here are some strategies you can use:

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.
- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.
- (3) Simply describe the item without comparing it to another.

## Examples of Translation Strategies Applied

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT) — This compares the danger that Jesus' disciples would be in with the danger that sheep are in when they are surrounded by wolves.

See, I send **you out among wicked people** and you will be in danger from them **as sheep are in danger when they are among wolves**.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

For the word of God is living and active and **more powerful than a very sharp two-edged sword**.

- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT) — If people do not know what sheep and wolves are, or that wolves kill and eat sheep, you could use some other animal that kills another.

See, I send you out **as chickens in the midst of wild dogs**.

How often did I long to gather your children together, just **as a hen gathers her chickens under her wings**, but you were not willing! (Matthew 23:37b ULT)

How often I wanted to gather your children together, **as a mother closely watches over her infants**, but you refused!

If you have faith **as a grain of mustard** ... (Matthew 17:20)

If you have faith even as small **as a tiny seed**,

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT)

See, I send you out among **people who will want to harm you**.

# Symbolic Action

## Description

A symbolic action is something that someone does in order to express a certain idea. For example, in some cultures people nod their heads up and down to mean “yes” or turn their heads from side to side to mean “no.” Symbolic actions do not mean the same things in all cultures. In the Bible, sometimes people perform symbolic actions and sometimes they only refer to the symbolic action.

This page answers the question: *What is a symbolic action and how do I translate it?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

## Examples of symbolic actions

- In some cultures people shake hands when they meet to show that they are willing to be friendly.
- In some cultures people bow when they meet to show respect to each other.

## Reason This Is a Translation Issue

An action may have a meaning in one culture and a different meaning or no meaning at all in another culture. For example, in some cultures raising the eyebrows means “I am surprised” or “What did you say?” In other cultures it means “yes.”

In the Bible, people did things that had certain meanings in their culture. When we read the Bible, we might not understand what someone meant if we interpret the action based on what it means in our own culture today.

You (the translator) need to understand what people in the Bible meant when they used symbolic actions. If an action does not mean the same thing in your own culture, then you need to figure out how to translate what the action meant.

## Examples From the Bible

And behold, a man came whose name was Jairus, and he was a ruler of the synagogue. And **falling at the feet of Jesus**, he begged him to come to his house. (Luke 8:41 ULT)

Meaning of symbolic action: He did this to show great respect to Jesus.

Look, I am standing at the door and am knocking. If anyone hears my voice and opens the door, I will come into him and will eat with him, and he with me. (Revelation 3:20 ULT)

Meaning of symbolic action: When people wanted someone to welcome them into their home, they stood at the door and knocked on it.

## Translation Strategies

If people would correctly understand what a symbolic action meant to the people in the Bible, consider using it. If not, here are some strategies for translating it.

- (1) Tell what the person did and why he did it.
- (2) Do not tell what the person did, but tell what he meant.

(3) Use an action from your own culture that has the same meaning. Do this only in poetry, parables, and sermons. Do not do this when there actually was a person who did a specific action.

## Examples of Translation Strategies Applied

(1) Tell what the person did and why he did it.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus fell down at Jesus' feet in order to show that he greatly respected him.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and knock on it, asking you to let me in.

(2) Do not tell what the person did, but tell what he meant.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus showed Jesus great respect.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and ask you to let me in.

(3) Use an action from your own culture that has the same meaning.

And **falling at the feet of Jesus** (Luke 8:41 ULT) — Since Jairus actually did this, you should not substitute an action from your own culture.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT) — Jesus was not standing at a real door. Rather he was speaking about wanting to have a relationship with people. So in cultures where it is polite to clear one's throat when wanting to be let into a house, you could use that.

Look, I stand at the door and clear my throat.

# Synecdoche

## Description

Synecdoche is a figure of speech in which a speaker uses a part of something to refer to the whole thing, or uses the whole to refer to a part.

■ **My soul** magnifies the Lord. (Luke 1:46b ULT)

Mary was very happy about what the Lord was doing, so she said “my soul,” which means the inner, emotional part of herself, to refer to her whole self.

■ So **the Pharisees** said to him, “Look, why are they doing that which is not lawful?” (Mark 2:24a ULT)

The Pharisees who were standing there did not all say the same words at the same time. Instead, it is more likely that one man representing the group said those words.

## Reasons This Is a Translation Issue

- Some readers may not recognize the synecdoche and thus misunderstand the words as a literal statement.
- Some readers may realize that they are not to understand the words literally, but they may not know what the meaning is.

## Example From the Bible

■ Then I looked on all the deeds that **my hands** had accomplished. (Ecclesiastes 2:11a ULT)

“My hands” is a synecdoche for the whole person because clearly the arms and the rest of the body and the mind were also involved in the person’s accomplishments. The hands are chosen to represent the person because they are the parts of the body most directly involved in the work.

## Translation Strategies

If the synecdoche would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) State specifically what the synecdoche refers to.

## Examples of Translation Strategies Applied

■ **“My soul** magnifies the Lord.” (Luke 1:46b ULT)

■ **“I** magnify the Lord.”

## Translate Unknowns

While working to translate the Bible, you (the translator) might find yourself asking: “How do I translate words like lion, fig tree, mountain, priest, or temple when people in my culture have never seen these things and we do not have a word for them?”

This page answers the question: *How can I translate ideas that my readers are not familiar with?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

## Description

Unknowns are things that occur in the source text that are not known to the people of your culture. The unfoldingWord® Translation Words pages and the unfoldingWord® Translation Notes will help you understand what they are. After you understand them, you will need to find ways to refer to those things so that people who read your translation will understand what they are.

They said to him, “We have nothing here except five loaves of **bread** and two fish.” (Matthew 14:17 ULT)

Bread is a particular food made by mixing finely crushed grains with oil, and then cooking the mixture so that it is dry. (Grains are the seeds of a kind of grass.) In some cultures people do not have bread and do not know what it is.

## Reason This Is a Translation Issue

- Readers may not know some of the things that are in the Bible because those things are not part of their own culture.
- Readers may have difficulty understanding a text if they do not know some of the things that are mentioned in it.

## Translation Principles

- Use words that are already part of your language if possible.
- Keep expressions short if possible.
- Represent God’s commands and historical facts accurately.

## Examples From the Bible

So I will turn Jerusalem into piles of ruins, a hideout for **jackals**. (Jeremiah 9:11a ULT)

Jackals are wild animals like dogs that live in only a few parts of the world. So they are not known in many places.

Beware of false prophets, who come to you in sheep’s clothing, but inwardly they are ravenous **wolves**. (Matthew 7:15 ULT)

If wolves do not live where the translation will be read, the readers may not understand that they are fierce, wild animals like dogs that attack and eat sheep.

They offered him wine mixed with **myrrh**, but he did not drink it. (Mark 15:23 ULT)

People may not know what myrrh is and that it was used as a medicine.

... to him who made **great lights** ... (Psalm 136:7a ULT)

Some languages have terms for things that give light, like the sun and fire, but they have no general term for lights.

■ Your sins ... will be white like **snow**. (Isaiah 1:18b ULT)

People in many parts of the world have not seen snow, but they may have seen it in pictures.

## Translation Strategies

Here are ways you might translate a term that is not known in your language:

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.
- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.
- (3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.
- (4) Use a word that is more general in meaning.
- (5) Use a word or phrase that is more specific in meaning.

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.

■ Beware of false prophets, who come to you in sheep's clothing, but are inwardly they are **ravenous wolves**. (Matthew 7:15 ULT)

■ Beware of false prophets, who come to you in sheep's clothing, but **inwardly they are very hungry and dangerous animals**.

"Ravenous wolves" is part of a metaphor here, so the reader needs to know that they are very dangerous to sheep in order to understand this metaphor. (If sheep are also unknown, then you will need to also use one of the translation strategies to translate sheep, or change the metaphor to something else, using a translation strategy for metaphors. See [Translating Metaphors](#).)

■ "We have nothing here except five **loaves of bread** and two fish." (Matthew 14:17 ULT)

■ We have nothing here except five **loaves of baked grain seeds** and two fish.

- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.

■ Your sins ... will be white like **snow**. (Isaiah 1:18b ULT) This verse is not about snow. It uses snow in a figure of speech to help people understand how white something will be.

■ Your sins ... will be white like **milk**.

■ Your sins ... will be white like **the moon**.

- (3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.

Then they tried to give Jesus wine that was mixed with **myrrh**. But he refused to drink it. (Mark 15:23 ULT) — People may understand better what myrrh is if it is used with the general word “medicine.”

Then they tried to give Jesus wine that was mixed with **a medicine called myrrh**. But he refused to drink it.

“We have nothing here except five **loaves of bread** and two fish.” (Matthew 14:17 ULT) — People may understand better what bread is if it is used with a phrase that tells what it is made of (seeds) and how it is prepared (crushed and baked).

We have nothing here except five loaves of **baked crushed seed bread** and two fish.

(4) Use a word that is more general in meaning.

I will turn Jerusalem into piles of ruins, a hideout for **jackals** (Jeremiah 9:11a ULT)

I will turn Jerusalem into piles of ruins, a hideout for **wild dogs**

“We have nothing here except five **loaves of bread** and two fish.” (Matthew 14:17 ULT)

We have nothing here except five **loaves of baked food** and two fish.

(5) Use a word or phrase that is more specific in meaning.

... to him who made **great lights** ... (Psalm 136:7a ULT)

to him who made **the sun and the moon**

## brother

### Definition:

The term “brother” refers to a male sibling who shares at least one biological parent.

- In the Old Testament, the term “brothers” is also used as a general reference to relatives or associates, such as members of the same tribe, clan, occupation, or people group. When used in this way, the term can refer to both men and women.
- In the New Testament, the apostles often use the term “brothers” to refer to fellow Christians, including both men and women.
- A few times in the New Testament, the apostles used the term “sister” when referring specifically to a fellow Christian who was a woman, or to emphasize that both men and women are being included. For example, James emphasizes that he is talking about all believers when he refers to “a brother or sister who is in need of food or clothing.”

### Translation Suggestions:

- It is best to translate this term with the literal word that is used in the target language to refer to a natural or biological brother, unless this would give wrong meaning.
- In the Old Testament especially, when “brothers” is used very generally to refer to members of the same family, clan, or people group, possible translations could include “relatives” or “clan members” or “fellow Israelites.”
- In the context of referring to a fellow believer in Christ, this term could be translated as “brother in Christ” or “spiritual brother.”
- If both males and females are being referred to and “brother” would give a wrong meaning, then a more general kinship term could be used that would include both males and females.
- Other ways to translate this term so that it refers to both male and female believers could be “fellow believers” or “Christian brothers and sisters.”
- Make sure to check the context to determine whether only men are being referred to, or whether both men and women are included.

## firstborn

### Definition:

The term “firstborn” refers to an offspring of people or animals that is born first, before the other offspring are born.

- In the Bible, “firstborn” usually refers to the first male offspring that is born.
- In Bible times, the firstborn son was given a place of prominence and twice as much of his family inheritance as the other sons.
- Often it was the firstborn male of an animal that was sacrificed to God.
- This concept can also be used figuratively. For example, the nation of Israel is called God’s firstborn son because God gave it special privileges over other nations.
- Jesus, the Son of God is called God’s firstborn because of his importance and authority over everyone else.

### Translation Suggestions:

- When “first-born” occurs in the text alone, it could also be translated as “firstborn male” or “firstborn son,” since that is what is implied. (See: [Assumed Knowledge and Implicit Information](#))
- Other ways to translate this term could include “the son who was born first” or “the eldest son” or “the number one son.”
- When used figuratively to refer to Jesus, this could be translated with a word or phrase that means “the son who has authority over everything” or “the Son who is first in honor.”
- Caution: Make sure the translation of this term in reference to Jesus does not imply that he was created.

## firstfruits

### Definition:

The term “firstfruits” refers to a portion of the first crop of fruits and vegetables that was reaped during each harvest season.

- The Israelites offered these first fruits to God as a sacrificial offering.
- This term is also used figuratively in the Bible to refer to a firstborn son as being the first fruits of the family. That is, because he was the first son to be born into that family, he was the one who carried on the family name and honor.
- Because Jesus rose from the dead, he is called the “firstfruits” of all believers in him, believers who have died but who will some day come back to life.
- Believers in Jesus are also called the “firstfruits” of all creation, indicating the special privilege and position of those whom Jesus redeemed and called to be his people.

### Translation Suggestions:

- The literal use of this term could be translated as “first portion (of crops)” or “first part of the harvest.”
- If possible, the figurative uses should be translated literally, to allow for different meanings in different contexts. This will also show the correlation between the literal meaning and the figurative uses.

## flock, herd

### Definition:

In the Bible, “flock” refers to a group of sheep or goats and “herd” refers to a group of cattle or pigs.

- Different languages may have different ways of naming groups of animals or birds.

### Translation Suggestions

- Consider what terms are used in your language to refer to different groups of animals, and use the appropriate term for each kind of animal.
- If your language uses the same word to refer to both groups of sheep and cattle, then you may need to say “groups of sheep” where the Bible says only “flocks,” and “groups of cattle” where the Bible says only “herds.” Alternatively, if the Biblical context does not demand differentiation (if the text simply says “flocks and herds,” meaning all their domesticated animals) you may just use the one word once.

## fruit, fruitful, unfruitful

### Definition:

The term “fruit” literally refers to the part of a plant that can be eaten. Something that is “fruitful” has a lot of fruit. These terms are also used figuratively in the Bible.

- The Bible often uses “fruit” to refer to a person’s actions. Just as fruit on a tree shows what kind of tree it is, in the same way a person’s words and actions reveal what his character is like.
- A person can produce good or bad spiritual fruit, but the term “fruitful” always has the positive meaning of producing much good fruit.
- The term “fruitful” is also used figuratively to mean “prosperous.” This often refers to having many children and descendants, as well as having plenty of food and other wealth.
- In general, the expression “fruit of” refers to anything that comes from or that is produced by something else. For example, the “fruit of wisdom” refers to the good things that come from being wise.
- The expression “fruit of the land” refers generally to everything that the land produces for people to eat. This includes not only fruits such as grapes or dates, but also vegetables, nuts, and grains.
- The figurative expression “fruit of the Spirit” refers to godly qualities that the Holy Spirit produces in the lives of people who obey him.
- The expression “fruit of the womb” refers to “what the womb produces”—that is children.

### Translation Suggestions:

- It is best to translate this term using the general word for “fruit” that is commonly used in the project language to refer to the edible fruit of a fruit tree. In many languages it may be more natural to use the plural “fruits” whenever it refers to more than one fruit.
- Depending on the context, the term “fruitful” could be translated as “producing much spiritual fruit” or “having many children” or “prosperous.”
- The expression “fruit of the land” could also be translated as “food that the land produces” or “food crops that are growing in that region.”
- When God created animals and people, he commanded them to “be fruitful and multiply,” which refers to having many offspring. This could also be translated as “have many offspring” or “have many children and descendants” or “have many children so that you will have many descendants.”
- The expression “fruit of the womb” could be translated as “what the womb produces” or “children a woman gives birth to” or just “children.” When Elizabeth says to Mary “blessed is the fruit of your womb,” she means “blessed is the child you will give birth to.” The project language may also have a different expression for this.
- Another expression “fruit of the vine,” could be translated as “vine fruit” or “grapes.”
- Depending on the context, the expression “will be more fruitful” could also be translated as “will produce more fruit” or “will have more children” or “will be prosperous.”
- The apostle Paul’s expression “fruitful labor” could be translated as “work that brings very good results” or “efforts that result in many people believing in Jesus.”
- The “fruit of the Spirit” could also be translated as “works that the Holy Spirit produces” or “words and actions that show that the Holy Spirit is working in someone.”

## gate, gate bars, gatekeeper, gateposts, gateway

### Definition:

The term “gate” refers to an access point in a fence, wall, or other kind of barrier that surrounds a house, property, city, etc.

- A city gate could be opened to allow people, animals, and cargo to travel in and out of the city.
- To protect the city, its walls and gates were thick and strong. Gates were closed and locked with a metal or wooden bar to prevent enemy soldiers from entering the city.
- A “bar” for a gate refers to a wood or metal bar that can be moved into place so that the doors of the gate cannot be opened from the outside.

# Gilgal

## Facts:

Gilgal was a town north of Jericho and was the first place that the Israelites camped after crossing the Jordan River to enter Canaan.

- At Gilgal, Joshua set up twelve stones taken from the dry river bed of the Jordan River that they had just crossed over.
- Gilgal was the city that Elijah and Elisha were leaving as they crossed the Jordan when Elijah was taken up to heaven.
- There were also several other places called “Gilgal” in the Old Testament.
- The word “gilgal” means “circle of stones,” perhaps referring to a place where a circular altar was built.
- In the Old Testament, this name almost always occurs as “the gilgal.” This may indicate that it was not a specific place name but rather was a description of a certain kind of place.

# God

## Definition:

In the Bible, the term “God” refers to the eternal being who created the universe out of nothing. God exists as Father, Son, and Holy Spirit. God’s personal name is “Yahweh.”

- God has always existed; he existed before anything else existed, and he will continue to exist forever.
- He is the only true God and has authority over everything in the universe.
- God is perfectly righteous, infinitely wise, holy, sinless, just, merciful, and loving.
- He is a covenant-keeping God, who always fulfills his promises.
- People were created to worship God and he is the only one they should worship.
- God revealed his name as “Yahweh,” which means “he is” or “I am” or “the One who (always) exists.”
- The Bible also teaches about false “gods,” which are nonliving idols that people wrongly worship.

## Translation Suggestions:

- Ways to translate “God” could include “Deity” or “Creator” or “Supreme Being” or “Supreme Creator” or “Infinite Sovereign Lord” or “Eternal Supreme Being.”
- Consider how God is referred to in a local or national language. There may also already be a word for “God” in the language being translated. If so, it is important to make sure that this word fits the characteristics of the one true God as described above.
- Many languages capitalize the first letter of the word for the one true God, to distinguish it from the word for a false god. Another way to make this distinction would be to use different terms for “God” and “god.”  
NOTE: In the biblical text, when a person who does not worship Yahweh speaks about Yahweh and uses the word “god,” it is acceptable to render the term without a capital letter in reference to Yahweh (see Jonah 1:6, 3:9).
- The phrase “I will be their God and they will be my people” could also be translated as “I, God, will rule over these people and they will worship me.”

# hand

## Definition:

The word “hand” refers to the part of the body at the end of the arm. This term is often used figuratively to refer to a person’s power, control, or action, whether it be in reference to God or in reference to a human person.

Some of the various uses of the term “hand” include the following:

- The term “hand” can be used figuratively to refer to the position of being “beside” a person, an object, or a location.
- To “lay a hand on” means to “harm.” To “save from the hand of” means to prevent someone from being harmed by another person.
- The position of being “on the right hand” means “on the right side” or “to the right.”
- The expression “by the hand of” someone means “by” or “through” the action of that person. For example, the phrase “by the hand of the Lord” means that God caused something to happen.

- When Paul says “written by my hand,” it means that he himself wrote that part of the letter rather than speaking it to someone else to write down.

## Translation Suggestions

- These expressions and other figures of speech could be translated using other figurative expressions that have the same meaning. Or the meaning could be translated using direct, literal language (see examples above).
- The expression “handed him the scroll” could also be translated as “gave him the scroll” or “put the scroll in his hand.” It was not given to him permanently, but just for the purpose of using it at that time.

Or a short explanation could be added: “on the right side of God, in the position of highest authority.”

## Judea, Judah

### Facts:

The term “Judea” refers to an area of land in ancient Israel. It is sometimes used in a narrow sense and other times in a broad sense.

- Sometimes “Judea” is used in a narrow sense to refer only to the province located in the southern part of ancient Israel just west of the Dead Sea. Some translations call this province “Judah.”
- Other times “Judea” has a broad sense and refers to all the provinces of ancient Israel, including Galilee, Samaria, Perea, Idumea and Judea (Judah).
- If translators want to make the distinction clear, the broad sense of Judea could be translated as “Judea Country” and the narrow sense could be translated as “Judea Province,” or “Judah Province” since this is the part of ancient Israel where the tribe of Judah had originally lived.

## lord, Lord, master, sir

### Definition:

In the Bible, the term “lord” generally refers to someone who has ownership or authority over other people. In the Bible, however, the term is used to address many different kinds of people, including God.

- This word is sometimes translated as “master” when addressing Jesus or when referring to someone who owns slaves.
- Some English versions translate this as “sir” in contexts where someone is politely addressing someone of higher status.

When “Lord” is capitalized, it is a title that refers to God. (Note, however, that when it is used as a form of addressing someone or it occurs at the beginning of a sentence it may be capitalized and have the meaning of “sir” or “master.”)

- In the Old Testament, this term is also used in expressions such as “Lord God Almighty” or “Lord Yahweh” or “Yahweh our Lord.”
- In the New Testament, the apostles used this term in expressions such as “Lord Jesus” and “Lord Jesus Christ,” which communicate that Jesus is God.
- The term “Lord” in the New Testament is also used alone as a direct reference to God, especially in quotations from the Old Testament. For example, the Old Testament text has “Blessed is he who comes in the name of Yahweh” and the New Testament text has “Blessed is he who comes in the name of the Lord.”
- In the ULT and UST, the title “Lord” is only used to translate the actual Hebrew and Greek words that mean “Lord.” It is never used as a translation of God’s name (Yahweh), as is done in many translations.
- Some languages translate “Lord” as “Master” or “Ruler” or some other term that communicates ownership or supreme rule.
- In the appropriate contexts, many translations capitalize the first letter of this term to make it clear to the reader that this is a title referring to God.
- For places in the New Testament where there is a quote from the Old Testament, the term “Lord God” could be used to make it clear that this is a reference to God.

### Translation Suggestions:

- This term can be translated with the equivalent of “master” when it refers to a person who owns slaves. It can also be used by a servant to address the person he works for.
- When it refers to Jesus, if the context shows that the speaker sees him as a religious teacher, it can be translated with a respectful address for a religious teacher, such as “master.”
- If the person addressing Jesus does not know him, “lord” could be translated with a respectful form of address such as “sir.” This translation would also be used for other contexts in which a polite form of address to a man is called for.
- When referring to God the Father or to Jesus, this term is considered a title, written as “Lord” (capitalized) in English.

## love, beloved

### Definition:

To love another person is to care for that person and do things that will benefit him. There are different meanings for "love" some languages may express using different words:

The kind of love that comes from God is focused on the good of others even when it doesn't benefit oneself. This kind of love cares for others, no matter what they do. God himself is love and is the source of true love.

- Jesus showed this kind of love by sacrificing his life in order to rescue us from sin and death. He also taught his followers to love others sacrificially.
- When people love others with this kind of love, they act in ways that show they are thinking of what will cause the others to thrive. This kind of love especially includes forgiving others.
- In the ULT, the word "love" refers to this kind of sacrificial love, unless a Translation Note indicates a different meaning.

Another word in the New Testament refers to brotherly love, or love for a friend or family member.

- This term refers to natural human love between friends or relatives.
- The term can also be used in such contexts as, "They love to sit in the most important seats at a banquet." This means that they "like very much" or "greatly desire" to do that.

The word "love" can also refer to romantic love between a man and a woman.

### Translation Suggestions:

- Unless indicated otherwise in a Translation Note, the word "love" in the ULT refers to the kind of sacrificial love that comes from God.
- Some languages may have a special word for the kind of unselfish, sacrificial love that God has. Ways to translate this might include, "devoted, faithful caring" or "care for unselfishly" or "love from God." Make sure that the word used to translate God's love can include giving up one's own interests to benefit others and loving others no matter what they do.
- Sometimes the English word "love" describes the deep caring that people have for friends and family members. Some languages might translate this with a word or phrase that means "like very much" or "care for" or "have strong affection for."
- In contexts where the word "love" is used to express a strong preference for something, this could be translated by "strongly prefer" or "like very much" or "greatly desire."
- Some languages may also have a separate word that refers to romantic or sexual love between a husband and wife.
- Many languages must express "love" as an action. So for example, they might translate "love is patient, love is kind" as, "when a person loves someone, he is patient with him and kind to him."

## miracle, wonder, sign

### Definition:

A “miracle” is something amazing that is not possible unless God causes it to happen.

- Examples of miracles that Jesus did include calming a storm and healing a blind man.
- Miracles are sometimes called “wonders” because they cause people to be filled with wonder or amazement.
- The term “wonder” can also refer more generally to amazing displays of God’s power, such as when he created the heavens and the earth.
- Miracles can also be called “signs” because they are used as indicators or evidence that God is the all-powerful one who has complete authority over the universe.
- Some miracles were God’s acts of redemption, such as when he rescued the Israelites from being slaves in Egypt and when he protected Daniel from being hurt by lions.
- Other wonders were God’s acts of judgment, such as when he sent a worldwide flood in Noah’s time and when he brought terrible plagues on the land of Egypt during the time of Moses.
- Many of God’s miracles were the physical healings of sick people or bringing dead people back to life.
- God’s power was shown in Jesus when he healed people, calmed storms, walked on water, and raised people from the dead. These were all miracles.
- God also enabled the prophets and the apostles to perform miracles of healing and other things that were only possible through God’s power.

## nation

### Definition:

A nation is a large group of people ruled by some form of government. The people of a nation often have the same ancestors and share a common ethnicity.

- A “nation” usually has a well-defined culture and territorial boundaries.

- Sometimes the word “nation” was used figuratively to refer to the ancestor of a certain people group, as when Rebekah was told by God that her unborn sons were “nations” that would fight against each other. This could be translated as “the founders of two nations” or the “ancestors of two people groups.”

- Some of the Israelites who remained in that region married the foreigners who had moved there, and their descendants were called Samaritans.
- The Jews despised the Samaritans because they were only partly Jewish and because their ancestors had worshiped pagan gods.
- In New Testament times, the region of Samaria was bordered by the region of Galilee on its north and the region of Judea on its south.

## **servant, serve, slave, young man, young women**

### **Definition:**

A “servant” or “slave” refers to a person who works for (or obeys) another person, either by choice or by force. A servant was under his master's control. In the Bible, “servant” and “slave” are mostly interchangeable terms. The term “serve” generally means to do work for someone, and the concept can be applied in a wide variety of contexts.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his “owner” or “master.” Some masters treated their slaves cruelly. Other masters treated their slaves well, like a valued member of the household. The term “slavery” means the state of being a slave.
- A person could be a slave temporarily, for instance while working to repay a debt to his owner.
- The words “young man” or “young woman” often mean “servant” or “slave.” This meaning will be discerned from context. One indicator of this situation is if the possessive is used, eg. “her young women” could be translated as “her servants” or “her slaves.”
- The term “enslave” means “to cause to be a slave” (usually by force).
- The New Testament speaks of human beings as “slaves of sin” until Jesus frees them from its control and power. When a person receives new life in Christ, he stops being a slave to sin and becomes a slave to righteousness.

### **Translation Suggestions**

- The term “serve” can also be translated as “minister to” or “work for” or “take care of” or “obey,” depending on the context.
- The term “enslave” could be translated as “cause to not be free” or “force to serve others” or “put under the control of others.”
- The phrase “enslaved to” or “in bondage to” could be translated as “forced to be a slave of” or “forced to serve” or “under the control of.”
- To “serve God” can be translated as to “worship and obey God” or to “do the work that God has commanded.”
- In the Old Testament, God’s prophets and other people who worshiped God were often called his “servants.”
- In the New Testament, people who obeyed God through faith in Christ were often called his “servants.”
- To “serve tables” means to bring food to people who are sitting at tables, or more generally, to “distribute food.”
- In the context of a person serving guests, this term means “care for” or “serve food to” or “provide food for.” When Jesus told the disciples to “serve” the fish to the people, this could be translated as, “distribute” or “hand out” or “give.”
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to “serve” the old covenant. This refers to obeying the laws of Moses. Now they “serve” the new covenant. That is, because of Jesus’ sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.
- Paul talks about their actions in terms of their “service” to either the old or new covenant. This could be translated as “serving” or “obeying” or “devotion to.”
- Often, when a person referred to himself as “your servant” he was showing respect to the person addressed. That person may have had higher social status, or the speaker may be showing humility. It did not mean that the person speaking was an actual servant.

## sword, swordsmen

- Another figurative use of this term occurred in the book of Psalms, where the tongue or speech of a person was compared to a sword, which can injure people. This could be translated as "the tongue is like a sword that can badly injure someone."
- If swords are not known in your culture, this word could be translated with the name of another long-bladed weapon that is used to cut or stab.
- A sword could also be described as a "sharp weapon" or "long knife." Some translations could include a picture of a sword.

## waste, wasted, wasteland, becomes weak

### Definition:

To waste something means to carelessly throw it away or to use it unwisely. Something that is a “wasteland” or a “waste” refers to land or a city that has been destroyed so that nothing lives in it anymore.

- The term “waste away” is an expression that means to become more and more sick or ruined. A person who is wasting away usually becomes very thin due to illness or lack of food.
- To “lay waste” to a city or land means to destroy it.
- Another word for a “wasteland” could be “desert” or “wilderness.” But a wasteland also implies that people used to live there and the land used to have trees and plants that produced food.

- The command to “watch your life and doctrine closely” means to be careful to live wisely and to not believe false teachings.
- To “watch out” is a warning to be careful to avoid a danger or harmful influence.
- To “watch” or “keep watch” means to always be alert and on guard against sin and evil. It can also mean to “be ready.”

## wine, wineskin, new wine

### Definition:

In the Bible, the term “wine” refers to a kind of fermented drink made from the juice of a fruit called grapes. Wine was stored in “wineskins,” which were containers made out of animal skin.

- The term “new wine” referred to grape juice that had just been taken from the grape and was not fermented yet. Sometimes the term “wine” also referred to unfermented grape juice.
- To make wine, grapes are crushed in a winepress so that the juice comes out. The juice eventually ferments and alcohol forms in it.
- In Bible times, wine was the normal drink with meals. It did not have as much alcohol as present-day wine has.
- Before wine was served for a meal, it was often mixed with water.
- A wineskin that was old and brittle would get cracks in it, which allowed the wine to leak out. New wineskins were soft and flexible, which meant they did not tear easily and could store the wine safely.
- If wine is unknown in your culture, it could be translated as “fermented grape juice” or “fermented drink made from a fruit called grapes” or “fermented fruit juice.” (See: [How to Translate Unknowns](#))
- Ways to translate “wineskin” could include “bag for wine” or “animal skin wine bag” or “animal skin container for wine.”

# Yahweh

## Facts:

The term “Yahweh” is God’s personal name in the Old Testament. The specific origin of this name is unknown, but it is probably derived from the Hebrew verb meaning, “to be.”

- Following tradition, many Bible versions use the term “LORD” or “the LORD” to represent “Yahweh.” This tradition resulted from the fact that historically, the Jewish people became afraid of mispronouncing Yahweh’s name and started saying “Lord” every time the term “Yahweh” appeared in the text. Modern Bibles write “LORD” with all capital letters to show respect for God’s personal name and to distinguish it from “Lord” which is a different Hebrew word.
- The ULT and UST texts always translate this term as, “Yahweh,” in agreement with the Hebrew text of the Old Testament.
- The term “Yahweh” never occurs in the original text of the New Testament; only the Greek term for “Lord” is used, even when quoting the Old Testament.
- In the Old Testament, when God spoke about himself, he would often use his name instead of a pronoun.

## Translation Suggestions:

- “Yahweh” could be translated by a word or phrase that means “I am” or “living one” or “the one who is” or “he who is alive.”
- This term could also be written in a way that is similar to how “Yahweh” is spelled.
- Some church denominations prefer not to use the term “Yahweh” and instead use the traditional rendering, “LORD.” An important consideration is that this may be confusing when read aloud because it will sound the same as the title “Lord.” Some languages may have an affix or other grammatical marker that could be added to distinguish “LORD” as a name (Yahweh) from “Lord” as a title.
- It is best if possible to keep the name Yahweh where it literally occurs in the text, but some translations may decide to use only a pronoun in some places, to make the text more natural and clear.
- Introduce the quote with something like, “This is what Yahweh says.”

- **16:1** The Israelites began to worship the Canaanite gods instead of **Yahweh**, the true God.

## Zion, Mount Zion

### Definition:

Originally, the term “Zion” or “Mount Zion” referred to a stronghold or fortress that King David captured from the Jebusites. Both these terms became other ways of referring to Jerusalem.

- Mount Zion and Mount Moriah were two of the hills that the city of Jerusalem was located on. Later, “Zion” and “Mount Zion” became used as general terms to refer to both of these mountains and to the city of Jerusalem. Sometimes they also referred to the temple that was located in Jerusalem. (See: [metonymy](#))
- David named Zion, or Jerusalem, the “City of David.” This is different from David’s hometown, Bethlehem, which was also called the City of David.
- The term “Zion” is used in other figurative ways, to refer to Israel or to God’s spiritual kingdom or to the new, heavenly Jerusalem that God will create.
