Part 1: General Introduction

Outline of the Book of Zechariah

Zechariah calls the returning nation of Israel to repent and return to Yahweh (1:1–6)

The eight night visions (1:7–6:8)

- Yahweh sends his messengers throughout the whole earth (1:7–17)
- Four horns and four craftsmen (1:18–21)
- The measuring line (2:1–13)
- The priest in filthy clothes (3:1–10)
- The golden lampstand olive trees (4:1–14)
- The flying scroll (5:1–4)
- The woman in a basket (5:5–11)
- Four chariots (6:1–8)

A crown for the high priest (6:9–15)

Questions about fasting (7:1–8:23)

Yahweh judges the nations and saves his people (9:1–11:17)

Final message (12:1–14:21)

- Yahweh will finally defeat Israel's enemies (12:1–9)
- Israel mourns for the one they pierced (12:10–14)
- Yahweh purifies Israel and removes false prophets (13:1–6)
- Yahweh comes as king (14:1–21)

What is the Book of Zechariah about?

Zechariah wrote to the people of Judah who returned from being exiled in Babylon. The people of Judah continued to sin, as their ancestors did before they went into exile. Zechariah called the people to repent and to obey Yahweh. And he called them to renew the covenant with Yahweh. Zechariah also prophesied about the Messiah and about Israel finally being victorious over her enemies. (See: [covenant](#))

How should the title of this book be translated?

This book traditionally has been titled “Zechariah” or “The Book of Zechariah.” Translators may decide to call it the “The Book About Zechariah” or “The Sayings of Zechariah.” (See: [How to Translate Names](#))

Who wrote the Book of Zechariah?

The prophet Zechariah wrote this book between 520 and 518 B.C.

Part 2: Important Religious and Cultural Concepts

Did Zechariah prophesy before Ezra, Nehemiah, and Haggai?

Zechariah prophesied before the time of Ezra and Nehemiah. He prophesied at the same time as Haggai and continued after Haggai.

Part 3: Important Translation Issues

What is the meaning of the term “Israel”?

The name “Israel” is used in many different ways in the Bible. Jacob was a son of Isaac. God changed Jacob’s name to Israel. The descendants of Jacob became a nation also called Israel. Eventually, the nation of Israel split into two kingdoms. The northern kingdom was named Israel. The southern kingdom was named Judah. Zechariah uses the term “Israel” to refer to both the nation of Israel and the northern kingdom of Israel.

What imagery does Zechariah use in reference to the Messiah?

Zechariah presented the Messiah as both a king and a shepherd. Zechariah said that the Messiah would come and deliver his people. However, the Messiah would also be pierced (12:10) and struck with the sword (13:7). (See: [Christ, Messiah](#))

What does the phrase “that day” mean?

Zechariah often spoke of the last days by using the phrase “that day” or “in that day.” When referring to a future “day,” the translator should be aware that the author may be speaking about the last days. (See: [last day, latter days](#))

Zechariah 1

Zechariah 1 General Notes

Structure and formatting

This chapter is written in prose mainly with imagery used throughout to portray Zechariah's vision given by the Lord.

Some translations prefer to set apart quotations. The ULT and many other English translations set lines 1:3-6, 14-17, which are extended quotations, farther to the right on the page than the rest of the text.

Special concepts in this chapter

Visions

This book contains a number of visions given to Zechariah, so the images are not ones Zechariah actually saw but were given to him in a vision or dream. It is important for each of these visions to keep their meanings and not be interpreted to mean any specific thing.

Other possible translation difficulties in this chapter

Date

Zechariah uses two separate dates in this first chapter. When compared to the book of Haggai, Zechariah's prophecy was proclaimed just a few weeks after Haggai. However, they prophesied in two different places: Haggai was in Jerusalem and Zechariah was somewhere outside of Jerusalem. (See: [prophet](#), [prophecy](#), [prophesy](#), [seer](#), [prophetess](#))

Zechariah 1:1

In the eighth month

This is the eighth month of the Hebrew calendar. It is during the last part of October and the first part of November on Western calendars. (See: [Hebrew Months](#) and [Ordinal Numbers](#))

the second year of Darius' reign

“the second year of the reign of Darius the king” or “the second year since Darius became king” (See: [Ordinal Numbers](#))

the word of Yahweh came

This idiom is used to introduce a special message from God.
Alternate translation: “Yahweh gave a message” or “Yawheh spoke this message” (See: [Idiom](#))

Yahweh

This is the name of God that he revealed to his people in the Old Testament. See the translationWord page about Yahweh concerning how to translate this.

Alternate translation: "very angry with your forefathers"

Translation Words - ULT

UST

² "I was very angry with your ancestors.

Zechariah 1:3

Turn to me ... and I will return to you

Yahweh speaks of having a change of attitude toward another person as if it were turning or returning. The people turning to Yahweh means that they will again be devoted to him and worship him, while Yahweh returning to the people means that he will again bless them and help them. (See: [Metaphor](#))

this is the declaration of Yahweh of hosts

Yahweh speaks of himself by name to express the certainty of what he is declaring. Alternate translation: “this is what Yahweh of hosts has declared” or “this is what I, Yahweh of hosts, have declared” (See: [First, Second or Third Person](#))

UST

Zechariah 1:4

Turn from your evil ways and wicked practices

No longer doing certain actions is spoken of as if it were turning away from those actions. The phrases “evil ways” and “wicked practices” mean basically the same thing. Alternate translation: “Stop doing all of your wicked actions” (See: [Metaphor](#) and [Doublet](#))

this is Yahweh’s declaration

Yahweh speaks of himself by name to express the certainty of what he is declaring. See how you translated a similar phrase in [Zechariah 1:3](#). Alternate translation: “this is what Yahweh has declared” or “this is what I, Yahweh, have declared” (See: [First, Second or Third Person](#))

⁴ Do not be like your fathers to whom the prophets cried out previously, saying, “Yahweh of hosts says this: Turn now from your evil ways and your evil practices!” But they would not hear and did not pay attention to me—this is Yahweh’s declaration.’

UST

⁴ Do not be like your ancestors. Prophets, who have now died, continually I proclaimed to your ancestors that they should stop doing the evil things that they were always doing. But they refused to pay attention to what I said.

Zechariah 1:5

Your fathers, where are they? Where are the prophets, are they here forever?

These two rhetorical questions emphasize that both their ancestors and the prophets who proclaimed Yahweh's message to their ancestors have died. The questions can be translated as a statement. Alternate translation: "Neither your fathers nor the prophets are here because they have all died." (See: [Rhetorical Question](#))

Translation Words - ULT

- [Your fathers](#)
- [are they here](#)

Translation Words - UST

- [Your ancestors](#)
- [Even the prophets did not live...either](#)

ULT

⁵ [Your fathers](#), where are they? And the prophets, [are they here](#) forever?

UST

⁵ [Your ancestors](#) have died and are now in their graves. [Even the prophets did not live](#) forever [either](#).

Zechariah 1:6

But my words and my decrees that I commanded my servants the prophets, have they not overtaken your fathers?

This rhetorical question emphasizes the positive answer that it anticipates. Yahweh speaks of the people's ancestors experiencing the consequences of not obeying Yahweh's commands as if his words and decrees were a person who had chased after and overtaken them. If your readers would misunderstand this question, you can express it as a statement. Alternate translation: "But my words and my decrees that I commanded my servants the prophets have overtaken your fathers." or "But your fathers have suffered the consequences for disobeying my words and my decrees that I commanded my servants the prophets to tell them." (See: [Rhetorical Question](#))

my words and my decrees

These phrases are both ways to refer to Yahweh's message that the prophets had declared to their ancestors. (See: [Doublet](#))

our ways and actions

The words "ways" and "actions" mean basically the same thing. Alternate translation: "our behavior" (See: [Doublet](#))

- [Yahweh](#)
- [command, commandment](#)
- [prophet, prophecy, prophesy, seer, prophetess](#)
- [return, turn back](#)

ULT

⁶ But my words [and my decrees](#) that I [commanded my servants the prophets](#), have they not overtaken [your fathers](#)? [So they repented](#) and said, 'Just as [Yahweh](#) of hosts planned to do to us what our ways and actions deserved, so he has dealt with us.'

UST

⁶ But the commands and the decrees that I had instructed my [servants](#) the prophets to tell them—[your ancestors](#) did not obey them, so I punished them. So then they repented and said that I, [Yahweh](#), commander of the angel armies, had done to them what they deserved for their evil behavior, just like I had said I would do."

Zechariah 1:7

the twenty-fourth day of the eleventh month, which is the month of Shebat

“Shebat” is the eleventh month of the Hebrew calendar. The twenty-fourth day is near the middle of February on Western calendars. (See: [Hebrew Months](#) and [Ordinal Numbers](#) and [How to Translate Names](#))

“in the second year of the reign of Darius the king” or “in the second year since Darius became king.” See how you translated this in [Zechariah 1:1](#). (See: [Ordinal Numbers](#))

the word of Yahweh came

This idiom is used to introduce a special message from God. See how you translated this in [Zechariah 1:1](#). Alternate translation: “Yahweh gave a message” or “Yawheh spoke this message” (See: [Idiom](#))

UST

⁸ During the night I had a vision. In the vision I saw an angel who [was](#) on a red [horse](#). He was in a narrow valley among some myrtle trees. Behind him were angels [on other horses](#)—red, reddish-brown, and white horses.

Zechariah 1:9

I said, “What are these things, Lord?” Then the angel who talked with me

Here Zechariah speaks to an unidentified angel. This is not the same as the “man” who was “riding on a red horse.”

What are these things, Lord?

“What are these things, sir?” Here the word “Lord” is a form of polite address.

Translation Words - ULT

- Lord

Translation Words - UST

ULT

⁹ I said, “What {are} these things, Lord?” Then the angel who talked with me said to me, “I will show you what these things are.”

Zechariah 1:10

the man who stood among the myrtle trees

These phrases refer to the man who “was riding on a red horse” in [Zechariah 1:8](#). This could mean: (1) the man dismounted his horse and stood or (2) the word “stood” is an idiom that means he was located in that position. Alternate translation: “the man who was among the myrtle trees” (See: [Idiom](#))

These are those

The word “these” refers to the red, reddish-brown, and white horses that were behind the man who was among the myrtle trees. This could mean: (1) it is implicit that there were other men who were riding the horses, and that these phrases refer to the riders or (2) the horses are personified as being able to speak like people. (See: [Assumed Knowledge and Implicit Information](#) and [Personification](#))

Zechariah 1:11

the angel of Yahweh who stood among the myrtle trees

This phrase refers to the man who “was riding on a red horse” in [Zechariah 1:8](#). This could mean: (1) the man dismounted his horse and stood or (2) the word “stood” is an idiom that means he was located in that position. Alternate translation: “the angel of Yahweh who was among the myrtle trees” (See: [Idiom](#))

They answered ... they said

The word “they” refers to the red, reddish-brown, and white horses that were behind the man who was among the myrtle trees. This could mean: (1) it is implicit that there were other men who were riding the horses, and that these phrases refer to the riders or (2) the horses are personified as being able to speak like people. (See: [Assumed Knowledge and Implicit Information](#) and [Personification](#))

all the earth sits still and is at rest

There being peace and quiet in the world is spoken of as if the earth were a person who is still and resting. This could mean: (1) this is a good thing that means that there is peace between nations or (2) this is a bad thing that means that there is no war because nations are helpless to fight against a stronger nation that has subdued them. Zechariah 4 General Notes

Structure and formatting

This chapter is written mainly in prose about the fifth vision, which is about the golden lampstand olive trees.

Special concepts in this chapter

Visions

This chapter shows a conversation between Zechariah and the angel of Yahweh. It is important for each of these visions to keep their meanings and not be interpreted to mean any specific thing.

Zechariah 4:1

roused me like a man roused from his sleep

Zechariah compares the way in which the angel interrupted his being in deep thought with the way someone would awaken another person from sleep. Alternate translation: “caused me to become more alert like a man awakened from his sleep” (See: [Simile](#))

Do you not know what these things mean?

Since there is no verb in this phrase, it may be necessary in your language to supply one. Alternate translation: "You will not succeed by might nor by power" (See: [Assumed Knowledge and Implicit Information](#))

Not by might nor by power

This could mean: (1) that the words "might" and "power" mean basically the same thing and emphasize the greatness of Zerubbabel's strength or (2) that the word "might" refers to military strength and the word "power" refers to Zerubbabel's physical ability. Zechariah 4:7

What are you, great mountain? Before Zerubbabel you will become a plain

This is a metaphor in which Yahweh speaks of the obstacles that Zerubbabel will face as if they were a large mountain. He asks this rhetorical question to emphasize that these obstacles pose no threat to Zerubbabel's success. If your readers would misunderstand this question, you can express it as a statement. Alternate translation: "You are nothing, great mountain! Zerubbabel will cause you to become a plain" or "Although obstacles may appear as large as mountains, Zerubbabel will overcome them as easily as one walks upon level ground" (See: [Metaphor](#) and [Rhetorical Question](#))

he will bring out the top stone

The top stone is the last stone placed when building something. This refers to the top stone of the temple. Alternate translation: "he will bring out the top stone of the temple" or "he will complete the construction of the temple" (See: [Assumed Knowledge and Implicit Information](#))

This could mean: (1) the word "grace" refers to God's grace and the people are requesting that God bless the completed temple. Alternate translation: "while people shout, 'May God bless it! Zechariah 4:10

Who has despised the day of small things? These people will rejoice

Zechariah uses this rhetorical question to speak specifically about those who have “despised the day of small things.” If your readers would misunderstand this question, you can express it as a statement. Alternate translation: “Those who have despised the day of small things will rejoice” (See: [Rhetorical Question](#))

the day of small things

This refers to an instrument made with a heavy object attached to the end of a string that builders used to ensure that the walls of buildings were straight.

These seven lamps

This phrase refers to the lamps that Zechariah saw in [Zechariah 4:2-3](#).

These seven lamps are the eyes of Yahweh that roam over the whole earth

The seven lamps symbolize the eyes of Yahweh, but they are not literally the eyes of Yahweh. The angel speaks of Yahweh seeing everything that happens on the earth as if his eyes roamed over the whole earth. Zechariah 4:11

these two olive trees

This refers to the olive trees that Zechariah saw in [Zechariah 4:2-3](#).

ULT

11 Then I answered and said to him, "What {are} these two olive trees on the right of the lampstand and on the left?"

UST

11 Then I asked the angel, "What is the meaning of the two olive trees, one on each side of the lampstand?"

Zechariah 4:12

What are these two olive branches

Here Zechariah changes his question and asks about branches that are connected to the two olive trees.

the two gold pipes

These pipes were not mentioned in the previous description of Zechariah's vision. It is possible that they are connected to the bowl on top of the lampstand and provide the oil with which the lampstand burns.

Zechariah 6 General Notes

Structure and formatting

This chapter is written mainly in prose and tells the last vision of the four chariots in the first part of the chapter.

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetic song in 6:12-13.

Special concepts in this chapter

Zechariah 9 General Notes

Structure and formatting

This chapter is written mainly in prose about the cities and peoples around where Israel stood as a country until the exile.

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetic song in 9:9-10.

Special concepts in this chapter

Prophecies against other nations

The first two verses show that the prophecy concerns neighboring countries. Hamath, Damascus, Tyre and Sidon are cities in areas that were near Israel. (See: [prophet](#), [prophecy](#), [prophesy](#), [seer](#), [prophetess](#))

Zechariah 10

Zechariah 10 General Notes

Structure and formatting

This chapter is written mainly in prose but still uses figurative language as the writer shares a message of redemption and hope for the exiles. (See: [redeem](#), [redeemer](#), [redemption](#))

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetic song in 10:1-2.

Special concepts in this chapter

Redemption

This book, and especially this chapter, uses the concepts of redemption and remnant to share the relationship that the people of Judah have with their God. So many of the people of Israel perished as their kingdom went into exile. Now they are returning to the land, but the land is no longer theirs. They are living under foreign rule. (See: [redeem](#), [redeemer](#), [redemption](#) and [remnant](#))

Zechariah 10:11

General Information:

In verses 6-12, Yahweh is speaking to the people of Israel.

I will pass through the sea of their affliction

Scripture often refers to the sea as an image of many troubles and hardships. Here Yahweh speaks of himself accompanying the people to help them go through these afflictions. Alternate translation: “I will go with them and help them as they go through their many afflictions” (See: [Metaphor](#))

I will strike the waves of that sea

Here to “strike” the waves is an idiom that means he will stop the waves from forming. Stopping the afflictions of his people is spoken of as calming the waves of that sea. Alternate translation: “I will cause the waves of that sea of affliction to stop” (See: [Idiom](#) and [Metaphor](#))

will dry up all the depths of the Nile

Alternate translation: “I will cause the Nile River to lose all its water”

The majesty of Assyria will be brought down

Here “the majesty of Assyria” probably refers to the Assyrian army. Alternate translation: “I will destroy Assyria’s proud army” (See: [Metonymy](#))

the scepter of Egypt will go away from the Egyptians

Here “the scepter of Egypt” refers to the political power of Egypt. Alternate translation: “the power of Egypt to rule other nations will end” (See: [Metonymy](#))

Zechariah 10:12

I will strengthen them in myself

Zechariah 11 General Notes

Structure and formatting

This chapter unlike the previous one is a warning against the leaders amongst the exiles.

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetic song in 11:1-3, 17.

Important figures of speech in this chapter

Metaphor

This chapter uses an extended metaphor of sheep and shepherds to convey Yahweh's dismay at the leaders during the exiles. (See: [Metaphor](#))

Symbolism

The writer uses symbolism. Zechariah is told to become a shepherd. He uses two staffs and names them "Unity" and "Favor." He does this very purposefully. In order to preserve this symbolism, it is important to pay attention to the specific words used. (See: [favor](#), [favorable](#), [favoritism](#))

Zechariah 11:1

Open your doors, Lebanon, that fire may devour

Not resisting what is about to happen is spoken of as if Lebanon were opening its doors. Here "Lebanon" is a metonym that represents the people of Lebanon. Alternate translation: "People of Lebanon, get ready, because fire will devour" or "People of Lebanon, do not try to stop the fire that will devour" (See: [Metaphor](#) and [Metonymy](#))

fire may devour your cedars

Fire completely burning up the cedars is spoken of as if the fire would devour the cedars. Alternate translation: "fire may completely destroy your cedars" or "fire may completely burn up your cedars" (See: [Metaphor](#))

ULT

¹ Open your [doors](#), [Lebanon](#), that fire [may devour](#) your cedars!

UST

¹ [You people of Lebanon](#) must open your gates [and allow the fire to burn](#) your cedar trees!

Translation Words - ULT

- [may devour](#)

Translation Words - UST

- [gate, gate bars, gatekeeper, gateposts, gateway](#)

Zechariah 11:2

Lament, cypress trees, for the cedar trees have fallen

Cypress trees are spoken of as if they could grieve like a human. Alternate translation: "If the trees were people, they would cry out in sorrow. The cypress trees stand alone because the cedars have burned and fallen" (See: [Personification](#))

What was majestic has been devastated

If your language does not use the passive form in this way, you can state this in active form or in another way that is natural in your language. Alternate translation: "The majestic cedar trees are no more" or "The cedar trees were once majestic, but now they are ruined" (See: [Active or Passive](#))

Lament, you oaks of Bashan, for the strong forest has gone down.

The oaks of Bash are spoken of as if they could grieve like a human. Alternate translation: "If the oak trees in Bashan were people, they would wail, for their thick forests are gone" (See: [Personification](#))

ULT

² Lament, cypress trees, for [the cedar {trees}](#) have fallen! What [was majestic](#) has been devastated! Lament, you oaks of Bashan, for the strong forest has gone down.

UST

² Your cypress trees must be like people who are wailing, because enemies have cut down [the cedar trees](#). Those glorious trees are all gone. The oak trees in the region of Bashan should also be like people who are wailing, because enemies have cut down the oak trees in the dense forest.

The shepherds howl

Alternate translation: "The shepherds cry out loudly"

for their glory has been destroyed

Here "their glory" probably represents the rich pastures that the shepherds led their sheep to. Alternate translation: "for their rich pastures are ruined" (See: [Metonymy](#))

for the pride of the Jordan River has been devastated

Here "the pride" probably represents the forests that grew near the Jordan River. Alternate translation: "because the trees and shrubbery where they lived by the Jordan River are ruined" (See: [Metonymy](#))

Translation Words - ULT

- [of the Jordan River](#)

Translation Words - UST

UST

³ And listen to the shepherds crying because the fertile pastures have been ruined. Listen to the lions roar; they roar because the thick forest where they live near the Jordan River has been ruined.

Zechariah 11:4

General Information:

In 11:4-17 is a story about two shepherds. This could mean: (1) Zechariah actually became a shepherd over a flock as a symbolic act showing how Yahweh will treat his people or (2) Zechariah tells a parable that teaches how Yahweh will treat his people. Since it is uncertain which of these meanings is correct, it would be best not to specify either option in the translation. (See: [Symbolic Action](#) and [Parables](#))

[of sheep](#) until the flock perishes."

Zechariah 11:5

UST

⁵ [The dealers in sheep will kill the sheep](#), and no one will punish them. Those who sell the sheep will say, ‘I praise [Yahweh](#), because I will become rich!’ And the shepherds whom the owners hire do not feel sorry for the sheep.

Yahweh speaks of himself by name to express the certainty of what he is declaring. See how you translated this in [Zechariah 1:4](#).

UST

⁶ And similarly, I no longer feel sorry for the people of this country. I am going to allow their fellow countrymen and their king, to oppress them. They will ruin this country, and I will not rescue any of them."

Zechariah 11:7

⁷ So I became the shepherd of the flock marked for slaughter, for those who dealt in sheep. I took two staffs; one staff I called "Favor" and the other I called "Unity." In this way I shepherded the flock.

UST

⁷ So I became the shepherd of a flock of sheep that dealers were going to slaughter and to sell the meat. Then I took two shepherds' staffs. I named the one staff 'Kindness' and the other staff 'Union.' This is how I began to shepherd the sheep.

Zechariah 11:8

Zechariah 11:9

If your language does not use the passive form in this way, you can state this in active form or in another way that is natural in your language. UST

⁹ So I said to the dealers, “I will no longer be a shepherd for you. I will allow the ones that are dying to die. I will allow the ones that are getting lost to perish. And I will not prevent those that remain from eating each other.”

Zechariah 11:11

the covenant was broken

If your language does not use the passive form in this way, you can state this in active form or in another way that is natural in your language. Alternate translation: "the covenant ended" (See: [Active or Passive](#))

treasury

This is the place in the temple of Yahweh where the priests kept the money. Many versions of the Bible translate this as “potter.” This is the person who would melt metal to make vessels out of it. Here Yahweh would mean that the payment is so small that the shepherd should have the silver melted to show how insulted he was.

Yahweh uses irony to say that this price was very small for a shepherd doing Yahweh’s work. Alternate translation: “the ridiculously small amount of money” (See: [Irony](#))

the laments in Jerusalem will be like the laments at Hadad Rimmon

Hadad Rimmon may have been the place where the good King Josiah died of battle wounds after the Battle of Megiddo. It appears that the custom arose to hold periodic mourning there for his death. Zechariah 13 General Notes

Structure and formatting

This chapter is written partly in prose and partly in poetry.

Some translations set each line of poetry farther to the right than the rest of the text to make it easier to read. The ULT does this with the poetic song in 13:7-9.

Special concepts in this chapter

Zechariah often speaks of the last days by using the phrase “that day” or “in that day.” When referencing a future “day,” the translator should be aware that it is possible that the author is speaking about the last days. (See: [last day, latter days](#))

Zechariah 13:1

a spring will be opened ... for their sin and impurity

Forgiving the people's sins is spoken of as if a spring of water will wash away their sins. If your language does not use the passive form in this way, you can state this in active form or in another way that is natural in your language. Alternate translation: "it will be like a spring opens ... to cleanse their sin and impurity" (See: [Metaphor](#) and [Active or Passive](#))

Zechariah 13:2

this is the declaration of Yahweh of hosts

Yahweh speaks of himself by name to express the certainty of what he is declaring. See how you translated this in [Zechariah 1:3](#).

Alternate translation: “this is what Yahweh of hosts has declared” or “this is what I, Yahweh of hosts, have declared” (See: [First, Second or Third Person](#))

I will cut off the names of the idols from the land

Causing the people to no longer mention the names of idols is spoken of as if Yahweh would “cut off the names of the idols from the land.” Alternate translation: “I will cause the people to no longer mention the names of the idols” (See: [Metaphor](#))

they will no longer be remembered

If your language does not use the passive form in this way, you can state this in active form or in another way that is natural in your language. Alternate translation: “so that they no longer think about the idols” (See: [Idiom](#) and [Active or Passive](#))

I will remove the prophets and the spirit of impurity from the land

The prophets may refer to “false prophets.” The spirit of impurity is spoken of as if it were physically unclean. Alternate translation: “I will also remove from the land the false prophets and their evil spirits” (See: [Metaphor](#))

ULT

² On that day—this is the declaration of Yahweh of hosts—I will cut off the names of the idols from the land and they will no longer be remembered. I will remove the prophets and the spirit of impurity from the land.

UST

Metal is passed through fire in order to purify or harden it. This expression serves here as a metaphor for exposing the people to suffering in order that they may become more faithful to God. (See: [Metaphor](#))

Abstract Nouns

Description

Abstract nouns are nouns that refer to attitudes, qualities, events, or situations. These are things that cannot be seen or touched in a physical sense, such as happiness, weight, unity, friendship, health, and reason. This is a translation issue because some languages may express a certain idea with an abstract noun, while others would need a different way to express it.

This page answers the question: *What are abstract nouns and how do I deal with them in my translation?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-partspeech\]\]](#)

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

Remember that nouns are words that refer to a person, place, thing, or idea. Abstract nouns are the nouns that refer to ideas. These can be attitudes, qualities, events, situations, or even relationships between those ideas. These are things that cannot be seen or touched in a physical sense, such as joy, peace, creation, goodness, contentment, justice, truth, freedom, vengeance, slowness, length, weight, and many, many more.

Some languages, such as Biblical Greek and English, use abstract nouns a lot. They provide a way of giving names to actions or qualities. With names, people who speak these languages can talk about the concepts as though they were things. For example, in languages that use abstract nouns, people can say, "I believe in the forgiveness of sin."

But some languages do not use abstract nouns very much. In these languages, speakers may not have the two abstract nouns "forgiveness" and "sin," but they would express the same meaning in other ways. For example, they would express, "I believe that God is willing to forgive people after they have sinned," by using verb phrases instead of nouns for those ideas.

Reason This Is a Translation Issue

The Bible that you translate from may use abstract nouns to express certain ideas. Your language might not use abstract nouns for some of those ideas. Instead, it might use phrases to express those ideas. Those phrases will use other kinds of words such as adjectives, verbs, or adverbs to express the meaning of the abstract noun. For example, "What is its **weight**?" could be expressed as "How much does it **weigh**?" or "How **heavy** is it?"

Examples From the Bible

From **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

The abstract noun "childhood" refers to when someone was a child.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

The abstract nouns "godliness" and "contentment" refer to being godly and content. The abstract noun "gain" refers to something that benefits or helps someone.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

The abstract noun "salvation" here refers to being saved.

The Lord does not move slowly concerning his promises, as some consider **slowness** to be (2 Peter 3:9a ULT)

The abstract noun "slowness" refers to the lack of speed with which something is done.

He will both bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

The abstract noun “purposes” refers to the things that people want to do and the reasons they want to do them.

Translation Strategies

If an abstract noun would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun.

Examples of Translation Strategies Applied

(1) Reword the sentence with a phrase that expresses the meaning of the abstract noun. Instead of a noun, the new phrase will use a verb, an adverb, or an adjective to express the idea of the abstract noun. Alternative translations are indented below the Scripture example.

... from **childhood** you have known the sacred writings ... (2 Timothy 3:15a ULT)

Ever since **you were a child** you have known the sacred writings.

But **godliness** with **contentment** is great **gain**. (1 Timothy 6:6 ULT)

But **being godly** and **content** is very **beneficial**. But we **benefit** greatly when we **are godly** and **content**. But we **benefit** greatly when we **honor and obey God** and when we are **happy with what we have**.

Today **salvation** has come to this house, because he too is a son of Abraham. (Luke 19:9 ULT)

Today the people in this house **have been saved** ... Today God **has saved** the people in this house ...

The Lord does not move slowly concerning his promises, as some consider **slowness** to be. (2 Peter 3:9a ULT)

The Lord does not move slowly concerning his promises, as some consider **moving slowly** to be.

He will bring to light the hidden things of darkness and reveal the **purposes** of the heart. (1 Corinthians 4:5b ULT)

He will bring to light the hidden things of darkness and reveal **the things that people want to do and the reasons that they want to do them**.

Active or Passive

Some languages use both active and passive sentences. In active sentences, the subject does the action. In passive sentences, the subject is the one that receives the action. Here are some examples with their subjects bolded:

- Active: **My father** built the house in 2010.
- Passive: **The house** was built in 2010.

Translators whose languages do not use passive sentences will need to know how they can translate passive sentences that they find in the Bible. Other translators will need to decide when to use a passive sentence and when to use the active form.

This page answers the question: *What do active and passive mean, and how do I translate passive sentences?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

[\[\[rc://en/ta/man/translate/figs-verbs\]\]](#)

Description

Some languages have both active and passive forms of sentences.

- In the active form, the subject does the action and is always mentioned.
- In the passive form, the action is done to the subject, and the one who does the action is not always mentioned.

In the examples of active and passive sentences below, we have bolded the subject.

- active: **My father** built the house in 2010.
- passive: **The house** was built by my father in 2010.
- passive: **The house** was built in 2010. (This does not tell who did the action.)

Reasons This Is a Translation Issue

All languages use active forms. Some languages use passive forms, and some do not. Some languages use passive forms only for certain purposes, and the passive form is not used for the same purposes in all of the languages that use it.

Purposes for the Passive

- The speaker is talking about the person or thing the action was done to, not about the person who did the action.
- The speaker does not want to tell who did the action.
- The speaker does not know who did the action.

Translation Principles Regarding the Passive

- Translators whose language does not use passive forms will need to find another way to express the idea.
- Translators whose language has passive forms will need to understand why the passive is used in a particular sentence in the Bible and decide whether or not to use a passive form for that purpose in his translation of the sentence.

Examples From the Bible

Then their shooters shot at your soldiers from off the wall, and some of the king's servants **were killed**, and your servant Uriah the Hittite **was killed** too. (2 Samuel 11:24 ULT)

This means that the enemy's shooters shot and killed some of the king's servants, including Uriah. The point is what happened to the king's servants and Uriah, not who shot them. The purpose of the passive form here is to keep the focus on the king's servants and Uriah.

When the men of the city arose early in the morning, and see, the altar of Baal **was torn down**. (Judges 6:28a ULT)

The men of the town saw what had happened to the altar of Baal, but they did not know who broke it down. The purpose of the passive form here is to communicate this event from the perspective of the men of the town.

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

This describes a situation in which a person ends up in the sea with a millstone around his neck. The purpose of the passive form here is to keep the focus on what happens to this person. Who does these things to the person is not important.

Translation Strategies

If your language would use a passive form for the same purpose as in the passage that you are translating, then use a passive form. If you decide that it is better to translate without a passive form, here are some strategies that you might consider.

- (1) Use the same verb in an active sentence and tell who or what did the action. If you do this, try to keep the focus on the person receiving the action.
- (2) Use the same verb in an active sentence, and do not tell who or what did the action. Instead, use a generic expression like "they" or "people" or "someone."
- (3) Use a different verb.

Examples of Translation Strategies Applied

- (1) Use the same verb in an active sentence and tell who did the action. If you do this, try to keep the focus on the person receiving the action.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21b ULT)

The king's servants gave Jeremiah a loaf of bread every day from the street of the bakers.

- (2) Use the same verb in an active sentence, and do not tell who did the action. Instead, use a generic expression like "they" or "people" or "someone."

It would be better for him if a millstone **were put** around his neck and he **were thrown** into the sea. (Luke 17:2a ULT)

It would be better for him if **they were to put** a millstone around his neck and **throw** him into the sea.

It would be better for him if **someone were to put** a heavy stone around his neck and **throw** him into the sea.

- (3) Use a different verb in an active sentence.

A loaf of bread **was given** him every day from the street of the bakers. (Jeremiah 37:21 ULT)

He **received** a loaf of bread every day from the street of the bakers.

Apostrophe

Description

An apostrophe is a figure of speech in which a speaker turns his attention away from his listeners and speaks to someone or something that he knows cannot hear him. He does this to tell his listeners his message or feelings about that person or thing in a very strong way.

This page answers the question: *What is the figure of speech called an apostrophe?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

Reason This Is a Translation Issue

Many languages do not use apostrophe, and readers could be confused by it. They may wonder who the speaker is talking to, or think that the speaker is crazy to talk to things or people who cannot hear.

Examples from the Bible

Mountains of Gilboa, let there not be dew or rain on you. (2 Samuel 1:21a ULT)

King Saul was killed on Mount Gilboa, and David sang a sad song about it. By telling these mountains that he wanted them to have no dew or rain, he showed how sad he was.

Jerusalem, Jerusalem, who kills the prophets and stones those sent to you. (Luke 13:34a ULT)

Jesus was expressing his feelings for the people of Jerusalem in front of his disciples and a group of Pharisees. By speaking directly to Jerusalem as though its people could hear him, Jesus showed how deeply he cared about them.

He cried against the altar by the word of Yahweh: “**Altar, altar!** This is what Yahweh says, ‘See, ... on you they will burn human bones.’” (1 Kings 13:2 ULT)

The man of God spoke as if the altar could hear him, but he really wanted the king, who was standing there, to hear him.

Translation Strategies

If apostrophe would be natural and give the right meaning in your language, consider using it. But if this way of speaking would be confusing to your people, let the speaker continue speaking to the people that are listening to him as he tells **them** his message or feelings about the people or thing that cannot hear him. See the example below.

Examples of Translation Strategies Applied

He cried against the altar by the word of Yahweh: “**Altar, altar!** This is what Yahweh says, ‘See, ... on you they will burn human bones.’” (1 Kings 13:2 ULT)

He said this about the altar: “This is what Yahweh says **about this altar**. ‘See, ... they will burn people’s bones on **it**.’”

Mountains of Gilboa, let there not be dew or rain on **you**. (2 Samuel 1:21a ULT)

As for these mountains of Gilboa, let there not be dew or rain on **them**.

Assumed Knowledge and Implicit Information

Assumed knowledge is whatever a speaker assumes his audience knows before he speaks and gives them some kind of information. The speaker does not give the audience this information because he believes that they already know it.

This page answers the question: *How can I be sure that my translation communicates the assumed knowledge and implicit information along with the explicit information of the original message?*

When the speaker does give the audience information, he can do so in two ways. The speaker gives explicit information in what he states directly. Implicit Information is what the speaker does not state directly because he expects his audience to be able to learn it from other things he says.

Description

When someone speaks or writes, he has something specific that he wants people to know or do or think about. He normally states this directly. This is explicit information.

The speaker assumes that his audience already knows certain things that they will need to think about in order to understand this information. Normally he does not tell people these things, because they already know them. This is called assumed knowledge.

The speaker does not always directly state everything that he expects his audience to learn from what he says. Implicit information is information that he expects people to learn from what he says even though he does not state it directly.

Often, the audience understands this implicit information by combining what they already know (assumed knowledge) with the explicit information that the speaker tells them directly.

Reasons This Is a Translation Issue

All three kinds of information are part of the speaker's message. If one of these kinds of information is missing, then the audience will not understand the message. Because the target translation is in a language that is very different from the biblical languages and is made for an audience that lives in a very different time and place than the people in the Bible, many times the assumed knowledge or the implicit information is missing from the message. In other words, modern readers do not know everything that the original speakers and hearers in the Bible knew. When these things are important for understanding the message, it is helpful if you include this information in the text or in a footnote.

Examples From the Bible

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

Jesus did not say what foxes and birds use holes and nests for, because he assumed that the scribe would have known that foxes sleep in holes in the ground and birds sleep in their nests. This is **assumed knowledge**.

Jesus did not directly say here "I am the Son of Man" but, if the scribe did not already know it, then that fact would be **implicit information** that he could learn because Jesus referred to himself that way. Also, Jesus did not state explicitly that he travelled a lot and did not have a house that he slept in every night. That is **implicit information** that the scribe could learn when Jesus said that he had nowhere to lay his head.

Woe to you, Chorazin! Woe to you, Bethsaida! If the mighty deeds had been done in **Tyre and Sidon** which were done in you, they would have repented long ago in sackcloth and ashes. But

I say to you, it will be more tolerable for Tyre and Sidon at the **day of judgment** than for you.
(Matthew 11:21-22 ULT)

Jesus assumed that the people he was speaking to knew that Tyre and Sidon were very wicked, and that the day of judgment is a time when God will judge every person. Jesus also knew that the people he was talking to believed that they were good and did not need to repent. Jesus did not need to tell them these things. This is all **assumed knowledge**.

An important piece of **implicit information** here is that the people he was speaking to would be judged more severely than the people of Tyre and Sidon would be judged **because** they did not repent.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands when they eat bread**. (Matthew 15:2 ULT)

One of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating. People thought that in order to be righteous, they had to follow all the traditions of the elders. This was **assumed knowledge** that the Pharisees who were speaking to Jesus expected him to know. By saying this, they were accusing his disciples of not following the traditions, and thus not being righteous. This is **implicit information** that they wanted him to understand from what they said.

Translation Strategies

If readers have enough assumed knowledge to be able to understand the message, along with any important implicit information that goes with the explicit information, then it is good to leave that knowledge unstated and leave the implicit information implicit. If the readers do not understand the message because one of these is missing for them, then follow these strategies:

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Examples of Translation Strategies Applied

(1) If readers cannot understand the message because they do not have certain assumed knowledge, then provide that knowledge as explicit information.

Jesus said to him, "Foxes **have holes**, and the birds of the sky **have nests**, but the Son of Man has nowhere to lay his head." (Matthew 8:20 ULT)

The assumed knowledge was that the foxes slept in their holes and birds slept in their nests.

Jesus said to him, "Foxes **have holes to live in**, and the birds of the sky **have nests to live in**, but the Son of Man has nowhere to lay his head and sleep."

It will be more tolerable for **Tyre and Sidon** at the day of judgment than for you (Matthew 11:22 ULT)

The assumed knowledge was that the people of Tyre and Sidon were very, very wicked. This can be stated explicitly.
>

At the day of judgment, it will be more tolerable for **those cities of Tyre and Sidon, whose people were very wicked**, than it will be for you. or At

the day of judgment, It will be more tolerable for those **wicked cities, Tyre and Sidon**, than for you.

Why do your disciples violate the traditions of the elders? For **they do not wash their hands** when they eat bread. (Matthew 15:2 ULT)

The assumed knowledge was that one of the traditions of the elders was a ceremony in which people would wash their hands in order to be ritually clean before eating, which they must do to be righteous. It was not to remove germs from their hands to avoid sickness, as a modern reader might think.

Why do your disciples violate the traditions of the elders? For **they do not go through the ceremonial handwashing ritual of righteousness** when they eat bread.

(2) If readers cannot understand the message because they do not know certain implicit information, then state that information clearly, but try to do it in a way that does not imply that the information was new to the original audience.

Then a scribe came to him and said, "Teacher, I will follow you wherever you go." Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but the Son of Man has nowhere to lay his head." (Matthew 8:19-20 ULT)

The implicit information is that Jesus himself is the Son of Man. Other implicit information is that if the scribe wanted to follow Jesus, then, like Jesus, he would have to live without a house.

Jesus said to him, "Foxes have holes, and the birds of the sky have nests, but **I, the Son of Man**, have **no home to rest in. If you want to follow me, you will live as I live.**"

It will be more tolerable for Tyre and Sidon at the day of judgment than for you (Matthew 11:22 ULT)

The implicit information is that God would not only judge the people; he would punish them. This can be made explicit.

At the day of judgment, God will **punish Tyre and Sidon**, cities whose people were very wicked, **less severely than he will punish you.**
or:

At the day of judgment, God will **punish you more severely** than Tyre and Sidon, cities whose people were very wicked.

Modern readers may not know some of the things that the people in the Bible and the people who first read it knew. This can make it hard for them to understand what a speaker or writer says, and to learn things that the speaker left implicit. Translators may need to state some things explicitly in the translation that the original speaker or writer left unstated or implicit.

Biblical Distance

Description

The following terms are the most common measures for distance or length that were originally used in the Bible. Most of these are based on the sizes of the hand and forearm.

- The **handbreadth** was the width of the palm of a man's hand.
- The **span** or handspace was the width of a man's hand with the fingers spread out.
- The **cubit** was the length of a man's forearm, from the elbow to the tip of the longest finger.
- The **"long" cubit** is used only in Ezekiel 40-48. It is the length of a normal cubit plus a span.
- The **stadium** (plural, **stadia**) referred to a certain footrace that was about 185 meters in length. Some older English versions translated this word as "furlong," which referred to the average length of a plowed field.

The metric values in the table below are close but not exactly equal to the biblical measures. The biblical measures probably differed in exact length from time to time and place to place. The equivalents below are an attempt to give an average measurement.

Original Measure	Metric Measure
handbreadth	8 centimeters
span	23 centimeters
cubit	46 centimeters
"long" cubit	54 centimeters
stadia	185 meters

Translation Principles

The people in the Bible did not use modern measures such as meters, liters, and kilograms. Using the original measures can help readers know that the Bible really was written long ago in a time when people used those measures.

Using modern measures can help readers understand the text more easily.

Whatever measure you use, it would be good, if possible, to tell about the other kind of measure in the text or a footnote.

If you do not use the Biblical measures, try not to give the readers the idea that the measurements are exact. For example, if you translate one cubit as ".46 meters" or even as "46 centimeters," readers might think that the measurement is exact. It would be better to say "half a meter," "45 centimeters," or "50 centimeters."

Sometimes it can be helpful to use the word "about" to show that a measurement is not exact. For example, Luke 24:13 says that Emmaus was 60 stadia from Jerusalem. This can be translated as "about ten kilometers" from Jerusalem.

When God tells people how long something should be, and when people make things according to those lengths, do not use "about" in the translation. Otherwise it will give the impression that God did not care exactly how long something should be.

Translation Strategies

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)
- (2) Use the metric measurements given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.
- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement.
- (4) Use the measurements from the ULT and include measurements that your people know in the text or a note.
- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note.

Translation Strategies Applied

The strategies are all applied to Exodus 25:10 below.

They are to make an ark of acacia wood. Its length must be two and a half cubits; its width will be one cubit and a half; and its height will be one cubit and a half. (Exodus 25:10 ULT)

- (1) Use the measurements given in the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)

"They are to make an ark of acacia wood. Its length must be **two and a half kubits**; its width will be **one kubit and a half**; and its height will be **one kubit and a half**."

- (2) Use the metric measurements given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.

"They are to make an ark of acacia wood. Its length must be **one meter**; its width will be **two thirds of a meter**; and its height will be **two thirds of a meter**."

- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement. For example, if you measure things using the standard meter length, you could translate it as below.

"They are to make an ark of acacia wood. Its length must be **one meter**; its width will be **two thirds of a meter**; and its height will be **two thirds of a meter**."

- (4) Use the measurements from the ULT and include measurements that your people know in the text or a note. The following shows both measurements in the text.

"They are to make an ark of acacia wood. Its length must be **two and a half cubits (one meter)**; its width will be **one cubit and a half (two thirds of a meter)**; and its height will be **one cubit and a half (two thirds of a meter)**."

- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note. The following shows the ULT measurements in notes.

“They are to make an ark of acacia wood. Its length must be **one meter**; ¹ its width will be **two thirds of a meter**; ² and its height will be **two thirds of a meter**.”

The footnotes would look like:

Biblical Volume

Description

The following terms are the most common units of volume used in the Bible to state how much a certain container could hold. The containers and measurements are given for both liquids (such as wine) and dry solids (such as grain). The metric values are not exactly equal to the biblical measures. The biblical measures probably differed in exact amount from time to time and place to place. The equivalents below are an attempt to give an average measurement.

Dry	seah	7.7 liters
Dry	lethek	114.8 liters
Liquid	metrete	40 liters
Liquid	bath	22 liters
Liquid	hin	3.7 liters
Liquid	kab	1.23 liters
Liquid	log	0.31 liters

- The people in the Bible did not use modern measures such as meters, liters, and kilograms. Using the original measures can help readers know that the Bible really was written long ago in a time when people used those measures.
- Using modern measures can help readers understand the text more easily.
- Whatever measures you use, it would be good, if possible, to tell about the other kinds of measures in the text or a footnote.
- If you do not use the biblical measures, try not to give the readers the idea that the measurements are exact. For example, if you translate one hin as “3.7 liters,” readers might think that the measurement is exactly 3.7 liters, not 3.6 or 3.8. It would be better to use a more approximate measure such as “three and a half liters” or “four liters.”
- When God tells people how much of something to use, and when people use those amounts in obedience to him, do not say “about” in the translation. Otherwise it will give the impression that God did not care exactly how much they used.

When the unit of measure is stated

Translation Strategies

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)
- (2) Use the metric measurements given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.

- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note.

Translation Strategies Applied

The strategies are all applied to Isaiah 5:10 below.

For a ten-yoke vineyard will yield only one bath, and one homer of seed will yield only an ephah. (Isaiah 5:10 ULT)

- (1) Use the measurements from the ULT. These are the same kinds of measurements that the original writers used. Spell them in a way that is similar to the way they sound or are spelled in the ULT. (See Copy or Borrow Words.)

"For a ten-yoke vineyard will yield only one **bat**, and one **homer** of seed will yield only an **efa**."

- (2) Use the measurements given in the UST. Usually they are metric measurements. The translators of the UST have already figured how to represent the amounts in the metric system.

"For a ten-yoke vineyard will yield only **22 liters** and **220 liters** of seed will yield only **22 liters**."

"For a ten-yoke vineyard will yield only **22**, and **ten baskets** of seed will yield only **one basket**."

- (3) Use measurements that are already used in your language. In order to do this you would need to know how your measurements relate to the metric system and figure out each measurement.

"For a ten-yoke vineyard will yield only **six gallons**, and **six and a half bushels** of seed will yield only **20 quarts**."

- (4) Use the measurements from the ULT and include measurements that your people know in the text or a note. The following shows both measurements in the text.

"For a ten-yoke vineyard will yield only **one bath (six gallons)**, and **one homer (six and a half bushels)** of seed will yield only **an ephah (20 quarts)**."

- (5) Use measurements that your people know, and include the measurements from the ULT in the text or in a note. The following shows the ULT measurements in footnotes.

"For a ten-yoke vineyard will yield only 22 liters¹, and 220 liters² of seed will yield only 22 liters³."

The footnotes would look like:

- [1] one bath
- [2] one homer
- [3] one ephah

When the unit of measure is implied

Sometimes the Hebrew does not specify a particular unit of volume but only uses a number. In these cases, many English versions, including the ULT and UST, add the word "measure."

When you came to a heap of **20 measures** of grain, there were only **ten**, and when you came to the wine vat to draw out **50 measures** of wine, there were only 20. (Haggai 2:16 ULT)

Translation Strategies

- (1) Translate literally by using the number without a unit.
- (2) Use a generic word like "measure" or "quantity" or "amount."
- (3) Use the name of an appropriate container, such as "basket" for grain or "jar" for wine.
- (4) Use a unit of measure that you are already using in your translation.

Translation Strategies Applied

The strategies are all applied to Haggai 2:16 below.

When you came to a heap of **20 measures** of grain, there were only **ten**, and when you came to the wine vat to draw out **fifty measures** of wine, there were only **20**. (Haggai 2:16 ULT)

- (1) Translate literally by using the number without a unit.

When you came to a heap of **20** of grain, there were only **ten**, and when you came to the wine vat to draw out **50** of wine, there were only **20**.

- (2) Use a generic word like "measure" or "quantity" or "amount."

When you came to a heap of **20 amounts** of grain, there were only **ten**, and when you came to the wine vat to draw out **fifty amounts** of wine, there were only **20**.

- (3) Use the name of an appropriate container, such as "basket" for grain or "jar" for wine.

When you came to a heap of **20 baskets** of grain, there were only **ten**, and when you came to the wine vat to draw out **50 jars** of wine, there were only **20**.

- (4) Use a unit of measure that you are already using in your translation.

When you came to a heap for **20 liters** of grain, there were only **ten liters**, and when you came to the wine vat to draw out **50 liters** of wine, there were only **20 liters**.

Connecting Words and Phrases

Description

This page answers the question: *How do connecting words work to join parts of the text in different ways?*

As humans, we write our thoughts in phrases and sentences. We usually want to communicate a series of thoughts that are connected to each other in different ways. **Connecting words and phrases** show how these thoughts are related to each other. For example, we can show how the following thoughts are related by using the Connecting Words in bold type:

- It was raining, **so** I opened my umbrella.
- It was raining, **but** I did not have an umbrella. **So** I got very wet.

Connecting words or phrases can connect phrases or clauses within a sentence. They can connect sentences to each other. They can also connect entire chunks to one another in order to show how the chunk before relates to the chunk after the connecting word. Very often, the connecting words that connect entire chunks to one another are either conjunctions or adverbs.

It was raining, but I did not have an umbrella, so I got very wet.

Now I must change my clothes. Then I will drink a cup of hot tea and warm myself by the fire.

In the above example, the word **now** connects the two short chunks of text, showing the relationship between them. The speaker must change his clothes, drink hot tea, and warm himself because of something that happened earlier (that is, he got wet in the rain).

Sometimes people might not use a connecting word because they expect the context to help the readers understand the relationship between the thoughts. Some languages do not use connecting words as much as other languages do. They might say:

- It was raining. I did not have an umbrella. I got very wet.

You (the translator) will need to use the method that is most natural and clear in the target language. But in general, using connecting words whenever possible helps the reader to understand the ideas in the Bible most clearly.

Reasons This Is a Translation Issue

- You need to understand the relationship between paragraphs, between sentences, and between parts of sentences in the Bible, and how connecting words and phrases can help you to understand the relationship between the thoughts that they are connecting.
- Each language has its own ways of showing how thoughts are related.
- You need to know how to help readers understand the relationship between the thoughts in a way that is natural in your language.

Translation Principles

- You need to translate in a way that readers can understand the same relationship between thoughts that the original readers would have understood.
- Whether or not a connecting word is used is not as important as readers being able to understand the relationship between the ideas.

The Different Types of Connections

Listed below are different types of connections between ideas or events. These different types of connections can be indicated by using different connecting words. When we write or translate something, it is important to use the right connecting word so that these connections are clear for the reader. If you would like additional information, simply click the colored, hyperlinked word to be directed to a page containing definitions and examples for each type of connection.

- Sequential Clause — a time relationship between two events in which one happens and then the other happens.
- Simultaneous Clause — a time relationship between two or more events that occur at the same time.
- Background Clause — a time relationship in which the first clause describes a long event that is happening at the time when the beginning of the second event happens, which is described in the second clause.
- Exceptional Relationship — one clause describes a group of people or items, and the other clause excludes one or more items or people from the group.
- Hypothetical Condition — the second event will only take place if the first one takes place. Sometimes what takes place is dependent on the actions of other people.
- Factual Condition — a connection that sounds hypothetical but is already certain or true, so that the condition is guaranteed to happen.
- Contrary-to-Fact Condition — a connection that sounds hypothetical but is already certain that it is not true. See also: Hypothetical Statements.
- Goal Relationship — a logical relationship in which the second event is the purpose or goal of the first.
- Reason and Result Relationship — a logical relationship in which one event is the reason for the other event, the result.
- Contrast Relationship — one item is being described as different or in opposition to another.

Examples from the Bible

I did not immediately consult with flesh and blood. I did not go up to Jerusalem to those who were apostles before me. **Instead**, I went to Arabia and then returned to Damascus. **Then** after three years, I went up to Jerusalem to visit Cephas, and I stayed with him 15 days. (Galatians 1:16b-18 ULT)

The word “instead” introduces something that contrasts with what was said before. The contrast here is between what Paul did not do and what he did do. The word “then” introduces a sequence of events. It introduces something that Paul did after he returned to Damascus.

Therefore, whoever breaks the least one of these commandments **and** teaches others to do so will be called least in the kingdom of heaven. **But** whoever keeps them and teaches them, that one will be called great in the kingdom of heaven. (Matthew 5:19 ULT)

The word “therefore” links this section with the section before it, signaling that the section that came before gave the reason for this section. “Therefore” usually links sections larger than one sentence. The word “and” links only two actions within the same sentence, that of breaking commandments and teaching others. In this verse the word “but” contrasts what one group of people will be called in God’s kingdom with what another group of people will be called.

We place nothing as a stumbling block in front of anyone, **so that** our ministry might not be discredited. **Instead**, we commend ourselves in everything as God’s servants. (2 Corinthians 6:3-4 ULT)

Here the words “so that” connect what follows as the reason for what came before; the reason that Paul does not place stumbling blocks is that he does not want his ministry brought into disrepute. “Instead” contrasts what Paul does (prove by his actions that he is God’s servant) with what he said he does not do (place stumbling blocks).

General Translation Strategies

See each type of Connecting Word above for specific strategies

If the way the relationship between thoughts is shown in the ULT would be natural and give the right meaning in your language, then consider using it. If not, here are some other options.

- (1) Use a connecting word (even if the ULT does not use one).
- (2) Do not use a connecting word if it would be strange to use one and people would understand the right relationship between the thoughts without it.
- (3) Use a different connecting word.

Examples of Translation Strategies Applied

- (1) Use a connecting word (even if the ULT does not use one).

Jesus said to them, "Come follow me, and I will make you to become fishers of men." Then immediately they left the nets and followed him. (Mark 1:17-18 ULT)

They followed Jesus because he told them to. Some translators may want to mark this clause with the connecting word "so."

Jesus said to them, "Come follow me, and I will make you to become fishers of men." **So**, immediately they left the nets and followed him.

- (2) Do not use a connecting word if it would be odd to use one, and if people would understand the right relationship between the thoughts without it.

Therefore, whoever breaks the least one of these commandments **and** teaches others to do so will be called least in the kingdom of heaven. **But** whoever keeps them and teaches them, that one will be called great in the kingdom of heaven. (Matthew 5:19 ULT)

Some languages would prefer not to use connecting words here because the meaning is clear without them and using them would be unnatural. They might translate like this:

Therefore, whoever breaks the least one of these commandments, teaching others to do so as well, will be called least in the kingdom of heaven. Whoever keeps them and teaches them, that one will be called great in the kingdom of heaven.

I did not immediately consult with flesh and blood. I did not go up to Jerusalem to those who were apostles before me. **Instead**, I went to Arabia and then returned to Damascus. **Then** after three years, I went up to Jerusalem to visit Cephas, and I stayed with him 15 days. (Galatians 1:16b-18 ULT) (Galatians 1:16-18 ULT)

Some languages might not need the words "instead" or "then" here. They might translate like this:

I did not immediately consult with flesh and blood, nor did I go up to Jerusalem to those who had become apostles before me. I went to Arabia and then returned to Damascus. After three years I went up to Jerusalem to visit Cephas, and I stayed with him 15 days.

- (3) Use a different connecting word.

Therefore, whoever breaks the least one of these commandments **and** teaches others to do so will be called least in the kingdom of heaven. **But** whoever keeps them and teaches them, that one will be called great in the kingdom of heaven. (Matthew 5:19 ULT)

Instead of a word like “therefore,” a language might need a phrase to indicate that there was a section before it that gave the reason for the section that follows. Also, the word “but” is used here because of the contrast between the two groups of people. But in some languages, the word “but” would show that what comes after it is surprising because of what came before it. So “and” might be clearer for those languages. They might translate like this:

Because of that, whoever breaks the least one of these commandments and teaches others to do so will be called least in the kingdom of heaven.
And whoever keeps them and teaches them, that one will be called great in the kingdom of heaven.

Distinguishing Versus Informing or Reminding

Description

In some languages, phrases that modify a noun can be used with the noun for two different purposes. They can either (1) distinguish the noun from other similar items, or (2) they can give more information about the noun. That information could be new to the reader, or a reminder about something the reader might already know. Other languages use modifying phrases with a noun only for distinguishing the noun from other similar things. When people who speak these languages hear a modifying phrase along with a noun, they assume that its function is to distinguish one item from another similar item.

This page answers the question: *When a phrase is used with a noun, what is the difference between phrases that distinguish the noun from others and phrases that simply inform or remind?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-partsofspeech\]\]](#)

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

Some languages use a comma to mark the difference between (1) making a distinction between similar items and (2) giving more information about an item. Without the comma, the sentence below communicates that it is making a distinction:

- Mary gave some of the food to **her sister who was very thankful**.
 - If her sister was usually thankful, the phrase “who was thankful” could distinguish this sister of Mary’s from another sister who was not usually thankful.

With the comma, the sentence is giving more information:

- Mary gave some of the food to **her sister, who was very thankful**.
 - This same phrase can be used to give us more information about Mary’s sister. It tells us about how Mary’s sister responded when Mary gave her the food. In this case it does not distinguish one sister from another sister.

Reasons This Is a Translation Issue

- Many source languages of the Bible use phrases that modify a noun both for distinguishing the noun from another similar item and also for giving more information about the noun. You (the translator) must be careful to understand which meaning the author intended in each case.
- Some languages use phrases that modify a noun only for distinguishing the noun from another similar item. When translating a phrase that is used for giving more information, translators who speak these languages will need to separate the phrase from the noun. Otherwise, people who read it or hear it will think that the phrase is meant to distinguish the noun from other similar items.

Examples From the Bible

Examples of words and phrases that are used to distinguish one item from other possible items:

(These usually do not cause any problem in translation.)

■ The curtain is to separate **the holy place** from **the most holy place**. (Exodus 26:33b ULT)

The words “holy” and “most holy” distinguish two different places from each other and from any other place.

■ A foolish son is a grief to his father, and bitterness to **the woman who bore him**. (Proverbs 17:25 ULT)

The phrase “who bore him” distinguishes which woman the son is bitterness to. He is not bitterness to all women, but to his mother.

Examples of words and phrases that are used to give added information or a reminder about an item:

(These are a translation issue for languages that do not use these.)

... for **your righteous judgments** are good. (Psalm 119:39b ULT)

The word “righteous” simply reminds us that God’s judgments are righteous. It does not distinguish his righteous judgments from his unrighteous judgments, because all of his judgments are righteous.

How can Sarah, **who is 90 years old**, bear a son? (Genesis 17:17b ULT)

The phrase “who is 90 years old” is the reason that Abraham did not think that Sarah could bear a son. He was not distinguishing one woman named Sarah from another woman named Sarah who was a different age, and he was not telling anyone something new about her age. He simply did not think that a woman who was that old could bear a child.

I will wipe away mankind **whom I have created** from the surface of the earth. (Genesis 6:7 ULT)

The phrase “whom I have created” is a reminder of the relationship between God and mankind. It is the reason God had the right to wipe away mankind. There is not another mankind that God did not create.

Translation Strategies

If readers would understand the purpose of a phrase with a noun, then consider keeping the phrase and the noun together. For languages that use words or phrases with a noun only to distinguish one item from another, here are some strategies for translating phrases that are used to inform or remind.

- (1) Put the information in another part of the sentence and add words that show its purpose.
- (2) Use one of your language’s ways for expressing that this is just added information. It may be by adding a small word, or by changing the way the voice sounds. Sometimes changes in the voice can be shown with punctuation marks, such as parentheses or commas.

Examples of Translation Strategies Applied

- (1) Put the information in another part of the sentence and add words that show its purpose.

I hate those who serve **worthless** idols (Psalm 31:6 ULT)

By saying “worthless idols,” David was commenting about all idols and giving his reason for hating those who serve them. He was not distinguishing worthless idols from valuable idols.

>

Because idols are worthless, I hate those who serve them.

... for your **righteous** judgments are good. (Psalm 119:39b ULT)

... for your judgments are good **because they are righteous**.

Can Sarah, **who is 90 years old**, bear a son? (Genesis 17:17b ULT)

The phrase “who is 90 years old” is a reminder of Sarah’s age. It tells why Abraham was asking the question. He did not expect that a woman who was that old could bear a child.

>

Can Sarah bear a son **even when she is 90 years old**?

I will call on Yahweh, **who is worthy to be praised**. (2 Samuel 22:4a ULT) There is only one Yahweh. The phrase “who is worthy to be praised” gives a reason for calling on Yahweh.

I will call on Yahweh, because **he is worthy to be praised**

(2) Use one of your language’s ways for expressing that this is just added information.

You are my Son, **whom I love**. I am pleased with you. (Luke 3:22 ULT)

You are my Son. **I love you** and I am pleased with you.

Receiving my love, you are my Son. I am pleased with you.

Doublet

Description

We are using the word “doublet” to refer to two words or phrases that are used together and either mean the same thing or mean very close to the same thing. Often they are joined with the word “and.” Unlike Hendiadys, in which one of the words modifies the other, in a doublet the two words or phrases are equal and are used to emphasize or intensify the one idea that is expressed by the two words or phrases.

This page answers the question: *What are doublets and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

A very similar issue is the repetition of the same word or phrase for emphasis, usually with no other words between them. Because these figures of speech are so similar and have the same effect, we will treat them here together.

Reason This Is a Translation Issue

In some languages people do not use doublets. Or they may use doublets, but only in certain situations, so a doublet might not make sense in their language in some verses. People might think that the verse is describing two ideas or actions, when it is only describing one. In this case, translators may need to find some other way to express the meaning expressed by the doublet.

Examples From the Bible

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

The bolded words mean the same thing. Together they mean the people were spread out.

He attacked two men **more righteous** and **better** than himself. (1 Kings 2:32b ULT)

This means that they were “much more righteous” than he was.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

This means that they had decided to lie, which is another way of saying that they intended to deceive people.

... like of a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

This means that he was like a lamb that did not have any defect—not even one.

Then they approached {and} woke him up, saying, “**Master! Master!** We are perishing!” (Luke 8:24 ULT)

The repetition of “Master” means that the disciples called to Jesus urgently and continually.

Translation Strategies

If a doublet would be natural and give the right meaning in your language, consider using it. If not, consider these strategies.

(1) Translate only one of the words or phrases.

(2) If the doublet is used to intensify the meaning, translate one of the words or phrases and add a word that intensifies it such as “very” or “great” or “many.”

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language's ways of doing that.

Translation Strategies Applied

(1) Translate only one of the words.

You have decided to prepare **false** and **deceptive** words. (Daniel 2:9b ULT)

"You have decided to prepare **false** things to say."

(2) If the doublet is used to intensify the meaning, translate one of the words and add a word that intensifies it such as "very" or "great" or "many."

He has one people **scattered** and **dispersed** among the peoples (Esther 3:8 ULT)

"He has one people **very spread out**."

(3) If the doublet is used to intensify or emphasize the meaning, use one of your language's ways of doing that.

... like a lamb **without blemish** and **without spot**. (1 Peter 1:19b ULT)

- English can emphasize this with "any" and "at all."

"... like a lamb **without any blemish at all**."

Then they approached {and} woke him up, saying, "**Master! Master!** We are perishing!" (Luke 8:24 ULT)

Then they approached {and} woke him up, **urgently shouting, "Master!**
We are perishing!"

Ellipsis

Description

An ellipsis¹ occurs when a speaker or writer leaves out one or more words that normally should be in the sentence. The speaker or writer does this because he knows that the hearer or reader will understand the meaning of the sentence and supply the words in his mind when he hears or reads the words that are there. For example:

So the wicked will not stand in the judgment, **nor sinners in the assembly of the righteous.**
(Psalm 1:5 ULT)

There is ellipsis in the second part because “nor sinners in the assembly of the righteous” is not a complete sentence. The speaker assumes that the hearer will understand what it is that sinners will not do in the assembly of the righteous by filling in the action from the previous clause. With the action filled in, the complete sentence would read:

So the wicked will not stand in the judgment, nor **will** sinners **stand** in the assembly of the righteous.

[¹] English has a punctuation symbol which is also called an ellipsis. It is a series of three dots (...) used to indicate an intentional omission of a word, phrase, sentence or more from text without altering its original meaning. This translationAcademy article is not about the punctuation mark, but about the concept of omission of words that normally should be in the sentence.

Two Types of Ellipsis

A Relative Ellipsis happens when the reader has to supply the omitted word or words from the context. Usually the word is in the previous sentence, as in the example above.

An Absolute Ellipsis happens when the omitted word or words are not in the context, but the phrases are common enough in the language that the reader is expected to supply what is missing from this common usage or from the nature of the situation.

Reason This Is a Translation Issue

Readers who see incomplete sentences or phrases may not know that there is information missing that the writer expects them to fill in. Or readers may understand that there is information missing, but they may not know what information is missing because they do not know the original biblical language, culture, or situation as the original readers did. In this case, they may fill in the wrong information. Or readers may misunderstand the ellipsis if they do not use ellipsis in the same way in their language.

Examples From the Bible

Relative Ellipsis

He makes Lebanon skip like a calf **and Sirion like a young ox.** (Psalm 29:6 ULT)

The writer wants his words to be few and to make good poetry. The full sentence with the information filled in would be:

This page answers the question: *What is ellipsis ?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

He makes Lebanon skip like a calf and **he makes** Sirion **skip** like a young ox.

Watch carefully, therefore, how you walk—**not as unwise but as wise**. (Ephesians 5:15b ULT)

The information that the reader must understand in the second parts of these sentences can be filled in from the first parts:

Watch carefully, therefore, how you walk—**walk** not as unwise but **walk** as wise,

Absolute Ellipsis

Then when he had come near, he asked him, “What do you want me to do for you?” And so he said, “Lord, **that I might recover my sight**.” (Luke 18:40b-41 ULT)

It seems that the man answered in an incomplete sentence because he wanted to be polite and not directly ask Jesus for healing. He knew that Jesus would understand that the only way he could receive his sight would be for Jesus to heal him. The complete sentence would be:

“Lord, **I want you to heal me so** that I might receive my sight.”

To Titus, a true son in our common faith. Grace and peace from God the Father and Christ Jesus our Savior. (Titus 1:4 ULT)

The writer assumes that the reader will recognize this common form of a blessing or wish, so he does not need to include the full sentence, which would be:

To Titus, a true son in our common faith. **May you receive** grace and peace from God the Father and Christ Jesus our Savior.

Translation Strategies

If ellipsis would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) Add the missing words to the incomplete phrase or sentence.

Examples of Translation Strategies Applied

(1) Add the missing words to the incomplete phrase or sentence.

Exclamations

Description

Exclamations are words or sentences that show strong feeling such as surprise, joy, fear, or anger. In the ULT and UST, they usually have an exclamation mark (!) at the end. The mark shows that it is an exclamation. The situation and the meaning of what the people said helps us understand what feelings they were expressing. In the example below from Matthew 8, the speakers were terribly afraid. In the example from Matthew 9, the speakers were amazed, because something happened that they had never seen before.

This page answers the question: *What are ways of translating exclamations?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentencetypes\]\]](#)

Save us, Lord; we are about to die! (Matthew 8:25b ULT)

When the demon had been driven out, the mute man spoke. The crowds were astonished and said, "This has never been seen before in Israel!" (Matthew 9:33 ULT)

Reason This Is a Translation Issue

Languages have different ways of showing that a sentence communicates strong emotion.

Examples From the Bible

Some exclamations have a word that shows feeling. The sentences below have "Oh" and "Ah." The word "oh" here shows the speaker's amazement.

Oh, the depth of the riches both of the wisdom and the knowledge of God! (Romans 11:33 ULT)

The word "Alas" below shows that Gideon was very frightened.

When Gideon saw that he was the angel of Yahweh, Gideon lamented, "**Alas**, O my Lord Yahweh, for because of this I have seen the angel of Yahweh face to face!" (Judges 6:22 ULT)

Some exclamations start with a question word such as "how" or "why," even though they are not questions. The sentence below shows that the speaker is amazed at how unsearchable God's judgments are.

How unsearchable are his judgments, and his ways beyond discovering! (Romans 11:33b ULT)

Some exclamations in the Bible do not have a main verb. The exclamation below shows that the speaker is disgusted with the person he is speaking to.

You worthless person! (Matthew 5:22b ULT)

Translation Strategies

- (1) If an exclamation in your language needs a verb, add one. Often a good verb is "is" or "are."
- (2) Use an exclamation word from your language that shows the strong feeling.
- (3) Translate the exclamation word with a sentence that shows the feeling.
- (4) Use a word that emphasizes the part of the sentence that brings about the strong feeling.

(5) If the strong feeling is not clear in the target language, then tell how the person felt.

Examples of Translation Strategies Applied

(1) If an exclamation in your language needs a verb, add one. Often a good verb is “is” or “are.”

You worthless person! (Matthew 5:22b ULT)

“You **are** such a worthless person!”

Oh, the depth of the riches both of the wisdom and the knowledge of God! (Romans 11:33b ULT)

“Oh, the riches of the wisdom and the knowledge of God **are** so deep!”

(2) Use an exclamation word from your language that shows the strong feeling. In the first suggested translation below, the word “wow” shows that they were astonished. In the second suggested translation, the expression “Oh no” shows that something terrible or frightening has happened.

They were extremely astonished, saying, “He has done everything well. He even makes the deaf hear and the mute speak.” (Mark 7:37 ULT)

“They were extremely astonished, saying, ‘**Wow!** He has done everything well. He even makes the deaf to hear and the mute to speak.’”

Alas, oh my Lord Yahweh! For because of this I have seen the angel of Yahweh face to face! (Judges 6:22b ULT)

“**Oh no**, Lord Yahweh! I have seen the angel of Yahweh face to face!”

(3) Translate the exclamation word with a sentence that shows the feeling.

“**Alas**, O my Lord Yahweh, for because of this I have seen the angel of Yahweh face to face!” (Judges 6:22 ULT)

“Lord Yahweh, **what will happen to me?** For I have seen the angel of Yahweh face to face!”

“**Help**, Lord Yahweh! For I have seen the angel of Yahweh face to face!”

(4) Use a word that emphasizes the part of the sentence that brings about the strong feeling.

How unsearchable are his judgments, and his ways beyond discovering! (Romans 11:33b ULT)

“His judgments are **so** unsearchable and his ways are **far** beyond discovering!”

(5) If the strong feeling is not clear in the target language, then tell how the person felt.

When Gideon saw that he was the angel of Yahweh, Gideon lamented, “**Alas**, O my Lord Yahweh, for because of this I have seen the angel of Yahweh face to face!” (Judges 6:22 ULT)

Gideon understood that this was the angel of Yahweh. **He was terrified** and said, “**Alas**, Lord Yahweh! I have seen the angel of Yahweh face to face!”

First, Second or Third Person

Normally a speaker refers to himself as “I” and the person he is speaking to as “you.” Sometimes in the Bible a speaker refers to himself or to the person he is speaking to with terms other than “I” or “you.”

Description

- First person — This is how a speaker normally refers to himself. English uses the pronouns “I” and “we.” (Also: me, my, mine; us, our, ours)
- Second person — This is how a speaker normally refers to the person or people he is speaking to. English uses the pronoun “you.” (Also: your, yours)
- Third person — This is how a speaker refers to someone else. English uses the pronouns “he,” “she,” “it,” and “they.” (Also: him, his, her, hers, its; them, their, theirs) Noun phrases like “the man” or “the woman” are also third person.

This page answers the question: *What are first, second, and third person, and how do I translate when a third person form does not refer to the third person?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-explicitinfo\]\]](#)

[\[\[rc://en/ta/man/translate/figs-pronouns\]\]](#)

Reason This Is a Translation Issue

Sometimes in the Bible a speaker uses the third person to refer to himself or to the people he is speaking to. Readers might think that the speaker was referring to someone else. They might not understand that he meant “I” or “you.”

Examples From the Bible

Sometimes people used the third person instead of “I” or “me” to refer to themselves.

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34 ULT)

David referred to himself in the third person as “your servant” and used “his.” He was calling himself Saul’s servant in order to show his humility before Saul.

Then Yahweh answered Job out of a fierce storm and said,
“... Do you have an arm like **God’s**? Can you thunder with a voice like **his**?” (Job 40:6, 9 ULT)

God referred to himself in the third person with the words “God’s” and “his.” He did this to emphasize that he is God, and he is powerful.

Sometimes people use the third person instead of “you” or “your” to refer to the person or people they are speaking to.

Abraham answered and said, “Look, I have undertaken to speak to my Lord, even though I am only dust and ashes!” (Genesis 18:27 ULT)

Abraham was speaking to the Lord, and referred to the Lord as “My Lord” rather than as “you.” He did this to show his humility before God.

So also my heavenly Father will do to you, if **each of you** does not forgive **his** brother from your heart. (Matthew 18:35 ULT)

After saying “each of you,” Jesus used the third person “his” instead of “your.”

Translation Strategies

If using the third person to mean “I” or “you” would be natural and give the right meaning in your language, consider using it. If not, here are some other options.

- (1) Use the third person phrase along with the pronoun “I” or “you.”
- (2) Simply use the first person (“I”) or second person (“you”) instead of the third person.

Examples of Translation Strategies Applied

- (1) Use the third person phrase along with the pronoun “I” or “you.”

But David said to Saul, “**Your servant** used to keep **his** father’s sheep.” (1 Samuel 17:34)

- (2) Simply use the first person (“I”) or second person (“you”) instead of the third person.

Fractions

Description

A fraction is a number that represents part of a whole. When an item is divided into several equal parts, a fraction refers to one or more of those parts.

For the drink offering, you must offer **a third** of a hin of wine. (Numbers 15:7a ULT)

A hin is a container of a set size which is used for measuring wine and other liquids. The people were to think about dividing a hin container into three equal parts, filling up only one of those parts and offering that amount.

... **a third** of the ships were destroyed. (Revelation 8:9b ULT)

There were many ships. If all those ships were divided into three equal groups of ships, one group of ships was destroyed.

Most fractions in English simply have the letters “th” added to the end of the number, such as fourth, sixth, ninth, tenth.

| Number of parts the whole is divided into | Fraction | | ----- | ----- | | four | fourth | | ten | tenth | | one hundred | one hundredth | | one thousand | one thousandth |

Some fractions in English do not follow that pattern.

| Number of parts the whole is divided into | Fraction | | ----- | ----- | | two | half | | three | third | | five | fifth |

Reason This is a Translation Issue

Some languages do not use fractions. They may simply talk about parts or groups, but they do not use fractions to tell how big a part is or how many parts are included in a group.

Examples From the Bible

Now to the **half-tribe** of Manasseh, Moses had given a possession in Bashan, but to the other **half**, Joshua gave a possession among their brothers across the Jordan on the west. (Joshua 22:7 ULT)

The tribe of Manasseh divided into two groups. The phrase “the half-tribe of Manasseh” refers one of those groups. The phrase “the other half” refers to the other group.

So the four angels who had been prepared for that hour, that day, that month, and that year, were released so that they would kill **a third** of mankind. (Revelation 9:15 ULT)

If all the people in the world were to be divided into three equal groups, then the number of people in one group would be killed.

You must also prepare **a fourth** of a hin of wine as the drink offering. (Numbers 15:5 ULT)

They were to imagine dividing a hin of wine into four equal parts and prepare the amount equal to one of them.

Translation Strategies

If a fraction in your language would give the right meaning, consider using it. If not, you could consider these strategies.

- (1) Tell the number of parts or groups that the item would be divided into, and then tell the number of parts or groups that is being referred to.
- (2) For measurements such as for weight and length, use a unit that your people might know or the unit in the UST.
- (3) For measurements, use ones that are used in your language. In order to do that you would need to know how your measurements relates to the metric system and figure out each measurement.

Examples of These Translation Strategies Applied

- (1) Tell the number of parts or groups that the item would be divided into, and then tell the number of parts or groups that is being referred to.

A third of the ocean became red like blood (Revelation 8:8 ULT)

It was like they **divided** the ocean **into three parts**, and **one part** of the ocean became blood.

Then you must offer with the bull a grain offering of **three-tenths** of an ephah of fine flour mixed with **half a hin** of oil. (Numbers 15:9 ULT)

... then you must **divide** an ephah of fine flour **into ten parts** and **divide** a hin of oil **into two parts**. Then mix **three of those parts** of the flour with **one of the parts** of oil. Then you must offer that grain offering along with the bull.

- (2) For measurements, use the measurements that are given in the UST. The translators of the UST have already figured how to represent the amounts in the metric system.

... **two-thirds of a shekel** ... (1 Samuel 13:21b ULT)

... **eight grams** of silver ... (1 Samuel 13:21b UST)

Hebrew Months

Description

This page answers the question: *What are the Hebrew months?*

The Hebrew calendar used in the Bible has twelve months. Unlike the western calendar, its first month begins in the spring of the northern hemisphere. Sometimes a month is called by its name (Aviv, Ziv, Sivan), and sometimes it is called by its order in the Hebrew calendar year (first month, second month, third month).

Reasons This Is a Translation Issue

- Readers may be surprised to read of months that they have never heard of, and they may wonder how those months correspond to the months that they use.
- Readers may not realize that phrases such as “the first month” or “the second month” refer to the first or second month of the Hebrew calendar, not some other calendar.
- Readers may not know when the first month of the Hebrew calendar begins.
- The Bible may tell about something happening in a certain month, but readers will not be able to fully understand what is said about it if they do not know what season of the year that was.

List of Hebrew Months

This is a list of the Hebrew months with information about them that may be helpful in the translation.

Aviv — (This month was called **Nisan** after the Babylonian exile.) This is the first month of the Hebrew calendar. It marks when God brought the people of Israel out of Egypt. It is at the beginning of the spring season when the late rains come and people begin to harvest their crops. It is during the last part of March and the first part of April on western calendars. The Passover celebration started on Aviv 10; the Festival of Unleavened Bread was right after that, and the Festival of Harvest was a few weeks after that.

Ziv — This is the second month of the Hebrew calendar. This is during the harvest season. It is during the last part of April and the first part of May on Western calendars.

Sivan — This is the third month of the Hebrew calendar. It is at the end of the harvest season and the beginning of the dry season. It is during the last part of May and the first part of June on Western calendars. The Feast of Weeks is celebrated on Sivan 6.

Tammuz — This is the fourth month of the Hebrew calendar. It is during the dry season. It is during the last part of June and the first part of July on Western calendars.

Ab — This is the fifth month of the Hebrew calendar. It is during the dry season. It is during the last part of July and the first part of August on Western calendars.

Elul — This is the sixth month of the Hebrew calendar. It is at the end of the dry season and the beginning of the rainy season. It is during the last part of August and the first part of September on Western calendars.

Ethanim — This is the seventh month of the Hebrew calendar. This is during the early rain season which would soften the land for sowing. It is during the last part of September and the first part of October on Western calendars. The Feast of Ingathering and the Day of Atonement are celebrated in this month.

Bul — This is the eighth month of the Hebrew calendar. It is during the rainy season when people plough their fields and sow seed. It is during the last part of October and the first part of November on Western calendars.

Examples From the Bible

Today you are going out, in **the month of Aviv**. (Exodus 13:4 ULT)

You must eat unleavened bread from evening of the fourteenth day **in the first month of the year**, until evening of the twenty-first day of the month. (Exodus 12:18 ULT)

Translation Strategies

You may need to make some information about the months explicit. (See [Assumed Knowledge and Implicit Information](#).)

(1) Tell the number of the Hebrew month.

(2) Use the names for months that people know.

(3) State clearly what season the month occurred in.

(4) Refer to the time in terms of the season rather than in terms of the Hebrew name of the month. (If possible, use a footnote to show the Hebrew month and day.)

Examples of Translation Strategies Applied

The examples below use these two verses.

At that time, you will appear before me in **the month of Aviv**, which is fixed for this purpose. It was in this month that you came out from Egypt. (Exodus 23:15b ULT)

It will always be a statute for you that in **the seventh month, on the tenth day of the month**, you must humble yourselves and do no work. (Leviticus 16:29a ULT)

(1) Tell the number of the Hebrew month.

At that time, you will appear before me in **the first month of the year**, which is fixed for this purpose. It was in this month that you came out from Egypt.

(2) Use the months that people know.

At that time, you will appear before me in **the month of March**, which is fixed for this purpose. It was in this month that you came out from Egypt.

It will always be a statute for you that **on the day I choose in late September** you must humble yourselves and do no work.

(3) State clearly what season the month occurs in.

It will always be a statute for you that **in the autumn, on the tenth day of the seventh month**, you must humble yourselves and do no work.

(4) Refer to the time in terms of the season rather than in terms of the month.

It will always be a statute for you that in **the day I choose in early autumn**¹ you must humble yourselves and do no work.

How to Translate Names

Description

The Bible contains the names of many people, groups of people, and places. Some of these names may sound strange and be hard to say. Sometimes readers may not know what a name refers to, and sometimes they may need to understand what a name means. This page will help you see how you can translate these names and how you can help people understand what they need to know about them.

This page answers the question: *How can I translate names that are new to my culture?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Meaning of names

Most names in the Bible have meaning. Most of the time, names in the Bible are used simply to identify the people and places they refer to, but sometimes the meaning of a name is especially important.

For this **Melchizedek**, king of Salem, priest of God Most High, was the one who met Abraham returning from the slaughter of the kings and blessed him. (Hebrews 7:1 ULT)

Here the writer uses the name “Melchizedek” primarily to refer to a man who had that name, and the title “king of Salem” tells us that he ruled over a certain city.

His name first indeed means “king of righteousness,” and then also “king of Salem,” that is, “king of peace.” (Hebrews 7:2b ULT)

Here the writer explains the meanings of Melchizedek’s name and title because those things tell us more about the person. Other times, the writer does not explain the meaning of a name because he expects the reader to already know the meaning. If the meaning of the name is important to understand the passage, you can include the meaning in the text or in a footnote.

Reasons This Is a Translation Issue

- Readers may not know some of the names in the Bible. They may not know whether a name refers to a person or place or something else.
- Readers may need to understand the meaning of a name in order to understand the passage.
- Some names may have different sounds or combinations of sounds that are not used in your language or are unpleasant to say in your language. For strategies to address this problem, see Borrow Words.
- Some people and places in the Bible have two names. Readers may not realize that two names refer to the same person or place.

Examples From the Bible

Then you crossed over the **Jordan** and came to **Jericho**, and the men of Jericho, and the **Amorites** ... fought against you, but I gave them into your hand. (Joshua 24:11 ULT)

Readers might not know that “Jordan” is the name of a river, “Jericho” is the name of a city, and “Amorites” is the name of a group of people.

She said, “Do I really continue to see, even after he has seen me?” Therefore, the well was called **Beer Lahai Roi**. (Genesis 16:13b-14a ULT)

Readers may not understand the second sentence if they do not know that “Beer Lahai Roi” means “Well of the Living One who sees me.”

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

Readers may not understand why she said this if they do not know that the name Moses sounds like the Hebrew words “pull out.”

Saul was in agreement with his execution. (Acts 8:1a ULT)

But when the apostles, Barnabas and **Paul**, heard of it, they tore their clothing. (Acts 14:14a ULT)

Readers may not know that the names Saul and Paul refer to the same person.

Translation Strategies

(1) If readers cannot easily understand from the context what kind of a thing a name refers to, you can add a word to clarify it.

(2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.

(3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.

(4) If a person or place has two different names, use one name most of the time and the other name only when the text tells about the person or place having more than one name or when it says something about why the person or place was given that name. Write a footnote when the source text uses the name that is used less frequently.

(5) Or if a person or place has two different names, then use whatever name is given in the source text, and add a footnote that gives the other name.

Examples of Translation Strategies Applied

You went over the **Jordan River** and came to the **city of Jericho**. The men of Jericho fought against you, along with **the tribe of the Amorites**.

At that hour, certain Pharisees approached, saying to him, “Leave and go away from here, because **Herod** wants to kill you.” (Luke 13:31 ULT)

At that hour, certain Pharisees approached, saying to him, “Go and leave here, because **King Herod** wants to kill you.”

(2) If readers need to understand the meaning of a name in order to understand what is said about it, copy the name and tell about its meaning either in the text or in a footnote.

And she called his name **Moses** and she said, “For out of the water I drew him.” (Exodus 2:10b ULT)

She called his name **Moses (which sounds like ‘drawn out’)**, and she said, “For out of the water I drew him.”

(3) Or if readers need to understand the meaning of a name in order to understand what is said about it, and that name is used only once, translate the meaning of the name instead of copying the name.

Write a footnote when the source text uses the name that is used less frequently. For example, Paul is called “Saul” before Acts 13 and “Paul” after Acts 13. You could translate his name as “Paul” all of the time, except in Acts 13:9 where it talks about him having both names.

... a young man named **Saul**. (Acts 7:58b ULT)

... a young man named **Paul** 1

The footnote would look like:

[1] Most versions say “Saul” here, but most of the time in the Bible he is called “Paul.”

Then later in the story, you could translate this way:

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit; (Acts 13:9)

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit;

(5) Or if a person or place has two names, use whatever name is given in the source text, and add a footnote that gives the other name. For example, you could write “Saul” where the source text has “Saul” and “Paul” where the source text has “Paul.”

a young man named **Saul** (Acts 7:58 ULT)

a young man named **Saul**

The footnote would look like:

[1] This is the same man who is called Paul beginning in Acts 13.

Then later in the story, you could translate this way:

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit; (Acts 13:9)

But **Saul**, who is also called **Paul**, was filled with the Holy Spirit;

Then after the story has explained the name change, you could translate this way.

It came about in Iconium that **Paul** and Barnabas entered together into the synagogue (Acts 14:1 ULT)

It came about in Iconium that **Paul**¹ and Barnabas entered together into the synagogue

The footnote would look like:

^[1] This is the same man who was called Saul before Acts 13.

Hyperbole

Description

A speaker or writer can use exactly the same words to say something that he means as completely true, or as generally true, or as a hyperbole. This is why it can be hard to decide how to understand a statement. For example, the sentence below could mean three different things.

It rains here every night.

The speaker means this as literally true if he means that it really does rain here every night.

The speaker means this as a **generalization** if he means that it rains here most nights.

The speaker means this as a **hyperbole** if he wants to say that it rains more than it actually does, usually in order to express a strong attitude toward the amount or frequency of rain, such as being annoyed or being happy about it.

This page answers the question: *What are hyperboles? What are generalizations? How can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

Hyperbole

In hyperbole, a figure of speech that uses exaggeration, a speaker deliberately describes something with an extreme or even unreal statement, usually to show his strong feeling or opinion about it. He expects people to understand that he is exaggerating.

They will not leave **stone upon stone in you**. (Luke 19:44b ULT)

This is an exaggeration. It means that the enemies will completely destroy Jerusalem.

Moses was educated in **all the wisdom of the Egyptians**. (Acts 7:22a ULT)

This hyperbole means that he had learned everything an Egyptian education could offer.

Generalization

This is a statement that is true most of the time or in most situations that it could apply to.

The one who ignores instruction **will have poverty and shame**, but **honor will come** to him who learns from correction. (Proverbs 13:18)

These generalizations tell about what normally happens to people who ignore instruction and what normally happens to people who learn from correction. There may be some exceptions to these statements, but they are generally true.

And when you pray, do not make useless repetitions as **the Gentiles do, for they think that they will be heard because of their many words**. (Matthew 6:7)

This generalization tells about what Gentiles were known for doing. Many Gentiles did this. It does not matter if a few did not. The point was that the hearers should not join in this well-known practice.

Even though a hyperbole or a generalization may have a strong-sounding word like "all," "always," "none," or "never," it does not necessarily mean **exactly** "all," "always," "none," or "never." It simply means "most," "most of the time," "hardly any," or "rarely."

Reason This Is a Translation Issue

Readers need to be able to understand whether or not a statement is literally true.

If readers realize that a statement is not literally true, they need to be able to understand whether it is a hyperbole, a generalization, or a lie. (Though the Bible is completely true, it tells about people who did not always tell the truth.)

Examples From the Bible

Examples of Hyperbole

If your hand causes you to stumble, **cut it off**. It is better for you to enter into life maimed ... (Mark 9:43a ULT)

When Jesus said to cut off your hand, he meant that we should **do whatever extreme things** we need to do in order not to sin. He used this hyperbole to show how extremely important it is to try to stop sinning.

The Philistines gathered together to fight against Israel with 3,000 chariots, 6,000 men to drive the chariots, and troops **as numerous as the sand on the seashore**. (1 Samuel 13:5a ULT)

The bolded phrase is an exaggeration for the purpose of expressing the emotion that the Philistine army was overwhelming in number. It means that there were **many, many** soldiers in the Philistine army.

But as his anointing teaches you **everything** and is true and is not a lie, and just as it has taught you, remain in him. (1 John 2:27b ULT)

This is a hyperbole. It expresses the assurance that God's Spirit teaches us about **all things that we need to know**. God's Spirit does not teach us about everything that it is possible to know.

When they found him, they also said to him, "**Everyone** is looking for you." (Mark 1:37 ULT)

The disciples probably did not mean that everyone in the city was looking for Jesus, but that **many people** were looking for him, or that all of Jesus' closest friends there were looking for him. This is an exaggeration for the purpose of expressing the emotion that they and many others were worried about him.

Examples of Generalization

Can **any good thing** come out of Nazareth? (John 1:46b ULT)

This rhetorical question is meant to express the generalization that there is nothing good in Nazareth. The people there had a reputation for being uneducated and not strictly religious. Of course, there were exceptions.

One of them, of their own prophets, has said, "**Cretans are always liars, evil beasts, lazy bellies**." (Titus 1:12 ULT)

This is a generalization that means that Cretans had a reputation to be like this because, in general, this is how Cretans behaved. It is possible that there were exceptions.

A lazy hand causes a person to be poor, but the hand of the diligent person gains riches. (Proverbs 10:4 ULT)

This is generally true, and it reflects the experience of most people. It is possible that there are exceptions in some circumstances.

Caution

- Do not assume that something is an exaggeration just because it seems to be impossible. God does miraculous things.

They saw Jesus **walking on the sea** and coming near the boat. (John 6:19b ULT)

This is not hyperbole. Jesus really walked on the water. It is a literal statement.

- Do not assume that the word “all” is always a generalization that means “most.”

> Yahweh is righteous in **all** his ways
> and gracious in **all** he does. (Psalms 145:17 ULT)

Yahweh is always righteous. This is a completely true statement.

Translation Strategies

If the hyperbole or generalization would be natural and people would understand it and not think that it is a lie, consider using it. If not, here are other options.

- (1) Express the meaning without the exaggeration.
- (2) For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases.”
- (3) For a hyperbole or a generalization, add a word like “many” or “almost” to show that the hyperbole or generalization is not meant to be exact.
- (4) For a hyperbole or a generalization that has a word like “all,” “always,” “none,” or “never,” consider deleting that word.

- (2) For a generalization, show that it is a generalization by using a phrase like “in general” or “in most cases.”

Many of the country of Judea and **many** of the people of Jerusalem went out to him.

Idiom

An idiom is a figure of speech made up of a group of words that, as a whole, has a meaning that is different from what one would understand from the meanings of the individual words. Someone from outside of the culture usually cannot understand an idiom without someone inside the culture explaining its true meaning. Every language uses idioms. Some English examples are:

- You are pulling my leg. (This means, “You are teasing me by telling me something that is not true.”)
- Do not push the envelope. (This means, “Do not take a matter to its extreme.”)
- This house is under water. (This means, “The debt owed for this house is greater than its actual value.”)
- We are painting the town red. (This means, “We are going around town tonight celebrating very intensely.”)

This page answers the question: *What are idioms and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

Description

An idiom is a phrase that has a special meaning to the people of the language or culture who use it. Its meaning is different than what a person would understand from the meanings of the individual words that form the phrase.

He **set his face** to go to Jerusalem. (Luke 9:51b ULT)

The words “set his face” is an idiom that means “decided.”

Sometimes people may be able to understand an idiom from another culture, but it might sound like a strange way to express the meaning.

I am not worthy that you would **come under my roof**. (Luke 7:6b ULT)

The phrase “come under my roof” is an idiom that means “enter my house.”

Put these words **into your ears**. (Luke 9:44a ULT)

This idiom means “Listen carefully and remember what I say.”

Purpose: An idiom is probably created in a culture somewhat by accident when someone describes something in an unusual way. But, when that unusual way communicates the message powerfully and people understand it clearly, other people start to use it. After a while, it becomes a normal way of talking in that language.

Reasons This Is a Translation Issue

- People can easily misunderstand idioms in the original languages of the Bible if they do not know the cultures that produced the Bible.
- People can easily misunderstand idioms that are in the source language Bibles if they do not know the cultures that made those translations.
- It is useless to translate idioms literally (according to the meaning of each word) when the target language audience will not understand what they mean.

Examples From the Bible

Then all Israel came to David at Hebron and said, “Look, we are your **flesh and bone**.” (1 Chronicles 11:1 ULT)

This means, “We and you belong to the same race, the same family.”

■ The children of Israel went out **with a high hand**. (Exodus 14:8b ASV)

This means, "The Israelites went out defiantly."

■ the one who **lifts up my head** (Psalm 3:3b ULT)

This means, "the one who helps me."

Translation Strategies

If the idiom would be clearly understood in your language, consider using it. If not, here are some other options.

- (1) Translate the meaning plainly without using an idiom.
- (2) Use a different idiom that people use in your own language that has the same meaning.

Examples of Translation Strategies Applied

- (1) Translate the meaning plainly without using an idiom.

■ Then all Israel came to David at Hebron and said, "Look, we are your **flesh and bone**." (1 Chronicles 11:1 ULT)

■ Look, we all **belong to the same nation**.

■ Then he **set his face** to go to Jerusalem. (Luke 9:51b ULT)

Introduction of New and Old Participants

Description

The first time that people or things are mentioned in a story, they are **new participants**. After that, whenever they are mentioned, they are **old participants**.

Now **there was a man from the Pharisees whose name was Nicodemus** ... **This man** came to Jesus at night ... Jesus replied and said to **him** ... (John 3:1, 2a, 3a)

This page answers the question: *Why cannot the readers of my translation understand who the author was writing about?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-partsofspeech\]\]](#)

[\[\[rc://en/ta/man/translate/writing-intro\]\]](#)

The first bolded phrase introduces Nicodemus as a new participant. After being introduced, he is then referred to as “This man” and “him” when he has become an old participant.

Reason This Is a Translation Issue

In order to make your translation clear and natural, it is necessary to refer to the participants in such a way that people will know if they are new participants or participants that they have already read about. Different languages have different ways of doing this. You must follow the way that your language does this, not the way that the source language does this.

Examples From the Bible

New Participants

Often the most important new participant is introduced with a phrase that says that he existed, such as “There was a man,” as in the example below. The phrase “There was” tells us that this man existed. The word “a” in “a man” tells us that the author is speaking about him for the first time. The rest of the sentence tells where this man was from, who his family was, and what his name was.

Now there was a man from Zorah, of the families of the Danites, and his name was Manoah. (Judges 13:2a ULT)

A new participant who is not the most important participant is often introduced in relation to the more important person who was already introduced. In the example below, Manoah’s wife is simply referred to as “his wife.” This phrase shows her relationship to him.

Now there was one man from Zorah, of the families of the Danites, and his name was Manoah. **His wife** was barren and she had never given birth. (Judges 13:2 ULT)

Sometimes a new participant is introduced simply by name because the author assumes that the readers know who the person is. In the first verse of 1 Kings, the author assumes that his readers know who King David is, so there is no need to explain who he is.

Now King David was old, he had advanced in the days, and they covered him with the garments, but it was not warm enough for him. (1 Kings 1:1 ULT)

Old Participants

A person who has already been brought into the story can be referred to with a pronoun after that. In the example below, Manoah is referred to with the pronoun “his,” and his wife is referred to with the pronoun “she.”

His wife was barren and she had never given birth. (Judges 13:2 ULT)

Old participants can also be referred to in other ways, depending on what is happening in the story. In the example below, the story is about bearing a son, and Manoah’s wife is referred to by the noun phrase “the wife.”

The angel of Yahweh appeared to the wife and he said to her ... (Judges 13:3a ULT)

If the old participant has not been mentioned for a while, or if there could be confusion between participants, the author may use the participant’s name again. In the example below, Manoah is referred to by his name, which the author has not used since verse 2.

Then Manoah prayed to Yahweh. (Judges 13:8a ULT)

Some languages place an affix on the verb that tells something about the subject. In some of those languages, people do not always use noun phrases or pronouns for old participants when they are the subject of the sentence. The marker on the verb gives enough information for the listener to understand who the subject is. (See Verbs.)

Translation Strategies

- (1) If the participant is new, use one of your language’s ways of introducing new participants.
- (2) If it is not clear to whom a pronoun refers, use a noun phrase or name.
- (3) If an old participant is referred to by name or a noun phrase, and people wonder if this is another new participant, try using a pronoun instead. If a pronoun is not needed because people would understand it clearly from the context, then leave out the pronoun.

Examples of Translation Strategies Applied

- (1) If the participant is new, use one of your language’s ways of introducing new participants.

Then Joseph, who was called Barnabas by the apostles (which is translated as Son of Encouragement), a Levite from Cyprus by birth ... (Acts 4:36-37 ULT) — Starting the sentence with Joseph’s name when he has not been introduced yet might be confusing in some languages.

There was a man from Cyprus who was a Levite. His name was Joseph, and he was given the name Barnabas by the apostles (that is, being interpreted, Son of Encouragement). There was a Levite from Cyprus whose name was Joseph. The apostles gave him the name Barnabas, which means Son of encouragement.

- (2) If it is not clear who a pronoun refers to, use a noun phrase or name.

And it happened that when he was praying in a certain place, when he stopped, one of his disciples said to him, “Lord, teach us to pray just as John also taught his disciples.” (Luke 11:1 ULT) — Since this is the first verse in a chapter, readers might wonder who “he” refers to.

It happened when Jesus finished praying in a certain place, that one of his disciples said, “Lord, teach us to pray just as John taught his disciples.”

(3) If an old participant is referred to by name or a noun phrase, and people wonder if this is another new participant, try using a pronoun instead. If a pronoun is not needed because people would understand it clearly from the context, then leave out the pronoun.

Joseph's master took Joseph and put him in prison, in the place where all the king's prisoners were put, and Joseph stayed there. (Genesis 39:20) — Since Joseph is the main person in the story, some languages might prefer the pronoun.

Joseph's master took **him** and put **him** in prison, in the place where all the king's prisoners were put, and **he** stayed there in the prison.

Irony

Description

Irony is a figure of speech in which the sense that the speaker intends to communicate is actually the opposite of the literal meaning of the words. Sometimes a person does this by using someone else's words, but in a way that communicates that he does not agree with them. People do this to emphasize how different something is from what it should be, or how someone else's belief about something is wrong or foolish. It is often humorous.

Then Jesus answered and said to them, "People who are well do not have need of a physician, but those who have sickness. I did not come to call the righteous, but sinners to repentance."
(Luke 5:31-32 ULT)

When Jesus spoke of "righteous people," he was not referring to people who were truly righteous, but to people who wrongly believed that they were righteous. By using irony, Jesus communicated that they were wrong to think that they were better than others and did not need to repent.

Reason This Is a Translation Issue

If someone does not realize that a speaker is using irony, he will think that the speaker actually believes what he is saying. He will understand the passage to mean the opposite of what it was intended to mean.

Examples From the Bible

How well you reject the commandment of God so that you may keep your tradition! (Mark 7:9b ULT)

Here Jesus praises the Pharisees for doing something that is obviously wrong. Through irony, he communicates the opposite of praise: He communicates that the Pharisees, who take great pride in keeping the commandments, are so far from God that they do not even recognize that their traditions are breaking God's commandments. The use of irony makes the Pharisee's sin more obvious and startling.

"Present your case," says Yahweh; "present your best arguments for your idols," says the King of Jacob. **"Let them bring us their own arguments; have them come forward and declare to us what will happen, so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled."** (Isaiah 41:21-22 ULT)

People worshiped idols as if their idols had knowledge or power, and Yahweh was angry at them for doing that. So he used irony and challenged their idols to tell what would happen in the future. He knew that the idols could not do this, but by speaking as if they could, he mocked the idols, making their inability more obvious, and rebuked the people for worshiping them.

Can you lead light and darkness to their places of work?
Can you find the way back to their houses for them?
Undoubtedly you know, for you were born then; "the number of your days is so large!" (Job 38:20-21 ULT)

Job thought that he was wise. Yahweh used irony to show Job that he was not so wise. The two phrases in bold above are irony. They emphasize the opposite of what they say, because they are so obviously false. They

emphasize that Job could not possibly answer God's questions about the creation of light because Job was not born until many, many years later.

Already you are satisfied! Already you have become rich! **You began to reign** apart from us, and I wish you really did reign, so that we also might reign with you. (1 Corinthians 4:8 ULT)

The Corinthians considered themselves to be very wise, self-sufficient, and not in need of any instruction from the Apostle Paul. Paul used irony, speaking as if he agreed with them, to show how proudly they were acting and how far from being wise they really were.

Translation Strategies

If the irony would be understood correctly in your language, translate it as it is stated. If not, here are some other strategies.

(1) Translate it in a way that shows that the speaker is saying what someone else believes.

(2) The irony is **not** found in the literal words of the speaker, but instead the true meaning is found in the opposite of the literal meaning of the speaker's words.

Examples of Translation Strategies Applied

(1) Translate it in a way that shows that the speaker is saying what someone else believes.

How well you reject the commandment of God so that you may keep your tradition! (Mark 7:9a ULT)

You think that you are doing well when you reject God's commandment so you may keep your tradition!

You act like it is good to reject God's commandment so you may keep your tradition!

I did not come to call **the righteous**, but sinners to repentance. (Luke 5:32 ULT)

I did not come to call **people who think that they are righteous** to repentance, but to call sinners to repentance.

(2) Translate the actual, intended meaning of the statement of irony.

How well you reject the commandment of God so that you may keep your tradition! (Mark 7:9a ULT)

You are doing a terrible thing when you reject the commandment of God so you may keep your tradition!

"Present your case," says Yahweh; "present your best arguments for your idols," says the King of Jacob. **"Let them bring us their own arguments; have them come forward and declare to us what will happen, so we may know these things well. Have them tell us of earlier predictive declarations, so we can reflect on them and know how they were fulfilled."** (Isaiah 41:21-22 ULT)

'Present your case,' says Yahweh; 'present your best arguments for your idols,' says the King of Jacob. Your idols **cannot bring us their own arguments or come forward to declare to us what will happen** so we may know these things well. We cannot hear them because **they cannot speak** to tell us their earlier predictive declarations, so we cannot reflect on them and know how they were fulfilled.

Can you lead light and darkness to their places of work?

Can you find the way back to their houses for them?

**Undoubtedly you know, for you were born then;
the number of your days is so large!** (Job 38:20-21 ULT)

Can you lead light and darkness to their places of work? Can you find the way back to their houses for them? **You act like you know how light and darkness were created, as if you were there; as if you are as old as creation, but you are not!**

Merism

Definition

Merism is a figure of speech in which a person refers to something by speaking of two extreme parts of it. By referring to the extreme parts, the speaker intends to include also everything in between those parts.

This page answers the question: *What does the word merism mean and how can I translate phrases that have it?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

"I am **the alpha and the omega**," says the Lord God,
"the one who is, and who was, and who is to come, the Almighty." (Revelation 1:8 ULT)

I am **the alpha and the omega, the first and the last, the beginning and the end**.
(Revelation 22:13, ULT)

Alpha and omega are the first and last letters of the Greek alphabet. This is a merism that includes everything from the beginning to the end. It means eternal.

... I praise you, Father, Lord of **heaven and earth** ..., (Matthew 11:25b ULT)

Heaven and earth is a merism that includes everything that exists.

Reason This is a Translation Issue

Some languages do not use merism. The readers of those languages may think that the phrase only applies to the items mentioned. They may not realize that it refers to those two things and everything in between.

Examples From the Bible

From the rising of the sun to its setting, Yahweh's name should be praised. (Psalm 113:3 ULT)

This bolded phrase is a merism because it speaks of the east and the west and everywhere in between. It means "everywhere."

He will bless those who honor him, both **young and old**. (Psalm 115:13)

The bolded phrase is merism because it speaks of old people and young people and everyone in between. It means "everyone."

Translation Strategies

If the merism would be natural and give the right meaning in your language, consider using it. If not, here are other options:

- (1) Identify what the merism refers to without mentioning the parts.
- (2) Identify what the merism refers to and include the parts.

Examples of Translation Strategies Applied

- (1) Identify what the merism refers to without mentioning the parts.

I praise you, Father, Lord of **heaven and earth**. (Matthew 11:25b ULT)

I praise you, Father, Lord of **everything**.

From the rising of the sun to its setting, Yahweh's name should be praised. (Psalm 113:3 ULT)

In all places, people should praise Yahweh's name.

(2) Identify what the merism refers to and include the parts.

I praise you, Father, Lord of **heaven and earth**. (Matthew 11:25b ULT)

I praise you, Father, Lord of **everything, including both what is in heaven and what is on earth**.

He will bless those who honor him, both **young and old**. (Psalm 115:13 ULT)

He will bless **all those** who honor him, regardless of whether they are **young or old**.

Metaphor

Description

A metaphor is a figure of speech in which someone speaks of one thing as if it were a different thing because he wants people to think about how those two things are alike.

For example, someone might say, “The girl I love is a red rose.”

A girl and a rose are very different things, but the speaker considers that they are alike in some way. The hearer’s task is to understand in what way they are alike.

This page answers the question: *What is a metaphor and how can I translate a Bible passage that has one?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[Simile](#)

The Parts of a Metaphor

The example above shows us that a metaphor has three parts. In this metaphor, the speaker is talking about “the girl I love.” This is the **Topic**. The speaker wants the hearer to think about what is similar between her and “a red rose.” The red rose is the **Image** to which he compares the girl. Most probably, he wants the hearer to consider that they are both beautiful. This is the **Idea** that the girl and the rose both share, and so we may also call it the **Point of Comparison**.

Every metaphor has three parts:

- The **Topic**, the item being immediately discussed by the writer/speaker.
- The **Image**, the physical item (object, event, action, etc.) which the speaker uses to describe the topic.
- The **Idea**, the abstract concept or quality that the physical **Image** brings to the mind of the hearer when he thinks of how the **Image** and the **Topic** are similar. Often, the **Idea** of a metaphor is not explicitly stated in the Bible, but it is only implied from the context. The hearer or reader usually needs to think of the **Idea** himself.

Using these terms, we can say that a metaphor is a figure of speech that uses a physical **Image** to apply an abstract **Idea** to the speaker’s **Topic**.

Usually, a writer or speaker uses a metaphor in order to express something about a **Topic**, with at least one **Point of Comparison (Idea)** between the **Topic** and the **Image**. Often in metaphors, the **Topic** and the **Image** are explicitly stated, but the **Idea** is only implied. The writer/speaker often uses a metaphor in order to invite the readers/listeners to think about the similarity between the **Topic** and the **Image** and to figure out for themselves the **Idea** that is being communicated.

Speakers often use metaphors in order to strengthen their message, to make their language more vivid, to express their feelings better, to say something that is hard to say in any other way, or to help people remember their message.

Sometimes speakers use metaphors that are very common in their language. However, sometimes speakers use metaphors that are uncommon, and even some metaphors that are unique. When a metaphor has become very common in a language, often it becomes a “passive” metaphor, in contrast to uncommon metaphors, which we describe as being “active.” Passive metaphors and active metaphors each present a different kind of translation problem, which we will discuss below.

Passive Metaphors

A passive metaphor is a metaphor that has been used so much in the language that its speakers no longer regard it as one concept standing for another. Linguists often call these “dead metaphors.” Passive metaphors are extremely common. Examples in English include the terms “table **leg**,” “family **tree**,” “book **leaf**” (meaning a page in

a book), or the word “crane” (meaning a large machine for lifting heavy loads). English speakers simply think of these words as having more than one meaning. Examples of passive metaphors in Biblical Hebrew include using the word “hand” to represent “power,” using the word “face” to represent “presence,” and speaking of emotions or moral qualities as if they were “clothing.”

Patterned Pairs of Concepts Acting as Metaphors

Many ways of metaphorical speaking depend on pairs of concepts, where one underlying concept frequently stands for a different underlying concept. For example, in English, the direction “up” (the Image) often represents the concepts of “more” or “better” (the Idea). Because of this pair of underlying concepts, we can make sentences such as “The price of gasoline is going **up**,” “A **highly** intelligent man,” and also the opposite kind of idea: “The temperature is going **down**,” and “I am feeling very **low**.”

Patterned pairs of concepts are constantly used for metaphorical purposes in the world’s languages because they serve as convenient ways to organize thought. In general, people like to speak of abstract qualities (such as power, presence, emotions, and moral qualities) as if they were body parts, or as if they were objects that could be seen or held, or as if they were events that could be watched as they happened.

When these metaphors are used in normal ways, it is rare that the speaker and audience regard them as figurative speech. Examples of metaphors in English that go unrecognized are:

- “Turn the heat **up**.” More is spoken of as up.
- “Let us **go ahead** with our debate.” Doing what was planned is spoken of as walking or advancing.
- “You **defend** your theory well.” Argument is spoken of as war.
- “A **flow** of words.” Words are spoken of as liquids.

English speakers do not view these as metaphorical expressions or figures of speech, so it would be wrong to translate them into other languages in a way that would lead people to pay special attention to them as figurative speech. For a description of important patterns of this kind of metaphor in biblical languages, please see Biblical Imagery — Common Patterns and the pages it will direct you to.

When translating something that is a passive metaphor into another language, do not treat it as a metaphor. Instead, just use the best expression for that thing or concept in the target language.

Active Metaphors

These are metaphors that people recognize as one concept standing for another concept, or one thing for another thing. Metaphors make people think about how the one thing is like the other thing, because in most ways the two things are very different. People also easily recognize these metaphors as giving strength and unusual qualities to the message. For this reason, people pay attention to these metaphors. For example,

But for you who fear my name, the sun of righteousness will rise with healing in its wings.
(Malachi 4:2a ULT)

Here, God speaks about his salvation as if it were the sun rising in order to shine its rays on the people whom he loves. He also speaks of the sun’s rays as if they were wings. Also, he speaks of these wings as if they were bringing medicine that would heal his people. Here is another example:

And he said to them, “Go and tell that fox ...” (Luke 13:32a ULT)

Here, “that fox” refers to King Herod. The people listening to Jesus certainly understood that Jesus was intending for them to apply certain characteristics of a fox to Herod. They probably understood that Jesus intended to communicate that Herod was evil, either in a cunning way or as someone who was destructive, murderous, or who took things that did not belong to him, or all of these.

Active metaphors require the translator's special care to make a correct translation. To do so, you need to understand the parts of a metaphor and how they work together to produce meaning.

Jesus said to them, "I am the bread of life; he who comes to me will not be hungry, and he who believes in me will never be thirsty." (John 6:35 ULT)

In this metaphor, Jesus called himself the bread of life. The **Topic** is "I" (meaning Jesus himself) and the **Image** is "bread." Bread was the primary food that people ate in that place and time. The similarity between bread and Jesus is that people need both to live. Just as people need to eat food in order to have physical life, people need to trust in Jesus in order to have eternal life. The **Idea** of the metaphor is "life." In this case, Jesus stated the central Idea of the metaphor, but often the Idea is only implied.

Purposes of Metaphor

- One purpose of metaphor is to teach people about something that they do not know (the **Topic**) by showing that it is like something that they already do know (the **Image**).
- Another purpose is to emphasize that something (the **Topic**) has a particular quality (the **Idea**) or to show that it has that quality in an extreme way.
- Another purpose is to lead people to feel the same way about the **Topic** as they would feel about the **Image**.

Reasons This Is a Translation Issue

- People may not recognize that something is a metaphor. In other words, they may mistake a metaphor for a literal statement, and thus, misunderstand it.
- People may not be familiar with the thing that is used as an image, and so, not be able to understand the metaphor.
- If the topic is not stated, people may not know what the topic is.
- People may not know the points of comparison that the speaker wants them to understand. If they fail to think of these points of comparison, they will not understand the metaphor.
- People may think that they understand the metaphor, but they do not. This can happen when they apply points of comparison from their own culture, rather than from the biblical culture.

Translation Principles

- Make the meaning of a metaphor as clear to the target audience as it was to the original audience.
- Do not make the meaning of a metaphor more clear to the target audience than you think it was to the original audience.

Examples From the Bible

Listen to this word, **you cows of Bashan**, (Amos 4:1q ULT)

In this metaphor Amos speaks to the upper-class women of Samaria ("you," the Topic) as if they were cows (the Image). Amos does not say what similarity(s) he intends between these women and cows. He wants the reader to think of them, and he fully expects that readers from his culture will easily do so. From the context, we can see that he means that the women are like cows in that they are fat and interested only in feeding themselves. If we were to apply similarities from a different culture, such as that cows are sacred and should be worshiped, we would get the wrong meaning from this verse.

NOTE: Amos does not actually mean that the women are cows. He speaks to them as human beings.

Yet, Yahweh, you are our father; **we are the clay. You are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

The example above has two related metaphors. The Topic(s) are “we” and “you,” and the Image(s) are “clay” and “potter.” The similarity between a potter and God is the fact that both make what they wish out of their material. The potter makes what he wishes out of the clay, and God makes what he wishes out of his people. The Idea being expressed by the comparison between the potter’s clay and “us” is that **neither the clay nor God’s people have a right to complain about what they are becoming**.

Jesus said to them, “Take heed and beware of **the yeast of the Pharisees and Sadducees**.”
The disciples reasoned among themselves and said, “It is because we did not take bread.”
(Matthew 16:6-7 ULT)

Jesus used a metaphor here, but his disciples did not realize it. When he said “yeast,” they thought he was talking about bread, but “yeast” was the Image in his metaphor, and the Topic was the teaching of the Pharisees and Sadducees. Since the disciples (the original audience) did not understand what Jesus meant, it would not be good to state clearly here what Jesus meant.

Translation Strategies

If people would understand the metaphor in the same way that the original readers would have understood it, go ahead and use it. Be sure to test the translation to make sure that people do understand it in the right way.

If people do not or would not understand it, here are some other strategies.

- (1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, it is a passive metaphor), then express the **Idea** in the simplest way preferred by your language.
- (2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible**. If you do this, be sure to test it to make sure that the language community understands it correctly.
- (3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as “like” or “as.” See [Simile](#).
- (4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.
- (5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.
- (6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the Topic was.)
- (7) If the target audience would not know the intended similarity (the **Idea**) between the topic and the image, then state it clearly.
- (8) If none of these strategies is satisfactory, then simply state the **Idea** plainly without using a metaphor.

Examples of Translation Strategies Applied

(1) If the metaphor is a common expression in the source language or expresses a patterned pair of concepts in a biblical language (that is, a passive metaphor), then express the Idea in the simplest way preferred by your language.

Then, see, one of the leaders of the synagogue, named Jairus, came, and when he saw him, **fell at his feet**. (Mark 5:22 ULT)

Then one of the leaders of the synagogue, named Jairus, came, and when he saw him, **immediately bowed down in front of him**.

(2) If the metaphor seems to be an active metaphor, you can translate it literally **if you think that the target language also uses this metaphor in the same way to mean the same thing as in the Bible**. If you do this, be sure to test it to make sure that the language community understands it correctly.

But Jesus said to them, "He wrote this commandment to you because of your **hardness of heart**." (Mark 10:5 ULT)

It was because of your **hard hearts** that he wrote you this law.

We made no change to this one, but it must be tested to make sure that the target audience correctly understands this metaphor.

(3) If the target audience does not realize that it is a metaphor, then change the metaphor to a simile. Some languages do this by adding words such as "like" or "as."

Yet, Yahweh, you are our father; we **are the clay**. You **are our potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

And yet, Yahweh, you are our father; we are **like** clay. You are **like** a potter; and we all are the work of your hand.

(4) If the target audience would not know the **Image**, see [Translate Unknowns](#) for ideas on how to translate that image.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14b ULT)

Saul, Saul, why do you persecute me? It is hard for you to **kick against a pointed stick**.

(5) If the target audience would not use that **Image** for that meaning, use an image from your own culture instead. Be sure that it is an image that could have been possible in Bible times.

Yet, Yahweh, you are our father; we are the **clay**. You are our **potter**; and we all are the work of your hand. (Isaiah 64:8 ULT)

"And yet, Yahweh, you are our father; we are the **wood**. You are our **carver**; and we all are the work of your hand."

"And yet, Yahweh, you are our father; we are the **string**. You are the **weaver**; and we all are the work of your hand."

(6) If the target audience would not know what the **Topic** is, then state the topic clearly. (However, do not do this if the original audience did not know what the topic was.)

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; **He is my rock**. May he be praised. May the God of my salvation be exalted.

(7) If the target audience would not know the intended similarity between the Topic and the Image, then state it clearly.

Yahweh lives; may **my rock** be praised. May the God of my salvation be exalted. (Psalm 18:46 ULT)

Yahweh lives; may he be praised because he is the rock **under which I can hide from my enemies**. May the God of my salvation be exalted.

Saul, Saul, why do you persecute me? It is hard for you **to kick against a goad**. (Acts 26:14 ULT)

Saul, Saul, why do you persecute me? You **fight against me and hurt yourself like an ox that kicks against its owner's pointed stick**.

(8) If none of these strategies are satisfactory, then simply state the idea plainly without using a metaphor.

I will make you to become **fishers of men**. (Mark 1:17b ULT)

I will make you to become **people who gather men**.
Now you gather fish. I will make you **gather people**.

Metonymy

Description

Metonymy is a figure of speech in which an item (either physical or abstract) is called not by its own name, but by the name of something closely associated with it. A metonym is a word or phrase used as a substitute for something that it is associated with.

This page answers the question: *What is a metonymy?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

... and **the blood** of Jesus his Son cleanses us from every sin. (1 John 1:7b ULT)

The blood represents Christ's death.

And he took **the cup** in the same way after supper, saying, "**This cup** is the new covenant in my blood, which is poured out for you." (Luke 22:20 ULT)

The cup represents the wine that is in the cup.

Metonymy can be used

- as a shorter way of referring to something
- to make an abstract idea more meaningful by referring to it with the name of a physical object associated with it

Reason This Is a Translation Issue

The Bible uses metonymy very often. Speakers of some languages are not familiar with metonymy and they may not recognize it when they read it in the Bible. If they do not recognize the metonymy, they will not understand the passage or, worse yet, they will get a wrong understanding of the passage. Whenever a metonym is used, people need to be able to understand what it represents.

Examples From the Bible

The Lord God will give to him **the throne** of his father David. (Luke 1:32b ULT)

A throne represents the authority of a king. "Throne" is a metonym for "kingly authority," "kingship," or "reign." This means that God would make him become a king who would follow King David.

Then immediately his **mouth** was opened (Luke 1:64a ULT)

The mouth here represents the power to speak. This means that he was able to talk again.

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

The word "wrath" or "anger" is a metonym for "punishment." God was extremely angry with the people and, as a result, he would punish them.

Translation Strategies

If people would easily understand the metonym, consider using it. Otherwise, here are some options.

- (1) Use the metonym along with the name of the thing it represents.
- (2) Use only the name of the thing the metonym represents.

Examples of Translation Strategies Applied

- (1) Use the metonym along with the name of the thing it represents.

And he took the cup in the same way after the supper, saying, “**This cup** is the new covenant in my blood, which is poured out for you.” (Luke 22:20 ULT)

He took the cup in the same way after supper, saying, “**The wine in this cup** is the new covenant in my blood, which is poured out for you.”

This verse also contains a second metonym: The cup, (representing the wine it contains) also represents the new covenant made with the blood Christ shed for us.

- (2) Use the name of the thing the metonym represents.

The Lord God will give him **the throne** of his father David. (Luke 1:32b ULT)

“The Lord God will give him **the kingly authority** of his father, David.”

or:

“The Lord God will **make him king** like his ancestor, King David.”

Who warned you to flee from **the wrath** that is coming? (Luke 3:7b ULT)

“Who warned you to flee from God’s coming **punishment**?”

Numbers

Description

There are many numbers in the Bible. They can be written as words ("five") or as numerals ("5"). Some numbers are very large, such as "two hundred" (200), "twenty-two thousand" (22,000), or "one hundred million" (100,000,000). Some languages do not have words for all of these numbers. Translators need to decide how to translate numbers and whether to write them as words or numerals.

Abram was **86** years old when Hagar bore Ishmael to Abram. (Genesis 16:16 ULT)

Eighty-six (86) is an exact number.

That day about **3,000** of the people died. (Exodus 32:28b ULT)

Here the number three thousand (3,000) is a round number. It may have been a little more than that or a little less than that. The word "about" shows that it is not an exact number.

Reason This Is a Translation Issue

Some languages do not have words for some of these numbers.

Translation Principles

- Exact numbers should be translated as closely and specifically as they can be.
- Rounded numbers can be translated more generally.

Examples From the Bible

When Jared had lived **162** years, he became the father of Enoch. After he became the father of Enoch, Jared lived **800** years. He became the father of more sons and daughters. Jared lived **962** years, and then he died. (Genesis 5:18-20 ULT)

The numbers 162, 800, and 962 are exact numbers and should be translated with something as close to those numbers as possible.

Our sister, may you be the mother of **thousands of ten thousands**. (Genesis 24:60b ULT)

This is a rounded number. It does not say exactly how many descendants she should have, but it was a huge number of them.

Translation Strategies

- (1) Write numbers using numerals.
- (2) Write numbers using your language's words or the Gateway Language words for those numbers.
- (3) Write numbers using words, and put the numerals in parentheses after them.

(4) Combine words for large numbers.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

Examples of Translation Strategies Applied

We will use the following verse in our examples:

Now, see, at great effort I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities. (1 Chronicles 22:14a ULT)

(1) Write numbers using numerals.

I have prepared for Yahweh's house **100,000** talents of gold, **1,000,000** talents of silver, and bronze and iron in large quantities.

(2) Write numbers using your language's words or the Gateway Language words for those numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **one million** talents of silver, and bronze and iron in large quantities.

(3) Write numbers using words, and put the numerals in parenthesis after them.

I have prepared for Yahweh's house one **hundred thousand (100,000)** talents of gold, **one million (1,000,000)** talents of silver, and bronze and iron in large quantities.

(4) Combine words for large numbers.

I have prepared for Yahweh's house **one hundred thousand** talents of gold, **a thousand thousand** talents of silver, and bronze and iron in large quantities.

(5) Use a very general expression for very large rounded numbers and write the numeral in parentheses afterward.

I have prepared for Yahweh's house **a great amount of gold (100,000 talents), ten times that amount of silver (1,000,000 talents)**, and bronze and iron in large quantities.

Consistency

Be consistent in your translations. Decide how the numbers will be translated, using numbers or numerals. There are different ways of being consistent.

- Use words to represent numbers all of the time. (You might have very long words.)
- Use numerals to represent numbers all of the time.
- Use words to represent the numbers that your language has words for and use numerals for the numbers that your language does not have words for.
- Use words for low numbers and numerals for high numbers.
- Use words for numbers that require few words and numerals for numbers that require more than a few words.
- Use words to represent numbers, and write the numerals in parentheses after them.

Consistency in the ULT and UST

The *unfoldingWord® Literal Text* (ULT) and the *unfoldingWord® Simplified Text* (UST) use words for the numbers one through ten and use numerals for all numbers above ten.

When Adam had lived **130** years, he became the father of a son in his own likeness, after his image, and he called his name Seth. After Adam became the father of Seth, he lived **800** years. He became the father of more sons and daughters. Adam lived **930** years, and then he died.

Ordinal Numbers

Description

Ordinal numbers are used in the Bible mainly to tell the position of something in a list.

And God has indeed appointed some in the church, **first** apostles, **second** prophets, **third** teachers, then miracles. (1 Corinthians 12:28a ULT)

This page answers the question: *What are ordinal numbers and how can I translate them?*

In order to understand this topic, it would be good to read:

[Numbers](#)

This is a list of workers that God gave to the church in their order.

Ordinal Numbers in English

Most ordinal numbers in English simply have “-th” added to the end.

Numeral	Number	Ordinal Number
4	four	fourth
10	ten	tenth
100	one hundred	one hundredth
1,000	one thousand	one thousandth

Some ordinal numbers in English do not follow that pattern.

Numeral	Number	Ordinal Number
1	one	first
2	two	second
3	three	third
5	five	fifth
12	twelve	twelfth

Reason This Is a Translation Issue

Some languages do not have special numbers for showing the order of items in a list. There are different ways to deal with this.

Examples From the Bible

The **first** lot went to Jehoiarib, the **second** to Jedaiah, the **third** to Harim, the **fourth** to Seorim ... the **twenty-third** to Delaiah, and the **twenty-fourth** to Maaziah. (1 Chronicles 24:7-18 ULT)

The people cast lots and one went to each of these people in the order given.

You must place in it four rows of precious stones. The **first** row must have a ruby, a topaz, and a garnet. The **second** row must have an emerald, a sapphire, and a diamond. The **third** row must have a jacinth, an agate, and an amethyst. The **fourth** row must have a beryl, and an onyx, and a jasper. They must be mounted in gold settings. (Exodus 28:17-20 ULT)

This describes four rows of stones. The first row is probably the top row, and the fourth row is probably the bottom row.

Translation Strategies

If your language has ordinal numbers and using them would give the right meaning, consider using them. If not, here are some strategies to consider:

- (1) Use “one” with the first item and “another” or “the next” with the rest.
- (2) Tell the total number of items and then list them or the things associated with them.

A river went out of Eden to water the garden. From there it divided and became **four** rivers. The name of **the first** is Pishon. It is the one which flows throughout the whole land of Havilah, where there is gold. The gold of that land is good. There is also bdellium and the onyx stone there. The name of **the second** river is Gihon. This one flows throughout the whole land of Cush. The name of **the third** river is Tigris, which flows east of Asshur. **The fourth** river is the Euphrates. (Genesis 2:10-14 ULT)

Parables

A parable is a short story that teaches something(s) that is true, and delivers the lesson in a way that is easy to understand and hard to forget.

This page answers the question: *What is a parable?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

Description

A parable is a short story that is told to teach something(s) that is true. Though the events in a parable could happen, they did not actually happen. They are told only to teach the lesson(s) that the listener is meant to learn. Parables rarely contain the names of specific people. (This may help you identify what is a parable and what is an account of a real event.) Parables often use figures of speech such as [simile](#) and [metaphor](#).

Then he also told them a parable. "A blind man is not able to guide a blind man, is he? Would not both fall into a pit?" (Luke 6:39 ULT)

This parable teaches that if a person does not have spiritual understanding, he cannot help someone else to understand spiritual things.

Examples From the Bible

Neither do people light a lamp and put it under a basket but, rather, on the lampstand, and it shines for everyone in the house. Let your light shine before people in such a way that they see your good deeds and praise your Father who is in heaven. (Matthew 5:15-16 ULT)

This parable teaches us not to hide the way we live for God from other people.

>

Then Jesus presented another parable to them. He said, "The kingdom of heaven is like a mustard seed which a man took and sowed in his field. This seed is indeed the smallest of all other seeds. But when it has grown, it is greater than the garden plants and becomes a tree, so that the birds of the air come and nest in its branches." (Matthew 13:31-32 ULT)

This parable teaches that the kingdom of God may seem small at first, but it will grow and spread throughout the world.

Translation Strategies

(1) If a parable is hard to understand because it has unknown objects in it, you can replace the unknown objects with objects that people in your culture know. However, be careful to keep the lesson the same.

(2) If the teaching of the parable is unclear, consider telling a little about what it teaches in the introduction, such as "Jesus told this story about being generous."

Examples of Translation Strategies Applied

(1) If a parable is hard to understand because it has unknown objects in it, you can replace the unknown objects with objects that people in your culture know. However, be careful to keep the lesson the same.

Jesus also said to them, "The lamp is not brought in order to put it under a basket, or under the bed, is it? Is it not so that it might be put on the **lampstand**?" (Mark 4:21 ULT)

If people do not know what a lampstand is, you could substitute something else that people put a light on so it can give light to the house.

Jesus also said to them, "The lamp is not brought in order to put it under a basket, or under the bed, is it? Is it not so that it might be put on **a high shelf?**"

Then Jesus presented another parable to them. He said, "The kingdom of heaven is like a mustard seed which a man took and **sowed** in his field. It is indeed the smallest of all the seeds. But when it has grown, it is greater than the garden plants. It becomes a tree, so that the birds of the air come and nest in its branches." (Matthew 13:31-32 ULT)

To sow seeds means to toss them so that they scatter on the ground. If people are not familiar with sowing, you can substitute planting.

Then Jesus presented another parable to them. He said, "The kingdom of heaven is like a mustard seed which a man took and **planted** in his field. This seed is indeed the smallest of all the seeds. But when it has grown, it is greater than the garden plants. It becomes a tree, so that the birds of the air come and nest in its branches."

Jesus also said to them, "The lamp is not brought in order to put it under a basket, or under the bed, is it? Is it not so that it might be put on the lampstand?" (Mark 4:21 ULT)

Jesus told them a parable about why they should witness openly. Jesus also said to them, "The lamp is not brought in order to put it under a basket, or under the bed, is it? Is it not so that it might be put on the lampstand?" (Mark 4:21 ULT)

Then Jesus presented another parable to them. He said, "The kingdom of heaven is like a mustard seed which a man took and sowed in his field. It is indeed the smallest of all the seeds. Parallelism

Description

Parallelism is a poetic device in which two phrases or clauses that are similar in structure or idea are used together. The following are some of the different kinds of parallelism.

- The second clause or phrase means the same as the first. This is called synonymous parallelism.
- The second clarifies or strengthens the meaning of the first.
- The second completes what is said in the first.
- The second says something that contrasts with the first, but adds to the same idea.

Parallelism is most commonly found in Old Testament poetry, such as in the books of Psalms and Proverbs. It also occurs in Greek in the New Testament, both in the four gospels and in the apostles' letters.

This article will only discuss synonymous parallelism, the kind in which the two parallel phrases mean the same thing, because that is the kind that presents a problem for translation. Note that we use the term "synonymous parallelism" for long phrases or clauses that have the same meaning. We use the term "doublet" for words or very short phrases that mean basically the same thing and are used together.

In the poetry of the original languages, synonymous parallelism has several effects:

- It shows that something is very important by saying it more than once and in more than one way.
- It helps the hearer to think more deeply about the idea by saying it in different ways.
- It makes the language more beautiful and raises it above the ordinary way of speaking.

Reason This Is a Translation Issue

Some languages would not use synonymous parallelism. They would either think it odd that someone said the same thing twice, or, since it is in the Bible, they would think that the two phrases must have some difference in meaning. For them it would be confusing, rather than beautiful. They would not understand that the repetition of the idea in different words serves to emphasize the idea.

Examples From the Bible

Your word is a lamp to my feet
and a light for my path. (Psalm 119:105 ULT)

Both parts of the sentence are metaphors saying that God's word teaches people how to live. That is the single idea. The words "lamp" and "light" are similar in meaning because they refer to light. The words "my feet" and "my path" are related because they refer to a person walking. Walking is a metaphor for living.

You make him to rule over the works of your hands;
you have put all things under his feet (Psalm 8:6 ULT)

Both lines say that God made man the ruler of everything. "To rule over" is the same idea as putting things "under his feet," and "the works of your [God's] hands" is the same idea as "all things."

This page answers the question: *What is parallelism?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Yahweh sees everything a person does
and watches all the paths he takes. (Proverbs 5:21 ULT)

The first phrase and the second phrase mean the same thing. There are three ideas that are the same between these two phrases. "Sees" corresponds to "watches," "everything...does" corresponds to "all the paths...takes," and "a person" corresponds to "he."

Praise Yahweh, all you nations;
exalt him, all you peoples! (Psalm 117:1 ULT)

Both parts of this verse tell people everywhere to praise Yahweh. The words 'Praise' and 'exalt' mean the same thing. The words 'Yahweh' and 'him' refer to the same person. The terms 'all you nations' and 'all you peoples' refer to the same people.

For Yahweh has a lawsuit with his people,
and he will fight in court against Israel. (Micah 6:2b ULT)

The two parts of this verse say that Yahweh has a serious disagreement with his people, Israel. These are not two different disagreements or two different groups of people.

Translation Strategies

For most kinds of parallelism, it is good to translate both of the clauses or phrases. For synonymous parallelism, it is good to translate both clauses if people in your language understand that the purpose of saying something twice is to strengthen a single idea. But if your language does not use parallelism in this way, then consider using one of the following translation strategies.

- (1) Combine the ideas of both clauses into one.
- (2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as "truly" or "certainly."
- (3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like "very," "completely," or "all."

Examples of Translation Strategies Applied

- (1) Combine the ideas of both clauses into one.

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)

Delilah expressed this idea twice to emphasize that she was very upset.

Until now you have deceived me with your lies.

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

The phrase "all the paths he takes" is a metaphor for "all he does."

Yahweh pays attention to everything a person does.

For Yahweh has a lawsuit with his people, and he will fight in court against Israel. (Micah 6:2 ULT)

This parallelism describes one serious disagreement that Yahweh had with one group of people. If this is unclear, the phrases can be combined:

For Yahweh has a lawsuit with his people, Israel.

(2) If it appears that the clauses are used together to show that what they say is really true, you could combine the ideas of both clauses into one and include words that emphasize the truth such as “truly” or “certainly.”

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

Yahweh truly sees everything a person does.

You make him to rule over the works of your hands; you have put all things under his feet
(Psalm 8:6 ULT)

You have certainly made him to rule over everything that you have created.

(3) If it appears that the clauses are used together to intensify an idea in them, you could combine the ideas of both clauses into one and use words like “very,” “completely” or “all.”

Until now you have dealt deceitfully with me and you have spoken lies to me. (Judges 16:13, ULT)

All you have done is lie to me.

Yahweh sees everything a person does and watches all the paths he takes. (Proverbs 5:21 ULT)

Yahweh sees absolutely everything that a person does.

[Personification](#)

(Go back to: [Zechariah 3:7](#); [9:9](#); [9:17](#); [13:7](#))

Personification

Description

Personification is a figure of speech in which someone speaks of something as if it could do things that animals or people can do. People often do this because it makes it easier to talk about things that we cannot see:

Such as wisdom:

Does not Wisdom call out? (Proverbs 8:1a ULT)

Or sin:

Sin crouches at the door. (Genesis 4:7b ULT)

People also use personification because it is sometimes easier to talk about people's relationships with non-human things such as wealth as if they were relationships between people.

You cannot serve God and wealth. (Matthew 6:24b ULT)

In each case, the purpose of the personification is to highlight a certain characteristic of the non-human thing. As in metaphor, the reader needs to think of the way that the thing is like a certain kind of person.

Reasons This Is a Translation Issue

- Some languages do not use personification.
- Some languages use personification only in certain situations.

Examples From the Bible

You cannot **serve** God and wealth. (Matthew 6:24b ULT)

Jesus speaks of wealth as if it were a master whom people might serve. Loving money and basing one's decisions on it is like serving it as a slave would serve his master.

Does not Wisdom **call** out? Does not Understanding **raise her voice**? (Proverbs 8:1 ULT)

The author speaks of wisdom and understanding as if they were woman who calls out to teach people. This means that they are not something hidden, but something obvious that people should pay attention to.

Translation Strategies

If the personification would be understood clearly, consider using it. If it would not be understood, here are some other ways for translating it.

- (1) Add words or phrases to make the human (or animal) characteristic clear.
- (2) In addition to Strategy (1), use words such as "like" or "as" to show that the sentence is not to be understood literally.
- (3) Find a way to translate it without the personification.

This page answers the question: *What is personification?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

Examples of Translation Strategies Applied

(1) Add words or phrases to make the human (or animal) characteristic clear.

Sin crouches at the door. (Genesis 4:7b ULT) — God speaks of sin as if it were a wild animal that is waiting for the chance to attack. This shows how dangerous sin is. An additional phrase can be added to make this danger clear.

Sin is at your door, **waiting to attack you**.

(2) In addition to Strategy (1), use words such as “like” or “as” to show that the sentence is not to be understood literally.

Sin crouches at the door. (Genesis 4:7b ULT) — This can be translated with the word “as.”

Sin is crouching at the door, **just as a wild animal does as it waits to attack a person..**

(3) Find a way to translate it without the personification.

Even the **winds and the sea obey him**. (Matthew 8:27b ULT) — The men speak of the “wind and the sea” as if they are able to hear and obey Jesus, just as people can. This could also be translated without the idea of obedience by speaking of Jesus controlling them.

He even **controls the winds and the sea**.

NOTE: We have broadened our definition of “personification” to include “zoomorphism” (speaking of other things as if they had animal characteristics) and “anthropomorphism” (speaking of non-human things as if they had human characteristics) because the translation strategies for them are the same.

Poetry

Description

Poetry is one of the ways that people use the words and sounds of their language to make their speech and writing more beautiful and to express strong emotion. Through poetry, people can communicate deeper emotion than they can through simple non-poetic forms. Poetry gives more weight and elegance to statements of truth, such as proverbs, and is also easier to remember than ordinary speech.

This page answers the question: *What is poetry and how do I translate it into my language?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[\[\[rc://en/ta/man/translate/writing-intro\]\]](#)

In poetry we commonly find:

- many figures of speech such as [Apostrophe](#)
- arrangements of clauses into particular patterns such as:
 - parallel lines (See [Parallelism](#))
 - acrostics (beginning lines with successive letters of the alphabet)
 - chiasms (in which the first line relates to the last line, the second to the next-to-last line, etc.):
 - > You should not give what is holy to the dogs,
 - >
 - >> and should not throw your pearls in front of the pigs.
 - >>
 - >> Otherwise they will trample them under their feet,
 - >
 - > and having turned, they might tear you to pieces. (Matt 7:6 ULT)

- repetition of some or all of a line:

Praise him, all his angels; praise him, all his hosts. Praise him, sun and moon; praise him, all you shining stars. (Psalm 148:2-3 ULT)

- lines of similar length:

Listen to my call to you,
Yahweh; think about my groanings.
Listen to the sound of my call, my King and my God,
for it is to you that I pray. (Psalm 5:1-2 ULT)

- the same sound used at the end or at the beginning of two or more lines:

“Twinkle, twinkle little **star**. How I wonder what you **are**.” (from an English rhyme)

- the same sound repeated many times:

“Peter, Peter, pumpkin eater” (from an English rhyme)

We also find:

- old words and expressions
- dramatic imagery
- different use of grammar — including:
 - incomplete sentences

- lack of connective words

Some places to look for poetry in your language

Songs, particularly old songs or songs used in children's games
 Religious ceremony or chants of priests or witch doctors
 Prayers, blessings, and curses
 Old legends

Elegant or fancy speech

Elegant or fancy speech is similar to poetry in that it uses beautiful language, but it does not use all of the language's features of poetry, and it does not use them as much as poetry does. Popular speakers in the language often use elegant speech, and this is probably the easiest source of text to study to find out what makes speech elegant in your language.

Reasons This Is a Translation Issue:

- Different languages use poetry for different things. If a poetic form would not communicate the same meaning in your language, you may need to write it without the poetry.
- Different languages use different poetic devices. A poetic device that conveys elegance or emotion in a biblical language may be confusing or misunderstood in another language.
- In some languages, using poetry for a particular part of the Bible would make it much more powerful.

Examples From the Bible

The Bible uses poetry for songs, teaching, and prophecy. Almost all of the books of the Old Testament have poetry in them and many of the books are completely made up of poetry.

... for you saw my affliction; you knew the distress of my soul. (Psalm 31:7b ULT)

This example of [Parallelism](#) has two lines that mean the same thing.

Yahweh, judge the nations; vindicate me, Yahweh, because I am righteous and innocent, Most High. (Psalm 7:8 ULT)

This example of parallelism shows the contrast between what David wants God to do to him and what he wants God to do to the unrighteous nations. (See [Parallelism](#).)

Keep your servant also from arrogant sins; let them not rule over me. (Psalm 19:13a ULT)

This example of personification speaks of sins as if they could rule over a person. (See [Personification](#).)

Oh, give thanks to Yahweh; for he is good,
 for his covenant faithfulness endures forever.
 Oh, give thanks to the God of gods,
 for his covenant faithfulness endures forever.
 Oh, give thanks to the Lord of lords,
 for his covenant faithfulness endures forever.

■ (Psalm 136:1-3 ULT)

This example repeats the phrases “give thanks” and “his covenant faithfulness endures forever.”

Translation Strategies

If the style of poetry that is used in the source text would be natural and give the right meaning in your language, consider using it. If not, here are some other ways of translating it.

- (1) Translate the poetry using one of your styles of poetry.
- (2) Translate the poetry using your style of elegant speech.
- (3) Translate the poetry using your style of ordinary speech.

If you use poetry it may be more beautiful.

If you use ordinary speech it may be more clear.

Examples of Translation Strategies Applied

■ Blessed is the man who does not walk in the advice of the wicked, or stand in the pathway with sinners, or sit in the assembly of mockers. But his delight is in the law of Yahweh, and on his law he meditates day and night. (Psalm 1:1-2 ULT)

The following are examples of how people might translate Psalm 1:1-2.

- (1) Translate the poetry using one of your styles of poetry. (The style in this example has words that sound similar at the end of each line.)

■ “Happy is the person not encouraged **to sin**, Disrespect for God he will not **begin**, To those who laugh at God he is **no kin**. God is his constant **delight**, He does what God says **is right**, He thinks of it all day **and night**.”

- (2) Translate the poetry using your style of elegant speech.

■ This is the kind of person who is truly blessed: the one who does not follow the advice of wicked people nor stop along the road to speak with sinners nor join the gathering of those who mock God. Rather, he takes great joy in Yahweh’s law, and he meditates on it day and night.

- (3) Translate the poetry using your style of ordinary speech.

■ The people who do not listen to the advice of bad people are really happy. They do not spend time with people who continually do evil things or join with those who do not respect God. Instead, they love to obey Yahweh’s law, and they think about it all the time.

Reflexive Pronouns

Description

All languages have ways of showing that the same person fills two different roles in a sentence. English does this by using reflexive pronouns. These are pronouns that refer to someone or something that has already been mentioned in a sentence. In English the reflexive pronouns are: “myself,” “yourself,” “himself,” “herself,” “itself,” “ourselves,” “yourselves,” and “themselves.” Other languages may have other ways to show this.

Reason This Is a Translation Issue

- Languages have different ways of showing that the same person fills two different roles in a sentence. For those languages, translators will need to know how to translate the English reflexive pronouns.
- The reflexive pronouns in English also have other functions.

Uses of Reflexive Pronouns

- To show that the same person or things fills two different roles in a sentence
- To emphasize a person or thing in the sentence
- To show that someone did something alone
- To show that someone or something was alone

Examples From the Bible

Reflexive pronouns are used to show the same person or thing fills two different roles in a sentence.

If **I** should testify about **myself**, my testimony would not be true. (John 5:31 ULT)

Now the Passover of the Jews was near, and **many** went up to Jerusalem from the country before the Passover in order to purify **themselves**. (John 11:55 ULT)

Reflexive pronouns are used to emphasize a person or thing in the sentence.

Jesus himself was not baptizing, but his disciples were. (John 4:2 ULT)

So they left the crowd, taking Jesus with them, just as he was, in the boat. There also were other boats with him. Then a violent windstorm arose and the waves were breaking into the boat so that the boat was already full of water. But **Jesus himself** was in the stern, asleep on the cushion. (Mark 4:36-38a ULT)

Reflexive pronouns are used to show that someone did something alone.

When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again up the mountain **by himself**. (John 6:15 ULT)

Reflexive pronouns are used to show that someone or something was alone.

He saw the linen cloths lying there and the cloth that had been on his head. **It** was not lying with the linen cloths but was folded up in a place **by itself**. (John 20:6b-7 ULT)

Translation Strategies

If a reflexive pronoun would have the same function in your language, consider using it. If not, here are some other strategies.

- (1) In some languages people put something on the verb to show that the object of the verb is the same as the subject.
- (2) In some languages people emphasize a certain person or thing by referring to it in a special place in the sentence.
- (3) In some languages people emphasize a certain person or thing by adding something to that word or putting another word with it.
- (4) In some languages people show that someone did something alone by using a word like “alone.”
- (5) In some languages people show that something was alone by using a phrase that tells about where it was.

Examples of Translation Strategies Applied

- (1) In some languages people modify the verb to show that the object of the verb is the same as the subject.

If I should testify about **myself** alone, my testimony would not be true. (John 5:31)

“If I should **self-testify** alone, my testimony would not be true.”

Now the Passover of the Jews was near, and many went up to Jerusalem from the country before the Passover in order to **purify themselves**. (John 11:55)

“Now the Passover of the Jews was near, and many went up to Jerusalem out from country before the Passover in order to **self-purify**.”

- (2) In some languages people emphasize a certain person or thing by referring to it in a special place in the sentence.

He himself took our sickness and bore our diseases. (Matthew 8:17 ULT)

“**It was he who** took our sickness and bore our diseases.”

Jesus himself was not baptizing, but his disciples were. (John 4:2)

“**It was not Jesus who** was baptizing, but his disciples were.”

- (3) In some languages people emphasize a certain person or thing by adding something to that word or putting another word with it. English adds the reflexive pronoun.

But Jesus said this to test Philip, for he **himself** knew what he was going to do. (John 6:6)

- (4) In some languages people show that someone did something alone by using a word like “alone.”

When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again up the mountain **by himself**. (John 6:15)

“When Jesus realized that they were about to come and seize him by force to make him king, he withdrew again **alone** up the mountain.”

- (5) In some languages people show that something was alone by using a phrase that tells about where it was.

He saw the linen cloths lying there and the cloth that had been on his head. It was not lying with the linen cloths but was folded up in a place **by itself**. (John 20:6b-7 ULT)

“He saw the linen cloths lying there and the cloth that had been on his head. It was not lying with the linen cloths but was folded up and lying **in its own place.**”

Rhetorical Question

A rhetorical question is a question that a speaker asks when he is more interested in expressing his attitude about something than in getting information about it. Speakers use rhetorical questions to express deep emotion or to encourage hearers to think deeply about something. The Bible contains many rhetorical questions, often to express surprise, to rebuke or scold the hearer, or to teach. Speakers of some languages use rhetorical questions for other purposes as well.

This page answers the question: *What are rhetorical questions and how can I translate them?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-intro\]\]](#)

[\[\[rc://en/ta/man/translate/figs-sentencetypes\]\]](#)

Description

A rhetorical question is a question that strongly expresses the speaker's attitude toward something. Often the speaker is not looking for information at all. Or, if he is asking for information, it is not usually the information that the question appears to ask for. The speaker is more interested in expressing his attitude than in getting information.

But those who stood by said, **"Are you insulting the high priest of God?"**(Acts 23:4 ULT)

The people who asked Paul this question were not asking if he was insulting God's high priest. Rather, they used this question to accuse Paul of insulting the high priest.

The Bible contains many rhetorical questions. These rhetorical questions might be used for the purposes: of expressing attitudes or feelings, rebuking people, teaching something by reminding people of something they know and encouraging them to apply it to something new, or introducing something they want to talk about.

Reasons This Is a Translation Issue

- Some languages do not use rhetorical questions; for them a question is always a request for information.
- Some languages use rhetorical questions, but for purposes that are different or more limited than in the Bible.
- Because of these differences between languages, some readers might misunderstand the purpose of a rhetorical question in the Bible.

Examples From the Bible

Do you not still rule the kingdom of Israel? (1 Kings 21:7b ULT)

Jezebel used the question above to remind King Ahab of something he already knew: he still ruled the kingdom of Israel. The rhetorical question made her point more strongly than if she had merely stated it, because it forced Ahab to admit the point himself. She did this in order to rebuke him for being unwilling to take over a poor man's property. She was implying that, since he was the king of Israel, he had the power to take the man's property.

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

God used the question above to remind his people of something they already knew: a young woman would never forget her jewelry or a bride forget her veils. He then rebuked his people for forgetting him who is so much greater than those things.

Why did I not die when I came out from the womb? (Job 3:11a ULT)

Job used the question above to show deep emotion. This rhetorical question expresses how sad he was that he did not die as soon as he was born. He wished that he had not lived.

And how has this happened to me that the mother of my Lord would come to me? (Luke 1:43 ULT)

Elizabeth used the question above to show how surprised and happy she was that the mother of her Lord came to her.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Jesus used the question above to remind the people of something they already knew: a good father would never give his son something bad to eat. By introducing this point, Jesus could go on to teach them about God with his next rhetorical question:

Therefore, if you who are evil know how to give good gifts to your children, how much more will your Father who is in heaven give good things to those who ask him? (Matthew 7:11 ULT)

Jesus used this question to teach the people in an emphatic way that God gives good things to those who ask him.

What is the kingdom of God like, and what can I compare it to? It is like a mustard seed that a man took and threw into his garden ... (Luke 13:18b-19a ULT)

Jesus used the question above to introduce what he was going to talk about. He was about to compare the kingdom of God to something. In this case, he compared the kingdom of God to a mustard seed.

Translation Strategies

In order to translate a rhetorical question accurately, first be sure that the question you are translating truly is a rhetorical question and is not an information question. Ask yourself, "Does the person asking the question already know the answer to the question?" If so, it is a rhetorical question. Or, if no one answers the question, did the person who asked it expect to receive an answer? If not, it is a rhetorical question.

When you are sure that the question is rhetorical, then be sure that you understand the purpose for the rhetorical question. Is it to encourage or rebuke or shame the hearer? Is it to bring up a new topic? Is it to do something else?

When you know the purpose of the rhetorical question, then think of the most natural way to express that purpose in the target language. It might be as a question, or a statement, or an exclamation.

If using the rhetorical question would be natural and give the right meaning in your language, consider doing so. If not, here are other options:

- (1) Add the answer after the question.
- (2) Change the rhetorical question to a statement or exclamation.
- (3) Change the rhetorical question to a statement, and then follow it with a short question.
- (4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Examples of Translation Strategies Applied

- (1) Add the answer after the question.

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Will a virgin forget her jewelry, a bride her veils? **Of course not!** Yet my people have forgotten me for days without number!

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? **None of you would do that!**

(2) Change the rhetorical question to a statement or exclamation.

What is the kingdom of God like, and what can I compare it to? It is like a mustard seed. (Luke 13:18-19a ULT)

This is what the kingdom of God is like. It is like a mustard seed ...

Are you insulting the high priest of God? (Acts 23:4b ULT) (Acts 23:4 ULT)

You should not insult God's high priest!

Why did I not die when I came out from the womb? (Job 3:11a ULT)

I wish I had died when I came out from the womb!

And how has this happened to me that the mother of my Lord should come to me? (Luke 1:43 ULT)

How wonderful it is that the mother of my Lord has come to me!

(3) Change the rhetorical question to a statement, and then follow it with a short question.

Do you not still rule the kingdom of Israel? (1 Kings 21:7b ULT)

You still rule the kingdom of Israel, **do you not?**

(4) Change the form of the question so that it communicates in your language what the original speaker communicated in his.

Or what man is there among you, of whom his son will ask for a loaf of bread, but he will give him a stone? (Matthew 7:9 ULT)

If your son asks you for a loaf of bread, **would you give him a stone?**

Will a virgin forget her jewelry, a bride her veils? Yet my people have forgotten me for days without number! (Jeremiah 2:32 ULT)

Simile

Description

A simile is a comparison of two things that are not normally thought to be similar. The simile focuses on a particular trait the two items have in common, and it includes the words “like,” “as,” or “than.”

This page answers the question: *What is a simile?*

In order to understand this topic, it would be good to read:

[[rc://en/ta/man/translate/figs-intro]]

When he saw the crowds, he had compassion for them, because they were troubled and discouraged, **like sheep not having a shepherd**. (Matthew 9:36)

Jesus compared the crowds of people to sheep without a shepherd. Sheep grow frightened when they do not have a good shepherd to lead them in safe places. The crowds were like that because they did not have good religious leaders.

See, I send you out **as sheep in the midst of wolves**, so be as wise **as the serpents** and harmless **as the doves**. (Matthew 10:16 ULT)

Jesus compared his disciples to sheep and their enemies to wolves. Wolves attack sheep; Jesus’ enemies would attack his disciples.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

God’s word is compared to a two-edged sword. A two-edged sword is a weapon that can easily cut through a person’s flesh. God’s word is very effective in showing what is in a person’s heart and thoughts.

Purposes of Simile

- A simile can teach about something that is unknown by showing how it is similar to something that is known.
- A simile can emphasize a particular trait, sometimes in a way that gets people’s attention.
- Similes help form a picture in the mind or help the reader experience what he is reading about more fully.

Reasons This Is a Translation Issue

- People may not know how the two items are similar.
- People may not be familiar with both of the items being compared.

Examples From the Bible

Suffer hardship with me, **as a good soldier** of Christ Jesus. (2 Timothy 2:3 ULT)

In this simile, Paul compares suffering with what soldiers endure, and he encourages Timothy to follow their example.

Just as the lightning flashing from a place under the sky shines to another place under the sky, so will the Son of Man be. (Luke 17:24b ULT)

This verse does not tell how the Son of Man will be like the lightning. But in context we can understand from the verses before it that just as lighting flashes suddenly and everyone can see it, the Son of Man will come suddenly and everyone will be able to see him. No one will have to be told about it.

Translation Strategies

If people would understand the correct meaning of a simile, consider using it. If they would not, here are some strategies you can use:

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.
- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.
- (3) Simply describe the item without comparing it to another.

Examples of Translation Strategies Applied

- (1) If people do not know how the two items are alike, tell how they are alike. However, do not do this if the meaning was not clear to the original audience.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT) — This compares the danger that Jesus' disciples would be in with the danger that sheep are in when they are surrounded by wolves.

See, I send **you out among wicked people** and you will be in danger from them **as sheep are in danger when they are among wolves**.

For the word of God is living and active and sharper **than any two-edged sword**. (Hebrews 4:12a ULT)

For the word of God is living and active and **more powerful than a very sharp two-edged sword**.

- (2) If people are not familiar with the item that something is compared to, use an item from your own culture. Be sure that it is one that could have been used in the cultures of the Bible. If you use this strategy, you may want to put the original item in a footnote.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT) — If people do not know what sheep and wolves are, or that wolves kill and eat sheep, you could use some other animal that kills another.

See, I send you out **as chickens in the midst of wild dogs**.

How often did I long to gather your children together, just **as a hen gathers her chickens under her wings**, but you were not willing! (Matthew 23:37b ULT)

How often I wanted to gather your children together, **as a mother closely watches over her infants**, but you refused!

If you have faith **as a grain of mustard** ... (Matthew 17:20)

If you have faith even as small **as a tiny seed**,

- (3) Simply describe the item without comparing it to another.

See, I send you out **as sheep in the midst of wolves**. (Matthew 10:16a ULT)

See, I send you out among **people who will want to harm you**.

How often did I long to gather your children together, just **as a hen gathers her chickens under her wings**, but you were not willing! (Matthew 23:37b ULT)

Symbolic Action

Description

A symbolic action is something that someone does in order to express a certain idea. For example, in some cultures people nod their heads up and down to mean “yes” or turn their heads from side to side to mean “no.” Symbolic actions do not mean the same things in all cultures. In the Bible, sometimes people perform symbolic actions and sometimes they only refer to the symbolic action.

This page answers the question: *What is a symbolic action and how do I translate it?*

In order to understand this topic, it would be good to read:

[Translate Unknowns](#)

Examples of symbolic actions

- In some cultures people shake hands when they meet to show that they are willing to be friendly.
- In some cultures people bow when they meet to show respect to each other.

Reason This Is a Translation Issue

An action may have a meaning in one culture and a different meaning or no meaning at all in another culture. For example, in some cultures raising the eyebrows means “I am surprised” or “What did you say?” In other cultures it means “yes.”

In the Bible, people did things that had certain meanings in their culture. When we read the Bible, we might not understand what someone meant if we interpret the action based on what it means in our own culture today.

You (the translator) need to understand what people in the Bible meant when they used symbolic actions. If an action does not mean the same thing in your own culture, then you need to figure out how to translate what the action meant.

Examples From the Bible

And behold, a man came whose name was Jairus, and he was a ruler of the synagogue. And **falling at the feet of Jesus**, he begged him to come to his house. (Luke 8:41 ULT)

Meaning of symbolic action: He did this to show great respect to Jesus.

Look, I am standing at the door and am knocking. If anyone hears my voice and opens the door, I will come into him and will eat with him, and he with me. (Revelation 3:20 ULT)

Meaning of symbolic action: When people wanted someone to welcome them into their home, they stood at the door and knocked on it.

Translation Strategies

If people would correctly understand what a symbolic action meant to the people in the Bible, consider using it. If not, here are some strategies for translating it.

- (1) Tell what the person did and why he did it.
- (2) Do not tell what the person did, but tell what he meant.

(3) Use an action from your own culture that has the same meaning. Do this only in poetry, parables, and sermons. Do not do this when there actually was a person who did a specific action.

Examples of Translation Strategies Applied

(1) Tell what the person did and why he did it.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus fell down at Jesus' feet in order to show that he greatly respected him.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and knock on it, asking you to let me in.

(2) Do not tell what the person did, but tell what he meant.

And **falling at the feet of Jesus** (Luke 8:41 ULT)

Jairus showed Jesus great respect.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT)

Look, I stand at the door and ask you to let me in.

(3) Use an action from your own culture that has the same meaning.

And **falling at the feet of Jesus** (Luke 8:41 ULT) — Since Jairus actually did this, you should not substitute an action from your own culture.

Look, I am **standing at the door and am knocking**. (Revelation 3:20 ULT) — Jesus was not standing at a real door. Rather he was speaking about wanting to have a relationship with people. So in cultures where it is polite to clear one's throat when wanting to be let into a house, you could use that.

Look, I stand at the door and clear my throat.

Symbolic Language

Description

Symbolic language in speech and writing is the use of symbols to represent other things, other events, etc. In the Bible it occurs most in prophecy and poetry, especially in visions and dreams about things that will happen in the future. Though people may not immediately know the meaning of a symbol, it is important to keep the symbol in the translation.

This page answers the question: *What is symbolic language and how do I translate it?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/writing-intro\]\]](#)

■ Eat this scroll; then go speak to the house of Israel. (Ezekiel 3:1 ULT)

This was in a dream. Eating the scroll is a symbol of Ezekiel reading and understanding well what was written on the scroll, and accepting these words from God into himself.

Purposes of Symbolism

- One purpose of symbolism is to help people understand the importance or severity of an event by putting it in other, very dramatic terms.
- Another purpose of symbolism is to tell some people about something while hiding the true meaning from others who do not understand the symbolism.

Reason This Is a Translation Issue

People who read the Bible today may find it hard to recognize that the language is symbolic, and they may not know what the symbol stands for.

Translation Principles

- When symbolic language is used, it is important to keep the symbol in the translation.
- It is also important not to explain the symbol more than the original speaker or writer did, since he may not have wanted everyone living then to be able to understand it easily.

Examples From the Bible

■ After this I saw in my visions of the night **a fourth animal**, terrifying, frightening, and very strong. It had **large iron teeth**; it devoured, broke in pieces, and trampled underfoot what was left. It was different from the other animals, and it had **ten horns**. (Daniel 7:7 ULT)

The meaning of the bolded symbols is explained in Daniel 7:23-24 as shown below. The animals represent kingdoms, iron teeth represent a powerful army, and the horns represent powerful leaders.

■ This is what that person said, 'As for the fourth animal, it will be **a fourth kingdom** on earth that will be different from all the other kingdoms. It will devour the whole earth, and it will trample it down and break it into pieces. As for the ten horns, out of this kingdom **ten kings** will arise, and another will arise after them. He will be different from the previous ones, and he will conquer the three kings.' (Daniel 7:23-24 ULT)

■ I turned around to see the voice that was speaking to me, and as I turned I saw **seven golden lampstands**. In the middle of the lampstands there was one like a son of man ... He had **seven**

stars in his right hand and **a sword with two sharp edges** was coming out of his mouth. As for the hidden meaning about the seven stars that you saw in my right hand, and the seven golden lampstands: **The seven stars are the angels of the seven churches**, and **the seven lampstands are the seven churches**. (Revelation 1:12-13a, 16a, 20 ULT)

This passage explains the meaning of the seven lampstands and the seven stars. The two-edged sword represents God's word and judgment.

Translation Strategies

- (1) Translate the text with the symbols. Often the speaker or author explains the meaning later in the passage.
- (2) Translate the text with the symbols. Then explain the symbols in footnotes.

Synecdoche

Description

Synecdoche is a figure of speech in which a speaker uses a part of something to refer to the whole thing, or uses the whole to refer to a part.

■ **My soul** magnifies the Lord. (Luke 1:46b ULT)

Mary was very happy about what the Lord was doing, so she said “my soul,” which means the inner, emotional part of herself, to refer to her whole self.

■ So **the Pharisees** said to him, “Look, why are they doing that which is not lawful?” (Mark 2:24a ULT)

The Pharisees who were standing there did not all say the same words at the same time. Instead, it is more likely that one man representing the group said those words.

Reasons This Is a Translation Issue

- Some readers may not recognize the synecdoche and thus misunderstand the words as a literal statement.
- Some readers may realize that they are not to understand the words literally, but they may not know what the meaning is.

Example From the Bible

■ Then I looked on all the deeds that **my hands** had accomplished. (Ecclesiastes 2:11a ULT)

“My hands” is a synecdoche for the whole person because clearly the arms and the rest of the body and the mind were also involved in the person’s accomplishments. The hands are chosen to represent the person because they are the parts of the body most directly involved in the work.

Translation Strategies

If the synecdoche would be natural and give the right meaning in your language, consider using it. If not, here is another option:

(1) State specifically what the synecdoche refers to.

Examples of Translation Strategies Applied

Translate Unknowns

While working to translate the Bible, you (the translator) might find yourself asking: “How do I translate words like lion, fig tree, mountain, priest, or temple when people in my culture have never seen these things and we do not have a word for them?”

This page answers the question: *How can I translate ideas that my readers are not familiar with?*

In order to understand this topic, it would be good to read:

[\[\[rc://en/ta/man/translate/figs-sentences\]\]](#)

Description

Unknowns are things that occur in the source text that are not known to the people of your culture. The unfoldingWord® Translation Words pages and the unfoldingWord® Translation Notes will help you understand what they are. After you understand them, you will need to find ways to refer to those things so that people who read your translation will understand what they are.

They said to him, “We have nothing here except five loaves of **bread** and two fish.” (Matthew 14:17 ULT)

Bread is a particular food made by mixing finely crushed grains with oil, and then cooking the mixture so that it is dry. (Grains are the seeds of a kind of grass.) In some cultures people do not have bread and do not know what it is.

Reason This Is a Translation Issue

- Readers may not know some of the things that are in the Bible because those things are not part of their own culture.
- Readers may have difficulty understanding a text if they do not know some of the things that are mentioned in it.

Translation Principles

- Use words that are already part of your language if possible.
- Keep expressions short if possible.
- Represent God’s commands and historical facts accurately.

Examples From the Bible

So I will turn Jerusalem into piles of ruins, a hideout for **jackals**. (Jeremiah 9:11a ULT)

Jackals are wild animals like dogs that live in only a few parts of the world. So they are not known in many places.

Beware of false prophets, who come to you in sheep’s clothing, but inwardly they are ravenous **wolves**. (Matthew 7:15 ULT)

If wolves do not live where the translation will be read, the readers may not understand that they are fierce, wild animals like dogs that attack and eat sheep.

They offered him wine mixed with **myrrh**, but he did not drink it. (Mark 15:23 ULT)

People may not know what myrrh is and that it was used as a medicine.

... to him who made **great lights** ... (Psalm 136:7a ULT)

Some languages have terms for things that give light, like the sun and fire, but they have no general term for lights.

■ Your sins ... will be white like **snow**. (Isaiah 1:18b ULT)

People in many parts of the world have not seen snow, but they may have seen it in pictures.

Translation Strategies

Here are ways you might translate a term that is not known in your language:

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.
- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.
- (3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.
- (4) Use a word that is more general in meaning.
- (5) Use a word or phrase that is more specific in meaning.

Examples of Translation Strategies Applied

- (1) Use a phrase that describes what the unknown item is, or what is important about the unknown item for the verse being translated.

■ Beware of false prophets, who come to you in sheep's clothing, but are inwardly they are **ravenous wolves**. (Matthew 7:15 ULT)

■ Beware of false prophets, who come to you in sheep's clothing, but **inwardly they are very hungry and dangerous animals**.

"Ravenous wolves" is part of a metaphor here, so the reader needs to know that they are very dangerous to sheep in order to understand this metaphor. (If sheep are also unknown, then you will need to also use one of the translation strategies to translate sheep, or change the metaphor to something else, using a translation strategy for metaphors. See [Translating Metaphors](#).)

■ "We have nothing here except five **loaves of bread** and two fish." (Matthew 14:17 ULT)

■ We have nothing here except five **loaves of baked grain seeds** and two fish.

- (2) Substitute something similar from your language if doing so does not falsely represent a historical fact.

■ Your sins ... will be white like **snow**. (Isaiah 1:18b ULT) This verse is not about snow. It uses snow in a figure of speech to help people understand how white something will be.

■ Your sins ... will be white like **milk**.

■ Your sins ... will be white like **the moon**.

- (3) Copy the word from another language, and add a general word or descriptive phrase to help people understand it.

Then they tried to give Jesus wine that was mixed with **myrrh**. But he refused to drink it. (Mark 15:23 ULT) — People may understand better what myrrh is if it is used with the general word “medicine.”

Then they tried to give Jesus wine that was mixed with **a medicine called myrrh**. But he refused to drink it.

“We have nothing here except five **loaves of bread** and two fish.” (Matthew 14:17 ULT) — People may understand better what bread is if it is used with a phrase that tells what it is made of (seeds) and how it is prepared (crushed and baked).

We have nothing here except five loaves of **baked crushed seed bread** and two fish.

(4) Use a word that is more general in meaning.

I will turn Jerusalem into piles of ruins, a hideout for **jackals** (Jeremiah 9:11a ULT)

I will turn Jerusalem into piles of ruins, a hideout for **wild dogs**

“We have nothing here except five **loaves of bread** and two fish.” (Matthew 14:17 ULT)

We have nothing here except five **loaves of baked food** and two fish.

(5) Use a word or phrase that is more specific in meaning.

... to him who made **great lights** ... (Psalm 136:7a ULT)

to him who made **the sun and the moon**

brother

Definition:

The term “brother” refers to a male sibling who shares at least one biological parent.

- A few times in the New Testament, the apostles used the term “sister” when referring specifically to a fellow Christian who was a woman, or to emphasize that both men and women are being included. For example, James emphasizes that he is talking about all believers when he refers to “a brother or sister who is in need of food or clothing.”

- In the Old Testament especially, when “brothers” is used very generally to refer to members of the same family, clan, or people group, possible translations could include “relatives” or “clan members” or “fellow Israelites.”
- In the context of referring to a fellow believer in Christ, this term could be translated as “brother in Christ” or “spiritual brother.”
- If both males and females are being referred to and “brother” would give a wrong meaning, then a more general kinship term could be used that would include both males and females.
- Other ways to translate this term so that it refers to both male and female believers could be “fellow believers” or “Christian brothers and sisters.”
- Make sure to check the context to determine whether only men are being referred to, or whether both men and women are included.

covenant

Definition:

In the Bible, the term “covenant” refers to a formal, binding agreement between two parties that one or both parties must fulfill.

- This agreement can be between individuals, between groups of people, or between God and people.
- When people make a covenant with each other, they promise that they will do something, and they must do it.
- Examples of human covenants include marriage covenants, business agreements, and treaties between countries.
- Throughout the Bible, God made several different covenants with his people.
- In some of the covenants, God promised to fulfill his part without conditions. For example, when God established his covenant with mankind promising to never destroy the earth again with a worldwide flood, this promise had no conditions for people to fulfill.
- In other covenants, God promised to fulfill his part only if the people obeyed him and fulfilled their part of the covenant.

The term “new covenant” refers to the commitment or agreement God made with his people through the sacrifice of his Son, Jesus.

- God’s “new covenant” was explained in the part of the Bible called the “New Testament.”
- This new covenant is in contrast to the “old” or “former” covenant that God had made with the Israelites in Old Testament times.
- The new covenant is better than the old one because it is based on the sacrifice of Jesus, which completely atoned for people’s sins forever. The sacrifices made under the old covenant did not do this.
- God writes the new covenant on the hearts of those who become believers in Jesus. This causes them to want to obey God and to begin to live holy lives.
- The new covenant will be completely fulfilled in the end times when God establishes his reign on earth. Everything will once again be very good, as it was when God first created the world.

Translation Suggestions:

- Depending on the context, ways to translate this term could include, “binding agreement” or “formal commitment” or “pledge” or “contract.”
- Some languages may have different words for covenant depending on whether one party or both parties have made a promise they must keep. If the covenant is one-sided, it could be translated as “promise” or “pledge.”
- Make sure the translation of this term does not sound like people proposed the covenant. In all cases of covenants between God and people, it was God who initiated the covenant.
- The term “new covenant” could be translated as “new formal agreement” or “new pact” or “new contract.”
- The word “new” in these expressions has the meaning of “fresh” or “new kind of” or “another.”

- In the context of an animal’s body, “flesh” could be translated as “body” or “skin” or “meat.”
- When it is used to refer generally to all living creatures, this term could be translated as “living beings” or “everything that is alive.”
- When referring in general to all people, this term could be translated as “people” or “human beings” or “everyone who lives.”
- The expression “flesh and blood” could also be translated as “relatives” or “family” or “kinfolk” or “family clan.” There may be contexts where it could be translated as “ancestors” or “descendants.”
- Some languages may have an expression that is similar in meaning to “flesh and blood.”
- The expression “become one flesh” could be translated as “unite sexually” or “become as one body” or “become like one person in body and spirit.” The translation of this expression should be checked to make sure it is acceptable in the project language and culture. (See: euphemism). It should also be understood that this is figurative, and does not mean that a man and a woman who “become one flesh” literally become one person.

flock, herd

Definition:

In the Bible, “flock” refers to a group of sheep or goats and “herd” refers to a group of cattle or pigs.

- Different languages may have different ways of naming groups of animals or birds.

Translation Suggestions

- Consider what terms are used in your language to refer to different groups of animals, and use the appropriate term for each kind of animal.
- If your language uses the same word to refer to both groups of sheep and cattle, then you may need to say “groups of sheep” where the Bible says only “flocks,” and “groups of cattle” where the Bible says only “herds.” Alternatively, if the Biblical context does not demand differentiation (if the text simply says “flocks and herds,” meaning all their domesticated animals) you may just use the one word once.

fruit, fruitful, unfruitful

Definition:

The term “fruit” literally refers to the part of a plant that can be eaten. Something that is “fruitful” has a lot of fruit. These terms are also used figuratively in the Bible.

- The Bible often uses “fruit” to refer to a person’s actions. Just as fruit on a tree shows what kind of tree it is, in the same way a person’s words and actions reveal what his character is like.
- A person can produce good or bad spiritual fruit, but the term “fruitful” always has the positive meaning of producing much good fruit.
- The term “fruitful” is also used figuratively to mean “prosperous.” This often refers to having many children and descendants, as well as having plenty of food and other wealth.
- In general, the expression “fruit of” refers to anything that comes from or that is produced by something else. For example, the “fruit of wisdom” refers to the good things that come from being wise.

- Depending on the context, the term “fruitful” could be translated as “producing much spiritual fruit” or “having many children” or “prosperous.”
- The expression “fruit of the land” could also be translated as “food that the land produces” or “food crops that are growing in that region.”
- When God created animals and people, he commanded them to “be fruitful and multiply,” which refers to having many offspring. This could also be translated as “have many offspring” or “have many children and descendants” or “have many children so that you will have many descendants.”
- The expression “fruit of the womb” could be translated as “what the womb produces” or “children a woman gives birth to” or just “children.” When Elizabeth says to Mary “blessed is the fruit of your womb,” she means “blessed is the child you will give birth to.” The project language may also have a different expression for this.
- Another expression “fruit of the vine,” could be translated as “vine fruit” or “grapes.”
- Depending on the context, the expression “will be more fruitful” could also be translated as “will produce more fruit” or “will have more children” or “will be prosperous.”
- The apostle Paul’s expression “fruitful labor” could be translated as “work that brings very good results” or “efforts that result in many people believing in Jesus.”
- The “fruit of the Spirit” could also be translated as “works that the Holy Spirit produces” or “words and actions that show that the Holy Spirit is working in someone.”

God

Definition:

In the Bible, the term “God” refers to the eternal being who created the universe out of nothing. God exists as Father, Son, and Holy Spirit. God’s personal name is “Yahweh.”

- God has always existed; he existed before anything else existed, and he will continue to exist forever.
- He is the only true God and has authority over everything in the universe.
- God is perfectly righteous, infinitely wise, holy, sinless, just, merciful, and loving.
- He is a covenant-keeping God, who always fulfills his promises.
- People were created to worship God and he is the only one they should worship.
- God revealed his name as “Yahweh,” which means “he is” or “I am” or “the One who (always) exists.”
- The Bible also teaches about false “gods,” which are nonliving idols that people wrongly worship.

Translation Suggestions:

- Ways to translate “God” could include “Deity” or “Creator” or “Supreme Being” or “Supreme Creator” or “Infinite Sovereign Lord” or “Eternal Supreme Being.”
- Consider how God is referred to in a local or national language. There may also already be a word for “God” in the language being translated. If so, it is important to make sure that this word fits the characteristics of the one true God as described above.
- Many languages capitalize the first letter of the word for the one true God, to distinguish it from the word for a false god. Another way to make this distinction would be to use different terms for “God” and “god.”
NOTE: In the biblical text, when a person who does not worship Yahweh speaks about Yahweh and uses the word “god,” it is acceptable to render the term without a capital letter in reference to Yahweh (see Jonah 1:6, 3:9).
- The phrase “I will be their God and they will be my people” could also be translated as “I, God, will rule over these people and they will worship me.”

lord, Lord, master, sir

Definition:

In the Bible, the term “lord” generally refers to someone who has ownership or authority over other people. In the Bible, however, the term is used to address many different kinds of people, including God.

- This word is sometimes translated as “master” when addressing Jesus or when referring to someone who owns slaves.
- Some English versions translate this as “sir” in contexts where someone is politely addressing someone of higher status.

When “Lord” is capitalized, it is a title that refers to God. (Note, however, that when it is used as a form of addressing someone or it occurs at the beginning of a sentence it may be capitalized and have the meaning of “sir” or “master.”)

- In the Old Testament, this term is also used in expressions such as “Lord God Almighty” or “Lord Yahweh” or “Yahweh our Lord.”
- In the New Testament, the apostles used this term in expressions such as “Lord Jesus” and “Lord Jesus Christ,” which communicate that Jesus is God.
- The term “Lord” in the New Testament is also used alone as a direct reference to God, especially in quotations from the Old Testament. For example, the Old Testament text has “Blessed is he who comes in the name of Yahweh” and the New Testament text has “Blessed is he who comes in the name of the Lord.”
- In the ULT and UST, the title “Lord” is only used to translate the actual Hebrew and Greek words that mean “Lord.” It is never used as a translation of God’s name (Yahweh), as is done in many translations.
- Some languages translate “Lord” as “Master” or “Ruler” or some other term that communicates ownership or supreme rule.
- In the appropriate contexts, many translations capitalize the first letter of this term to make it clear to the reader that this is a title referring to God.
- For places in the New Testament where there is a quote from the Old Testament, the term “Lord God” could be used to make it clear that this is a reference to God.

Translation Suggestions:

- This term can be translated with the equivalent of “master” when it refers to a person who owns slaves. It can also be used by a servant to address the person he works for.
- When it refers to Jesus, if the context shows that the speaker sees him as a religious teacher, it can be translated with a respectful address for a religious teacher, such as “master.”
- If the person addressing Jesus does not know him, “lord” could be translated with a respectful form of address such as “sir.” This translation would also be used for other contexts in which a polite form of address to a man is called for.
- When referring to God the Father or to Jesus, this term is considered a title, written as “Lord” (capitalized) in English.

love, beloved

Definition:

To love another person is to care for that person and do things that will benefit him. There are different meanings for "love" some languages may express using different words:

The kind of love that comes from God is focused on the good of others even when it doesn't benefit oneself. This kind of love cares for others, no matter what they do. God himself is love and is the source of true love.

- Jesus showed this kind of love by sacrificing his life in order to rescue us from sin and death. He also taught his followers to love others sacrificially.
- When people love others with this kind of love, they act in ways that show they are thinking of what will cause the others to thrive. This kind of love especially includes forgiving others.
- In the ULT, the word "love" refers to this kind of sacrificial love, unless a Translation Note indicates a different meaning.

Another word in the New Testament refers to brotherly love, or love for a friend or family member.

- This term refers to natural human love between friends or relatives.
- The term can also be used in such contexts as, "They love to sit in the most important seats at a banquet." This means that they "like very much" or "greatly desire" to do that.

The word "love" can also refer to romantic love between a man and a woman.

Translation Suggestions:

- Unless indicated otherwise in a Translation Note, the word "love" in the ULT refers to the kind of sacrificial love that comes from God.
- Some languages may have a special word for the kind of unselfish, sacrificial love that God has. Ways to translate this might include, "devoted, faithful caring" or "care for unselfishly" or "love from God." Make sure that the word used to translate God's love can include giving up one's own interests to benefit others and loving others no matter what they do.
- Sometimes the English word "love" describes the deep caring that people have for friends and family members. Some languages might translate this with a word or phrase that means "like very much" or "care for" or "have strong affection for."
- In contexts where the word "love" is used to express a strong preference for something, this could be translated by "strongly prefer" or "like very much" or "greatly desire."
- Some languages may also have a separate word that refers to romantic or sexual love between a husband and wife.
- Many languages must express "love" as an action. So for example, they might translate "love is patient, love is kind" as, "when a person loves someone, he is patient with him and kind to him."

miracle, wonder, sign

Definition:

A “miracle” is something amazing that is not possible unless God causes it to happen.

- Examples of miracles that Jesus did include calming a storm and healing a blind man.
- Miracles are sometimes called “wonders” because they cause people to be filled with wonder or amazement.
- The term “wonder” can also refer more generally to amazing displays of God’s power, such as when he created the heavens and the earth.
- Miracles can also be called “signs” because they are used as indicators or evidence that God is the all-powerful one who has complete authority over the universe.
- Some miracles were God’s acts of redemption, such as when he rescued the Israelites from being slaves in Egypt and when he protected Daniel from being hurt by lions.
- Other wonders were God’s acts of judgment, such as when he sent a worldwide flood in Noah’s time and when he brought terrible plagues on the land of Egypt during the time of Moses.
- Many of God’s miracles were the physical healings of sick people or bringing dead people back to life.
- God’s power was shown in Jesus when he healed people, calmed storms, walked on water, and raised people from the dead. These were all miracles.
- God also enabled the prophets and the apostles to perform miracles of healing and other things that were only possible through God’s power.

nation

Definition:

A nation is a large group of people ruled by some form of government. The people of a nation often have the same ancestors and share a common ethnicity.

- A “nation” usually has a well-defined culture and territorial boundaries.
- In the Bible, a “nation” could be a country (like Egypt or Ethiopia), but often it is more general and refers to a people group, especially when used in the plural. It is important to check the context.
- Nations in the Bible included the Israelites, the Philistines, the Assyrians, the Babylonians, the Canaanites, the Romans, and the Greeks, among many others.
- Sometimes the word “nation” was used figuratively to refer to the ancestor of a certain people group, as when Rebekah was told by God that her unborn sons were “nations” that would fight against each other. This could be translated as “the founders of two nations” or the “ancestors of two people groups.”
- The word translated as “nation” was also sometimes used to refer to “Gentiles” or to people who do not worship Yahweh. The context usually makes the meaning clear.

Translation Suggestions:

- Depending on the context, the word “nation” could also be translated as “people group” or “people” or “country.”
- If a language has a term for “nation” that is distinct from these other terms, then that term can be used wherever it occurs in the Bible text, as long as it is natural and accurate in each context.
- The plural term “nations” can often be translated as “people groups.”
- In certain contexts, this term could also be translated as “Gentiles” or “nonJews.”

seed, semen

Definition:

A “seed” is the part of a plant that gets planted in the ground to reproduce more of the same kind of plant. However, in the Bible the term “seed” is used figuratively to mean several different things.

- The term “seed” is used figuratively and euphemistically to refer to the tiny cells inside a man that combine with cells of a woman to cause a baby to grow inside her. A collection of these cells is called “semen.”
- Related to this, “seed” is also used to refer to a person’s offspring or descendants.
- This word often has a plural meaning, referring to more than one seed grain or more than one descendant.
- In the parable of the farmer planting seeds, Jesus compared his seeds to the Word of God, which is planted in people’s hearts in order to produce good spiritual fruit.
- The apostle Paul also uses the term “seed” to refer to the Word of God.

Translation Suggestions:

- For a literal seed, it is best to use the literal term for “seed” that is used in the target language for what a farmer plants in his field.
- The literal term should also be used in contexts where it refers figuratively to God’s Word.
- For the figurative use that refers to people who are of the same family line, it may be more clear to use the word “descendant” or “descendants” instead of “seed.” Some languages may have a word that means “children and grandchildren.”
- For a man or woman’s “seed,” consider how the target expresses this in a way that will not offend or embarrass people. (See: euphemism)

servant, serve, slave, young man, young women

Definition:

A “servant” or “slave” refers to a person who works for (or obeys) another person, either by choice or by force. A servant was under his master's control. In the Bible, “servant” and “slave” are mostly interchangeable terms. The term “serve” generally means to do work for someone, and the concept can be applied in a wide variety of contexts.

- A slave was a kind of servant who was the property of the person he worked for. The person who bought a slave was called his “owner” or “master.” Some masters treated their slaves cruelly. Other masters treated their slaves well, like a valued member of the household. The term “slavery” means the state of being a slave.
- A person could be a slave temporarily, for instance while working to repay a debt to his owner.
- The words “young man” or “young woman” often mean “servant” or “slave.” This meaning will be discerned from context. One indicator of this situation is if the possessive is used, eg. “her young women” could be translated as “her servants” or “her slaves.”
- The term “enslave” means “to cause to be a slave” (usually by force).
- The New Testament speaks of human beings as “slaves of sin” until Jesus frees them from its control and power. When a person receives new life in Christ, he stops being a slave to sin and becomes a slave to righteousness.

Translation Suggestions

- The term “serve” can also be translated as “minister to” or “work for” or “take care of” or “obey,” depending on the context.
- The term “enslave” could be translated as “cause to not be free” or “force to serve others” or “put under the control of others.”
- The phrase “enslaved to” or “in bondage to” could be translated as “forced to be a slave of” or “forced to serve” or “under the control of.”
- To “serve God” can be translated as to “worship and obey God” or to “do the work that God has commanded.”

- In the New Testament, people who obeyed God through faith in Christ were often called his “servants.”
- To “serve tables” means to bring food to people who are sitting at tables, or more generally, to “distribute food.”
- In the context of a person serving guests, this term means “care for” or “serve food to” or “provide food for.” When Jesus told the disciples to “serve” the fish to the people, this could be translated as, “distribute” or “hand out” or “give.”
- People who teach others about God are said to serve both God and the ones they are teaching.
- The apostle Paul wrote to the Corinthian Christians about how they used to “serve” the old covenant. This refers to obeying the laws of Moses. Now they “serve” the new covenant. That is, because of Jesus’ sacrifice on the cross, believers in Jesus are enabled by the Holy Spirit to please God and live holy lives.
- Paul talks about their actions in terms of their “service” to either the old or new covenant. This could be translated as “serving” or “obeying” or “devotion to.”
- Often, when a person referred to himself as “your servant” he was showing respect to the person addressed. That person may have had higher social status, or the speaker may be showing humility. It did not mean that the person speaking was an actual servant.

sword, swordsmen

Definition:

A sword is a flat-bladed metal weapon used to cut or stab. It has a handle and a long, pointed blade with a very sharp cutting edge.

- In ancient times the length of a sword's blade was about 60 to 91 centimeters.
- Some swords have two sharp edges and are called "double-edged" or "two-edged" swords.
- Jesus' disciples had swords for self defense. With his sword, Peter cut off the ear of the high priest's servant.
- Both John the Baptist and the apostle James were beheaded with swords.

Translation Suggestions

- A sword is used as a metaphor for God's word. God's teachings in the Bible exposed people's innermost thoughts and convicted them of their sin. In a similar way, a sword cuts deeply, causing pain. (See: [Metaphor](#))
- One way to translate this figurative use would be, "God's word is like a sword, which cuts deeply and exposes sin."
- Another figurative use of this term occurred in the book of Psalms, where the tongue or speech of a person was compared to a sword, which can injure people. This could be translated as "the tongue is like a sword that can badly injure someone."
- If swords are not known in your culture, this word could be translated with the name of another long-bladed weapon that is used to cut or stab.
- A sword could also be described as a "sharp weapon" or "long knife." Some translations could include a picture of a sword.

wine, wineskin, new wine

Definition:

In the Bible, the term “wine” refers to a kind of fermented drink made from the juice of a fruit called grapes. Wine was stored in “wineskins,” which were containers made out of animal skin.

- The term “new wine” referred to grape juice that had just been taken from the grape and was not fermented yet. Sometimes the term “wine” also referred to unfermented grape juice.
- To make wine, grapes are crushed in a winepress so that the juice comes out. The juice eventually ferments and alcohol forms in it.
- In Bible times, wine was the normal drink with meals. It did not have as much alcohol as present-day wine has.
- Before wine was served for a meal, it was often mixed with water.
- A wineskin that was old and brittle would get cracks in it, which allowed the wine to leak out. New wineskins were soft and flexible, which meant they did not tear easily and could store the wine safely.
- If wine is unknown in your culture, it could be translated as “fermented grape juice” or “fermented drink made from a fruit called grapes” or “fermented fruit juice.” (See: [How to Translate Unknowns](#))
- Ways to translate “wineskin” could include “bag for wine” or “animal skin wine bag” or “animal skin container for wine.”

winnow, sift

Definition:

The terms “winnow” and “sift” mean to separate grain from unwanted materials. In the Bible, both words can also be used to refer to separating or dividing people.

- To “winnow” means to separate grain from the unwanted parts of the plant by tossing both the grain and chaff into the air, allowing the wind to blow the chaff away.
- The word “sift” refers to shaking the winnowed grain in a sieve to get rid of any remaining unwanted materials, such as dirt or stones.
- In the Old Testament, “winnow” and “sift” are used figuratively to describe hardship that separates the righteous people from the unrighteous people.
- Jesus also used the term “sift” in this figurative way when he was telling Simon Peter about how he and the other disciples would be tested in their faith.
- To translate these terms, use the words or phrases in the project language that refer to these activities; possible translations might be “shaking” or “fanning.” If winnowing or sifting are not known, then these terms could be translated by a term that refers to a different method of separating grain from chaff or dirt, or by describing this process.

wrath, fury

Definition:

Wrath is an intense anger that is sometimes long-lasting. The Bible describes both people and God as experiencing intense anger. When speaking about God's "wrath," make sure the word or phrase used to translate this term does not refer to a sinful fit of rage (which might be true of a human person).

- In the Bible, "wrath" often refers to God's righteous judgment of sin and punishment of people who rebel against him.
- The "wrath of God" can also refer to his judgment and punishment for sin.
- God's wrath is the righteous penalty for those who do not repent of their sin.

Translation Suggestions:

- Depending on the context, other ways this term could be translated include "intense anger" or "righteous judgment" or "anger."
- God's wrath is just and holy. When talking about God's wrath, make sure the word or phrase used to translate this term does not refer to a sinful human rage.

Yahweh

Facts:

The term “Yahweh” is God’s personal name in the Old Testament. The specific origin of this name is unknown, but it is probably derived from the Hebrew verb meaning, “to be.”

- Following tradition, many Bible versions use the term “LORD” or “the LORD” to represent “Yahweh.” This tradition resulted from the fact that historically, the Jewish people became afraid of mispronouncing Yahweh’s name and started saying “Lord” every time the term “Yahweh” appeared in the text. Modern Bibles write “LORD” with all capital letters to show respect for God’s personal name and to distinguish it from “Lord” which is a different Hebrew word.
- The ULT and UST texts always translate this term as, “Yahweh,” in agreement with the Hebrew text of the Old Testament.
- The term “Yahweh” never occurs in the original text of the New Testament; only the Greek term for “Lord” is used, even when quoting the Old Testament.
- In the Old Testament, when God spoke about himself, he would often use his name instead of a pronoun.

Translation Suggestions:

- “Yahweh” could be translated by a word or phrase that means “I am” or “living one” or “the one who is” or “he who is alive.”
- This term could also be written in a way that is similar to how “Yahweh” is spelled.
- Some church denominations prefer not to use the term “Yahweh” and instead use the traditional rendering, “LORD.” An important consideration is that this may be confusing when read aloud because it will sound the same as the title “Lord.” Some languages may have an affix or other grammatical marker that could be added to distinguish “LORD” as a name (Yahweh) from “Lord” as a title.
- It is best if possible to keep the name Yahweh where it literally occurs in the text, but some translations may decide to use only a pronoun in some places, to make the text more natural and clear.
- Introduce the quote with something like, “This is what Yahweh says.”

Yahweh of hosts, God of hosts, host of heaven, host of the heavens, Lord of hosts

Definition:

The terms “Yahweh of hosts” and “God of hosts” are titles that express God’s authority over the thousands of angels who obey him.

- The term “host” or “hosts” is a word that refers to a large number of something, such as an army of people or the massive number of stars. It can also refer to all the many spirit beings, including evil spirits. The context makes it clear what is being referred to.
- Phrases similar to “host of the heavens” refer to all the stars, planets and other heavenly bodies.
- In the New Testament, the phrase, “Lord of hosts” means the same as “Yahweh of hosts” but it cannot be translated that way since the Hebrew word “Yahweh” is not used in the New Testament.

Translation Suggestions:

- Ways to translate “Yahweh of hosts” could include, “Yahweh, who rules all the angels” or “Yahweh, the ruler over armies of angels” or “Yahweh, the ruler of all creation.”
- The phrase “of hosts” in the terms “God of hosts” and “Lord of hosts” would be translated the same way as in the phrase “Yahweh of hosts” above.
- Certain churches do not accept the literal term “Yahweh” and prefer to use the capitalized word, “LORD” instead, following the tradition of many Bible versions. For these churches, a translation of the term “LORD of hosts” would be used in the Old Testament for “Yahweh of hosts.”

Zion, Mount Zion

Definition:

Originally, the term “Zion” or “Mount Zion” referred to a stronghold or fortress that King David captured from the Jebusites. Both these terms became other ways of referring to Jerusalem.

- Mount Zion and Mount Moriah were two of the hills that the city of Jerusalem was located on. Later, “Zion” and “Mount Zion” became used as general terms to refer to both of these mountains and to the city of Jerusalem. Sometimes they also referred to the temple that was located in Jerusalem. (See: [metonymy](#))
- David named Zion, or Jerusalem, the “City of David.” This is different from David’s hometown, Bethlehem, which was also called the City of David.
- The term “Zion” is used in other figurative ways, to refer to Israel or to God’s spiritual kingdom or to the new, heavenly Jerusalem that God will create.
